The ground-breaking treatment of the doctrine of the Trinity by one of the most important theologians of the century is here reprinted on the 30th anniversary of its original publication. In this treatise, Karl Rahner analyzes the place of the doctrine of the Trinity within Catholic theology and develops his own highly original and innovative reading of the doctrine, including his now-famous dictum. The analysis of biblical rhetoric has been developed only in the last 250 years. The first half of this book outlines the history of the method known as rhetorical analysis in biblical studies, illustrated by numerous texts. The work of Lowth (who focused on 'parallelism'), Bengel (who drew attention to 'chiasmus'), Jebb and Boys (the method's real founders at the turn of the nineteenth century) and Lund (the chief exponent in the mid-twentieth century) are all discussed, as is the current full blooming of rhetorical analysis. The second half of the book is a systematic account of the method, testing it on Psalms 113 and 146, on the first two chapters of Amos, and many other texts, especially from Luke. Translated by Luc Racaut.

Machiavelli's 16th-century comedic classic. Callimaco wishes to bed Lucrezia, though she is the wife of the aging Nicia. Consequently trickery and deceit are in order if Callimaco is to obtain his desire. A plan is hatched involving a plant, the "mandragola," with supposedly magical powers. Nicia is fooled, but will Lucrezia prove as gullible? "So you don't think Machiavelli had a sense of humor? Then go see the rollicking production of his comedy MANDRAGOLA at the Shakespeare Theater ... MANDRAGOLA, adapted by Peter Maloney, is

filled not only with Machiavelli's rather questionable wisdom, but with a surprising amount of wit ... If comedy seems an unlikely metier for Machiavelli, the action of MANDRAGOLA is of the any-means-to-an-end variety ... These days, when Machiavellian strategy is being taken all too seriously, it's refreshing to laugh at the old boy." -J. Wynn Rousuck, The Sun, Washington, DC "A naughty comedy by that great Italian Renaissance guy, Machiavelli ... performed with great flair and precision ... a very funny, bawdy play ... a farce about lust, both physical and financial ... A hilarious and lively visit to the streets and gutters of 16th century Florence." -Jane Horwitz, WTTG TV, Washington, DC "Machiavelli's realistic and unflattering opinion of human nature, expressed most notably in his classic *The Prince*, is given full voice here, but to obvious farcical effect." -American Theater "In this Renaissance sex-comedy human greed is the motor which drives the characters to chase each other around and around during a day and a night in old Florence." -Play Source, Theatre Communications Group"

Ogni due anni la «Società internazionale per lo studio della Retorica Biblica e Semitica» tiene un suo convegno. Il quarto convegno si è tenuto dal 25 al 27 settembre 2014. Le sei conferenze plenarie e le dodici comunicazioni hanno coperto i diversi campi della ricerca: quattro interventi sui testi del Primo Testamento (dai libri della Genesi, dei Numeri, di Isaia, del Qoèlet), cinque sul Nuovo Testamento (due sezioni di Matteo, tre testi del corpo giovanneo). Oltre i confini della Bibbia, sono stati presentati quattro studi su testi del Corano e uno sul Prologo della Regola di s. Benedetto. Due conferenze sono state consacrate a questioni metodologiche, la prima sul confronto tra analisi del discorso e analisi retorica biblica, la seconda sul perché degli Esercizi di analisi retorica biblica. I nostri convegni non sono riservati a ricercatori e studiosi affermati. Sono invece aperti agli studenti, non solo di dottorato ma

anche di licenza e perfino di primo ciclo. E, cosa ancor più notevole, alcuni di questi studenti partecipano come autori di comunicazioni. E' così infatti che si incoraggiano giovani allo studio e alla ricerca. Oltre agli attuali studenti, alcuni degli oratori sono ex alunni di Teologia biblica, titolari del Dottorato o della Licenza. E questo è un segno inequivocabile della fecondità non solo della RBS ma anche della nostra Università.

