book which expands upon lexical sets learned in the units. English in Mind is a four-level course for upper secondary students.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Written for teenagers, English in Mind creates an inspiring learning experience for secondary students. Everything, from the choice of imaginative topics, texts and exercises to the attractive design is perfectly matched to students' interests, age and ability. It provides a solid basis for effective language learning through a strong focus on grammar and vocabulary. Flexibility and support are offered in the form of photocopiable activities and tests in the Teacher's Resource Pack, 'EiMTV' DVDs, Workbook CD-ROMs and the extensive free worksheets, tests, wordlists and resources on the website.
