In his revolutionary book *Miracles Happen*, Brian Weiss M.D., the New York Times bestselling author of *Many Lives, Many Masters*, examines the physical, emotional, and spiritual healing that is possible when you freely accept and embrace the reality of reincarnation. Trained as a traditional psychotherapist, Dr. Weiss began to explore how reincarnation and past life regression can lead us to our higher selves after a startling encounter with a patient. Now a leading proponent of past-life therapy, Dr. Weiss shows us that, indeed, *Miracles Happen*, with seemingly incredible but true stories that demonstrate how, by getting in touch with and understanding our past lives, we can dramatically improve the present.

*The Hermeneutics of the Subject* is the third volume in the collection of Michel Foucault's lectures at the Collège de France, one of the world's most prestigious institutions. Faculty at the Collège give public lectures, in which they present works-in-progress on any subject of their choosing. Foucault's wide-ranging lectures influenced his groundbreaking works like *The History of Sexuality* and *Discipline and Punish*. In the lectures comprising this volume, Foucault focuses on how the "self" and the "care of the self" were conceived during the period of antiquity, beginning with Socrates. The problems of the ethical formation of the self, Foucault argues, form the background for our own questions about subjectivity and remain at the center of contemporary moral thought. This series of lectures throws new light on Foucault's final

works and shows the full depth of his engagement with ancient thought. Lucid and provocative, *The Hermeneutics of the Subject* reveals Foucault at the height of his powers.

?Me ha parecido un libro muy interesante. El autor se sitúa en un aparte y permite que el lector saque sus propias conclusiones. Hay abundante documentación visual y bibliográfica que sirve de referencia para el que quiera investigar más tenga puntos de partida diversos.? (Web Anika entre libros) ?Un apasionante viaje literario, histórico, el que nos brinda Urresti que nos conducirá al antiguo Egipto, donde se hermanan las enseñanzas de Jesús con los mitos de la civilización del Nilo, pasando por las misteriosa secta de los esenios, para llegar a Francia, donde supuestamente descansa.? (Web Comentarios de libros) La información histórica que se conserva de la vida de Jesús es escasa, aún así, su influencia en la historia y en la actualidad es indiscutible. De los escasos textos que se conservan que hablan sobre la vida de Cristo, pocos, estrictamente cuatro, son los admitidos por el dogma de la iglesia. E incluso esos cuatro, los Evangelios, son divergentes en ciertos puntos: sólo dos de ellos hablan de la virginidad de María y sólo dos de ellos hablan de la ascensión de Cristo. La cara oculta de Jesús rastrea por los textos históricos, los evangelios canónicos y los evangelios apócrifos para mostrarnos el rastro histórico de la polémica vida del hijo de Dios. Viendo y cotejando estos textos, a través del estilo del autor conoceremos la vinculación de Jesús con las doctrinas esenias o los paralelismos que existen entre figuras del dogma cristiano como la Santísima Trinidad con Isis, Osiris y Horus y los misterios de la mitología egipcia. Mariano Fernández Urresti profundiza en tres aspectos esenciales de la vida de Jesús, tres aspectos sobre los que la Iglesia no ha querido informar: sus años junto a María en Egipto, su vinculación, a través de su primo Juan Bautista, con los esenios y las misteriosas

excavaciones en Rennes-le-Château en las que el sacerdote Bérenger Saunière encontró algo que le convirtió en una persona inmensamente rica. Teniendo presente que no se pueden considerar los textos de los evangelistas como históricos y que, en el mejor de los casos, estos han sido escritos décadas después de la vida de Cristo, el autor bucea en los rastros que en textos rigurosamente históricos nos han llegado de Jesús y nos desvela, desde ellos, las partes más oscuras y controvertidas de la vida de Cristo, esas que a la Iglesia le ha interesado ocultar o pervertir y convertir en dogma. Razones para comprar la obra: -El libro es un esfuerzo serio por mostrar al verdadero Jesús de Nazareth, cuya historia ha sido ocultada por el dogma y los diversos concilios de la historia. - Es una investigación rigurosa y sorprendente que pretende sacar a la luz las divergencias en los evangelios canónicos y apócrifos en lo que respecta a la vida de Jesús. - La actualidad del tema es indiscutible así como la vigencia de las enseñanzas del Mesías, aclarar en todo lo posible la verdad escondida es, en suma, esencial. - La documentación gráfica que acompaña la obra es impresionante y abundante y complementa a la perfección los controvertidos datos que aporta el autor. Aclarar los datos contrastados que se conservan sobre Jesús es fundamental ya que, de todos textos que de él se conservan, muy pocos han sido admitidos por la Iglesia, y estos textos, son heterogéneos e incluso contradictorios en lo que a Jesús respecta.

