

Emilias Treasure How A Mermaid Makes Friends Mermaid Tales Series Volume 1

A hardcover omnibus of the comic masterpieces that made Nancy Mitford famous: madcap tales of growing up among the privileged and eccentric in England and finding love in all the wrong places. Nancy Mitford modeled the characters in her two best-known novels on her own famously unconventional family. We are introduced to the Radletts through the eyes of their cousin Fanny, visiting their Gloucestershire estate. Uncle Matthew is the blustering patriarch, known to hunt his children when foxes are scarce; Aunt Sadie is the vague but doting mother; and the seven Radlett children are recklessly eager to grow up. *The Pursuit of Love* follows the travails of Linda, the most beautiful and wayward Radlett daughter, who falls first for a stuffy Tory politician, then an ardent communist, and finally a French duke named Fabrice. *Love in a Cold Climate* focuses on Polly Hampton, long groomed for the perfect marriage by her fearsome mother, Lady Montdore, but secretly determined to find her own path. Together these hilarious novels vividly evoke the lost glamour of aristocratic life in England between the wars.

"It's dying right before our eyes. In two years it could all be gone. Does that mean anything to you?" On Africa's majestic Sukula Plains, nature's finest predators face a desperate struggle for survival. The lions of Sukula are under threat by unscrupulous trophy hunters, while the research institute that seeks to protect them is floundering through lack of funding. They need a saviour - someone to rescue the struggling Institute and secure the future for Sukula's unique wildlife. What they get is Bird - a hungover, disaffected washout, enslaved to the demons of his past and oblivious to the stimulants of his present. Bird blunders his way through the African landscape and somehow finds what he never knew he needed: acceptance from the local people, resurgence of his passion for the natural world, and a brutal fight for something greater than his pitiful self. But can it mend his broken soul? Does he have the resolve to see it through? And is he capable of putting this cause above his own indulgent idealism? Dorian Tilbury has dedicated 25 years to conservation in Zambia and Malawi. His novel radiates his passion for Africa, lions, and the delicate ecochain that connects us all in this magnificent yet fragile world.

Equal parts true crime, twentieth-century history, and science thriller, *The Poisoner's Handbook* is "a vicious, page-turning story that reads more like Raymond Chandler than Madame Curie"—The New York Observer A fascinating Jazz Age tale of chemistry and detection, poison and murder, *The Poisoner's Handbook* is a page-turning account of a forgotten era. In early twentieth-century New York, poisons offered an easy path to the perfect crime. Science had no place in the Tammany Hall-controlled coroner's office, and corruption ran rampant. However, with the appointment of chief medical examiner Charles Norris in 1918, the poison game changed forever. Together with toxicologist Alexander Gettler, the duo set the justice system on fire with their trailblazing scientific detective work, triumphing over seemingly unbeatable odds to become the pioneers of forensic chemistry and the gatekeepers of justice. In 2014, PBS's *AMERICAN EXPERIENCE* released a film based on *The Poisoner's Handbook*.
