Keep your dream of owning a new home alive, we have good news for you. Think about grants and mortgage for first home owners. Grants and mortgages are sources of funding that are meant to help you meet the costs of purchasing a home. Mortgage A mortgage is a loan borrowed from a bank or any financial institution by a property buyer. The loan is secured by the property being purchased. A mortgage is an essential source of funding that helps first time home buyers meet their dreams of owning a home. With a mortgage, you don't have to pay the whole amount at once in order to own a property. You make a certain deposit and the remaining amount can be cleared in installments. In simple terms, it's like the mortgage company purchases the property and then sells it to you. They pay the seller cash and the ownership is transferred to you."

It is the process of improving the appeal of a property - enhancing the space and making it brighter and more inviting - in order to increase the sale price and reduce the time a property remains on the market. In their 2019 Report the Home Staging Association (HSA) found that 94% of Estates Agents agreed that Staging a property increases the number of viewings, and 86% of Estates Agents stated that their staged properties sell faster than non-staged homes! So if you want to sell your home quickly, and do not want to have to reduce the price, you need this book!

The Inland Revenue is not slow and quite rightly, to take every advantage which is open to it under the taxing statutes for the purpose of depleting the taxpayer's pocket. And the taxpayer is, in like manner, entitled to be astute to prevent, so far as he honestly can, the depletion of his means by the Revenue."