This book was assembled by a scholar of language and religion in order to bring together the best collection of the oldest stories known to man. They are older than anything in the Bible, or than Homer, or than the epic poems of India. They were recovered from the ruins of ancient cities and were originally written and told by the Assyrians and Babylonians of Mesopotamia, as well as the Hittites and Canaanites. There are 13 stories in all, some of which the reader will recognize, but others that are rarely or never seen anywhere else. Stories, in their order of appearance, are: The Adventures of Gilgamesh, The War of the Gods, Borrowed Plumes, The Lost Chance, How Toothache Came into the World, The God Who Disappeared, The Monster Made of Stone, The Snaring of the Dragon, Kessi and Huntsman, Master Good and Master Bad, The Heavenly Bow, The King Who Forgot, and The Story of Baal. The author was once the chief of the Hebraic section of the Library of Congress and the first to do a complete translation of the Dead Sea Scriptures in English. An invaluable bonus

is that he shares his vast knowledge and expertise after each story with a commentary, including cross-cultural comparisons and a host of other interesting facts. For example, after The Story of Baal he tells us that the main story came from cuneiform tablets in Syria, but its' ending was discovered on a fragment of papyrus in Egypt. This book is essential for those researching the first cultures of mankind or the earliest stories of the gods.

Nel Vangelo di Giovanni i racconti delle apparizioni del Risorto si estendono ai capitoli 20 e 21. Quest'ultimo però viene spesso considerato un'appendice o un'aggiunta redazionale. Il tentativo di presentare la composizione dell'insieme dei due capitoli può dunque sembrare rischioso. Per alcuni studiosi infatti i due capitoli sono troppo diversi per poter essere considerati insieme. Come potrebbero creare un insieme ben composto e non composito? Il presente studio assume il rischio e raccoglie la sfida, lasciando al lettore il giudizio sul risultato del tentativo di presentare i capitoli 20-21 come un insieme di due unità ben strutturato, che ha un senso e trasmette un messaggio, anche per mezzo della composizione. L'applicazione dell'analisi retorica biblica, per scoprire questa composizione, permette d'interpretare il messaggio sia al livello delle piccole unità che al livello del loro insieme, illustrando come la composizione del testo fornisca la chiave per aprire la porta del messaggio. Lo studio è organizzato in

quattro rubriche: Testo, Composizione, Contesto ed Interpretazione. All'interno della prima rubrica vengono considerate le questioni legate al testo in sé (critica textus, grammatica, lessicografia). La seconda offre una riscrittura del testo che evidenzia la sua composizione in funzione di una comprensione maggiore dei rapporti interni. La terza rubrica contempla invece i rapporti esterni, ovvero riporta altri testi simili che possano illuminare il testo studiato. Il percorso esegetico si contempla con l'ultima rubrica, quella dell'interpretazione, che prende lo spunto anzitutto dalla composizione, ma costituisce in fin dei conti il frutto di tutte le tappe di questo percorso.

This book is a summary of the laws Biblical and Semitic rhetoric, which includes not only the Hebrew Bible and the Deuterocanonical books, but also the New Testament.

The Gospel of Luke, with its refined Greek, offers us a gospel of decision, of crossroads, that speaks to our times. Known as “A Gospel of Prayer” Luke is the one of the four Gospels whose theme is “sonship”: the Sonship of Jesus, of course, but also ours. This third Gospel is the transition between Matthew and Mark and the “spiritual Gospel” of John, the Beloved Disciple, which is traditionally placed as the culmination of the evangelical revelation. An initial approach to the Gospel of Luke can give an impression of disorder, as if it were a

compilation of disconnected fragments. Many commentators have taken note of this aspect. However, Roland Meynet disagrees, pointing out that "it has been written in an orderly way". We cannot forget that the New Testament was born in the Jewish world and that it is deeply etched by the writing techniques appropriate to that time. Having worked for more than 30 years in biblical and Semitic rhetoric, Meynet shows us the admirable and extremely precise composition of the Gospel of Luke. His commentary proposes unexpected interpretations in contrast with traditional readings. Meynet offers a "word by word", step by step reading based on the latest achievements of modern linguistics, giving an interpretation of the text that manifests all its originality and strength.

