This is a bilingual (English/Korean) edition of Basic Grammar in Use (With Answers) Second Edition (0521626005) targeted at learners in Korea whose mother tongue is Korean and whose command of English is relatively weak. The classic In Use format remains, with explanation and examples on the left page followed by exercises on the right. As in the original, there are seven Appendices, Additional Exercises, a Study Guide and Answer Key. In the Korean Edition, grammatical explanation and terminology as well as selected example sentences (or parts of sentences) are translated on the left page. On the right page, exercise instructions are translated. There is a modest amount of content adaptation, typically consisting of additional explanation or examples for grammar areas which are identified as a weak spot for Korean learners. The page dimensions and extent of the Korean Edition remain the same as the monolingual edition. The Korean Edition does not contain a CD. In keeping with many locally-produced Korean textbooks, the cover comes with a front and back fold-over flap. We envisage biographical information on the author and adapter on the front fold-over, and some marketing of related products to be placed on the back fold-over.
