This book develops a critical understanding of Mahatma Gandhi's philosophy and practice in the context of contemporary challenges and engages with some of his key work and ideas. It highlights the relevance of Gandhi's legacy in the quest towards peace-building, equity and global justice. The volume examines diverse facets of Gandhi's holistic view of human life – social, economic and political – for the creation of a just society. Bringing together expert analyses and reflections, the chapters here emphasise the philosophical and practical urgency of Gandhi's thought and action. They explore the significance of his concepts of truth and nonviolence to address moral, spiritual and ethical issues, growing intolerance, conflict and violence, poverty and hunger, and environmental crisis for the present world. The volume serves as a platform for constructive dialogue for academics, researchers, policymakers and students to re-imagine Gandhi and his moral and political principles. It will be of great interest to those in philosophy, political studies, Gandhi studies, history, cultural studies, peace studies and sociology.

'A Khushwant Singh short story is not flamboyant but modest, restrained, well-crafted...Perhaps his greatest gift as a writer is a wonderful particularity of description'—London Magazine Khushwant Singh first established his reputation as a writer through the short story. His stories—wry, poignant, erotic and, above all, human—bear testimony to Khushwant Singh's remarkable range and his ability to create an unforgettable PBI - World. Spanning over half a century, this volume contains all the short stories Khushwant Singh has ever written, including the delightfully tongue-in-cheek 'The Maharani of Chootiapuram', written in 2008. 'Khushwant's stories enthrall...[He has]an ability akin to that of Somerset Maugham...the ability to entertain intelligently'—PBI - India Today 'His stories are better than [those of] any PBI - Indian writing in English—Times of PBI - India 'The Collected Short Stories leaves the reader in a delightful, inebriated trance'—Sunday Chronicle 'He is not an ordinary short story writer...[Collected Stories] is delightful reading'—Hindustan Times

Death and taxes come later; what seems inevitable for children is the idea that, after spending the day at school, they must then complete more academic assignments at home. The predictable results: stress and conflict, frustration and exhaustion. Parents respond by reassuring themselves that at least the benefits outweigh the costs. But what if they don't? In *The Homework Myth*, nationally known educator and parenting expert Alfie Kohn systematically examines the usual defenses of homework--that it promotes higher achievement, "reinforces" learning, and teaches study skills and

responsibility. None of these assumptions, he shows, actually passes the test of research, logic, or experience. So why do we continue to administer this modern cod liver oil -- or even demand a larger dose? Kohn's incisive analysis reveals how a mistrust of children, a set of misconceptions about learning, and a misguided focus on competitiveness have all left our kids with less free time and our families with more conflict. Pointing to parents who have fought back -- and schools that have proved educational excellence is possible without homework -- Kohn shows how we can rethink what happens during and after school in order to rescue our families and our children's love of learning.

This book takes an extremely practical, skills-based approach and covers both the research methods themselves and the process of choosing, planning, researching and writing the dissertation.

This book offer a fascinating peep into the mind and ideas of Gandhi and his dream for a vibrant and prosperous India.

Examines female infanticide in colonial and postcolonial India.

The American Revolution was a home-front war that brought scarcity, bloodshed, and danger into the life of every American. In this groundbreaking history, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of British goods, raising funds for the fledgling nation, and managing the family business while struggling to maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband's place beside a cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence.

"An action contemplated shouldn't ever be advertised; But kept a secret like a mantra, and revealed in time." Chanakya Neeti is a treatise on the ideal way of life and shows Chanakya's deep study of the Indian way of life. Chanakya is regarded as a great thinker and diplomat in India. The book portrays about his ideologies and ideas in diverse situations, which are pertinent even to today's times. The topics discussed in this book are morality, ethics, governance and several others. We all feel stuck at times. There could be many reasons for this—issues at work, unhappy family life, financial troubles or embarrassing social situations. Most of us could use a little advice in these circumstances. Chanakya Neeti provides precisely that guidance to face life's many daunting challenges. Chanakya, the great thinker and teacher, is well known for his insights into the needs of both the privileged and the masses. The original Chanakya Neeti was written over two thousand years ago, but its brilliant verses are still applicable today because the basic quests of man remain the same—peace, prosperity and happiness.

The author focuses on how to create a fetching resume, focusing on practical considerations and marketing realities that transcend the "rules" of resume writing, identifying sixty-six key principles that will help readers land an interview.

Original.

