

Essentials Of International Relations Mingst 5th Edition

What would happen to international politics if the dead rose from the grave and started to eat the living? Daniel Drezner's groundbreaking book answers the question that other international relations scholars have been too scared to ask. Addressing timely issues with analytical bite, Drezner looks at how well-known theories from international relations might be applied to a war with zombies. Exploring the plots of popular zombie films, songs, and books, *Theories of International Politics and Zombies* predicts realistic scenarios for the political stage in the face of a zombie threat and considers how valid—or how rotten—such scenarios might be. This newly revived edition includes substantial updates throughout as well as a new epilogue assessing the role of the zombie analogy in the public sphere.

The freshest, most contemporary introduction to comparative politics. *Essentials of Comparative Politics* introduces students to the concepts that political scientists use to study and compare political systems and the particulars of specific political systems. The Fourth Edition has been revised and updated to include the most current and relevant examples and scholarship. The text is available with

Read PDF Essentials Of International Relations Mingst 5th Edition

a corresponding casebook of 13 country studies and a corresponding reader; the three components can be used individually or in any combination.

The United Nations in the 21st Century provides a comprehensive yet accessible introduction to the United Nations, exploring the historical, institutional, and theoretical foundations of the UN. This popular text for courses on international organizations and international relations also discusses the political complexities facing the organization today.

Thoroughly revised throughout, the fifth edition focuses on major trends since 2012, including changing power dynamics, increasing threats to peace and security, and the growing challenges of climate change and sustainability. It examines the proliferating public-private partnerships involving the UN and the debates over reforming the Security Council and the Secretary-General selection process. This edition also includes new case studies on peacekeeping and the use of force in the Democratic Republic of Congo and Mali, transnational terrorism and the emergence of ISIS, the Security Council's failure to act in Syria, the Syrian and global refugee/migrant crisis, and the conclusion of the Millennium Development Goals and framing of the Sustainable Development Goals. Essentials of International Relations is the best-selling brief text for introductory international relations courses.

What does it mean to adopt a realist, or a world systems, or a green approach to international relations? Does the plethora of *isms* have any relevance to the real world of global politics and policymaking? *Making Sense of International Relations Theory* addresses these questions by illustrating theories in action. With the 2003 invasion of Iraq by the US and its allies as a common point of reference, each contributor presents a particular framework for interpreting world affairs. This structure offers students tangible examples of how theory is used in practice and at the same time highlights the explanatory differences among theories. Incorporating extensive introductory sections, the book is uniquely designed to explore alternative ways of understanding current events; to assist students in making sense of, as well as with, IR theory.

An affordable, balanced collection--refreshed and reimagined

Perspectives on International Relations: Power, Institutions, and Ideas shows students new to the field how theories (perspectives) of international affairs—realism, liberalism, constructivism (identity), and critical theory—play a decisive role in explaining every-day debates about world affairs. Why, for example, do politicians and political scientists disagree about the causes of the ongoing conflict in Syria, even though they all have the same facts? Or,

Read PDF Essentials Of International Relations Mingst 5th Edition

why do policymakers disagree about how to deal with North Korea when they are all equally well informed? The new Sixth Edition of this best-seller includes updates on Brexit, the rise of Donald Trump and other populist leaders, and continuing developments for ISIS, Syria, and Russia.

Check with the seller prior to purchase. -- Updated in its 10th edition, International Relations is praised for being the most current and comprehensive introduction to international relations theory as well as security, economic, and global issues. Thoroughly updated to cover world affairs through 2012, this survey text explores relations among states and the influence of transnational actors and events. Applying a broad range of theoretical perspectives to show readers how to analyze current events, International Relations offers the best tools for understanding what is happening in the world today.

Read PDF Essentials Of International Relations Mingst 5th Edition

This cutting-edge textbook is the most comprehensive introduction to international relations theory available. It argues that theory is central to explaining the dynamics of world politics, and includes a wide variety of theoretical positions, from the historically dominant traditions to powerful critical voices since the 1980s. The editors have brought together a team of international contributors, each specialising in a different theory. They each explain the theoretical background to their position before showing how and why their theories matter. The book opens up space for analysis and debate and leaves students to decide which theories they find most useful in explaining and understanding international relations. The book is supported by an Online Resource Centre. Student resources: Key points for each chapter Web links Flashcard glossary Lecturer resources: PowerPoint slides

It has become commonplace to observe the growing pervasiveness and impact of Non-Governmental Organizations (NGOs). And yet the three central approaches in International Relations (IR) theory, Liberalism, Realism and Constructivism, overlook or ignore the importance of NGOs, both theoretically and politically. Offering a timely reappraisal of NGOs, and a parallel reappraisal of theory in IR—the academic discipline entrusted with revealing and explaining world politics, this book uses practice theory, global governance, and new institutionalism to theorize NGO accountability and analyze the history of NGOs. This study uses evidence from empirical data from Europe, Africa, Latin America, the Middle East and Asia and from studies that range across the issue-areas of peacebuilding, ethnic reconciliation, and labor rights to show IR theory has often prejudged and misread the agency of NGOs. Drawing together a group of leading international relations theorists, this book explores the frontiers of new research on the role of

Read PDF Essentials Of International Relations Mingst 5th Edition

such forces in world politics and is required reading for students, NGO activists, and policy-makers.

