This is an uncompromising and provocative book about non-duality. In liberation it is seen that all phenomena simply arise in awareness with no person mediating them. Purpose, religion and paths of spiritual development all lose their meaning when it is seen that there is no one who exercises choice. "The most common misconception about liberation is that it is something an individual can gain. But liberation is a loss—the loss of the sense that there ever was a separate individual who could choose to do something to bring about liberation. When it is seen that there is no separation, the sense of vulnerability and fear that attaches to the individual falls away ... then life is simply lived and relaxation takes place. There is a sense of ease with whatever is the case and an end to grasping for what might be." —From I Hope You Die Soon

Tirumantiram is the seminal text of Saiva-Siddhanta which has produced a galaxy of saints and has powerfully influenced the day-to-day life of millions in South Indiageneration after generation. Its author Tirumular was according to legend a yogi who took compassion on a herd of cattle that had lost their shepherd and entering the body of the shepherd by his yogic power continued to look after the flock. So when we find in this great classic such splendid gems as ""Anbe Sivam— God is Love — we realize that the great yogi preached only what he lived. His fervent message

that the ultimate Reality is One and all of us belong to the same family has special relevance to us moderns who have lost our moorings of faith and are wandering between two worlds one dead the other powerless to be born. Apart from the literary merits Tirumantiram blazes a number of spiritual trails any of which the aspirant can follow with the full confidence that the Goal Supreme is within the reach. From the author of *How We Die*, the extraordinary story of the development of modern medicine, told through the lives of the physician-scientists who paved the way. How does medical science advance? Popular historians would have us believe that a few heroic individuals, possessing superhuman talents, lead an unselfish quest to better the human condition. But as renowned Yale surgeon and medical historian Sherwin B. Nuland shows in this brilliant collection of linked life portraits, the theory bears little resemblance to the truth. Through the centuries, the men and women who have shaped the world of medicine have been not only very human, but also very much the products of their own times and places. Presenting compelling studies of great medical innovators and pioneers, *Doctors* gives us a fascinating history of modern medicine. Ranging from the legendary Father of Medicine, Hippocrates, to Andreas Vesalius, whose Renaissance masterwork on anatomy offered invaluable new insight into the human body, to Helen Taussig, founder of pediatric cardiology and co-inventor of the original "blue baby" operation, here is a volume filled with the spirit of ideas and the thrill of discovery. A powerful life-transforming book that answers the

A team of mountain climbers were scaling Mount Everest and they camped below the summit. Another team was returning from the top and saw them camped there.

"Why are you camped?" they wanted to know. "We are waiting for our map," they replied. "We forgot our map at the base camp and we have sent a sherpa back to retrieve it. So we are waiting." "But from here you do not need a map!" the returning team replied. "There are no avalanches, no problems. From here, go straight to the top! No map is necessary. So drop all your maps and baggage. Go directly to the summit from here." —From Wake Up and Roar

are in search of meaning of life and its earthly existence. The author explains, "Our consciousness of our own being, that is 'I am', alone can be our real self. The non-dual and indivisible consciousness of our own being is our true consciousness, indeed it is our true self, our essential being, of what we really are. This is always present in all our three states : waking, dream and sleep, and in all the three divisions of time: past, present and future. This is what the Sage taught one and all, the simple practice of self-attentiveness which is the path of atma-vichara, 'self-inquiry' or self-investigation. And, whatever Sage Ramana said through his teachings, that is the only way by which we can experience perfect peace and bliss that is our own true nature, our own real being.

A collection of spontaneous "satsangs," or truths, spoken from Sri H. W. L. Poonja's experience of the highest and yet simplest truth: that we are pure love and consciousness, the totality of existence. Reveals thousands of ways to help us inquire into who we really are, to bring our awareness into the infinity of the moment, and surrender to the wisdom of our Truth.

A beautifully realized synthesis of the ancient tradition of Advaita Vedanta and Tantra.