Professor Goldberg offers a reading of King Lear that avoids the pitfall alternatives of idealism, moralism, absurdism, and redemptionist sentimentality. He sees the play as a challenge to our moral sense and our need for a feeling of natural justice, but as undercutting all easy answers. That it does not permit them is one of its main points. The essay traces a developing response to the whole of the action as it proceeds, making no premature judgments. It springs from a considered sense of what a poetic drama is and how it works: especially how it presents 'character' and how the views of the characters relate to the whole intention of the play and the author's own vision of life. Many readers are likely to think this the most satisfactory attempt they have yet read to do justice to this great play; because Professor Goldberg responds to it with intelligence and sensitivity, because he does not impose a ready-made meaning on it, and because he has thought about Shakespearean drama in a way which makes this brief book a distinct stage in the history of criticism since Bradley and Wilson Knight.

Now in its third edition, *Four Essays on the Shakespeare Authorship Question* is an introduction to the authorship issue. The first essay examines the evidence for why William Shakspeare, the man from Stratford, cannot have been William Shakespeare, the author of the Works. The second essay offers 48 arguments for why Edward de Vere, the Seventeenth Earl of Oxford, was Shakespeare. The third essay explores the secret identity of Edward de Vere and explains why the timeless works of the aristocratic courtier, poet and playwright were attributed to the journeyman actor and businessman from Stratford, not just during de Vere's life, but for three centuries after his death. These essays draw upon the research and insights of many authors who have been investigating the authorship question since 1859, including Charles Wisner Barrell, Charlton and Dorothy Ogburn, Hank Whittemore, Mark Twain, John Thomas Looney, Charlton Ogburn, Jr., Elisabeth Sears, Paul Streitz, John Hamill and others. *Four Essays on the Shakespeare Authorship Question* is both a primer on the authorship question and a sophisticated treatise on the Prince Tudor theory. In teasing out the evidence for de Vere's true relationship to Queen Elizabeth, A'Dair offers a new theory on his parentage. In postulating a romantic love relationship between de Vere and his son, Henry Wriothesley, the Third Earl of Southampton, A'Dair may have illuminated the most shocking truth of all about the greatest poet in the English language.

While the Western world adheres to a beauty ideal that says women can never be too thin, the semi-nomadic Moors of the Sahara desert have for centuries cherished a feminine ideal of extreme fatness. Voluptuous immobility is thought to beautify girls' bodies, hasten the onset of puberty, heighten their sexuality and ripen them for marriage. From the time of the loss of their first milk teeth, girls are directed to eat huge bowls of milk and porridge in one of the world's few examples of active female fattening. Based on fieldwork in an Arab village in

Niger, *Feeding Desire* analyses the meanings of women's fatness as constituted by desire, kinship, concepts of health, Islam, and the crucial social need to manage sexuality. By demonstrating how a particular beauty ideal can only be understood within wider social structures and cultural logics, the book also implicitly provides a new way of thinking about the ideal of slimness in late Western capitalism. Offering a reminder that an estimated eighty per cent of the world's societies prefer plump women, this gracefully written book is both a fascinating exploration of the nature of bodily ideals and a highly readable ethnography of a Saharan people.

Take a positive approach to behavior intervention for results that work—and last! When there's a nuclear meltdown happening in your classroom, this book is your trusted guide on what to do in the heat of the moment, and how you can prevent future incidents. These field-tested strategies integrate principles of behavioral intervention with the best practices of positive psychology. Includes: Ways to choose a topic Strategies for distinctive answers Remedies for procrastinators Jumpstarts for writer's block Tips on editing Over 50 real application questions Sample essays by real students Critiques of the sample essays guide students toward the best practices and away from common mistakes.

Donald Olding Hebb, referred to by American Psychologist as one of "the 20th century's most eminent and influential theorists in the realm of brain function and behavior," contributes greatly to the understanding of mind and thought in *Essays on Mind*. His objective was to learn about thought which he considered "the central problem of psychology -- but also, not less important, to learn how to think clearly about thought, which is philosophy." The volume is written for advanced undergraduates, graduates, professionals, and lay people interested in or studying the mind. Hebb offers an increased understanding of the mind from a biological perspective that affects long-standing philosophical and psychological problems. "Psychology and Philosophy were divorced some time ago but, like

other divorced couples, they still have problems in common," writes Hebb. The first three chapters establish the methodological and philosophical basis for his biologically centered theory of behavior, including the evolution of the mind, nature versus nurture, the origination and status of cell-assembly theory, and infant thought and language development. He concludes with a discussion of the workings of scientific thought from a practical rather than theoretical perspective. Writing good assignments may not come naturally to some of us but you will find useful guidance and tips within this booklet. It also contains advice and tips to help you improve your assignments.

Looks into the wonderful, crazy, inspirational stories of one woman's experience sharing her house with others. Everyone has their own unique stories. That is what Laura Fahrenthold learned when she listed her house on AirBnB and started hosting people from all kinds of places. What started out as a simple way for a widow with growing teenage girls to make some extra money became much more, as friendships and relationships developed, funny and heartwarming stories were shared, and connections were made. The AirBnB Chronicles is one woman's adventures in sharing her home and her heart with strangers.
