Essential Economics started off its life as a set of class notes, given to students, to help introduce them to the new subject of Economics. Students often used these notes to help them prepare for final IB Diploma exams. Since then the notes have expanded into the present slim volume Essential Economics. The aim is to cover the key ideas precisely and succinctly, and in a memorable way, in contrast to much longer textbooks which are often unread by students.

Directly linked to Oxford's bestselling DP Economics resources, this new Course Preparation resource thoroughly prepares students to meet the demands of IB Diploma Programme Economics. Ideal for students who have studied non-IB courses at pre-16 level, the text introduces learners to the IB approach, terminology and skills.

This guide provides crisp revision of all syllabus topics with detailed support for constructing, analysing and labelling diagrams to assist with complete understanding. In addition, students will learn how to design, select and use diagrams to explain concepts while answering examination questions. A 'tips' section provides practical suggestions and a complete glossary provides a much needed teacher and student reference. In addition, there are guidelines on examiner recommendations along with exam practice and a selection of past questions.

This workbook includes 16 specimen questions aimed at both preparing students for the Policy Paper 3 in the 2020 syllabus, with first examinations in 2022, and as an in-class resource for teachers to use. A separate answer book is also available with additional questions for assessment.

The 2013 IB HL Economics syllabus change introduced Paper 3, an essentially calculations-based assessment. This development challenged teachers and students alike, as few Paper 3 practice resources have been available. This is furthermore an area of the syllabus where, as in Mathematics, practice is fundamentally important in developing the skills and confidence for needed for success. Paul Hoang's latest publication therefore represents an invaluable resource in helping students to prepare for the examination challenges they face. For many candidates the mix of words, theory and numbers in Paper 3 questions can be overwhelming, if they have not developed easy familiarity throughout their course. With clear layout and content that beautifully mirrors IB examination questions, this resource is the one we have all been waiting for. I absolutely recommend it as a 'must have' for all those who are preparing for the HL Economics examination. IT is a core resource invaluable to students and teachers alike. Endorsed by Cambridge International Examinations, Cambridge O Level Economics Workbook is designed to help learners develop their understanding of economics, to build up skills and to enable them to assess their progress. The workbook can be used in conjunction with the Cambridge O Level Economics textbook (ISBN 9781107612358) by the same author but may also be used independently. It is divided into eight sections which correspond to the sections of the syllabus and the textbook. Each section, in turn, is divided into ten parts.

This book has been created to give students and teachers a solid introduction to the big questions in the study of Economics. Following the IBDP curriculum and using a concept-based approach this resource will mean that students can begin their DP course with a firm foundation of subject area content. An emphasis will be placed on getting students to make connections to their real world observations so that the learning is authentic and applicable outside of the classroom. The focus for this resource is to build understanding of the key concepts and skills and use the DP content to introduce and articulate the bigger concepts and skills so that students are prepared for their Diploma course. Topics and concepts will be introduced and covered using real world examples, case studies and applications. Content will be formally scaffolded to help students both build skills and content knowledge so that they are well prepared for their course and absorb DP knowledge more effectively. The resource is to be used on pre-DP courses at the end of the MYP, IGCSE or other course school year before starting DP, in summer break before DP, or up to a year before DP or even during the start of the DP course to learn necessary skills. These books do not replace the course book content for DP but are in line with the latest DP syllabus updates including assessment details, subject terminology and syllabus content
