

Electric Blues Guitar Giants With Notes And Tablature

This is the most authoritative and comprehensive reference work on the full range of guitar designs and playing styles ever produced. An info-packed and intricately detailed, illustrated glossary that helps you 'talk guitar' with authority. Taking you all the way from deciding which instrument is best for you and your music to learning the essential techniques in ten of the most popular guitar styles and maximizing the potential of your guitar, effects, and amplifier, this book is a one-stop, fast track to fluency in all aspects of the most influential icon in the history of popular music. In this book, the world's leading specialists tell you what ingredients go into a vast range of guitars and amplifiers to make them sound the way that they do; coach you on making the most of your instruments, effects, and amps; tutor you in the essential playing skills of genres from Rock to Jazz to classical-and everything in between. Contributors include Dave Hunter, Tony Bacon, Robert Benedetto, Dave Burrluck, Walter Carter, Dough Chandler, Paul Day, James Stevenson, Kari Bannerman, David Braid, Carl Filipiak, Nestor Garcia, Martin Goulding, Lee Hodgson, Max Milligan, and Rikky Rooksby.

The first significant fresh reporting on the legendary band in twenty years, built on interviews with all surviving band members and revealing a never-before-seen side of the genius and debauchery that defined their heyday. Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock 'n' roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s—and *When Giants Walked the Earth* is the full, enthralling story of Zep from the inside, written by a former confidante of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the occult. Comprehensive and yet intimately detailed, *When Giants Walked the Earth* literally gets into the principals' heads to bring to life both an unforgettable band and an unrepeatable slice of rock history.

Once guitar players learn the basics, they need to take the next step in their musical education. Scales are the musical grammar they're looking for, and this book is a one-stop shop for every scale guitar lovers could ever imagine! Highlights of this valuable reference book include: Easy-to-follow fret board diagrams (no music reading required); Thousands of scale shapes; Scales for every style of music, including world/ethnic music; The basic theory behind the scales and tips on how to use them; And more! Musicians at all levels will enjoy the new sounds and possibilities these scales provide. This oversized volume contains everything guitarists need to know about scales in a fun, down-to-earth book!

(Guitar Recorded Versions). Tab transcriptions and lessons for 18 Elmore James classics: *Dust My Broom* * *Elmore's Contribution to Jazz* * *Everyday (I Have the Blues)* * *I See My Baby* * *I Was a Fool* * *It Hurts Me Too* * *Madison Blues* * *One Way Out* * *So Mean to Me* * *The Sun Is Shining* * *Tool Bag Boogie*.

Reviews and rates the best recordings of 8,900 blues artists in all styles.

From Nelson George, supervising producer and writer of the hit Netflix series, "The Get Down," this passionate and provocative book tells the complete story of black music in the last fifty years, and in doing so outlines the perilous position of black culture within white American society. In a fast-paced narrative, Nelson George's book chronicles the rise and fall of "race music" and its transformation into the R&B that eventually dominated the airwaves only to find itself diluted and submerged as crossover music. (Banjo). Best-selling author Fred Sokolow teaches you how to play blues on the banjo with this instructional book and audio pack! You'll learn: how to play the blues in several banjo tunings; how to play in the styles of blues greats like Mississippi John Hurt, Lightnin' Hopkins, B.B. King, Skip James, and many more; licks, scales, chords, turnarounds and boogie backup; several approaches to soloing; how to ad lib blues licks and solos in any key; how to play the blues up and down the neck; and more. Includes these classic blues tunes: Ain't Nobody's Business * Careless Love * Frankie and Johnny * John Henry * The Midnight Special * Nobody Knows You When You're Down and Out * See See Rider * St. James Infirmary Blues * St. Louis Blues * and more. Also includes chord grids, standard notation and tablature, audio tracks for all the songs, licks and exercises in the book, with banjo and vocals.

