A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.

The thoroughly revised & updated 2nd edition of the book "The Economy Compendium" has been updated with all the recent developments happened in the economic sphere. Special emphasis has been given to Demonetisation, GST, Budget 2017-18, National Economic Survey and Digital Economy. New chapters on Digital Economy and GST, Welfare Schemes / Program, World Economy have been added. The book is empowered with Mind Maps, Infographics, Charts, Tables and latest exam pattern MCQs. The emphasis of the book has been on conceptual understanding and better retention which are important from the point of view of the exam. The book captures most of the important questions with explanations of the past years of the IAS Prelim exam, State PSC, NDA and other competitive exams distributed in the various chapters. The book is divided into 11 chapters followed by 2 levels of exercises with 1000+ Simple MCQs & statement based MCQs.

HOW DO POLITICIANS IN TODAY'S world attain power? How do nations become powerful? Why do human beings follow others unquestioningly, even if it is to their own detriment? What factors determine which politicians, nations and organizations will dominate the modern world? Through much of human history, societal control was determined by militaristic strength. Individuals and tribes fought to control vital resources and land. In the next part of evolution marked by colonialism and the emergence of mega-corporations, money determined power. In the recent decade, the key to supremacy has shifted again. The power and control individuals, leaders and nations have is now determined by their ability to mould the information environment. In *The Art of Conjuring Alternate Realities*, Shivam Shankar Singh and Anand Venkatanarayanan dive into the operations of political parties, cyber criminals, godmen, nation states and intelligence agencies from around the world to explain how the power to manipulate your thoughts is being harnessed, and how information warfare is shaping your life and world. Disaster management ebook is specially designed for civil service examination as well as SSC, Other competitive exams. Disaster Management is also intended textbook for students pursuing intermediate course on the subject in any

undergraduate programme, especially engineering courses like civil, structural, geotechnical engineering and other specialized courses on the subject. The latest AICTE and the earlier UGC model curriculums have been extensively consulted to design the contents of the book. The main objective of the book is to create awareness about and understanding of disasters and disaster mitigation measures. It deals with the subject in a structured manner. Starting with an introductory chapter, the book goes to classification of disasters, separate chapters on natural and man-made (anthropogenic) disasters, basic management concepts, four-cycle disaster management organizational structures in India and other countries, NGOs, ethical issues and case studies. It follows the 'assurance of learning' model by enumerating the learning objectives in every chapter, followed by detailed exposition of each objective and ends with a rich suite of assessment questions. Key Features: Extensive coverage of both natural and man-made disasters. Separate chapter on case studies of both of these types of disasters. Provides blueprints of not only rescue and relief but also how to prevent disasters, especially with reference to man-made disasters
