Drauzio Varella

Estação Carandiru Drauzio Varella, 1999 Relata a experiência de um médico que iniciou um trabalho voluntário de prevenção a aids na Casa de Detenção de São Paulo e os relacionamentos que a sua profissão permitiu manter com presos e funcionários.

Lockdown Drauzio Varella, 2012-08-30 The Carandiru House of Detention, in the teeming city of São Paulo, was the largest and most crowded prison in Latin America. Known as the 'Old House', it was also highly unusual in the way it was governed. Closed to the outside world, and even largely to the wardens, it was run almost entirely by the inmates themselves, who created a unique society complete with politics, hierarchies and a system of justice. In 1989, at the height of the AIDS epidemic in Brazil, with only a handful of physicians attempting to treat an inmate population of over 7,000, the medical situation at Carandiru was dire. A city doctor, Drauzio Varella, volunteered his time at Carandiru over the course of thirteen years, in an effort to combat the rampant disease. As he gained the inmates' trust he was given access to their society, where he was overwhelmed by the profound humanity and freedom of spirit shown by these men, despite their terrible crimes and the inhuman conditions in which they lived. Lockdown is Varella's powerful depiction of life on the inside, wherein he recounts the prisoners' colourful and surprising stories. The book ends with the massacre by the police of the prisoners that ultimately brought down the 'Old House'.

Salmo 91 Dib Carneiro Neto, 2008 'Salmo 91' é uma peça teatral e foi escrito em 1999 por Dib, adaptação do livro 'Estação Carandiru', de Drauzio Varella.

Carcereiros Drauzio Varella, 2012-09-26 Depois do best-seller Estação Carandiru, Drauzio Varella volta ao universo das prisões para mostrar ao leitor o outro lado da moeda: o cotidiano dos agentes carcerários. Livro que inspirou a série da Rede Globo. Em Estação Carandiru, Drauzio Varella focou seu relato na população carcerária de um dos presídios mais violentos do Brasil. Mas os 23 anos atuando em presídios brasileiros como médico voluntário também o aproximaram do outro lado da moeda: as centenas de agentes penitenciários que, trabalhando sob condições rigorosas e muitas vezes colocando a vida em risco, administram essa população. Foi com um grupo desses agentes que Drauzio passou a se reunir depois das longas jornadas de trabalho, em um botequim de frente para o Carandiru. E essa convivência pôs o autor em contato com os relatos narrados em Carcereiros. Acompanhamos, assim, uma rebelião pelos olhos de quem tenta contê-la. Entramos em contato com

o cotidiano dos carcereiros e as situações desconcertantes impostas pelo ofício, que eles resolvem com jogo de cintura e, não raramente, com humor. O que emerge é um retrato franco de um mundo totalmente desconhecido para quem está de fora, que também inspirou a série homônima exibida pela Rede Globo em 2018. Drauzio fala também de sua própria atividade como médico do sistema penitenciário: das frustrações, dos acertos e, sobretudo, da dificuldade em conciliar uma vida tão imersa nesta realidade com a de médico particular, apresentador de programas de divulgação científica, pesquisador de plantas, escritor e pai de família. Se há algo de comum a essas vidas - carcereiros, médico, detentos -, é a dimensão humana que nunca escapa aos relatos do autor.

O exercício da incerteza Drauzio Varella, 2022-05-17 Relato franco da experiência de mais de cinquenta anos de carreira de Drauzio Varella, este livro é o retrato honesto de uma trajetória dedicada a um exercício de constante aprendizado. A medicina não é uma ciência exata. Seu exercício está sujeito a fatores imprevisíveis que variam de paciente a paciente — tendo sempre a finitude humana no horizonte. Essa parcela do imponderável é matéria para o relato de Drauzio Varella, oncologista que se tornou nacionalmente conhecido como um dos primeiros médicos a fazer uso dos canais de comunicação de massa para propagar informações sobre saúde e conscientizar sobre bons hábitos. O autor narra com sensibilidade e franqueza episódios de sua vida a partir do fio da medicina. Por sua prosa fluida, acompanhamos momentos críticos, como a pandemia do HIV e a epidemia de tuberculose nos presídios em que atendia voluntariamente, e outros celebrados, como a bem-sucedida campanha de combate ao uso de drogas injetáveis no Carandiru, que capitaneou. Estas memórias ultrapassam o registro biográfico ao fazer uma reflexão sobre a prática médica, que figura nestas páginas como arte que exige humildade, estudo, empatia e habilidade para atravessar os reveses do acaso.

