

# Event Management Book Of Knowledge

**Donald Getz**

**Knowledge Management in Event Organisations** Raphaela Staedler, 2021-03-31 Provides an in-depth understanding of the challenging nature of events, where knowledge needs to be created and shared both pre-event and during the event, as well as stored effectively post-event. Generic KM frameworks and models are introduced, applied and adapted in order for event organisers to avoid 'reinventing the wheel' each year.

*Event Management* Lynn Van der Wagen, 2010-11-11 Events Management: for tourism, cultural, business and sporting events, 4e is a holistic text designed for the Diploma in Events Management and Advanced Diploma in Events Management and is the essential text for anyone wishing to work in the field of event management. The new edition covers all the skills and knowledge students need to become successful event managers. Learn how to design, plan, market and stage an event, how to manage staff and staffing problems, and how to ensure the safety of everyone involved.

**The Art of Event Planning** Gianna Cardinale Gaudini, 2019-06-03

**Key Concepts in Event Management** Bernadette Quinn, 2013-03-25 I found this text to be exactly what we were looking for to give our students a good understanding of the contemporary issues that affect the Events industry. I have recommended this as essential reading. It is well written and the format makes it an easy read raising key issues and challenging theory. - Tanya Bellingham, School of Tourism & Hospitality, University of Plymouth An essential events management reference handbook which addresses a number of key issues within the industry. A very interesting read! - Thomas Fletcher, Liverpool John Moores University In recent years we have seen an enormous growth of festivals and event activity and the literature within the field is consequently huge. In order to make sense of this rapid and dynamic development, students are dependent on a book that can lead them through the myriad of theoretical frameworks offered. This book naturally situates itself in the middle of this need, offering a comprehensive and illuminating account of the festival and event field. Written with academic rigour yet accessible at the same time, Quinn proves herself to be an outstanding communicator and stimulator of knowledge. International in content and timely in its up to date coverage of key topics, this will be an invaluable reference source for students from of Event Management, Hospitality Management, Tourism Management, and Sport and Leisure Management.

*Event Management and Sustainability* Razaq Raj, James Musgrave, 2009 Sustainable management is an important

consideration for businesses and organisations, and the enormous number of tourism events taking place requiring facilities, power, transport, people and much more makes sustainable event planning a considerable priority. By looking at mega events, sports events, conferences and festivals, this book uses best practice case studies to illustrate sustainable management issues and practical considerations that managers need to apply, providing an essential reference for researchers and students in leisure and tourism.

**Event Power** Chris Rojek, 2013-02-21 Rojek's argument is a psychological one, although his message is political: global events build on people's needs to feel empowered and jointly engaged in the pursuit of a higher purpose; they allow a break from daily routines, provide an illusion of intimacy and social membership, and create a sense of self-validation and personal gratification. In short, participation in such events makes us feel good. At the same time, the real effect of global events seems to be the maintenance of global inequality and social injustice, as well as huge profits for the organizations involved in planning, commercializing and securing these happenings. In sketching out this palliative function of global events from the perspective of people's needs on the one hand, and unveiling their puppet masters backstage on the other, Rojek's book presents a compelling account of the role of organized events in modern society. - Organization Studies Events dominate our screens, our lives, and increasingly global geopolitics. Analysis of events and their management has remained rooted in leisure and management studies - until now. This break-through book provides an introduction to event management, while also situating events in questions of power and social control. Rojek powerfully argues that events are essential elements in corporate-state partnerships of 'invisible government' that have revived the romance of charity as to form illusory communities, while cloaking power imbalances and social inequalities. Events are moving politics from the old idea of 'the personal is political' to the new, more seductive notion that 'representation is resistance'. Wielding rich case studies from the World Cup and the Olympics to Live Aid, Burning Man and Mardi Gras, Rojek presents a dazzlingly original account of communication power, social ordering and control. It is essential reading in media & communication studies and across the social sciences.

Event Studies Donald Getz, Stephen J. Page, 2016-02-22 Event Studies is the only book devoted to developing knowledge and theory about planned events. It focuses on event planning and management, outcomes, the experience of events and the meanings attached to them, the dynamic processes shaping events and why people attend them. This title draws from a large number of foundation disciplines and closely related professional fields, to foster interdisciplinary theory focused on planned events. It brings together important discourses on events including event management, event tourism, and the study of events within various disciplines that are able to shed light on the roles, importance and impacts of events in society and culture. New to this edition: New sections on social and intangible influences, consumer psychology and legal environment, planning and policy framework to reflect recent developments in the field Extended coverage of philosophy and research

methods and how they can best be used in event studies; social media as a marketing tool; and the class and cultural influences of events New and additional case studies throughout the book from a wide range of international events Companion website to include PowerPoint slides and updated Instructor's Manual including suggested lecture outlines and sequence, quizzes per chapter and essay questions.