Seventeen hundred years ago, key elements of our ancient heritage were lost, relegated to the esoteric traditions of mystery schools and sacred orders. Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations. In his groundbreaking new book, *The Isaiah Effect*, Gregg Braden turns to the

Isaiah Scroll, perhaps the most important of the Dead Sea Scrolls discovered in 1946, to offer insight into a powerful form of ancient prayer. In *The Isaiah Effect*, Braden, author of *Awakening to Zero Point* and *Walking Between the Worlds*, combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes. He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities, rather than forecast impending doom, and that we have the power to influence those possibilities. In addition to describing multiple futures, the Isaiah texts take us one step further, clearly describing the science of how we choose our futures. Tracing key words of Isaiah's text back to their original language, we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century. Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations, ranging from healing life-threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru. In each instance, the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence--the prayers had measurable effects! As modern science continues to validate a relationship between our outer and inner worlds, it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience. Each time we engage ourselves, our loved ones, and our communities with Isaiah's life-affirming message of hope, we secure nothing less than our future and the future of the only home we know.

“This book is . . . my personal search ‘for the face of the Lord.’” —Benedict XVI In this bold, momentous work, the Pope—in his first book written as Benedict XVI—seeks to salvage the person of Jesus from recent “popular” depictions and to restore Jesus’ true identity as

discovered in the Gospels. Through his brilliance as a theologian and his personal conviction as a believer, the Pope shares a rich, compelling, flesh-and-blood portrait of Jesus and incites us to encounter, face-to-face, the central figure of the Christian faith. From Jesus of Nazareth: “. . . the great question that will be with us throughout this entire book: But what has Jesus really brought, then, if he has not brought world peace, universal prosperity, and a better world? What has he brought? The answer is very simple: God. He has brought God! He has brought the God who once gradually unveiled his countenance first to Abraham, then to Moses and the prophets, and then in the wisdom literature—the God who showed his face only in Israel, even though he was also honored among the pagans in various shadowy guises. It is this God, the God of Abraham, of Isaac, and of Jacob, the true God, whom he has brought to the peoples of the earth. He has brought God, and now we know his face, now we can call upon him. Now we know the path that we human beings have to take in this world. Jesus has brought God and with God the truth about where we are going and where we come from: faith, hope, and love.”

Volume II of the three-volume Gnosis work further conveys the doctrine and methods of the Christian Inner Tradition in a way that is accessible to the contemporary, committed student of the Work. Gnosis provides a comprehensive treatment of the 'Fourth Way' with its theoretical, practical, and cosmic aspects. “A fiendishly sharp, intelligent examination of modern human life that is as funny as hell” (The Times, London). out a well-behaved life in a human body on earth. It's the ultimate case of trying without buying and, despite the limitations of the human body in question (previous owner one suicidally unsuccessful writer, Deelan Gunn), Luce seizes the opportunity to run riot through the realm of the senses. This is his chance to straighten the biblical record (Adam, it's hinted, was a misguided variation on the Eve design), to celebrate his favorite achievements (everything from the Inquisition to Elton John), and, most important, to get Julia Roberts attached to his screenplay. But the experience of walking among us isn't what His Majesty expected: instead of teaching us what it's like to be him, Lucifer finds himself understanding what it's like to be us. By an author hailed by the *The Times Literary Supplement* as one of Britain's top twenty young novelists, I, Lucifer is "a masterpiece . . . Startlingly witty, original and beautifully written" (*Good Book Guide*). "Duncan's witty and perverse, yet somehow life-affirming, Lucifer is powerful indeed." —Booklist

In this text, Joachim Jeremias explores the variety of ways of interpreting the parables of Jesus, including their translation; the way different audiences altered the parables Jesus told; and the role of the New Testament writers in shaping their telling of the parables. He also provides a thematic discussion of the theological messages contained within the parables.

