Woman in the Window “Thrilling, unnerving, clever, and beautiful.” —Fredrik Backman, #1 bestselling author of A Man Called Ove “Chilling and thought-provoking. Relentless, well-written, and nearly impossible to put down.” —Kirkus Reviews (starred review) One morning in the autumn of 1793, watchman Mikel Cardell is awakened from his drunken slumber with reports of a body seen floating in the Larder, once a pristine lake on Stockholm’s Southern Isle, now a rancid bog. Efforts to identify the bizarrely mutilated corpse are entrusted to incorruptible lawyer Cecil Winge, who enlists Cardell’s help to solve the case. But time is short: Winge’s health is failing, the monarchy is in shambles, and whispered conspiracies and paranoia abound. Winge and Cardell become immersed in a brutal world of guttersnipes and thieves, mercenaries and madams. From a farmer’s son who is lead down a treacherous path when he seeks his fortune in the capital to an orphan girl consigned to the workhouse by a pitiless parish priest, their investigation peels back layer upon layer of the city’s labyrinthine society. The rich and the poor, the pious and the fallen, the living and the dead—all collide and interconnect with the body pulled from the lake. Breathtakingly bold and intricately constructed, *The Wolf and the Watchman* brings to life the crowded streets, gilded palaces, and dark corners of late-eighteenth-century Stockholm, offering a startling vision of the crimes we commit in the name of justice, and the sacrifices we make in order to survive.

Winner of the 2020 Medici Prize for Foreign Novel From the award-winning author of the Man Booker Prize finalist *Like a Fading Shadow*, Antonio Muñoz Molina presents a flâneur-novel tracing the path of a nameless wanderer as he walks the length of Manhattan, and his mind. De Quincey, Baudelaire, Poe, Joyce, Benjamin, Melville, Lorca, Whitman . . . walkers and city

dwellers all, collagists and chroniclers, picking the detritus of their eras off the filthy streets and assembling it into something new, shocking, and beautiful. In *To Walk Alone in the Crowd*, Antonio Muñoz Molina emulates these classic inspirations, following their peregrinations and telling their stories in a book that is part memoir, part novel, part chronicle of urban wandering. A skilled collagist himself, Muñoz Molina here assembles overheard conversations, subway ads, commercials blazing away on public screens, snatches from books hurriedly packed into bags or shoved under one's arm, mundane anxieties, and the occasional true flash of insight—struggling to announce itself amid this barrage of data—into a poem of contemporary life: an invitation to let oneself be carried along by the sheer energy of the digital metropolis. A denunciation of the harsh noise of capitalism, of the conversion of everything into either merchandise or garbage (or both), *To Walk Alone in the Crowd* is also a celebration of the beauty and variety of our world, of the ecological and aesthetic gaze that can, even now, recycle waste into art, and provide an opportunity for rebirth.

The gripping story of two families struggling to overcome their own destinies. A mosaic of treachery and revenge, of possible and impossible loves, and of the great adventure that is living and surviving in a land marked by intolerance and outrage. Marian Miller, an NGO aid worker, is asked to write a report on illegal Jewish settlements on Palestinian territories. In order to do so, she wants to make sure she understands both sides of the story. Marian arranges a meeting in Israel with Ezekiel Zucker, an elderly man who, like many others, has a lot to tell and also, a secret to hide. Ezekiel will narrate his story as if it were a massive

jigsaw puzzle with many complex pieces and Marian will tell him the version she's familiar with: the Arab one. At the twilight of the 19th century, the Zuckers are banned from their homeland of Russia because they are Jewish. After undergoing unspeakable horrors and injustices under the tsar's rule, they set out for the Promised Land and buy land owned by the Ziads, an Arab family headed by a man named Ahmed. The two men, Ahmed Ziad and Samuel Zucker, will establish a strong bond, a friendship that can overcome religious and political differences and that will continue on for generations. This riveting family saga that culminates in 1948 is not only Julia Navarro's best and most ambitious novel yet, it's a tale filled with real people taking responsibility for their own destinies by following their dreams and fighting for their lives. An unforgettable novel that, like all of history's greatest books, conceals many novels within.

Drowned, set in the idyllic countryside during a short-lived Swedish summer, gets under one's skin from the first page, creating an atmosphere of foreboding in which even the perfume of freshly picked vegetables roasting in the kitchen becomes ominous. Marina has left behind her stalled relationship and floundering career in Stockholm to visit her sister in rural Skåne, where she lives in a house

full of books, gorgeous flowers and, as Marina soon learns, many secrets. Nothing is as it seems in this spellbinding novel of psychological suspense that combines hothouse sensuality with ice-cold fear on every page. More than a mere thriller, this debut novel delves deep into the feminine soul and at the same time exposes the continuing oppression of women in Sweden's supposedly enlightened society. Mixing hothouse sensuality with ice-cold fear on every page, *Drowned* heralds the emergence of a major new talent on the international scene.

