

## English A Hebrew A Greek A Transliteration A Interlinear

There are times when a Greek or Hebrew word has a distinct meaning that seriously affects the proper interpretation of Scripture. Unless you are familiar with these languages, you will not be able to determine what word in the original text was used or the differences between these words-until now. The Hebrew-Greek Key Word Study Bible identifies the key words of the original languages and presents clear, precise explanations of their meaning and usage. Those who love God's Word will treasure this Bible, for it contains a whole library of biblical helps within its covers. NOW INCLUDED \* Wider Margins on Pages of the Bible Text \* Key Words in the Biblical Text Coded to Strong's Numbers \* New Word Studies with AMG's Annotated Strong's Dictionaries \* Red Letter Edition of the English Standard Version of the Bible HARDBOUND

The Messianic Aleph Tav Interlinear Scriptures (MATIS-NT) The GOSPELS, both Red Letter and Bold Black Editions, are the most unique Interlinear Study Bibles of the New Testament in the world. This work is a "Study Bible" and unique because it is the first true interlinear New Testament to combine both the John W. Etheridge Eastern Aramaic Peshitta in both Aramaic and Hebrew font compared to the Greek, word by word, in true interlinear form. This is the first time the Aramaic Peshitta has ever been in true interlinear form word by word. The John W. Etheridge Eastern Aramaic Peshitta English translation was provided by Lars Lindgren and incorporates his personal notes and also, the Hebrew pronunciation of the Aramaic is unique and was created and provided by Lars Lindgren of <http://Dukhrana.com/> and used with his permission... all of which comes under copyright protection. The purpose of MATIS-NT is to provide a unique Study Bible whereby each Aramaic word and verse could be studied by comparing it to the Greek in an effort to obtain a deeper understanding of what the apostles were trying to express and the differences between the two New Testaments. MATIS-NT English translation began with the public domain version of the 1987 KJV and removed all the old English for easier reading. MATIS is also unique in regard to the Hebrew (OT) and Aramaic (NT) verses running in sequence from left to right with the English translation, while the Hebrew/Aramaic individual words are written properly from right to left. This combination is unique but makes it easier for beginners to study the Hebrew and Aramaic language in comparison to its English translation. The First Volume of MATIS is The TORAH, with the Strong's Hebrew Dictionary. Volume Two, The WRITINGS, Volume Three, The PROPHETS and Volume Four, MATIS-NT The GOSPELS, with the Strong's Greek Dictionary and Volume Five, The Acts - Revelation. MATIS Study Bibles also furthers the journey of the study of the Aleph/Tav Character Symbol by revealing thousands of words that originally incorporated this symbol in Paleo Hebrew, and also in Aramaic/Hebrew, and apparently for good reason! The MATIS Study Bible Collection is truly the perfect gift for the believer who is interested in studying the Hebrew Tanakh and Aramaic with the Greek B'rit Chadashah (New Testament) and desires to obtain a deeper understanding of what the originators, as well as our Creator was trying to express.

Hendrickson's The Complete Hebrew-Greek Bible combines under one cover the complete text of the Hebrew Bible and the Greek New Testament. Ideal for pastors, students, scholars, and anyone else who has studied both Greek and Hebrew, this is an

excellent volume for those who want a complete original-language Bible in an attractive package and at an affordable price. The Hebrew text is a beautifully typeset version of the Biblia Hebraica Leningradensia, edited by Aron Dotan. Features: - Qere forms are clearly set off in the margin (with corresponding unpointed Kethiv forms in the main text). - The text is unencumbered by a critical apparatus, allowing for ease of reading. The Greek New Testament is a recent typesetting of the edition produced by B. F. Westcott and F. J. A. Hort. Features: - Pericopes are labeled in English, and in the Gospels these labels are accompanied, where appropriate, by the verse references of their synoptic parallels. - Quotations and allusions to the Old Testament are indicated in the Greek text in bold, with references at the bottom of the page. - A straightforward, unobtrusive apparatus is found at the bottom of the page that presents the differences in wording between the Westcott-Hort edition and the 27th edition of Nestle-Aland's Novum Testamentum Graece, as well as the Byzantine text edition prepared by Maurice Robinson and William Pierpont. This Book contains the brief Hebrew text of Ecclesiastes and the brief Greek texts of the Three Letters of John from the Hebrew Old Testament or Tanakh in Jewish Holy Scripture and the Greek New Testament. These texts are intended for students of Biblical Hebrew and Biblical Greek to help them develop their reading comprehension skills in either of these two ancient Biblical languages. Additional study aids for each of these Biblical languages are included, namely Biblical Hebrew/Greek-English glossaries as well as concordances for each word and its grammatical word form variants in both texts with exact references of their occurrences in the chapters and verses of these texts and their number of occurrences in the entire text body. After initial instruction in the Hebrew and Greek scripts and elementary Biblical Hebrew and Greek grammar, the user of this book will certainly benefit from applying what he has learned before by a study of these texts and thus developing his reading comprehension skills.