The authors present an overview of the institutions and processes of U.S. foreign and national security policy. This is a standard and uncontroversial treatment that conforms to the mainstream assumptions of American policy makers and centrist academia. The authors do acknowledge the debate about models and interests that is carried on within that mainstream. Annotation copyrighted by Book News, Inc., Portland, OR

International Politics is designed as a core textbook of International Politics at the undergraduate level in Indian universities. It provides a roadmap that can orient the student to the main concepts, theories and issues in world politics today. The highlights of the book include discussions on the following: - new concepts and vocabulary of power in International Politics and their application in contemporary International Relations. - critical overview of the major theories of International Politics that are being taught in new or revised syllabi of core courses on the subject. - debates and discourses on contemporary issues like terrorism, human rights, development, security, environment and the role and relevance of international organizations. - change and continuity in India's foreign policy and bilateral relations in the contemporary era. Each chapter provides an analytical overview of the issues addressed, identifies the central actors and perspectives, and outlines past progress and future prospects. Model questions and suggestions for further reading additionally enrich the text. This multi-authored volume has contributions from professionals and experts from different fields of international relations which will help students understand and present the concepts of International Politics more competently, with the addition of unique perspectives.

The text that instructors trust has been updated and redesigned for today's classroom. Contemporary topics in international relations are thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

MySearchLab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently. Students and instructors with an internet connection can visit www.MySearchLab.com and receive immediate access to thousands of full articles from the EBSCO ContentSelect database. In addition, MySearchLab offers extensive content on the research process itself--including tips on how to navigate and maximize time in the campus library, a step-by-step guide on writing a research paper, and instructions on how to finish an academic assignment with endnotes and bibliography.- Edited by two of the most respected international relations scholars, "International Politics" places contemporary essays alongside classics to survey the field's diverse voices, concepts, and issues. Challenging students to use original scholarship to recognize and analyze patterns in world politics, this bestselling reader considers how to effectively understand politics under governments and beyond. Carefully edited selections cover the most essential topics and are put into conversation with each other to illustrate fundamental debates and differing points of view. Comprehensive and engaging, "International Politics" offers the best overview of the discipline as well as the forces shaping the world today.

A bold, eye-opening account of the coming integration of Europe and Asia Weaving together history, diplomacy, and vivid personal narratives from his overland journey across Eurasia from Baku to Samarkand, Vladivostok to

Read PDF Essentials Of International Relations Mingst 5th Edition

Beijing, Bruno Maçães provides a fascinating portrait of the shifting borderlands between Europe and Asia, tracking the economic integration of the two continents into a new supercontinent: Eurasia. As Maçães demonstrates, glimpses of the coming Eurasianism are already visible in China's bold infrastructure project reopening the historic Silk Road, in the success of cities like Hong Kong and Singapore, in Turkey's increasing global role, and in shifting U.S. foreign policy toward Europe and Asia. This insightful and clarifying book argues that the artificial separation of the world's largest island cannot hold.

Why are some countries rich and others poor?

Colonialism, globalization, bad government, gender inequality, geography, and environmental degradation are just some of the potential answers to this complex question. Using a threefold framework of the West, the South, and the natural world, *Shaping the Developing World* provides a logical and intuitive structure for categorizing and evaluating the causes of underdevelopment. This interdisciplinary book also describes the social, political, and economic aspects of development and is relevant to students in political science, international studies, geography, sociology, economics, gender studies, and anthropology. The Second Edition has been updated to include the most recent development statistics and to incorporate new research on topics like climate change, democratization, religion and prosperity, the resource curse, and more. This second edition also contains expanded discussions of gender, financial inclusion, crime and police killings,

and the Middle East, including the Syrian Civil War. Essentials of International Relations has long provided the clearest explanations of core concepts and theories; in its Seventh Edition, robust new "Behind the Headlines" features and engaging new chapter openers help students more easily draw connections between international relations concepts and today's political climate.

A comprehensive, in-depth examination of the full range of international organizations, including current case studies.

Crystal-clear coverage of the concepts and theories that students need to know-in a concise, affordable format. The Fifth Edition offers more ways than ever to help students learn and apply the core ideas in the field. New co-author Ivan Arreguín-Toft brings expertise in security studies to key topics like war and terrorism, helping students see how scholars use concepts and theory to understand them. Newly expanded Global Perspectives boxes use the concepts in each chapter to help students think beyond an American-centric point of view on contemporary issues.