(Book). The acoustic guitar is the instrument of the people and Play Acoustic tells the people how to play it. This detailed and beautifully illustrated book explores the history of the acoustic guitar, from the jazz age to the folk revolutions of the early 1960s and late 1990s to the current rebirth of bluegrass and the singer-songwriter boom of the past decade. Skilled professional musicians and experienced tutors coach the reader through 11 styles, using exercises suitable to novice players new to each style and working up to full pieces and advanced techniques. Entire chapters are devoted to folk, rock and pop, blues, country, bluegrass, jazz, and more, with detailed guidance through both musical notation and tablature, diagrams, and explanatory text. Audio listening examples of the most crucial of these exercises are included to help players master each style.

Explains how to select a guitar, learn chords and melodies, explore different musical styles, and repair and maintain the instrument, with an interactive DVD featuring videos, audio tracks, and printable documents.

Describes the musical heritage of the United States and the development of styles such as jazz, rock, pop, country, folk, and blues

B.B. King is a national treasure. For more than five decades, he has been the consummate blues performer. His unique guitar playing, powerful vocals, and repertoire of songs have taken him from tiny Itta Bena, Mississippi, to worldwide renown. In this comprehensive volume, the best articles, interviews and reviews about B.B. King's life and career have been gathered. Learn how he first made his mark as a disc jockey in Memphis hawking "Pepticon" elixir and taking the moniker of the "Beale Street Blues Boy"; trace his early tours and recordings; see him be swept up in the blues revival; and finally, enjoy his fame as the greatest living exponent of the blues style.

This reference volume is intended for both the casual and the most avid blues fan. It is divided into five separately introduced sections and covers 50 artists with names like Muddy, Gatemouth and Hound Dog who helped shape 20th-century American music. Beginning with the pioneering Mississippi Delta bluesmen, the book then follows the spread of the genre to the city, in the section on the Chicago Blues School. The third segment covers the Texas blues tradition; the fourth, the great blueswomen; and the fifth, the genre's development outside its main schools. The styles covered range from Virginia-Piedmont to Bentonia and from barrelhouse to boogie-woogie. The main text is augmented by substantial discographies and a lengthy bibliography.

First published in 1999, the main part of this reference consists of an alphabetical listing of many hundreds of artists, with details on band personnel, instrumentation, location, titles performed, sources, and other relevant notes included in each listing.

In this lively collection of interviews, storied music writer Jas Obrecht presents a celebration of the world's most popular instrument as seen through the words, lives, and artistry of some of its most beloved players. Readers will read--and hear--accounts of the first guitarists on record, pioneering bluesmen, gospel greats, jazz innovators, country pickers, rocking rebels, psychedelic shape-shifters, singer-songwriters, and other movers and shakers. In their own words, these guitar players reveal how they found their inspirations, mastered their instruments, crafted classic songs, and created enduring solos. Also included is a CD of never-before-heard moments from Obrecht's insightful interviews with these guitar greats. Highlights include Nick Lucas's recollections of waxing the first noteworthy guitar records; Ry Cooder's exploration of prewar blues musicians; Carole Kaye and Ricky Nelson on the early years of rock and roll; Stevie Ray Vaughan on Jimi Hendrix; Gregg Allman on his brother, Duane Allman; Carlos Santana, Eric Johnson, and Pops Staples on spirituality in music; Jerry Garcia, Neil Young, and Tom Petty on songwriting and creativity; and early interviews with Eddie Van Halen, Joe Satriani, and Ben Harper.

Funk: It's the only musical genre ever to have transformed the nation into a throbbing army of

bell-bottomed, hoop-eared, rainbow-Afro'd warriors on the dance floor. Its rhythms and lyrics turned bleak urban realities inside out with distinctive, danceable, downright irresistible music. Funk hasn't received the critical attention that rock, jazz, and the blues have-until now. Colorful, intelligent, and in-your-face, Rickey Vincent's *Funk* celebrates the songs, the musicians, the philosophy, and the meaning of funk. The book spans from the early work of James Brown (the Godfather of Funk) through today, covering funky soul (Stevie Wonder, the Temptations), so-called "black rock" (Jimi Hendrix, Sly and the Family Stone, the Isley Brothers), jazz-funk (Miles Davis, Herbie Hancock), monster funk (Parliament, Funkadelic, Bootsy's Rubber Band), naked funk (Rick James, Gap Band), disco-funk (Chic, K.C. and the Sunshine Band), funky pop (Koolha & the Gang, Chaka Khan), P-Funk Hip Hop (Digital Underground, De La Soul), funk-sampling rap (Ice Cube, Dr. Dre), funk rock (Red Hot Chili Peppers, Primus), and more. Funk tells a vital, vibrant history—the history of a uniquely American music born out of tradition and community, filled with energy, attitude, anger, hope, and an irrepressible spirit.