Cáncer, diabetes, alzheimer, demencia senil y sobrepeso son enfermedades modernas frente a las que aparentemente nos encontramos desarmados e impotentes. Observando el gran árbol de las enfermedades que con mayor incidencia nos afligen en la actualidad, se distingue que todas sus ramas comparten un mismo tronco, el de los carbohidratos en exceso. La Gran Revolución de los Granos, de Sacha Barrio Healey ofrece claves para afrontar estas condiciones. Desde los inicios, los carbohidratos, bajo la forma de cereales, han jugado un rol decisivo en la evolución y surgimiento de las primeras civilizaciones. Mientras que en la actualidad abundan testimonios sobre el desgaste de nuestras facultades de pensar, recordar y percibir; es decir, nuestra agudeza mental se oscurece con la omnipresencia del carbohidrato. Todo lector amable que desee y emprenda explorar un poco más allá de lo familiar y ordinario, con fórmulas creativas y deleitables, alcanzará, como los sabios, longevidad con lucidez. Si centuplicamos la salud solo nos quedará un centésimo de enfermedad. Sacha Barrio Healey estudió en la Universidad Nacional Agraria La Molina, en Perú, y Medicina Complementaria, en Inglaterra. Se graduó en el International College of Oriental Medicine, en Sussex, Inglaterra y luego se especializó en Osteopatía Craneosacral, en el College of Cranio-Sacral Therapy de Londres. Thou Art That is a compilation of previously uncollected essays and lectures by Joseph Campbell that focus on the Judeo-Christian tradition. Campbell explores common religious symbols, reexamining and reinterpreting them in the context of his remarkable knowledge of world mythology. Campbell believed that society often confuses the literal and metaphorical interpretations of religious stories and symbols. In this collection, he eloquently reestablishes these symbols as a means to enhance spiritual understanding and mystical revelation. With characteristic verve, he ranges from rich storytelling to insightful comparative

A biography of the historical figure of Jesus. The book studies the relationship between Judaism and Christianity, distinguishing the certain from the improbable, and assessing the historical and religious context of Christ's time. The spread of Christianity is also discussed.

The self-published spiritual word-of-mouth bestseller *Anna, Grandmother of Jesus* became a publishing sensation when the self-published version sold 50,000 copies through word of mouth alone, amassing a worldwide following in the process. *Anna* is the mother of the Virgin Mary and the grandmother of Jesus. Her teachings and service birthed a spiritual lineage that changed the world. In this book, you'll discover missing pieces of history concerning Anna, Mary and Jesus, as channelled by Claire Heartsong, who has been receiving telepathic messages from Anna for 30 years. Told through the gentle and heartwarming voice of Anna herself, this book offers insights into unknown places the holy family visited, people they knew and intimate details of their daily struggle to complete the Resurrection challenges. You will learn about the Essenes of Mount Carmel and their secret teachings and initiations, and gain a new understanding of Jesus's mission. Containing encoded activations to bring Anna's wisdom and energy into your own spiritual life, this book is an invitation to complete a journey of initiation

begun long ago.

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

This work takes up two related questions with regard to Jesus: his intention and his relationship to his contemporaries in Judaism. These questions immediately lead to two others: the reason for his death (did his intention involve an opposition to Judaism which led to death?) and the motivating force behind the rise of Christianity (did the split

between the Christian movement and Judaism originate in opposition during Jesus' lifetime?).

The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta, Kabbalah (within the Jewish tradition), Christianity or Islam (particularly Sufism), but also practiced by other currents or schools that, even though already gone, significantly influenced the West. This is the case of Neoplatonism or Stoicism, whose influence was felt by ancient and medieval Christianity, or Greco-Egyptian Hermetism, which played an important role in the European cultural Renaissance from the 15th century on. A special consideration has been given to Christian tradition, introducing some of the most representative authors of recollection and their meditation methods. Este libro tiene por finalidad el estudio de ciertos métodos de meditación seguidos no solo por tradiciones religiosas o movimientos metafísicos que continúan vivos actualmente como el vedanta advaita, la cábala (en la tradición judía), el cristianismo o el islám (particularmente el sufismo), sino practicados también por otras corrientes o escuelas que, aunque ya desaparecidas, influyeron significativamente en Occidente. Es el caso del neoplatonismo o del estoicismo cuya influencia se dejó sentir en el

cristianismo antiguo y medieval, o del hermetismo greco-egipcio que tuvo un papel destacado en el Renacimiento cultural europeo a partir del siglo XV. Especial consideración se ha dado a la tradición cristiana mostrando algunos de los autores más representativos del recogimiento y de su método de meditación.

In this Spanish bestseller, now available in English for the first time, the famous Biblical scholar Jose Antonio Pagola reconstructs the historical Jesus with a scholarly exegetical and theological approach. He addresses basic questions about who Jesus was; how he understood his life; what was the originality of his message; how the vision of the Kingdom of God centered his life; and why he was executed and who intervened in the process. The author presents a lively and passionate narrative of Jesus of Nazareth within the milieu of the first century, locating him in his social, economical, political and religious contexts based on current and accepted research. He also analyzes the perspectives and conclusions of the most important scholars in this research and presents a profound and extensive scholarly theological reflection about Jesus.