Prisioneiras Drauzio Varella, 2017-05-10 O trabalho de Drauzio Varella como médico voluntário em penitenciárias começou em 1989, na extinta Casa de Detenção de São Paulo, o Carandiru. Os anos de clínica e as histórias dos presos, dos funcionários e da própria cadeia seriam retratados nos aclamados livros Estação Carandiru (1999) e Carcereiros (2014). Em 2017, Drauzio encerra sua trilogia literária sobre o sistema carcerário brasileiro com *Prisioneiras*. Alçando as mulheres encarceradas a protagonistas, o médico rememora os últimos onze anos de atendimento na Penitenciária Feminina da Capital, que abriga mais de duas mil detentas. São histórias de mulheres que não raro entram para o crime por conta de seus parceiros — inclusive tentando levar drogas aos companheiros nas penitenciárias masculinas em dias de visita —, porém que são esquecidas quando estão atrás das grades. As famílias conseguem tolerar um encarcerado, mas não uma mãe, irmã, filha ou esposa na cadeia. As casas de detenção femininas guardam suas particularidades — diferenças às quais o médico paulistano dedica atenção especial em sua narrativa. Desde a dinâmica dos atendimentos e a escassez de visitas até os relacionamentos entre as presas, fica nítido que a realidade das prisões escapa ao imaginário de quem vive fora delas. *Prisioneiras* é um relato franco, sem julgamentos morais, que não perde o senso crítico em relação às mazelas da sociedade

brasileira.

Estação Carandiru Drauzio Varella,2002

A teoria das janelas quebradas Drauzio Varella,2010-01-01 Esta seleção de crônicas, inclui desde histórias engraçadas de adultério, reflexões sobre o crime, temas atuais de ciência e medicina, até questões sociais, abordadas pelo autor com olhar atento para os dramas humanos.

Por um fio Drauzio Varella,2004 Em *Por um fio*, está de volta o narrador sensível e cuidadoso de Estação Carandiru, que, contando histórias reais, reflete sobre o impacto da perspectiva da morte no comportamento de pacientes e seus familiares. Drauzio Varella especializou-se em oncologia numa época em que o câncer era visto com tanto horror que nem sequer se pronunciava essa palavra - dizia-se aquela doença - e desde então convive cotidianamente com doentes graves. Em *Por um fio*, ele relata histórias que põem o leitor diante de questões delicadas, difíceis mesmo para quem lida com elas em sua rotina profissional. De um lado, a reação dos que se descobrem doentes, que vai da surpresa à revolta, do desespero ao silêncio e à aceitação. Do outro, a atitude dos parentes, que varia da dedicação incondicional à pura mesquinha, da solidariedade ao abandono. E Drauzio conta ainda episódios surpreendentes de mudança de vida, como se a visão da morte fosse quase uma libertação, um divisor de águas que confere novo sentido ao porvir.

Nas ruas do Brás Drauzio Varella,2000 Autor de Estação Carandiru, Drauzio Varella mostra neste livro que também sabe escrever para crianças. Neto de imigrantes espanhóis e portugueses, ele relembra aqui alguns episódios de sua infância, quando era um menino que brincava e brigava nas ruas do Brás. Um tempo em que os moleques iam pescar no Tietê, levavam bicada de galo, ouviam futebol no rádio e corriam atrás de balão. Um dos episódios que surpreendem o leitor de hoje é a primeira vez que Drauzio foi ao médico, já com seis anos de idade. Saiu de lá com um tratamento de injeções de penicilina, trinta dias de repouso absoluto e uma dieta de tempo de guerra- seis dias sem comer, dos quais os três primeiros sem beber. Apesar das diferenças que marcam as duas épocas, o autor, de certa forma, foi um menino igual aos de agora, pois a maneira como as crianças sentem as alegrias e as tristezas não mudou.

Nas águas do rio Negro Drauzio Varella,2017-02-24 O rio Negro é um grande espelho. Suas águas refletem as árvores das margens e as nuvens do céu. Muito largo, ele contém os dois maiores arquipélagos fluviais do mundo, e, também comprido, nasce na Venezuela, entra no Brasil e corta a Floresta Amazônica por mais de mil quilômetros. Drauzio Varella já viajou por esse importante rio brasileiro inúmeras vezes, no barco Escola da natureza, colhendo plantas da região que pudessem ser transformadas em medicamentos. Neste livro, o autor mergulha no terreno da fantasia e do folclore e relata o que aconteceu certo dia em que, em uma de suas viagens, adormeceu sozinho numa rede do convés do barco, entretido com as estrelas e a lua cheia...

