¿Por qué la crisis y el fracaso de la pareja es cada vez más frecuente? ¿Por qué el número de separaciones es cada vez mayor? ¿Será que el amor es frágil, o es que se está revisando el modo de entenderlo y de vivirlo? ¿Podemos quedarnos en el "sentimiento amoroso", noble pero posesivo, o debemos avanzar hacia un amor hecho de respeto y distancia del otro? ¿Amor espontáneo o amor de alteridad? ¿Amor-don o amor-construcción? ¿Amor como deber o amor como continua explosión de asombro? En suma, ¿es la vida de pareja una experiencia privada o tiene también una dimensión comunitaria o social? En torno a estos y otros interrogantes parecidos se desfran las páginas de Battista Borsato, que acompañan a los lectores -jóvenes, novios, esposos- en el camino hacia una forma diferente y gozosa de ver y vivir el amor. Un amor que requiere sabiduría e inteligencia. BATTISTA BORSATO, sacerdote de la diócesis de Vicenza, doctor en teología fundamental y en teología moral, dirige la Delegación de Pastoral para el matrimonio y la familia, y es profesor en el Instituto teológico de Monte Berico. Su reflexión ha girado siempre en torno a cómo ser Iglesia y relacionarse con el mundo. En este horizonte sitúa la relación de amor entre el hombre y la mujer como "profecía" que indica cómo ser comunidad cristiana y comunidad civil.

¿Por qué hablamos de amor? Los seres humanos por naturaleza necesitamos dar y recibir amor. Muchas parece que andamos por la vida gritando en silencio esa incontenible necesidad: "quiero dar amor", "necesito recibir amor", pero en muchos casos pueden transcurrir los años, e incluso una vida entera, sin que esa humana necesidad pase de ser solo un grito silencioso, porque así como por naturaleza humana necesitamos dar y recibir amor, también por naturaleza humana somos seres emocionales y tenemos la fuerte tendencia a permitir que sean nuestras emociones las que dicten las pautas de nuestras vidas. Aunque las emociones son mecanismos creados por Dios y son algo necesario para los seres humanos, no debemos permitir que sean las emociones las que controlen nuestras vidas. ¿Entiendes lo que es amor? El amor no es un sentimiento. Podríamos decir que es una decisión, pero es mucho más que eso. Muchos creen que el amor nace en el corazón y eso puede ser cierto, pero el corazón suele ser engañoso. Sea que hablemos de amor de pareja, o del que sentimos por nuestros familiares o amigos más cercanos, o del que nos damos a nosotros mismos e incluso del amor a Dios, lo que regularmente se cree que es amor, es solo emoción. Pero las emociones normalmente nacen de circunstancias pasajeras y al terminar esas circunstancias, se apaga la emoción y se desvanece aquello que creíamos que era amor. Pero cuando aprendemos a amar de manera inteligente, con entendimiento y por encima de las emociones, la realidad es otra y logramos ser capaces de dar y recibir un tipo de amor que sobrepasa las barreras de las circunstancias y nos ayuda a vivir una vida plena, llena de grandes satisfacciones. Leyendo este libro, encontrarás toda la información necesaria y sabrás los pasos que debes dar, para aprender a amarte a ti mismo, amar a Dios y a otras personas, con amor inteligente. Entenderás que emociones y decisiones no significa lo mismo y que cuando aprendes a diferenciar lo uno de lo otro, ser feliz por el resto de tu vida con lo que tengas a la mano, será solo tu decisión.

El Amor Inteligente Corazon Y Cabeza: Claves Para Construir Una Pareja Feliz

It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

As emotional intelligence is the key to success in life generally and in business, it is also a critical ingredient to the successful relationship. This book presents a program to help couples and individuals develop their EQ so that they will be more successful in relationships. The book is mostly intended for people in committed relationships, but will also help singles.

Lo que el ser humano necesita es amor. Hoy la palabra amor esta falsificada: su abuso y manipulacion la han ido degradando; a cualquier cosa se la llama amor. En el tablero de la psicologia juegan al ajedrez los sentimientos y la razon, arbitrados por la cultura. El amor inteligente tiene tres notas basicas en su sinfonia: corazon, cabeza y espiritualidad, sin olvidar que lo cotidiano nunca es banal ni insignificante. El mejor amor se echa a perder si no se cuida con base en pequenos detalles. El doctor Enrique Rojas vuelve a deleitarnos con un analisis psicologico profundo que se adentra en el "cuarto de maquinas" de la conducta y se va abriendo paso entre la masa de ideas y conceptos, guiado por un principio fundamental: para estar con alguien es preciso estar primero con uno mismo. El amor tiene un alto porcentaje de artesanía psicologica. Nos hace libres y esclavos, nos emancipa y nos sujeta. El autor de esta obra quiere educar la inteligencia y la afectividad, porque sabe que comprender tarde es no comprender.

Nonsense! Diane Fields, smart, practical, single mother of three, didn't believe in happily-ever-afters--even if her sister was married to the king of Elbia. But here was Earl Thomas Smythe, the rugged, debonair bodyguard to Diane's royal brother-in-law, standing in Diane's kitchen offering to whisk her away to Elbia's luxurious palace--and for a little rest and relaxation, no less! Why, Diane almost took the earl's suggestion as a joke--except there was no doubting the fiery ardor in the eyes of the king's emissary. And there was no doubting that Thomas was stirring up a very passionate response deep in Diane's soul....

A dead man hangs from the portal of St Paul Chapel in Damascus. He was a Muslim officer and he was murdered. But when Detective Barudi sets out to interrogate the man's mysterious widow, the Secret Service takes the case away from him. Barudi continues to investigate clandestinely and discovers the murderer's motive: it is a blood feud between the Mushtak and Shahin clans, reaching back to the beginnings of the 20th century. And, linked to it, a love story that can have no happy ending, for reconciliation has no place within the old tribal structures. Rafik Schami dazzling novel spans a century of Syrian history in which politics and religions continue to torment an entire people. Simultaneously, his poetic stories from three generations tell of the courage of lovers who risk death sooner than deny their passions. He has also written a heartfelt tribute to his hometown Damascus and a great and moving hymn to the power of love.

Not favored among European dictatorships in the 1920s and 30s, Jack London's famous *The Call of the Wild* was banned for its commentary of Socialism. Strangely, the book was also banned in the US as late as the 1980s. Because the main character is a wolf, the dark work would be mistakenly classified as children's literature and deemed inappropriate.

The groundbreaking bestseller that redefines intelligence and success *Does IQ define our destiny?* Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us.

I have written this guide in order to help you create a space for reflection within your life and as a result develop emotional and cognitive strategies that can make you more resistant to love-sickness. Once you learn exactly why we absurdly equate love to suffering, you'll know how to avoid falling into the trap and learn to foster more adaptive schemes of behaviour. Through the concepts of philosophy, psychology and his 30 years plus of experience as a therapist, in the 39 chapters of this book, Walter Riso guides us through a model or scheme of reflection to help us understand the characteristics of a love that is good (healthy, coherent, constructive) and one that is bad (sick, incoherent, destructive).