The first full and authoritative biography of an American—indeed a world-wide—musical and cultural legend “No one worked harder than B.B. No one inspired more up-and-coming artists. No one did more to spread the gospel of the blues.”—President Barack Obama “He is without a doubt the most important artist the blues has ever produced.”—Eric Clapton Riley “Blues Boy” King (1925-2015) was born into deep poverty in Jim Crow Mississippi. Wrenched away from his sharecropper father, B.B. lost his mother at age ten, leaving him more or less alone. Music became his emancipation from exhausting toil in the fields. Inspired by a local minister's guitar and by the records of Blind Lemon Jefferson and T-Bone Walker, encouraged by his cousin, the established blues man Bukka White, B.B. taught his guitar to sing in the unique solo style that, along with his relentless work ethic and humanity, became his trademark. In turn, generations of artists claimed him as inspiration, from Jimi Hendrix and Eric Clapton to Carlos Santana and the Edge. *King of the Blues* presents the vibrant life and times of a trailblazing giant. Witness to dark prejudice and lynching in his youth, B.B. performed incessantly (some 15,000 concerts in 90 countries over nearly 60 years)—in some real way his means of escaping his past. Several of his concerts, including his landmark gig at Chicago's Cook County Jail, endure in legend to this day. His career roller-coasted between adulation and relegation, but he always rose back up. At the same time, his story reveals the many ways record companies took advantage of artists, especially those of color. Daniel de Visé has interviewed almost every surviving member of B.B. King's inner circle—family, band members, retainers, managers, and more—and their voices and memories enrich and enliven the life of this Mississippi blues titan, whom his contemporary Bobby “Blue” Bland simply called “the man.” (Play Like). Study the trademark songs, licks, tones, and techniques of blues guitar royal, Freddie King. This comprehensive book and audio teaching method provides detailed analysis of King's gear, tone, techniques, styles, songs, licks, riffs, and much more. You'll learn everything you need to know about Freddie's legendary guitar playing, from his early '60s guitar instrumental hits to his '70s blues-funk excursions and beyond. The book includes access to audio tracks online, for download or streaming, using the unique code inside the book! Including PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch set loop points, change keys, pan left or right. Songs include: Going Down * I'm Tore Down * Remington Ride * San-Ho-Zay * The Stumble * and more. (String Letter Publishing). Boost your blues I.Q. with this lively, comprehensive introduction to one of America's most vital musical legacies from the origins of the blues in the rural South and early masters like Charley Patton and Blind Lemon Jefferson, to the guitars and techniques used by acoustic blues players, then and now. Leading roots-music performer and recording artist Steve James answers 50 key questions for contemporary blues guitarists and fans alike and provides invaluable reference information on essential recordings, books, websites,

workshops and more. With *Inside Blues Guitar*, you'll find the right gear, repertoire and resources to play the blues and truly appreciate America's most accessible and enduring musical tradition.

Contains over 650 entries profiling every important blues artist, including in each entry a discussion on the artist's style and musical contributions.