The "Notizie" (on covers) contain bibliographical and library news items. "The recent debate on the religion of ancient Israel is strongly influenced by the idea that monotheism is the root of violence. Daniela Scialabba seeks to investigate inclusive tendencies in Old Testament monotheism, focussing on the idea of God as a universal creator who has pity with all his creatures."--Back cover.

Questi esercizi sono appoggiati sul Trattato di retorica biblica di R. Meynet. Il Trattato è una sorta di grammatica e ciascuno sa che non si apprende una lingua

leggendo o perfino imparando a memoria le regole grammaticali: è necessario invece un paziente apprendimento, il quale richiede tanti esercizi. Molti sono interessati dall'analisi retorica biblica e dai risultati che permette di ottenere di capire meglio i testi biblici; altri non si accontentano di questo ma vorrebbero applicare loro stessi la metodologia. Come ogni mestiere, un serio apprendimento è indispensabile. L'ideale sarebbe di allenarsi sotto la direzione di un maestro competente che possa seguire il lavoro dell'apprendista, consigliarlo e correggerlo se necessario. Il presente libro si presenta come una guida, come un maestro. Il libro contiene anzitutto una serie di esercizi, organizzati in due livelli: quello del «passo» (o «pericope») poi quello della «sequenza» ossia insieme strutturato di passi. Il testo da analizzare è fornito nella lingua originale e in traduzione molto letterale; seguono alcuni consigli, che indicano in particolare le parti del Trattato che l'apprendista dovrà studiare per poter svolgere l'esercizio; infine tutta una serie di domande permetteranno all'apprendista, se lo desidera, di trovare egli stesso come il testo è composto. Nella seconda parte del libro sono offerte le «soluzioni» degli esercizi, che seguono la via tracciata dalle domande degli esercizi. Con le nostre soluzioni l'apprendista può verificare il suo lavoro. Questo libro di Esercizi non è un libro da leggere, ma da scrivere. Accontentarsi – come uno potrebbe essere tentato di

fare- di leggere le soluzioni, prima di aver svolto l'esercizio, non servirebbe praticamente a nulla per chi non desidera accumulare delle conoscenze, ma imparare a lavorare, il che non è – e di gran lunga – la stessa cosa.

John W. O'Malley gives us the most comprehensive account ever written of the Society of Jesus in its founding years, one that heightens and transforms our understanding of the Jesuits in history and today. Following the Society from 1540 through 1565, O'Malley shows how this sense of mission evolved. He looks at everything—the Jesuits' teaching, their preaching, their casuistry, their work with orphans and prostitutes, their attitudes toward Jews and "New Christians," and their relationship to the Reformation. All are taken in by the sweep of O'Malley's story as he details the Society's manifold activities in Europe, Brazil, and India.

In this very significant work, translated from the Italian, Bovati examines in careful detail the practice of justice in ancient Israel, first the bilateral controversy (the rib), and then the legal judgement properly speaking. "Re-establishing Justice" is destined to become the standard reference work in the field. The contents deal with 1. The juridical dispute in general. 2 The accusation, 3 The response of the accused, 4 The reconciliation , 5. Judgement in court, 6.The acts and procedures preceding the debate , 7. The debate, 8. The sentence and execution.

In this book Meynet offers an entirely new perspective on the study of the Synoptic Gospels, adding further insights within the growing body of modern research into the meanings of the Gospels of Matthew, Mark and Luke. Utilizing the rhetorical method of analysis, of which he is a leading proponent, Meynet studies the composition of the Gospels as they were written and makes it possible to understand them in systematic and until now unexpected ways. The author does not approach these Gospels on the basis of introductory questions, but instead combines critical analysis with the evangelists own persuasive intentions.

