This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This second edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and extended curriculum topics specified in the Cambridge IGCSE Biology syllabus. The book is supported by a CD-ROM containing extensive revision and exam practice questions, background information and reference material.

Provides revision notes on the key topic areas with many examples. Written in CGP style, this work has an odd bit of fun thrown in to keep concentration levels up.

Providing complete coverage of the 2009 Edexcel IGCSE human biology specification, this book helps students perform to their best in the exam.

Series Editor: Mark Levesley Pearson's resources are designed to be simple, inclusive and inspiring and to support students in studying for Edexcel GCSE (9-1) Biology.

Offers complete coverage of the specification Includes free student ActiveBook CD-ROM Links to additional support and teacher support are provided online directly from Edexcel

Visual and engaging revision notes, written and illustrated by Dr Laura F Wetherill (biology enthusiast and former research scientist). Topics covered include: cells, subcellular structures, specialised cells, microscopy, enzymes, tests for biological molecules, energy in food and movement of molecules.

GCSE Biology Revision Guide (with online edition)

This text matches the specification for teaching A level Biology from September 2000. Accessible language and layout should encourage students who may otherwise find it difficult to reach good A Level standards. Extension boxes contain more advanced material for more able students.

Provide full coverage of the required practicals and build students' working scientifically skills with questions that enable them to apply their knowledge to new contexts. - Extend knowledge and build working scientifically skills with 'Further Application' sections that provide additional questions to allow students to practice applying their knowledge. - Help guide students through the practical, the analysis of results, and generating a reasoned conclusion with scaffolded questions. - Get exam ready with exam-style questions, guidance on how practicals are assessed, a list of useful equations, and a checklist to monitor progress. - Cover all the required practicals with methods provided, complete with safety notes and guidance on equipment.

Exam board: Pearson Edexcel Level: International GCSE (9-1) Subject: History First teaching: September 2017 First exams: Summer 2019 Follow the tried-and-tested methods of bestselling author Ben Walsh. This book builds the skills required for exam success, helps students to remember all the content and makes History really interesting. The authors have listened to feedback from teachers and students about the challenging aspects of the specification, to ensure that they deliver the support you need. You can rely on this textbook to: Straightforward language, manageable chunks of text and plenty of bullet points guide you through the content, which is covered in the amount of depth that students need Ben Walsh is known for selecting memorable sources and extracts that work alongside the narrative to draw out the big concepts within each topic The features in the book are designed to consolidate students' knowledge of the key points - from 'Focus' boxes and regular 'Knowledge check' questions to end-of-chapter summaries Activities throughout the chapters and larger 'Focus tasks' teach students how to select, organise and use their knowledge to explain, analyse, evaluate and make judgements Clear explanations of the exam requirements, analysis of what a good answer might look like and handy tips help students to feel confident and prepared This book covers the following units: Historical investigations > Russia and the Soviet Union, 1905-24 > The USA, 1918-41 Breadth studies > Changes in medicine, c1848-c1948 > China: conflict, crisis and change, 1900-89 > The Middle East: conflict, crisis and change, 1917-2012

Includes a pull-out wall chart, with stickers, so students can see their exams and revision opportunities at a glance. Contains a revision planner for a 16-week revision period, so students can plan their revision strategically across all of their GCSE subjects. Provides descriptions of practical exam techniques with pros and cons of each, helping students to identify the best approach for them. Helps students

to identify key topics and measure confidence levels throughout the revision period. Hints and tips provide practical advice throughout. Unlock your full potential with these revision guides which focus on all the key content and skills you need to achieve highest potential marks. With Revision Notes for Design and Technology (Resistant Materials) you can help yourself: 1) To take control of your revision: plan and focus on the areas need to revise with content summaries and commentary from expert authors. 2) To fully understand key topics by using specific examples to add depth to their knowledge of design and technology issues and processes. 3) To apply design and technology terms accurately with the help of definitions and key words on all topics. 4) To improve skills to tackle specific exam questions with self-testing and exam-style questions and answers

Exam Board: Edexcel Level & Subject: International GCSE Biology and Double Award Science First teaching: September 2017 First exams: June 2019