In *Understanding and Explaining the Iranian Nuclear 'Crisis': Theoretical Approaches*, Halit M.E. Tagma and Paul E. Lenze, Jr. analyze the 'crisis' surrounding Iran's nuclear program through a variety of theoretical approaches, including realism, world-systems theory, liberal institutionalism, domestic politics, and multi-level games. Through these theories, Tagma and Lenze use established academic perspectives to create a more objective understanding and explanation of the debates and issues. Introducing the concept of eclectic pluralism to the study of international relations, *Understanding and Explaining the Iranian Nuclear 'Crisis'* presents theoretical approaches side by side to explore a complex and evolving international dispute. *Introduction to International Relations* provides a concise and engaging introduction to the principal international relations theories and, uniquely, explores how theory can be used to analyse contemporary issues. Readers are introduced to the most important theories, encompassing both classical and contemporary approaches and debates. Throughout the text the authors encourage readers to consider the strengths and weaknesses of

Read PDF Essentials Of International Relations Mingst 5th Edition

the theories presented, and the major points of contention between them. In so doing, the text helps the reader to build a clear understanding of how major theoretical debates link up with each other, and how the structure of the discipline of international relations is established. Jackson and Sørensen place a strong emphasis throughout on the relationship between theory and practice, carefully explaining how theories organise and shape our view of the world. A chapter is dedicated to key global issues and how theory can be used as a tool to analyse and interpret these issues. New to this edition Increased coverage of significant and current issues in global politics, including terrorism, religion, the environment, and war and peace A substantially updated chapter on the contemporary debates in international political economy, including capitalist diversity, models of development, and inequality New end of chapter questions to encourage readers to link the key theories to practice, highlighting how theories matter Why have states throughout history regularly underestimated dangers to their survival? Why have some states been able to mobilize their material resources effectively to balance against threats, while others have not been able to do so? The phenomenon of "underbalancing" is a common but woefully underexamined behavior in international politics. Underbalancing occurs when states fail to

Read PDF Essentials Of International Relations Mingst 5th Edition

recognize dangerous threats, choose not to react to them, or respond in paltry and imprudent ways. It is a response that directly contradicts the core prediction of structural realism's balance-of-power theory--that states motivated to survive as autonomous entities are coherent actors that, when confronted by dangerous threats, act to restore the disrupted balance by creating alliances or increasing their military capabilities, or, in some cases, a combination of both. Consistent with the new wave of neoclassical realist research, *Unanswered Threats* offers a theory of underbalancing based on four domestic-level variables--elite consensus, elite cohesion, social cohesion, and regime/government vulnerability--that channel, mediate, and redirect policy responses to external pressures and incentives. The theory yields five causal schemes for underbalancing behavior, which are tested against the cases of interwar Britain and France, France from 1877 to 1913, and the War of the Triple Alliance (1864-1870) that pitted tiny Paraguay against Brazil, Argentina, and Uruguay. Randall Schweller concludes that those most likely to underbalance are incoherent, fragmented states whose elites are constrained by political considerations.

In this groundbreaking modern slave narrative, Francis Bok shares his remarkable story with grace, honesty, and a wisdom gained from surviving ten years in captivity. May, 1986: Selling his mother's

Read PDF Essentials Of International Relations Mingst 5th Edition

eggs and peanuts near his village in southern Sudan, seven year old Francis Bok's life was shattered when Arab raiders on horseback, armed with rifles and long knives, burst into the quiet marketplace, murdering men and women and gathering the young children into a group. Strapped to horses and donkeys, Francis and others were taken north, into lives of slavery under wealthy Muslim farmers. For ten years, Francis lived alone in a shed near the goats and cattle that were his responsibility. Fed with scraps from the table, slowly learning bits of an unfamiliar language and religion, the boy had almost no human contact other than his captor's family. After two failed attempts to escape—each bringing severe beatings and death threats—Francis finally escaped at age seventeen, a dramatic breakaway on foot that was his final chance. Yet his slavery did not end there, for even as he made his way toward the capital city of Khartoum, others sought to deprive him of his freedom. Determined to avoid that fate and discover what had happened to his family on that terrible day in 1986, the teenager persevered through prison and refugee camps for three more years, winning the attention of United Nations officials and being granted passage to America. Now a student and an anti-slavery activist, Francis Bok has made it his life mission to combat world slavery. His is the first voice to speak for an estimated twenty seven million people held against

their will in nearly every nation, including our own.

Escape from Slavery is at once a riveting adventure, a story of desperation and triumph, and a window revealing a world that few have survived to tell.

