A NEW YORK TIMES BESTSELLER A WALL STREET JOURNAL BESTSELLER A USA TODAY BESTSELLER A NATIONAL INDIEBOUND BESTSELLER From the author of *The Guest Room*, a powerful story about the ways an entire life can change in one night: A flight attendant wakes up in the wrong hotel, in the wrong bed, with a dead man - and no idea what happened. Cassandra Bowden is no stranger to hungover mornings. She's a binge drinker, her job with the airline making it easy to find adventure, and the occasional blackouts seem to be inevitable. She lives with them, and the accompanying self-loathing. When she awakes in a Dubai hotel room, she tries to piece the previous night back together, counting the minutes until she has to catch her crew shuttle to the airport. She quietly slides out of bed, careful not to aggravate her already pounding head, and looks at the man she spent the night with. She sees his dark hair. His utter stillness. And blood, a slick, still wet pool on the crisp white sheets. Afraid to call the police - she's a single woman alone in a hotel room far from home - Cassie begins to lie. She lies as she joins the other flight attendants and pilots in

the van. She lies on the way to Paris as she works the first class cabin. She lies to the FBI agents in New York who meet her at the gate. Soon it's too late to come clean-or face the truth about what really happened back in Dubai. Could she have killed him? If not, who did? Set amid the captivating world of those whose lives unfold at forty thousand feet, *The Flight Attendant* unveils a spellbinding story of memory, of the giddy pleasures of alcohol and the devastating consequences of addiction, and of murder far from home.

When Simon Majumdar hit forty, he realized there had to be more to life than his stable but uninspiring desk job. As he wondered how to escape his career, he rediscovered a list of goals he had scrawled out years before, the last of which said: Go everywhere, eat everything. With that, he had found his mission -- a yearlong search for the delicious, and curious, and the curiously delicious, which he names Eat My Globe and memorably chronicles in these pages. In Majumdar's world, food is everything. Like every member of his family, he has a savant's memory for meals, with instant recall of dishes eaten decades before. Simon's unstoppable wit and passion for all things edible (especially those things that once had eyes, and a face, and a mom and a pop) makes this an armchair traveler's and foodie's delight -- Majumdar does all the heavy lifting, eats the heavy foods (and suffers the weighty consequences), so you don't have to. He jets to thirty countries in just over twelve months, diving mouth-first

into local cuisines and cultures as different as those of Japan and Iceland. His journey takes him from China, where he consumes one of his "Top Ten Worst Eats," stir-fried rat, to the United States, where he glories in our greatest sandwiches: the delectable treasures of Katz's Delicatessen in Manhattan, BBQ in Kansas and Texas, the still-rich po' boys of post-Katrina New Orleans. The meat of the story -- besides the peerless ham in Spain, the celebrated steaks of Argentina, the best of München's wursts as well as their descendants, the famous hot dogs of Chicago -- is the friends that Simon makes as he eats. They are as passionate about food as he is and are eager to welcome him to their homes and tables, share their choicest meals, and reveal their local secrets. Also a poignant memoir, *Eat My Globe* is a life told through food and spiced with Majumdar's remembrances of foods past, including those from his colorful childhood. (Raised in Northern England, he is the son of a fiery Welsh nurse and a distinguished Bengali surgeon.) A captivating look at one man's passion for food, family, and unique life experiences, *Eat My Globe* will make you laugh -- while it makes you hungry. It is sure to satiate any gastronome obsessed with globetrotting -- for now. Guides you through the entire cabin crew selection process to ensure the highest probability of getting the job. Every aspect is described in detail, complete with numerous examples--P. [4] of cover.

scheduled for its routine London-to-Kuala Lumpur run. But when the plane, carrying 385 passengers and crew, landed at a Kuwait airport to refuel that day, it was surrounded by Iraqi tanks and about to be bombed by fighter jets. The passengers and crew were kept as hostages and suffered brutal treatment including violent attacks, sexual assaults, and mock executions. When the survivors were eventually released, they were never told why their plane landed in the middle of an invasion, or who a mysterious team of late arrivals on the flight might have been. Their story was overshadowed by the ensuing Gulf War. Until now. In *Flight 149*, Stephen Davis draws on unique witness accounts from the hostages, and uncovers the lies and coverups orchestrated by the British secret service and CIA. This story reveals an astonishing misuse of intelligence that changed the course of history and forever altered the relationship between the West and the Middle East. In this timely and lively look at the act of toppling monuments, the popular historian and author of *Blood and Sand* explores the vital question of how a society remembers—and confronts—the past. In 2020, history came tumbling down. From the US and the UK to Belgium, New Zealand, and Bangladesh, Black Lives Matter protesters defaced, and in some cases, hauled down statues of Confederate icons, slaveholders, and imperialists. General Robert E. Lee, head of the Confederate Army, was covered in

graffiti in Richmond, Virginia. Edward Colston, a member of Parliament and slave trader, was knocked off his plinth in Bristol, England, and hurled into the harbor. Statues of Christopher Columbus were toppled in Minnesota, burned and thrown into a lake in Virginia, and beheaded in Massachusetts. Belgian King Leopold II was set on fire in Antwerp and doused in red paint in Ghent. Winston Churchill's monument in London was daubed with the word "racist." As these iconic effigies fell, the backlash was swift and intense. But as the past three hundred years have shown, history is not erased when statues are removed. If anything, Alex von Tunzelmann reminds us, it is made. Exploring the rise and fall of twelve famous, yet now controversial statues, she takes us on a fascinating global historical tour around North America, Western and Eastern Europe, Latin America and Asia, filled with larger than life characters and dramatic stories. Von Tunzelmann reveals that statues are not historical records but political statements and distinguishes between statuary—the representation of "virtuous" individuals, usually "Great Men"—and other forms of sculpture, public art, and memorialization. Nobody wants to get rid of all memorials. But *Fallen Idols* asks: have statues had their day?
