

Effective Java 3rd Edition Norefute

This new component offers a business related alternative to the existing eWorkbook to the award-winning adult course Global. This takes the innovative eWorkbook and provides business-related content to either act as a supplement to the Global Coursebook or as a stand-alone self-study business English course.

Focuses on thorough preparation for the Cambridge English: Advanced (CAE) exam. In this title, the end of unit Review sections and the practice exam papers develop exam confidence. It comes with audio and an access code to Macmillan Practice Online (MPO) providing students with more material for exam preparation. It is a 'With Key' version.

For this updated edition of her acclaimed work on historians and historiography, Himmelfarb adds four new essays. In examining the effects of postmodernism, the illusions of cosmopolitanism, A. J. P. Taylor and revisionism, and Fukuyama's "end of history," Himmelfarb enriches her exploration of the ways historians make sense of the past.

Neuroscientists once believed your brain was essentially "locked down" by adulthood. No new cells. No major changes. If you grew up depressed, angry, sad, aggressive, or nasty, you'd be that way for life. And, as you grew older, there'd be nowhere to go but down, as disease, age, or injury wiped out precious, irreplaceable brain cells. But over the past five, ten, twenty years, all that's changed. Using fMRI and PET scanning technology, neuroscientists can now look deep inside the human brain and they've discovered that it's amazingly flexible, resilient, and plastic. *Pictures of the Mind: What the New Neuroscience Tells Us About Who We Are* shows you what they've discovered and what it means to all of us. Through author Miriam Boleyn-Fitzgerald's masterfully written narrative and use stunning imagery, you'll watch human brains healing, growing, and adapting to challenges. You'll gain powerful new insights into the interplay between environment and genetics, begin understanding how people can influence their own intellectual abilities and emotional makeup, and understand the latest stunning discoveries about coma and "locked-in" syndrome. You'll learn about the tantalizing discoveries that may lead to cures for traumatic brain injury, stroke, emotional disorders, PTSD, drug addiction, chronic pain, maybe even Alzheimer's. Boleyn-Fitzgerald shows how these discoveries are transforming our very understanding of the "self", from an essentially static entity to one that can learn and change throughout life and even master the art of happiness.

In this saucy battle of the sexes, New York Times bestseller Karen Hawkins pits a hard-headed Scottish lord with an unusual family curse against a headstrong heiress who has a solution for every problem...except her own wayward heart. When Lord Gregor MacLean learns his childhood friend, Venetia Oglivie, has been abducted by a fortune hunter, he rides off to Scotland in hot -- and very annoyed -- pursuit. Venetia's soft heart has gotten her in major trouble this time: if he doesn't rescue her swiftly, the scandal will ostracize the provocative wench! The only sensible member of her family, Venetia is sure she can fix any problem, even this one. So when an irate Gregor catches up with her, arrogantly expecting a hero's welcome, the sparks between them begin to fly. Then an unexpected snowstorm traps them at an inn, and Gregor discovers his feelings for the lovely Venetia are far warmer than he realized -- fiery enough to burn down the inn! Now if he can only convince Venetia that his motive for marriage isn't duty... but desire.

Part of a 6-level adult course for today's learners of English. It enables you to learn English as it is used in our globalised world, and to learn about English as an international language.

Ideal for teachers looking for an easy-to-use adult general English course, Straightforward, is flexible and simple to use, based around 12 topics per level. The New History and the Old Critical Essays and Reappraisals Harvard University Press

Valentina Maslova is professor of philology at Vitebsk State University. She is one of the founders of linguistic-culturology, a new science taught at several Russian universities. Many Russian authors have written about linguistic-culturology, but the concept is generally unknown in English. Through the use of language, linguistic-culturology tries to reveal the mentality of a nation and its culture. Translated by Alfred Santos

The topics throughout the Coursebook have been chosen to appeal to an adult learner's curiosity, and to reflect material that they would naturally read for pleasure in their native language. Critical thinking skills are promoted through the choice of topics and the way the material is exploited.

It offers business English students the fundamentals and skills they need to succeed in the competitive international business environment. Topics include business organization, CVs, and covering letters -- Back cover.

The Dystopian Tale of a Girl and Her Biker Cult best-seller Califia's wildly popular erotic novel, with a new introduction by the author. 'A wild ride on the edge of the future...Califia at her hot, wet, trashy best.' -Lambda Book Report.

The definitive account of the Jimmy Savile story, from his official biographer Dan Davies has spent more than a decade on a quest to find the real Jimmy Savile, and interviewed him extensively over a period of seven years before his death. In the course of his quest, he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough, lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and, most memorably, joined him for a short cruise aboard the QE2. Dan thought his quest had come to an end in October 2011 when Savile's golden coffin was lowered into a grave dug at a 45-degree angle in a Scarborough cemetery. He was wrong. In the last few years, Dan has been interviewing scores of people, many of them unobtainable while Jimmy was alive. What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth. Jimmy Savile was not only complex, damaged, and controlling, but cynical, calculating, and predatory. He revelled in his status as a Pied Piper of youth and used his power to abuse the vulnerable and underage, all the while covering his tracks by moving into the innermost circles of the establishment.

