With its adult-oriented themes, Erotic Manga is perfect for grown-up fans of Japanese comics, as well as aficionados of adult art. This book is a comprehensive guide that will teach artists of all levels, from beginner to advanced, the basics of creating characters from shonen and soft-core, hentai comics. This book includes an easy step-by-step tutorial for progressing from initial black-and-white sketch to final color piece, accompanied by practical suggestions, hints, and tips.

This book introduces the techniques needed to draw the ultimate bishonen (literally, "beautiful boys"), vital to Yaoi manga and presents how to draw the typically delicately delineated bishonen characters. Illustrations accompany the carefully explained, step-by-step drawing processes, which are designed to give even beginners a clear understanding of everything from bishonen sketching basics to practical application. Trends in design are also traced, exploring characters from the 1960s, including the work of Shotaro Ishinomori; characters from the 1970s as represented in Keiko Takemiya's *The Song of the Wind and Trees*; characters from the 1980s, including from the *Captain Tsubasa* series; and characters from the 1990s up to the present. Eight styles of reflecting today's

characters that represent a blend of such works as Jojo's Bizarre Adventure, Death Note and Psycho, are presented along with specific sample works. This book offers a variety that should appeal to the audience's widely varied bishonen preferences and will enable the reader to master drawing the bishonen characters that frequent Japanese manga.

Most figure drawing books tend to avoid anything remotely sensual, let alone risqué or provocative. That's not this book! Intended for both experienced and beginner manga, hentai and comic book artists, Drawing the Female Figure will teach you the tricks of the trade when it comes to creating female characters with serious sex appeal. Learn how to master a shapely figure, add personality, gesture and movement, and accurately portray the special characteristics of the female form. Annotated drawings -- from sketches to finished designs -- and detailed instructions from a master manga illustrator explain step by step how to draw the body, face, hairstyles, underwear, cleavage, boobs, and much more. You'll also learn how to create a variety of different poses and angles for your characters. A book full of inspiration to help you develop your skills, build your confidence, and most importantly, get you drawing!

If an artist can draw an appealing character but is only able to create a flat, two-dimensional rendition, then that artist lacks sufficient skills in portrayal. Being able to create the illusion of three-dimensional space on a flat surface allows you, the artist, to portray a space with depth. Positioning a character within that space then allows you to create a richly portrayed scene with impact. Knowing perspective techniques is absolutely essential to creating such enriched scenes. Characters are inseparable from their settings. This book is two volumes condensed into one: a manual that thoroughly explains the basic techniques in drawing one-point, two-point, and three-point perspective plus other perspective techniques, as well as an advanced manual that offers and explains numerous, specific, practical examples.

Angrboda's story begins where most witch's tales end: with a burning. A punishment from Odin for refusing to give him knowledge of the future, the fire leaves Angrboda injured and powerless, and she flees into a remote forest. There she is found by a man Loki, and her initial distrust grows into a deep and abiding love. Their union produces three unusual children, each with a secret destiny, who she is keen to raise at the hidden from Odin's all-seeing eye. But as Angrboda slowly recovers her prophetic powers, she learns that her blissful life - and possibly all of existence - is in danger.

An easy method to make you an artist. This manual is a guide to learning to draw in a style that belongs to Manga. We have devised techniques to create drawings according to our method: functional and straightforward. By following the manual, you can create works that are part of the Manga Style. We created an educational path to allow fans of all levels to develop accurate and well-made drawings. This path will follow who approaches Japanese drawing for the first time and those who already have some experience. Each part shows useful tools for the topics covered, and demonstrations. With step-by-step examples, it will be possible to practice and make a self-assessment to get concrete results. The entire manual develops by increasing the difficulty of topics, from the basic drawing to coloring. The complex techniques will be presented after the basic ones. It is also possible to start the course from the desired level by choosing a manual among the 3 that compose the whole path: the drawing is the first step, the inking and fillings are the second and the third is about comics and it is the most difficult one. However, to attend the entire course you may prefer the complete manual, which collects all topics. If you practice the examples described step-by-step, you will progressively realize more and more complex drawings. The strengths of this manual, profitable for anyone who wants to learn how to draw correctly, is the presentation of fast and straightforward techniques

You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: **Heads First!** We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. **Let's Make Faces!** The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. **All About Bodies!** Once we've covered faces, we move on to teaching you all all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. **Strike a Pose!** Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who

contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!