The Hebrew Bible, called the "Tenach" by Jews and "Old Testament" by Christians, was originally written in the Hebrew language using an ancient pictographic, or paleo-Hebrew, script. Through the study of this ancient language and script the words of the Bible will come alive to the reader in a way never seen before. This book will examine the origins and history of the ancient Hebrew language and script and their close relationship to the culture of the ancient Hebrews. Included are detailed charts of the evolution of the ancient Hebrew script as well as many other related Semitic and non-Semitic scripts. Also included are the details of the root system of the Hebrew language, and a lexicon of ancient Hebrew roots to assist the reader of the Bible with finding the original cultural context for many Hebrew words.

Dr. Spiros Zodhiates' greatest contribution to Bible students everywhere is the "Hebrew-Greek Key Word(r) Study Bible," which uses the Strong's numbering system to take the reader to the Hebrew and Greek words behind key words in the KJV English text, and uses AMG's own special codes on the New Testament KJV English text to reveal the nuances of Greek grammar. In addition, there are extensive exegetical footnotes explaining the most difficult passages of the Old and New Testaments. Words of Christ in Red; KJV Center-Column References. GENUINE LEATHER BURGUNDY THUMB-INDEXED"

The Interlinear Hebrew Greek English Bible - Larger Print is the only complete Interlinear Bible available in English-and

it's keyed to Strong's Exhaustive Concordance! Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's-Greek/Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. Only a small minority of Bible students ever achieve the ability to read the original biblical languages. This resource offers a non-threatening tool for those lacking language training to begin exploring the languages of Scripture. Offering a concise, literal translation of each Greek and Hebrew word, it's a great jumping off point for in-depth Bible study and text analysis. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student (whether knowing the original languages or not) to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages, bound in a bonded leather over boards hardback edition. This new edition has been much improved by a new typesetting of the New Testament (Volume IV), with larger print, the left marginal column containing a newly revised Literal Translation of the Bible (2000), and a right marginal column containing the Authorized/King James Version (1769). Jay P. Green, Sr. (1918-) is Translator and Editor of The Interlinear Hebrew-Greek-English Bible and the translator of the Modern King James Version of the Holy Bible, The Teenage Version of the Holy Bible, and the Literal translation of the Holy Bible. He has written numerous books on textual criticism.

Larger Print Edition! The number one complaint about the Interlinear Hebrew Greek English Bibles by Jay P. Green, Sr. has been the size of the print. This new printing is in a larger print size, much more readable for long hours of study without the eye strain. This has all of the content of the 4 Volume Interlinear Bible Set that has been published since 1985 plus the 2000 New Testament which adds an additional side column with the KJV.. The only complete interlinear Bible available in English-and it's keyed to Strong's Exhaustive Concordance! Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers

enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's-Greek/Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus. The sources of the texts are documented in the preface, and are essentially the same (with some minor variations) to the Hebrew and Greek texts used by the KJV translators. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student (whether knowing the original languages or not) to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages, bound in a bonded leather over boards hardback edition. This new edition has been much improved by a new typesetting of the New Testament (Volume IV), with larger print, the left marginal column containing a newly revised Literal Translation of the Bible (2000), and a right marginal column containing the Authorized/King James Version (1769). The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition but in larger print. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word - along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version - opens a treasure house of Bible study possibilities for those who wish to understand the Scripture better. It's use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew & Greek words in the Hebrew & Greek lexicons. There is no substitute for a first hand knowledge of the original text. However since only a small minority of Bible students retain an easy reading comprehension of the original text, the Interlinear Bible is a welcome aid to Bible students, laymen, and pastors who wish to continue working with the original languages. Jay P. Green, Sr. (1918-) is Translator and Editor of The Interlinear Hebrew-Greek-English Bible and the translator of the Modern King James Version of the Holy Bible, The Teenage Version of the Holy Bible, and the Literal translation of the Holy Bible. The Book of Psalms has occupied a central place in Jewish and Christian worship for millennia. This authoritative volume brings together the Psalms in a quartet of versions that is certain to be an invaluable resource for students of this core book of the Bible. The texts featured in A Comparative Psalter represent a progression of the text through time. The ancient Masoretic Hebrew and Revised Standard Version Bible are displayed on one page, while the New English Translation of the Septuagint and Greek Septuagint are on the facing page. The same set of verses is displayed for all four texts, making it easy to compare have rendered The Modern English versions included in this volume are noteworthy for their fidelity to the ancient texts. The first major translation of the Christian Scriptures from the original languages to be undertaken since the King James Version, the RSV debuted in 1952 to critical acclaim. It dramatically shaped the course of English Bible translation work in the latter half of the Twentieth Century, and remains the Bible of choice for many people. Meanwhile, the New English Translation of the Septuagint is the first work of its kind in a century and a half. This major project brings to the fore a wealth of textual discoveries that help illuminate the Book of Psalms for Twenty-first Century readers. \* Four versions of a central text of Jewish and Christian worship in a parallel setting.

This complete interlinear Bible, available in English, is keyed to "Strong's Exhaustive Concordance." Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes the literal translation of the Bible in the outside column. All previous Biblical Hebrew lexicons have provided a modern western definition and perspective to Hebrew roots and words. This prevents the reader of the Bible from seeing the ancient authors' original intent of the passages. This is the first Biblical Hebrew lexicon that defines each Hebrew word within its original Ancient Hebrew cultural meaning. One of the major differences between the Modern Western mind and the Ancient Hebrew's is that their mind related all words and their meanings to a concrete concept. For instance, the Hebrew word "chai" is normally translated as "life", a western abstract meaning, but the original Hebrew concrete meaning of this word is the "stomach". In the Ancient Hebrew mind, a full stomach is a sign of a full "life". The Hebrew language is a root system oriented language and the lexicon is divided into sections reflecting this root system. Each word of the Hebrew Bible is grouped within its roots and is defined according to its original ancient cultural meaning. Also included in each word entry are its alternative spellings, King James translations of the word and Strong's number. Indexes are included to assist with finding a word within the lexicon according to its spelling, definition, King James translation or Strong's number.

Now for the first time the Bible students will have a lexicon/dictionary with every one of the original 8,674 Hebrew words, and also every one of the 5,624 Greek words of the Scriptures included in it.. For ninety-five out of the hundred times the Bible student, preacher, Bible class teacher, or the host of God's saints who study to show themselves workmen unashamed (2 Tim. 2:15), this quick reference, easy-to-use lexicon is a jewel. You will literally wear it out, using it weekly, if not daily. The words are alphabetical in order. This is important with the Hebrew words in particular. For the most used Hebrew lexicon is the Brown-Driver-Briggs Hebrew-Aramaic Lexicon. And one must know the root word to look up Hebrew entries in that lexicon, or else they must have a multi-paged index to it. This brief lexicon can even be used instead of the Brown-Driver Briggs Lexicon in most cases when anyone desires a quick reference to the grammatical construction and the meaning of a word. For the fact is, this lexicon is an abbreviated edition of the Brown-Driver Briggs Lexicon, most of the information coming from that great work. Yet this little lexicon contains more information than can be found in B-D-B. Proper names appear in alphabetical order, often with their meanings. Derivation of words is given. More grammatical information is given than is in the larger lexicon. The Greek section also provides coding to Strong's Exhaustive Concordance, and it gives page references to Thayer's Greek-English Lexicon, Arndt-Gingrich Greek-English Lexicon, and, Kittel's Theological Dictionary. The reader will learn to appreciate these quick and easy references by use of the Arabic numbers in numerical order, coupled with the original language. This handy, quick study tool will revolutionize study of the Bible, saving a multitude of hours of study, yet providing comprehensive information not available in any other existing volume. The savings in time alone is enough to recommend this handy little lexicon. The

fact that it contains both the Hebrew-Aramaic words and the Greek words in a single easy-to-access volume is a time-saver not to be found in any other book (it appears that no previous book has contained both the 8,674 Hebrew words and the 5,624 Greek words, with their meanings, and other items of information, which the student of either language can use with ease.) Maurice A. Robinson (PhD) is Associate Professor of Greek at Southeastern Baptist Theological Seminary in Wake Forest, South Carolina. Jay P. Green, Sr. (1918-) is Translator and Editor of The Interlinear Hebrew-Greek-English Bible and the translator of the Modern King James Version of the Holy Bible, the Teenage Version of the Holy Bible, the Literal translation of the Holy Bible and the KJ3-Literal Translation Bible. He has written numerous books on textual criticism.