**The Management Body of Knowledge** ,2019-11-15 The Management Body of Knowledge is the American Management Association's flagship publication that sets the bar in management excellence. It outlines the right mix of knowledge, skills and abilities needed for managers to succeed in today's complex work environment. This resource guide provides the tools and key competencies managers need to excel in management and prosper in today's market. Mastering the best practices outlined in this book will ensure you have a foundational set of skills to succeed as a Manager.

Event Management in Sport, Recreation and Tourism Cheryl Mallen,Lorne J. Adams,2017-01-19 Now in a fully revised and updated third edition, Event Management in Sport, Recreation and Tourism provides a comprehensive theoretical and practical framework for planning and managing events. Focusing on the role of event managers and their diverse responsibilities through each phase of the event planning process, this is still the only textbook to define the concept of knowledge in the context of event management, placing it at the centre of professional practice. Designed to encourage critical thinking on the part of the student, this book helps them develop the skills that they will need to become effective and reflective practitioners in the events industry. Containing a rich array of international real-world case studies, data and practical examples from sport, recreation and tourism contexts, this third edition is also enhanced by two completely new chapters on contemporary management issues and ethics in event management. Event Management in Sport, Recreation and Tourism is essential reading for any student or practitioner working in event management, sport management, leisure management, outdoor recreation or tourism.

*Consumer Behavior Knowledge for Effective Sports and Event Marketing* Lynn R. Kahle,Angeline G. Close,2011-01-07 The growing complexity and importance of sports and event marketing has pushed scholars and practitioners to apply sophisticated marketing thinking and applications to these topics. This book deals with the professional development in the sense that sports marketing can be viewed as an application of consumer behavior research. Readers will learn about new opportunities in using consumer behavior knowledge effectively in the areas of: influencing behaviors in society and sports; building relationships with consumers through sports and events; and providing services to consumers through sport and event sponsorships. This book, by a superb group of authors, includes comprehensive reviews, innovative conceptual pieces, empirical research and rigorous attention to data.

**Event Management & Event Tourism** Donald Getz,2005 This book provides, both an overview of event studies and a foundation for professional event management.

**The Practical Guide to Managing Event Venues** Philip Berners,2018-07-20 This is a short, accessible and practical guide to running venues which are in the business of hosting events. Using honest guidance peppered with the author's real-life situational anecdotes to contextualise the topics, the book is logically structured around the key stages of event management: pre-event, onsite and post-event. Topics covered include developing the client relationship, marketing, financial accountability, risk, interdepartmental communication, onsite procedures and post-event evaluation. This is a fundamental resource for all event management and hospitality students. It is also a book for anybody who manages a venue or is a venue event manager. The Practical Guide to Managing Event Venues makes the business of venue management appealing, understandable and achievable.

**Festival and Events Management** Ian Yeoman,Martin Robertson,Jane Ali-Knight,Siobhan Drummond,Una McMahon-Beattie,2012-06-14 Festival and Events Management: an international perspective is a unique text looking at the central role of events management in the cultural, tourism and arts industries. With international contributions from industry and academia, the text looks at the following: \* Events & cultural environments \* Managing the arts & leisure experience \* Marketing, policies and strategies of art and leisure management Chapters include exercises, and additional teaching materials and solutions to questions are provided as part of an accompanying online resource.

**A Research Agenda for Event Management** John Armbricht,Erik Lundberg,Tommy D. Andersson,2019 This book explores and expands upon the core topics in the current academic debate within event management research. Emerging areas and innovative methodologies are organised into three themes: Events in Society, Event Consumers, and the Event Organization.

