In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. *The Psychopath Test* is a fascinating journey through the minds of madness. Jon Ronson's exploration of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Cocksackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their

A memoir about the recovery from alcoholism, habitual drug use and mental illness, from broadcaster, and co-founder and editor of The Quietus website, John Doran. Jolly Lad is a memoir about the recovery from alcoholism, habitual drug use and mental illness. It is also about the healing power of music, how memory defines us, the redemption offered by fatherhood and what it means to be working class. "This is not a 'my drink and drug hell' kind of book for several reasons—the main one being that I had, for the most part, had a really good time drinking. True, a handful of pretty appalling things have happened to me and some people that I know or used to know over the years. But I have, for the most part, left them out of this book as they are not illuminating, not edifying and in some cases concern other people who