This is a new edition of the 1963 classic which gave Christological thought a new direction. As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments. In Christ the Sacrament of the Encounter with God , he draws on theologically fruitful work by phenomenological anthropologists like Merleau-Ponty, Buytendijk and Binswanger. That makes Schillebeeckx's distinctive idiom and modern approach appealing even today. He rediscovers, as it were from within, the notions forged by scholastic theology, and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang. Schillebeeckx's speculative synthesis of this quest still has a fresh ring to it. He describes Christ as the primordial

sacrament in a reflection on his public ministry, death and resurrection inspired by the universal human search for such a 'sacrament'. He concludes that the church's sacraments have to be an earthly extension of the liberation brought by Christ's story. Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality. Edward Schillebeeckx Collected Works bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx (1914-2009) in a reliable edition. All translations have been carefully checked or revised, some texts are presented in English for the first time. The page numbers of earlier editions are included. Each volume carries a foreword by an internationally renowned Schillebeeckx expert. This edition makes Schillebeeckx available for a new generation of scholars and students.

The New Rhetoric is founded on the idea that since "argumentation aims at securing the adherence of those to whom it is addressed, it is, in its entirety, relative to the audience to be influenced," says Chaïm Perelman and L. Olbrechts-Tyteca, and they rely, in particular, for their theory of argumentation on the twin concepts of universal and particular audiences: while every argument is directed to a specific individual or group, the orator decides what information and what approaches will achieve the greatest adherence according to an ideal

audience. This ideal, Perelman explains, can be embodied, for example, "in God, in all reasonable and competent men, in the man deliberating or in an elite." Like particular audiences, then, the universal audience is never fixed or absolute but depends on the orator, the content and goals of the argument, and the particular audience to whom the argument is addressed. These considerations determine what information constitutes "facts" and "reasonableness" and thus help to determine the universal audience that, in turn, shapes the orator's approach. /// The adherence of an audience is also determined by the orator's use of values, a further key concept of the New Rhetoric. Perelman's treatment of value and his view of epideictic rhetoric sets his approach apart from that of the ancients and of Aristotle in particular. Aristotle's division of rhetoric into three genres—forensic, deliberative, and epideictic—is largely motivated by the judgments required for each: forensic or legal arguments require verdicts on past action, deliberative or political rhetoric seeks judgment on future action, and epideictic or ceremonial rhetoric concerns values associated with praise or blame and seeks no specific decisions. For Aristotle, the epideictic genre was of limited importance in the civic realm since it did not concern facts or policies. Perelman, in contrast, believes not only that epideictic rhetoric warrants more attention, but that the values normally limited to that genre are in fact central to all argumentation. "Epideictic

oratory," Perelman argues, "has significant and important argumentation for strengthening the disposition toward action by increasing adherence to the values it lauds." These values are central to the persuasiveness of arguments in all rhetorical genres since the orator always attempts to "establish a sense of communion centered around particular values recognized by the audience." A Christmas Carol in Prose, Being a Ghost Story of Christmas, usually known just as A Christmas Carol is a fairy-tale novel by a British classic Charles Dickens, that was published in 1843. It consists of five chapters, or staves as the author named them. Among all the stories from Christmas Books by Dickens this one became the most popular story about Christmas in Great Britain and outside the country. The main character is an old gloomy miser Ebenezer Scrooge, who doesn't love anyone or anything except his money. He doesn't understand why everybody is so happy about Christmas and with disgust, refuses the invitation from his kind nephew to celebrate this holiday together with his family. On Christmas Eve, the ghost of his former business partner Jacob Marley appeared in front of Scrooge, and it changed him drastically...

Lucretius' poem, for which Epicurean philosophy provided the inspiration, attempts to explain the nature of the universe and its processes with the object of freeing mankind from religious fears.

Here at last is a reissue of Kasper's major work with a brilliant new introduction surveying recent developments in Christology. Kasper assesses the Christological enterprise in the Church from the earliest down to the most recent times which can be recommended without hesitation to teacher and serious student. The book also provides a solid theological basis for preaching. This may also be described as a work of Christian serenity, but one which is not indifferent to current problems. It is the fruit of the deep peace which all men can gain from contemplation of Jesus the Christ. As Karl Rahner has said - this book is 'modern' in the very best sense of the word. Synthesising biblical, philosophical and traditional material, the book remains essential reading for specialists and is used widely for courses on Christology - the very basis of Christian theology itself.