Recent archeological and linguistic evidence reveals that the Jews of the New Testament era spoke Hebrew, not Greek as has been taught for so many years. With this revelation, we can conclude that the teachings of the New Testament were first conveyed, either in spoken or written form, in Hebrew, which means that the New Testament must be understood from a Hebraic perspective and not a Greek one. The first step in this process is to translate the Greek words of the New Testament into Hebrew. While translating the Greek words into Hebrew, may sound overwhelming for many, it is in fact, a very simple process that anyone can perform, even without any prior studies in Greek or Hebrew. All that is required is a Strong's Concordance and this book. This book lists the five hundred most frequent Greek words of the New Testament and provides their Hebrew translations and Hebraic definitions, with all Greek and Hebrew words cross-referenced with Strong's numbers.

Entire four-volume set in one-volume! The only complete interlinear Bible available in English--and it's keyed to "Strong's Exhaustive Concordance"! Thousands of pastors, students, and laypeople have found "The Interlinear Bible" to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. The ESV Greek-English Interlinear New Testament features the Greek text laid out word-by-word above an English gloss, making it a helpful resource for all who study the Bible in the original Greek.

An ideal reference Bible for pastors, students, and professors, the NIV Greek and English New Testament includes both texts in a unique side-by-side format that allows readers to move easily between Greek and English texts.

This work presents Genesis, Exodus, Leviticus, Ruth, Jonah and Habakkuk translated from Greek and Hebrew in parallel. The most authoritative Greek (Rahlfs) and Hebrew (BHS) texts available are the base texts, as used by NETS

(New English Translation of the Septuagint) and modern English Bibles (such as ESV, NIV, NASB, RSV, NRSV, NEB, REB and NAB). Where available, Mr. Gren supplements these texts with newer editions being issued (Greek text - Gottingen Septuagint; Hebrew text - BHQ). This dual translation provides definitive insight into Dead Sea Scroll variants, and New Testament usage of the Old Testament. Many Dead Sea Scroll variants are incorporated into the text, particularly when scholarly consensus identifies them as probable original readings. In addition, all passages quoted in the New Testament are presented in bold with a detailed analysis. The reader can see how the New Testament quotations relate to both the Greek Old Testament, from which it frequently derives, and the original Hebrew text. This work enhances the reader's understanding of Jewish and Greek culture, history and language. Mr. Gren translates both Greek and Hebrew as literally as possible, to facilitate comparison. He emphasizes both Greek and Hebrew word derivations and spellings. The Greek and Hebrew translations will stand on their own independently, yet are presented in parallel to facilitate comparison of differences and similarities .

The only complete interlinear Bible available in English-and it's keyed to Strong's Exhaustive Concordance! Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's-Greek/Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus. The sources of the texts are documented in the preface, and are essentially the same (with some minor variations) to the Hebrew and Greek texts used by the KJV translators. Only a small minority of Bible students ever achieve the ability to read the original biblical languages. This resource offers a non-threatening tool for those lacking language training to begin exploring the languages of Scripture. Conveniently includes the entire Hebrew and Greek text of the Bible in one place Offering a concise, literal translation of each Greek and Hebrew word, it's a great jumping off point for in-depth Bible study and text analysis. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student (whether knowing the original languages or not) to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages, bound in a bonded leather over boards hardback edition. This new edition has been much improved by a

new typesetting of the New Testament (Volume IV), with larger print, the left marginal column containing a newly revised Literal Translation of the Bible (2000), and a right marginal column containing the Authorized/King James Version (1769). The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word - along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version - opens a treasure house of Bible study possibilities for those who wish to understand the Scripture better. It's use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew & Greek words in the Hebrew & Greek lexicons. There is no substitute for a first hand knowledge of the original text. However since only a small minority of Bible students retain an easy reading comprehension of the original text, the Interlinear Bible is a welcome aid to Bible students, laymen, and pastors who wish to continue working with the original languages.