The third novel in the internationally bestselling *White City Trilogy* sees Kraken on the hunt for a murderer whose macabre crimes are lifted straight from history. Kraken is enjoying life as a family man, content to spend his days with Alba and their young daughter Deba. But there's no rest for the weary, especially when you're the most famous investigator in Vitoria. Kraken and Esti are charged with investigating the mysterious disappearance of two sisters and finding it hard to make any headway when a wealthy businessman's murder appears to shine a light on the case. The man was poisoned with a medieval aphrodisiac--a crime that has eerie similarities to one detailed in the novel everyone in Vitoria is buzzing about. When the two sisters are discovered trapped behind a wall--bricked up alive--the parallels to the novel are undeniable. With the author's

identity a closely held secret, will Kraken be able to track down the killer before they can strike again? Or will Vitoria's sordid underworld finally break Kraken, and his family, apart. A VINTAGE CRIME/BLACK LIZARD ORIGINAL

"Lily?" My stomach dropped as a tall, dark-haired man stepped into view. Had he been hiding between the trees? "No. Sorry." Gulping, I took a step back. "I'm not Lily." He shook his head, a satisfied grin on his face. "No. You are Lily." "I'm Summer. You have the wrong person." You utter freak! I could hear my pulse crashing in my ears. How stupid to give him my real name. He continued to stare at me, smiling. It made me feel sick. "You are Lily," he repeated. Before I could blink, he threw his arms forward and grabbed me. I tried to shout, but he clasped his hand over my mouth, muffling my screams. My heart raced. I'm going to die. For months Summer is trapped in a cellar with the man who took her—and three other girls: Rose, Poppy, and Violet. His perfect, pure flowers. His family. But flowers can't survive long cut off from the sun, and time is running out...

Laura Esquivel's debut novel *Como agua para chocolate* took the literary World by storm with its unique yet familiar story of love and longing on the Mexican border during the perilous times of the Mexican Revolution. This author's narrative, seeped in magic and peppered with Mexico's culinary customs, was quickly taken to the silver screen where Tita and Pedro's forbidden relationship would captivate audiences not only in its native country, but around the globe - cementing Equivel's name within the ever-growing canon of Latin American women writers. Nathaniel Gardner introduces the reader to both the novel and the film version of *Como agua para chocolate* and examines not only key themes, such as rebellion and tradition, but also its style and main characters. This narrative's acclaimed use of food and other gastronomic elements are taken into consideration as well as the significance of magic realism to this text. As this novel/film combination follow each other in an unusually close manner, the first part analyses many of the components the two share while the second part of this study emphasizes the cinematic mechanisms that are unique to this particular presentation of Esquivel's most widely-studied creation to date.

A man has been murdered. He is blond, blue-eyed and is wearing a white suit. His surname is White. The murdered man is dark, black-eyed and his suit is black...the same as his surname. And, as if that isn't enough, they look like perfect twins except for the details of eye colour and complexion. Two policemen are in charge of the hottest crime in London. They will cross a sea of intrigue to

find out that two gangs in the city have declared war on each other and that more murders are to follow. A bizarre couple is at the epicentre of the mystery: an old man with violet-coloured eyes and a ten-year-old boy, who have the peculiar habit of only talking to each other and never addressing anybody else. Nothing is as it should be. Not everything is black or white.

1895 London is scared. A killer haunts the city's streets; the poor are hungry; crime bosses are taking control; the police force is stretched to the breaking point. The rich turn to Sherlock Holmes, but the celebrated private detective rarely visits the densely populated streets of South London, where the crimes are sleazier and the people are poorer. In the dark corner of Southwark, victims turn to a man who despises Holmes, his wealthy clientele and his showy forensic approach to crime: Arrowood—self-taught psychologist, occasional drunkard and private investigator. When a man mysteriously disappears and Arrowood's best lead is viciously stabbed before his eyes, he and his sidekick Barnett face their toughest quest yet: to capture the head of the most notorious gang in London... In the bestselling tradition of Anthony Horowitz and Andrew Taylor, this gloriously dark crime debut will haunt readers long after the final page has been turned.

Over the past few years, fasting has become a popular diet option. Studies show that fasting—whether through moderate calorie restriction every day or the more severe but less frequent intermittent fasting—can help people lose about thirteen to fourteen pounds in six months and reduce their risk of developing disease. When we fast, our body’s energy stores activate what is known as sirtuins, or the “skinny gene,” and many positive changes ensue. Fat storage is switched off, and our body stops its normal growth processes and goes into “survival” mode. Fat burning is stimulated and the genes involved in the repair and rejuvenation of our cells are turned on—which all results to weight loss and improved resistance to disease. But if not done correctly, fasting can lead to hunger, irritability, fatigue, and loss of muscle. Enter Sirtfoods: a newly discovered group of foods that is revolutionizing healthy eating. Ranging from chocolate and red wine to garlic and walnuts, sirtfoods are particularly rich in special nutrients that help us activate the same skinny genes in our bodies that fasting triggers. Nutritionists Aidan Goggins and Glen Matten have created The Sirtfood Diet to help you effectively lose weight and improve your resistance to disease, while still giving you incredible energy and glowing health.