Les huit psaumes acrostiches alphabétiques (9–10, 25, 34, 37, 111, 112, 119, 145) n'ont pas bonne réputation auprès d'un grand nombre d'exégètes depuis Gunkel. Le carcan de l'acrostiche alphabétique en effet aurait empêché les auteurs de ces jeux artificiels et purement « acrobatiques » de se mouvoir librement pour réaliser de véritables poèmes, composés et cohérents. Or, analysés selon les lois de la rhétorique biblique et sémitique, ces psaumes se révèlent de véritables chefs d'œuvre. La découverte de leur architecture,

savamment articulée, permet d'entrer dans leur logique et de mieux comprendre leur message. Décrivant en termes semblables Dieu et l'homme juste, les psaumes jumeaux 111 et 112, sont les plus courts, leur vingt-deux « membres » commençant par les vingt-deux lettres de l'alphabet. Les Ps 9–10, 25, 34 et 145 sont deux fois plus longs, car l'alphabétisme marque chacun de leurs vingt-deux « segments » (« bimembres » ou « trimembres »). Le Ps 37 est encore deux fois plus long, l'alphabétisme marquant chaque groupe de deux segments. Enfin, atteignant à la virtuosité, le fameux Ps 119 comprend vingt-deux « strophes » de huit segments, dont chacun commence par la même lettre de l'alphabet.

L'analyse de sa composition extrêmement élaborée, permet de comprendre qu'il ne s'agit pas seulement d'une méditation sur la Loi du Seigneur, mais avant tout de la supplication de celui qui se rend compte qu'il est incapable de comprendre la Loi, encore moins de la mettre en pratique, qui est en butte aux ennemis de Dieu qui le persécutent, et qui appelle à l'aide son Seigneur pour qu'il le sauve de la mort et le fasse vivre.

The volume comprises ten studies on Lukan theology relating especially with the theme of salvation, but also with christology and kingdom of God in Luke-Acts, as well as with the author of the two-volume work of Luke: - Luke the Jew? Current Trajectories of Scholarship - Jesus Christ, Salvation and Kingdom of God: For a

On ne peut plus se contenter de comparer les textes synoptiques verset par verset, ou syntagme par syntagme. Il est plus important de mettre en parallèle la composition de chaque passage (ou péricope) puis des unités de niveaux supérieurs auxquelles ils appartiennent. Dans le premier chapitre les trois versions synoptiques de « La guérison (d'un aveugle ou de deux) à Jéricho » et celles de « L'appel du riche » sont analysées selon les procédures de l'analyse rhétorique biblique ; ensuite la comparaison synoptique met en regard non seulement chaque détail, mais aussi et surtout leurs compositions respectives. Dans le second chapitre, « Le passage dans le contexte immédiat », ces deux passages sont situés dans la « sous-séquence » où ils sont intégrés, donnant lieu de nouveau, à ce niveau supérieur, à la comparaison de

l'architecture des sous-séquences de Mt, de Mc et de Lc. Le troisième chapitre, « Le passage dans le contexte large » situe les passages et les sous-séquences auxquels ils appartiennent dans le contexte de la « séquence ». Celles de Mt 19–20 et de Mc 10 sont tout à fait parallèles, mais Matthieu « ajoute » en plein cœur de sa séquence la parabole des ouvriers de la dernière heure qui développe le simple proverbe de Mc 10,31 : « Beaucoup de premiers seront derniers et les derniers premiers ». En revanche, Luc intègre le matériel des séquences de Mt et de Mc dans deux séquences fort différentes. Enfin, dans le dernier chapitre, la séquence de Mt 10 et les deux séquences de Lc 17,11–18,30 et 18,31–19,46 sont situées dans l'ensemble du second et du troisième évangile. Un excursus sur les deux décalogues et un autre sur les deux versions du Notre Père complètent l'ouvrage.