The Macmillan Writing Series Teacher's Guide brings together the Teacher's Guides for the new Writing Sentences, Writing Paragraphs, Writing Essays and a Writing Research Papers conveniently into one book.

Over 350 million years, sharks have evolved into the most successful hunters to roam the seas. This educational and entertaining coloring book focuses on 25 species of shark, ranging in size from the relatively tiny cookiecutter shark (1-1/2 feet long) to the monstrous whale shark (up to 65 feet). Carefully researched and skillfully rendered line drawings depict such fascinating species as the snakelike frilled shark; the thresher shark with its long, scythe-shaped tail; the rare and bizarre goblin shark; the dreaded great white shark, one of the most fearsome predators in the sea, and the swift and graceful blue shark. Also depicted are some of the

shark's closest relatives: the spotted ratfish, sting ray, common skate, Atlantic torpedo ray, Atlantic guitarfish and smalltooth sawfish. A fact-filled caption accompanies each of Lynn Hunter's vivid illustrations, providing the sharks' common and scientific names, habitat, behavior, size, color, distinguishing features and other information. Further enhancing the book are a general introduction and a dramatic double-page illustration showing all 25 sharks drawn to scale. Educational and informative, *Sharks of the World Coloring Book* doubles as an excellent and inexpensive source of royalty-free illustrations for artists and designers. The features of this volume include: a systematic approach to word formation; a focus on grammar, providing essential FC grammar practice; a list of collocations and patterns; and a phrasal verb reference section with definitions from the Macmillan English Dictionary for Advanced Learners.

Ready for CAE is a course for students preparing for the Cambridge certificate of advanced English exam. It helps students to develop the confidence and all the skills needed to pass the exam.

This book is part of the Macmillan English Grammar In Context series, a three-level grammar practice series with a difference. Incorporating contextual examples in grammar practice activities, Macmillan English Grammar In Context is a grammar book that can be used in both the classroom and for self-study. Key Features: Grammar explanations with traditional practice activities and contextual examples Cross-curricular content areas include: literature science, geography, history and social sc Prepares pupils for the Advanced Writing tests. Part of the Improve your Skills series which aims to develop the skills, language and test techniques required to achieve success in the CAE, this book comes 'With Key' and MPO for further online practice. To figure out William Steig's word puzzles you need merely read the letters, numbers, and symbols aloud. If at first the messages aren't clear, there are clever pictures accompanying each one to give you hints. Some are easy, some are hard, but all are a hilarious treat when the phrases are decoded. This is the original 1984 edition, with black-and-white drawings. Also included is an answer key at the end.

Based on the success of the original edition, *The Business 2.0* continues to offer Business English students the confidence, language and fundamentals skills they need to succeed in the competitive international business environment. The Teacher's Book contains notes and answer keys. This pack comes with the Teacher's Resource Disc.

For the Palestinians who live in the narrow coastal strip of Gaza, the Israeli invasion of December 2008 was a nightmare of unimaginable proportions: In the 22-day-long action 1,400 Gazans were killed, several hundred on the first day alone. And yet, while nothing should diminish Palestinian suffering through those frightful days, it is possible something redemptive is emerging from the tragedy of Gaza. For, as Norman Finkelstein details, in a concise work that melds cold anger with cool analysis, the profound injustice of the Israeli assault was widely recognized by bodies that it is impossible to brand as partial or extremist. Amnesty International, Human Rights Watch, and the UN investigation headed by Richard Goldstone, in documenting Israel's use of indiscriminate and intentional force against the civilian population during the invasion (100 Palestinians died for every one Israeli), have had an impact on longstanding support for Israel. Jews in both the United States and the United Kingdom, for instance, have begun to voice dissent, and this trend is especially apparent among the young. Such a shift, Finkelstein contends, can create new pressure capable of moving the Middle East crisis towards a solution, one that embraces justice for Palestinians and Israelis alike. This new paperback edition has been revised throughout and includes an extensive afterword on the Israeli attack on the Gaza Freedom Flotilla which resulted in the deaths of nine activists and further strained the loyalty of many of Israel's traditional allies around the world. It also contains a brand new appendix in which Finkelstein dissects the official Israeli investigation of the flotilla attack.

The next generation in Business English *The Business* is a stimulating course that provides an inclusive package for any student of business English, though particularly suited to those at college or university. *The Business* is supported by an extensive bank of online resources, including progress tests based on BEC style questions.
