The much-anticipated finale to Amie Kaufman's epic middle-grade trilogy *Though Anders* and his friends have delayed a war between the ice wolves and scorch dragons, their mission isn't over. With adults on both sides looking for them, they've sought refuge in Clouthaven, a forbidden stronghold created by the first dragonsmiths. The ancient text covering Clouthaven's walls could be the key to saving their home - if only the young elementals could decipher it. To make matters worse, Holbard is in ruins and its citizens are reeling. Many have been forced into bleak camps outside the city, and food is running short. To rebuild Vallen, Anders, Rayna, and their allies must find a way to unite humans, ice wolves, and scorch dragons before they lose their last chance. In the final book of international bestselling author Amie Kaufman's sensational adventure series, Anders and Rayna must put everything on the line - and the price of peace may hit closer to home than they could've ever imagined. PRAISE FOR SCORCH DRAGONS: 'I found a satisfying fantasy world like none I have read before - one in which dragons and wolves take human form and have magical powers. One of the strengths of this book is the exploration of the idea that truth is a matter of perspective - that there are two (or more) sides to every story. There is no clear enemy, the conflict arises from the tension between the dragons and the wolves, and the reader can empathise with both sides, even though many of the adults in the story cannot ... A stunning debut about a magician's apprentice and a one-winged princess who must vanquish the mechanical monsters that stalk the streets and threaten the faerie kingdom. Aspiring inventor and magician's apprentice Felix Carmer III would rather be tinkering with his latest experiments than sawing girls in half on stage, but with Antoine the Amazifier's show a tomato's throw away from going under, Carmer is determined to win the cash prize in the biggest magic competition in Skemantis. When fate throws Carmer across the path of fiery, flightless faerie princess Grit (do not call her Grettifrida), they strike a deal. If Carmer will help Grit investigate a string of faerie disappearances, she'll use her very real magic to give his mechanical illusions a much-needed boost against the competition. But Carmer and Grit soon discover they're not the only duo trying to pair magic with machine – and the combination can be deadly. In this story perfect for readers of the *Lockwood & Co* and *Wildwood* series, Sarah Jean Horwitz takes readers on a thrilling journey through a magical wooded fairyland and steampunk streets where terrifying automata cats lurk in the shadows and a mad scientist's newest mechanical invention might be more menace than miracle.

But there's no time for celebrating. Anders and his wolf friend Lisabet are hiding away in the mountains of Drekhelm under the watchful eye of the dragon high council. They are perceived as threats, and only the leader of the dragons can keep them safe. Then the temperature in Drekhelm starts to drop throughout Vallen, threatening the lives of the Scorch Dragons. Suddenly, the dragons suspect that the two young wolves are spies for their old pack—that they helped them steal a weather-altering artifact called the Snowstone. The artifact puts everyone including Anders' twin sister, Rayna, in terrible danger. Desperate to broker peace, Anders enlists the help of a few new flame-breathing friends to stop the wolves' next plan of attack. Together, these former rivals must go on a perilous journey to find the scattered pieces of the Sun Scepter, the only artifact that can counteract the Snowstone. Because if either device goes unchecked, all hope for a truce will be lost. New York Times bestselling author Amie Kaufman delivers the thrilling second installment in this epic middle-grade fantasy series about a world where powerful magical shapeshifters are locked in a conflict that has spanned generations. PRAISE FOR ICE WOLVES: 'An engaging world and cliffhanger ending leave readers wanting more' - Kirkus, starred review 'Engaging to the end' - Books+Publishing 'you'll wind up on the edge of your seat, unable to put it down.' - NYT bestseller Meagan Spooner 'A thrilling, nonstop adventure' - NYT bestseller Shannon Messenger

From New York Times bestselling author Amie Kaufman comes the first book in an electrifying series about a brother and sister who must harness their powers and find their place in a sharply divided world. Everyone in Vallen knows that ice wolves and scorch dragons are sworn enemies who live deeply separate lives. So when twelve-year-old orphan Anders takes one elemental form and his twin sister, Rayna, takes another, he wonders whether they are even related. Family or not, Rayna is Anders's only true friend. She's nothing like the brutal, cruel dragons who claimed her as one of their own and stole her away. To rescue her, Anders must enlist at the foreboding Ulfar Academy, a school for young wolves that values loyalty to the pack above all else. But for Anders, loyalty is more complicated than obedience, and friendship is the most powerful shapeshifting force of all.

A young witch must pass a coming-of-age quest or risk losing her magic forever in this enchanting fantasy -- perfect for fans of *Kiki's Delivery Service* and *Aru Shah and the End of Time*. Sometimes all you need is a pinch of magic... Eva Evergreen is determined to earn the rank of Novice Witch before her thirteenth birthday. If she doesn't, she'll lose her magic forever. For most young witches and wizards, it's a simple enough test: One: Help your town, do good all around. Two: Live there for one moon, don't leave too soon. Three: Fly home by broomstick, the easiest of tricks. The only problem? Eva only has a pinch of magic. She summons heads of cabbage instead of flowers and gets a sunburn instead of calling down rain. And to add insult to injury,

whenever she overuses her magic, she falls asleep. When she lands in the tranquil coastal town of Auteri, the residents expect a powerful witch, not a semi-magical girl. So Eva comes up with a plan: set up a magical repair shop to aid Auteri and prove she's worthy. She may have more blood than magic, but her "semi-magical fixes" repair the lives of the townspeople in ways they never could have imagined. Only, Eva's bit of magic may not be enough when the biggest magical storm in history threatens the town she's grown to love. Eva must conjure up all of the magic, bravery, and cleverness she can muster or Auteri and her dreams of becoming a witch will wash away with the storm.