Why untold? Most blues histories, outstanding as they are, take us back to the late 1890s but rarely further. As South Carolina's Cradle of Jazz Project wrote: "From the end of the dances at Congo Square (c. 1820) to the beginning of jazz, there is a black hole ... when the old West African music slowly turned into the new music of America." *America's Gift* was written expressly to illuminate that 'black hole', to discover exactly what happened to America's slave music in the 19th century, and how it evolved during the centuries before. Why untold? First we examine the origins of Africa's ancient slave trade, the West's involvement with slavery from the 1400s, and how America's first Africans were pirated from Portuguese slavers. We tell how the musical rhythms of old Africa absorbed the melodies of white America, in the 17th and 18th centuries. We explain how various musical strands intertwined over those centuries, to finally create a music only named blues in 1912. Why untold? Such historical information is usually only available in isolation. *America's Gift* pieces the story together like a jigsaw puzzle, yet avoids the blues minutia and academic intensity often found in histories of 20th century blues. Not avoided are the 19th century's distasteful minstrel and coon song periods. Often cut from blues histories these days, these genres are so essential to blues' evolution. In *America's Gift*, facts are not overruled by political correctness. Why untold? Discover how and where the term 'blues' evolved and how it reached America. Find out how only white singers recorded blues in America, from 1914 to 1920, and why black singers didn't want to sing blues. *America's Gift* tells you who-did-what-first in the years leading up to and into the blues era, and the genres they did it in. It is the first book, to our knowledge, to link American sea shanties to the evolution of the blues. Why untold? *America's Gift* discovers blues recorded in London by African Americans three years BEFORE the generally-accepted date of 1920. It tracks down the earliest known African Americans playing the folk music later called blues, and what they sang. It discloses who published and recorded what blues song first, who recorded the first blues guitar, first guitar solo, first slide guitar, first harmonica, first country blues and first electric guitar blues, even earlier sometimes than previously thought. Why untold? Read about the great blues dispute of 1938 where two blues giants argued over the genre's past.

America's Gift gives you the full blues story up to the 1950s. On the way it selects 20 rocking blues tracks that pre-empted rock 'n' roll. These date from 1936 to 1949, years before the oft-cited *Rocket 88* in 1952. *America's Gift* is illustrated, nearly a foot tall and an inch thick, with 367 pages of easy-to-read type and a 21-page index. It has been described as a "lightening read," just in case you're thinking it might be a bit stodgy.

Provides biographical and critical information on fifty blues singers who were born after 1940; each entry includes a complete discography and bibliographical references for other resources. From the first mention in courtly poetry of the thirteenth century to enormous global popularity in the twentieth, the guitar and its development comprises multiple histories, each characterised by distinct styles, playing techniques, repertoires and socio-cultural roles. These histories simultaneously span popular and classical styles, contemporary and historical practices, written and unwritten traditions and western and non-western cultures. This is the first book to encompass the breadth and depth of guitar performance, featuring thirteen essays covering different traditions, styles, and instruments, written by some of the most influential players, teachers, and guitar historians in the world. The coverage of the book allows the player to understand both the analogies and differences between guitar traditions, and all styles, from baroque, classical, country, blues, and rock to flamenco, African, Celtic, and instrument making will share the same platform. As musical training is increasingly broadened

this comprehensive book will become an indispensable resource.

A step-by-step course in blues guitar offers instruction with musical examples in regular notation and tablature, covering licks, scales, turnarounds, and rhythms.

Seasoned guitar instructor Fred Sokolow offers a wealth of classic blues licks that can be applied in a variety of blues performance situations. Sokolow has divided the licks into categories to aid in thoughtful organization about the guitar fretboard. Some of the licks are based on scales, and others on chords. Written in standard notation and tablature.

(Guitar Recorded Versions). The blues is a language, and everyone musician speaks it with their own unique voice and accent. This exciting book explores the vocabulary of 17 blues guitar giants, and lets you compare their styles and licks through multiple versions of a dozen top songs. Also provides detailed instruction for a myriad of different blue techniques. Featured artists include Eric Clapton, Buddy Guy, Jimi Hendrix, Albert King, B.B. King, Otis Rush, Muddy Waters and more!

Blues Grooves for Guitar is an essential collection of tips, tricks, techniques and theory that will give your rhythm playing an authentic blues feel. Examples demonstrate everything from basics of rhythm and harmony to comping to the subtleties of Chicago, Texas, Delta and other blues styles. Rob Fletcher's enthusiastic approach makes it fun and easy to learn the vital elements of a great musical tradition. A CD demonstrating all the examples and compositions in the book is included.