Palavra de médico Drauzio Varella,2016-11-11 Em textos tão instrutivos quanto acessíveis, Drauzio Varella dá dicas de

saúde e bem viver e introduz o leitor às mais novas descobertas no campo da medicina. Autor de best-sellers como *Estação Carandiru* (1999) e *Carcereiros* (2012), voluntário na penitenciária feminina de São Paulo, médico oncologista e maratonista, Drauzio Varella tornou-se figura notória, sobretudo por suas intervenções na TV, na imprensa e, mais recentemente, nas mídias sociais. O médico mais popular do Brasil mantém também uma atividade clínica intensa, além de acompanhar inovações científicas nos campos da medicina, da genética e da biologia, sobre as quais escreve de maneira agradável e acessível. Da verdade sobre os perigos do glúten na dieta à condenação genética do racismo, o leitor encontrará em *Palavra de médico* um passeio pelas últimas descobertas da medicina e um convite a uma vida saudável.

City of God Paulo Lins, 2007-12-01 The searing novel on which the internationally acclaimed hit film was based. “A Scarface-like urban epic . . . punctuated with lyricism and longing” (Publishers Weekly). *City of God* is a gritty, gorgeous tour de force from one of Brazil’s most notorious slums. *Cidade de Deus*: a place where the streets are awash with narcotics, where violence can erupt at any moment over drugs, money, and love—but also a place where the samba beat rocks till dawn, where the women are the most beautiful on earth, and where one young man wants to escape his background and become a photographer. When *City of God* erupted on screens worldwide, it became one of the most critically and commercially successful foreign films of recent years. But few were aware of the story behind the film. Written by Paulo Lins, who grew up in the favela (shantytown) *Cidade de Deus* in Rio de Janeiro and who spent years researching its gang history, *City of God* began life as a coruscating, harrowing novelistic account of twenty years in the illicit pursuits of the youth gangs born from the favela. “With plot devices sometimes as minimal as the dawning of a new day, *City of God* seems more like a mosaic than a novel, but it’s a mosaic with unforgettably vibrant colors.” —Booklist

Who are You to Riot in Carandiru? Carletta Carrington Wilson, 2014 *Carandiru* is a Brazilian-Argentine drama film directed by Hector Babenco. It is based on the book *Estação Carandiru* by Dr. Drauzio Varella, a physician and AIDS specialist. The *Carandiru* massacre took place on Friday, October 2, 1992, in *Carandiru* Penitentiary in São Paulo, Brazil, when military police stormed the facility following a prison riot. The massacre, which left 111 prisoners dead (102 shot by the police; 9 killed by other inmates), is considered a major human rights violation in the history of Brazil.

Only Daughter Anna Snoekstra, 2016-09-20 In this chilling psychological thriller debut, one woman’s dark past becomes another’s deadly future. In 2003, sixteen-year-old Rebecca Winter disappeared. She’d been enjoying her summer break: working at a fast-food restaurant, crushing on an older boy and shoplifting with her best friend. Mysteriously ominous things began to happen—a presence in her room at night, periods of blackouts, a feeling of being watched—though Bec remained oblivious of what was to come. Eleven years later she is replaced. A young woman, desperate after being arrested, claims to be the decade-missing Bec. Soon the impostor is living Bec’s life. Sleeping in her bed. Hugging her mother and father. Learning her best friends’ names. Playing with her little brothers. But Bec’s welcoming family and enthusiastic friends are

not quite as they seem. As the impostor dodges the detective investigating her case, she begins to delve into the life of the real Bec Winter—and soon realizes that whoever took Bec is still at large, and that she is in imminent danger. Praise for *Only Daughter* “Twisty, slippery, and full of surprises, this web of lies will ensnare you and keep you riveted until you’ve turned the final page.” —Lisa Unger, *New York Times*-bestselling author of *Ink and Bone* “[A] dark and edgy debut. . . . Truly distinctive and tautly told, *Only Daughter* welcomes a thrilling new voice in crime fiction.” —Mary Kubica, *New York Times*-bestselling author of *The Good Girl* “Snoekstra’s excellent debut stands out in the crowded psychological suspense field with smart, subtle red herrings and plenty of dark and violent secrets. Recommend to genre aficionados and readers who enjoyed Lisa Lutz’s *The Passenger*.” —*Library Journal* (starred review)