The Ultimate Medicine is not for those who like their spirituality watered down, but for serious students searching for awareness. Sri Nisargadatta Maharaj

(1897-1981) lived and taught in a small apartment in the slums of Bombay. A realized master of the Tantric Nath lineage, he supported himself and his family by selling cheap goods in a small booth on the streets outside his tenement for many years. His life exemplified the concept of absolute nonduality of being. In this volume, Maharaj shares the highest truth of nonduality in his own unique way. His teaching style is abrupt, provocative, and immensely profound, cutting to the core and wasting little effort on inessentials. His terse but potent sayings are known for their ability to trigger shifts in consciousness, just by hearing or reading them. "The point is that man freed from his fetters is morality personified. Such a man therefore does not need any moralistic injunctions in order to live righteously. Free a man from his bondage and thereafter everything else will take care of itself. On the other hand, man in his unredeemed state cannot possibly live morally, no matter what moral teaching he is given. It is an intrinsic impossibility, for his very foundation is immorality. That is, he lives a lie, a basic contradiction: functioning in all his relationships as the separate entity he believes himself to be, whereas in reality no such separation exists. His every action therefore does violence to other 'selves' and other 'creatures,' which are only manifestations of the unitary consciousness. So Society had to invent some restraints in order to protect itself from its own worst excesses and thereby maintain some kind of status quo. The resulting arbitrary rules, which vary with place and time and therefore are purely relative, it calls 'morality,' and by upholding this man-

invented 'idea' as the highest good—oftentimes sanctioned by religious 'revelation' and scriptures—society has provided man with one more excuse to disregard the quest for liberation or relegate it to a fairly low priority in his scheme of things."

This volume offers a selection of insights into Indian religious and philosophical ideas in general, and Sankara's philosophy in particular. It begins with a description of the historical background and significance of the various schools of religious philosophy in India, as well as a concise treatment of pertinent philosophical terms and doctrines. The text provides an accessible translation that offers guidance on how to approach Sankara and Advaita Vedanta tradition and which aims to capture the spirit and essence of Sankara. The result is a solid contribution to the understanding of this literature in the development of Indian religious philosophy.

From the moment we emerge into the world as an infant we begin a journey of experience. We all share the desire to be happy. In this journey we will all experience emotional and physical pain and the loss of what we love. How we meet our losses and pains will determine the amount of peace we have in our lives. If we meet them as the hardened warrior or the defeated victim we live from survival and peace escapes us. In *Medicine of One*, Lomakayu, spiritual teacher, Soul Dreamer, and the originator of primordial movements for emotional healing, offers us a path to spiritual awareness, self-compassion and freedom that is as simple as a Circle. In *Dressed To Kill*, Rick explains with exacting detail the purpose and function of each piece of Roman armor. In the process, he describes the significance of our spiritual armor not only to withstand the onslaughts of the enemy and but also to overturn the tendencies of the carnal mind. Furthermore, Rick delivers a clear, scriptural presentation on the biblical definition of spiritual warfare what it is and what it is not. He stresses, Your unbroken, ongoing fellowship with God is your absolute guarantee that you are constantly and habitually dressed in the whole armor of God. When you walk with God in deliberate, continual fellowship, He will enrobe you with Himself. Armed with the knowledge of who you are in Him, you will be dressed and dangerous to the works of darkness, unflinching in the face of conflict, and fully equipped to take the offensive and gain mastery over any opposition from your spiritual foe. You don't have to accept defeat anymore once you are *Dressed To Kill*! This book gathers all of Maharshi's original works: *Self-Enquiry*, *Upadesa Saram*, *Five Hymns to Arunachala*, and the two sets of *Forty Verses*, together with miscellaneous pieces the most significant being *Atma Vidya*. This collection represents the core teachings of this world-renowned spiritual teacher and shows readers how to attain the purest form of non-duality through the