Baby please don't go; Blow wind blow; The blues had a baby and they named it rock and roll; Champagne and reefer; Close to you; Deep down in Florida; Evil; Good news; Got my mojo working; Honey bee; I can't be satisfied; I feel like going home; I just want to make love to you; I want to be loved; I'm ready; I'm your hoochie coochie man; Long distance call; Louisiana blues; Mannish boy; My home is on the delta; My love strikes like lightning; Rollin' and tumblin'; Rollin' stone; Sad, sad day; The same thing; Screamin' and cryin'; She's nineteen years old; Still a fool; Streamline woman; You can't lose what you ain't never had; You shook me

A Blues Bibliography, Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. Material previously omitted from the first edition has now been included, and the bibliography has been expanded to include works published since then. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, regional variations and lyric transcriptions and musical analysis. The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African-American culture and among individual blues scholars.

An author-musician profiles the lives and careers of Elvis Presley, Stevie Wonder, Elton John, Donna Summer, the Beatles, the Rolling Stones, the Bee Gees, and other rock superstars

Electric Blues Guitar Giants TabElectric Blues Guitar GiantsHal Leonard Corporation
Want to become the coolest possible version of yourself? Time to jump into learning the blues guitar. Get Free Electric Blues Guitar Giants With Notes And Tablature

This accessible how-to book will give you the skills you need to: Choose the right guitar, equipment, and strings Hold, tune, and get situated with your guitar Play barre chords and strum to the rhythm Recognize the structure of a blues song Tackle musical riffs Master melodies and solos Make your guitar sing, cry, and wail Jam to any type of blues Additionally, the book comes with a web site that shares audio samples of all the examples covered in the lessons. Go online to practice your riffs and chords and develop your style as a blues musician. Order your copy of Blues Guitar For Dummies today and get ready to start shredding! P.S. If you think this book seems familiar, you're probably right. The Dummies team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of Blues Guitar For Dummies (9780470049204). The book you see here shouldn't be considered a new or updated product. But if you're in the mood to learn something new, check out some of our other books. We're always writing about new topics! (Guitar Method). This book teaches the techniques, licks, chords, scales and strums you need to play rockabilly guitar. It shows you how to play rhythm & lead for all kinds of rockabilly grooves, in the style of masters such as Carl Perkins, Brian Setzer, Cliff Gallup, Buddy Holly, Scotty Moore and others. Instead of learning exercises, you learn the classic rockabilly songs and solos that made the genre come together in the first place. The 58 audio tracks will help you catch the rhythms and nuances of the rockabilly style. Songs include: Be-Bop-A-Lula * Get Rhythm * Honey Don't * Milk Cow Blues * No Particular Place to Go * Rock Around the Clock * Rock This Town * Susie-Q * Train Kept A-Rollin' * and more! Includes a concise history of blues music, entries on noteworthy composers and musicians, listings of classic songs and compositions, a dictionary of blues terminology, and a listing of influential blues CDs.

The first book by David Dicaire, Blues Singers: Biographies of 50 Legendary Artists of the Early 20th Century, (McFarland, 1999), included pioneers, innovators, superstars, and cult heroes of blues music born before 1940. This second work covers those born after 1940 who have continued the tradition. This work has five sections, each with its own introduction. The first, Modern Acoustic Blues, covers artists that are major players on the acoustic blues scene of recent time, such as John Hammond, Jr. The second, Contemporary Chicago Blues, features artists of amplified, citified, gritty blues (Paul Butterfield and Melvin Taylor, among others). Section three, Modern American Electric Blues, includes some Texas blues singers such as Stevie Ray Vaughan and Jimmie Vaughan and examines how the blues have spread throughout the United States. Contemporary Blues Women are in section four. Section five, Blues Around the World, covers artists from four different continents and twelve different countries. Each entry provides biographical and critical information on the artist, and a complete discography. A bibliography and supplemental discographies are also provided. "In The Electric Guitar, scholars working in American studies, business history, the history of technology, and musicology come together to explore the instrument's importance as an invention and its peculiar place in American culture. Documenting the critical and evolving relationship among inventors, craftsmen, musicians, businessmen, music writers, and fans, the contributors look at the guitar not just as an instrument but as a mass produced consumer good that changed the sound of popular music and the self-image of musicians."--BOOK JACKET.