O médico doente Drauzio Varella, 2007 Conhecido por seu trabalho com doentes terminais, Drauzio Varella oferece um relato de sua própria experiência com a proximidade da morte, após ter contraído febre amarela em uma viagem ao rio Negro, na Amazônia. Médico cancerologista há quarenta anos, Drauzio Varella convive com a morte todos os dias. A experiência ao lado de pacientes terminais está contada no livro *Por um fio*, uma série de relatos em que o autor de *Estação Carandiru* mostra como a proximidade da morte afeta o doente, seus familiares e até os profissionais responsáveis pelo tratamento. A ligação estreita com o tema, no entanto, não o preparou totalmente para viver a situação inversa, o outro lado do balcão. EM 2004, ao voltar de uma viagem à floresta amazônica - local que ele já visitara mais de cinquenta vezes por conta do trabalho de pesquisa que desenvolve no rio Negro -, Drauzio sentiu-se mal, teve febre e, após alguns dias de teimosia obstinada, aceitou interromper o atendimento no consultório e repousar. Pouco depois, foi internado. Conforme aumentavam a febre e o mal-estar, aumentavam também as incertezas quanto ao diagnóstico. Acompanhando de perto a angústia dos colegas, o doente viu-se na desconfortável posição de entender melhor do que um paciente comum a gravidade de seu caso. Nem mesmo a descoberta de que se tratava de uma febre amarela trouxe alento: a enfermidade não tem cura, é preciso deixá-la seguir seu curso e torcer para que o corpo resista e se recupere. Enfraquecido, com a mente embaralhada pela doença e pela morfina, e vendo a piora de sua situação no semblante preocupado dos médicos, Varella passou a considerar seriamente a possibilidade de que estava com os dias contados. Neste relato, ele narra a experiência com olhar clínico, cirúrgico. Desmontando lugares-comuns e mitos sobre o que sente quem chega à beira da morte, Drauzio Varella extrai do ocorrido não um entendimento superior ou gosto renovado pela vida. Da cama de hospital ele volta à infância, aos caminhos que o levaram à profissão, e transforma o episódio em mais um capítulo do longo exercício da prática da medicina.

A SAUDE DOS PLANOS DE SAUDE DRAUZIO VARELLA, MAURICIO CESHIN, Construído a partir do diálogo entre Drauzio Varella e Mauricio Ceschin, médicos e estudiosos da questão, eles apresentam as conquistas e distorções de um modelo de assistência estruturado, principalmente, para tratar a doença e não para promover a saúde; que muitas vezes valoriza a tecnologia em detrimento do saber do médico; e que ainda confunde gestão de sinistros com gestão da assistência.

Partindo de vivências distintas, os autores convergem nas principais conclusões. Entre elas, que os planos de saúde deram contribuição decisiva à modernização da medicina no Brasil e se tornaram um dos pilares da assistência, ao lado do sistema único de saúde (SUS). Porém, em face dos desafios colocados pela mudança no perfil demográfico, pelos novos padrões epidemiológicos e pelas expectativas do consumidor, o modelo precisar ser repensado e submetido a um choque de gestão e de cultura.

Globalization and Latin American Cinema Sophia A. McClennen, 2018-05-25 Studying the case of Latin American cinema, this book analyzes one of the most public - and most exportable- forms of postcolonial national culture to argue that millennial era globalization demands entirely new frameworks for thinking about the relationship between politics, culture, and economic policies. Concerns that globalization would bring the downfall of national culture were common in the 1990s as economies across the globe began implementing neoliberal, free market policies and abolishing state protections for culture industries. Simultaneously, new technologies and the increased mobility of people and information caused others to see globalization as an era of heightened connectivity and progressive contact. Twenty-five years later, we are now able to examine the actual impact of globalization on local and regional cultures, especially those of postcolonial societies. Tracing the full life-cycle of films and studying blockbusters like *City of God*, *Motorcycle Diaries*, and *Children of Men* this book argues that neoliberal globalization has created a highly ambivalent space for cultural expression, one willing to market against itself as long as the stories sell. The result is an innovative and ground-breaking text suited to scholars interested in globalization studies, Latin-American studies and film studies.
