

Elisha Goodman Nine Mistakes Prayer

PASSION PRAYER OF JESUS THE CHRIST The 7 Secret Principles of Jesus

How can we define "Judaism," and what are the common threads uniting ancient rabbis, Maimonides, the authors of the Zohar, and modern secular Jews in Israel? Michael L. Satlow offers a fresh perspective on Judaism that recognizes both its similarities and its immense diversity. Presenting snapshots of Judaism from around the globe and throughout history, Satlow explores the links between vastly different communities and their Jewish traditions. He studies the geonim, rabbinical scholars who lived in Iraq from the ninth to twelfth centuries; the intellectual flourishing of Jews in medieval Spain; how the Hasidim of nineteenth-century Eastern Europe confronted modernity; and the post-World War II development of distinct American and Israeli Jewish identities. Satlow pays close attention to how communities define themselves, their relationship to biblical and rabbinic texts, and their ritual practices. His fascinating portraits reveal the amazingly creative ways Jews have adapted over time to social and political challenges and continue to remain a "Jewish family."

The book's first section collects vivid first-person accounts by former slaves of their lives in slavery. In the second part, Weld offers page after page of stark quotations some as short as a single sentence from various Southern periodicals that illustrate in graphic detail the bondage, floggings, maimings and other horrors endured by slaves. Weld also presents and dissects various pro-slavery arguments. Distributed by the American Anti-Slavery Society, *American Slavery As It Is* was second only to *Uncle Tom's Cabin* for its impact on the anti-slavery movement in the United States.

This first verse-by-verse commentary on the Greek text of the Testament of Abraham places the work within the history of both Jewish and Christian literature. It emphasizes the literary artistry and comedic nature of the Testament, brings to the task of interpretation a mass of comparative material, and establishes that, although the Testament goes back to a Jewish tale of the first or second century CE, the Christian elements are much more extensive than has previously been realized. The commentary further highlights the dependence of the Testament upon both Greco-Roman mythology and the Jewish Bible. This should be the standard commentary for years to come.

A collection of seventeen essays on pre-modern Hebrew poetry in honor of Wout van Bekkum. The articles in this volume all seek to examine how the religious, cultural, and social context in which the poet functioned impacted on and is visible, either explicitly or more elliptically, in their poetical oeuvre. For this purposes a broad understanding of "world" has been accepted, including both the natural world and the constructed one (society, culture, language) as well as the spiritual and emotional world. History, a pillar of the man-made constructed world, has been used to determine the boundaries: from Late Antiquity to the Middle Ages, and—in instances where the topic connects to older traditions—to Early Modern Judaism, i.e. pre-modern Hebrew (and Aramaic) poetry. The articles in this volume, in the breadth of their temporal and spatial range and their multiplicity of approaches and methodologies, highlight the richness of contemporary scholarship on Hebrew poetry. The volume invites the reader to engage with this astonishing body of poetry, while providing a glimpse into the world of the poet, and the cultures and societies from which they drew their inspiration and to which they made such important contributions.