**The Event Safety Guide** Event Safety Alliance,2014-02-04 The premier safety guidebook for anyone working in the event industry. The Event Safety Guide is the United States' first published safety guidance directed specifically at the live event industry. Culled from existing life safety standards and the insight of top professionals within the event industry, The Event Safety Guide compiles the best operational practices currently available in the live event industry in a single easily referenced manual. The guide is not a "how-to book" or a complicated set of standards. Rather, it is intended to help busy industry professionals know what safe workplace practices might be, heighten their understanding of the importance of safety in everything they do, and apply these best practices in their daily work. Designed for field use, The Event Safety Guide is categorically organized and written in straightforward and easily understood language. Thirty-nine chapters and five appendixes address a broad range of subjects relevant to most events, including emergency planning, weather preparedness, and fire safety, as well as specific technical issues such as pyrotechnics, rigging, and temporary staging. Included appendixes provide additional resources, including helpful planning checklists and information on the National Incident Management System (NIMS) Incident Command System (ICS). All referenced standards are thoroughly cited within the text to ensure

readers know precisely where to turn for additional information. Whether you're a seasoned veteran or just starting out in the event industry, you'll find *The Event Safety Guide* to be an indispensable reference when planning your next event.

**Events Management** Glenn A. J. Bowdin, Johnny Allen, Rob Harris, Leo Jago, William O'Toole, Ian McDonnell, 2023-07-31 A must-have introductory text of unrivalled coverage and depth focusing on events planning and management, the fourth edition of *Events Management* provides a complete A to Z of the principles and practices of planning, managing and staging events. The book offers a systematic guide to organising successful events, examining areas such as event design, logistics, marketing, human resource management, financial planning, risk management, impacts, evaluation and reporting. The fourth edition has been fully updated and revised to include content covering technology, including virtual and hybrid events, concepts such as social capital, soft power and events, social inclusion, equality, accessibility and diversity, and the latest industry reports, research and legal frameworks. The book is logically structured and features new case studies, showing real-life applications and highlighting issues with planning events of all types and scales in a range of geographical locations. This book has been dubbed 'the events management bible' and fosters an interactive learning experience amongst scholars of events management, tourism and hospitality.

**The Dictionary of Event Management** Joe Goldblatt, Carol F. McKibben, 1996-06-04 From the author of the bestselling *Special Events*, comes a new dictionary that special event professionals and students alike will refer to repeatedly. The *Dictionary of Event Management* defines and clarifies numerous terms for professionals and anyone interested in all components of modern event management. With this invaluable resource, the reader will gain added confidence in his or her own managerial vocabulary.

*Events Management* Charles Bladen, James Kennell, Emma Abson, Nick Wilde, 2012-06-12 Contemporary events management is a diverse and challenging field. This major new introductory textbook is the first to fully explore the multi-disciplinary nature of events management and to provide all the practical skills and professional knowledge students need to succeed in the events industry. The book covers every type of event studied on an *Events Management* course, including sports, music, the arts, corporate events, tourism, and the public and voluntary sectors. It introduces the key issues facing the contemporary events industry, from health, safety and risk management to sustainability to developing a market-oriented business, with every topic brought to life through case-studies, personal biographies and examples of best practice. Written by a team of authors with many years of industry experience, it introduces the practical skills required in every core area of events management, including marketing, finance, project management, strategy, operations, event design and human resources. A companion website for the book includes a dazzling array of additional features, including self-test questions, audio interviews with key industry figures, additional case-studies and PowerPoint slides for each chapter. *Events Management: An Introduction* is the essential course text for any events management program.

**Event Management** Lynn Van der Wagen,2005 Students will learn how to design, plan, market and stage an event, as well as how to manage staff, staffing problems and how to ensure the safety of everyone involved. Also what they need to know about legal compliance, risk management, financial control and how to evaluate the success of the events they stage.

**Events Project Management** Georgiana Els,Ian Reed,Vanessa Mawer,Hanya Pielichaty,2016-11-10 This book provides events management students with an accessible and essential introduction to project management. Written by both academics and industry experts, Events Project Management offers a unique blend of theory and practice to encourage and contextualise project management requirements within events settings. Key questions include: What is project management? How does it connect to events management? What is effective project management within the events sector? How does academic theory connect to practice? The book is coherently structured into 12 chapters covering crucial event management topics such as stakeholders, supply chain management, project management tools and techniques, and financial and legal issues. Guides, templates, case study examples, industry tips and activity tasks are integrated in the text and online to show practice and aid knowledge. Written in an engaging style, this text offers the reader a thorough understanding of how to successfully project manage an event from the creative idea to the concrete product. It is essential reading for all events management students.

## **Event Management Book Of Knowledge Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you

can explore and download free Event Management Book Of Knowledge PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it

possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Event Management Book Of Knowledge PDF books and manuals

is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Event Management Book Of Knowledge free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## **FAQs About Event Management Book Of Knowledge Books**