A fresh perspective renews Karen Mingst's classic, concise text. A new chapter on international cooperation and international law presents alternatives to war. A streamlined approach to theories and levels of analysis makes concepts easier to understand and apply. Expanded coverage of cybersecurity, refugees, health, and the environment asks students to grapple with the big issues of our time. And InQuizitive—an all-new digital learning tool—helps students learn, retain, and apply key concepts.

With a framework based on interests, interactions, and institutions, World Politics gives students the tools to understand international relations. In the thoroughly updated Fourth Edition, new Controversy units provide models for applying the concepts in each chapter to real-world issues and events. New InQuizitive activities—created and tested by instructors who teach with World Politics—then invite students to practice applying the analytical tools from the text to alternative examples and cases.

A brief, teachable introduction to the core concepts and theories of international relations. The text that instructors trust has been updated and redesigned for today's classroom. Contemporary topics in international relations are

thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

In light of the recent demise of the Soviet Union and the subsequent withdrawal of Soviet forces from Central Europe, the debate between neoliberal institutionalism and neorealism has taken on a new relevance. Neorealism and Neoliberalism concentrates on issues of conflict and cooperation with their implications for post-Cold War international relations. Essays by some of today's most prominent political theorists debate the importance of anarchy versus the importance of interdependence in determining state behavior; the feasibility of international cooperation; the importance of absolute gains versus relative gains as incentive for cooperation; the trade-offs between economic welfare and military security; the importance of state intentions versus state power; and the significance of the emergence of numerous international regimes and institutions. The collection features: -An introduction by David A. Baldwin; -Robert O. Keohane on the realist challenge after the Cold War; -Joseph M. Grieco on relative gains and the limits of cooperation; -Helen Milner on anarchy in international relations theory; -Stephen Krasner on national power and international cooperation; -Charles Lipson on international cooperation in economic and security affairs. Cutting to the heart of the debate over the possibility of a "new world order," Baldwin's collection is essential reading for anyone seeking to understand the post-Cold War world. This clear and concise text takes as its starting point the theoretical frameworks that are the foundation of current international relations. Kaufman explains the traditional theories, but also makes a place for understanding the areas that lie outside of or cannot be explained by those approaches. Although levels of analysis are the primary unifying force, the book also assesses what this approach does not explain about the contemporary international

This hands-on exercise allows students to relate the concepts and issues at the foundation of global politics to the realities of international politics today. As influential leaders in the fictional world of *Politica*, each team of students governs a country with a unique history, geography, and culture. The teams must use strategy and negotiation to succeed - and survive - seeking to achieve specific territorial, security, and economic objectives. In the process, they grapple with a range of complex challenges: energy security, ethnic conflict, humanitarian intervention, environmental disaster, terrorism, nuclear proliferation, and more. Students also pursue individual objectives based on the governmental post they hold - and quickly learn that self-interest and national interest are not always compatible. Teams are judged on their effectiveness in meeting stated objectives, but must also relate their practical experience to the academic content of the course. Toward this end, the book provides summaries, analysis, study questions, and additional sources of information for each of the theories and issues encountered during the simulation. Action has been tested in multiple courses, with students and instructors unanimously agreeing that it makes abstract theories practical and accessible, evokes an appreciation for the complexity of international politics, and generates enthusiasm for the study of international relations. In the representative words of one student, It was the best learning experience I've ever had.

Read PDF Essentials Of International Relations Mingst 5th Edition

Designed to complement the main themes of any introductory IR course, Snow's bestselling text presents original case studies that survey the state of the international system and look in-depth at issues of current interest. The cases are extremely timely, geopolitically diverse, accessibly written, and of high interest and salience amidst today's headlines. The eighth edition features 18 shorter case studies—four more than the previous edition, each of which is designed to be highly accessible and read in a single sitting, allowing for an expansion in the number of topics covered. New and updated topics include petrolism, diplomacy, instruments of power, the universality of human rights, cybersecurity and cyberwar, terrorism, and nuclear proliferation.

Essentials of International Relations has long provided the clearest explanations of core concepts and theories; in its Seventh Edition, robust new Behind the Headlines features and engaging new chapter openers help students more easily draw connections between international relations concepts and today's political climate. Essential Readings in World Politics introduces students to key literature in international relations and provides everything instructors need to round out their syllabus, including classic readings and contemporary articles on ongoing international issues drawn from a wide range of sources and accompanied by headnotes offering the context and background that introductory students need. In the Sixth Edition, 23 new readings offer diverse perspectives on current topics such as the rise of China, the proliferation of terrorism and terrorist groups, international human rights, and the consequences and failures of international climate negotiations. The chapters complement Mingst and Arreguin-Toft's companion text, Essentials of International Relations, and can be packaged at a discount with that text or used on its own. "
