This volume explores the significance of literacy for everyday life in the ancient world. It focuses on the use of writing and written materials, the circumstances of their use, and different types of users. The broad geographic and chronologic frame of reference includes many kinds of written materials, from Pharaonic Egypt and ancient China through the early middle ages, yet a focus is placed on the Roman Empire.

Illustrations: 31 B/w Illustrations Description: This magnum opus of Jeannine Auboyer refashions an ancient India which is not so very different from the one that we know today, a country made simultaneously of theories, principles and realities, in which the human presence is constantly visible through the tangle of rules and rites. According to the author, though India has not produced true chronicles in the Western sense of the word, still the readers may be assured that in most everyday aspect India conforms to the image of itself that it has transmitted to us over the centuries which is an arresting one because of its multiple facets. The volume introduces the Indian life in terms of the geographical and historical background, the social structure and its religious principles, the political and administrative structure, economics and everyday life; individual and collective existence with reference to the background to regular life, the importance of

religion, the individual and the family, and the monastic and ascetic life; and royal and aristocratic existence in view of urban elitism and styles, royal environment and the imperial pomp. Based on a whole series of technical or descriptive texts, storied monuments, the discoveries or archaeological excavations, numismatics, epigraphy and, in addition, contemporary chronicles by the foreigners, this well-documented volume deals brilliantly both with the traditional character of Indian civilization and with its changing patterns taking into consideration an exceptionally lengthy period, almost a thousand years, to give a necessary breadth of detail to the understanding of various historical processes through which the social fabric of India was characterised.

The Book Opens With A Critical Survey Of Religion, Art And Culture And Their Impact On People And Society At Large. Buddhism, Jainism And Bhakti Movements, All Are Judiciously Incorporated In The Present Monograph.

In thirteenth-century Maharashtra, a new vernacular literature emerged to challenge the hegemony of Sanskrit, a language largely restricted to men of high caste. In a vivid and accessible idiom, this new Marathi literature inaugurated a public debate over the ethics of social difference grounded in the idiom of everyday life. The arguments of vernacular intellectuals pushed the question of social inclusion into ever-wider social realms, spearheading the development of a nascent premodern public sphere that valorized the quotidian world in sociopolitical terms. *The Quotidian Revolution* examines this pivotal moment of vernacularization in Indian literature, religion, and public life by investigating

courtly donative Marathi inscriptions alongside the first extant texts of Marathi literature: the Lilacaritra (1278) and the Jñanesvari (1290). Novetzke revisits the influence of Chakradhar (c. 1194), the founder of the Mahanubhav religion, and Jnandev (c. 1271), who became a major figure of the Varkari religion, to observe how these avant-garde and worldly elites pursued a radical intervention into the social questions and ethics of the age. Drawing on political anthropology and contemporary theories of social justice, religion, and the public sphere, *The Quotidian Revolution* explores the specific circumstances of this new discourse oriented around everyday life and its lasting legacy: widening the space of public debate in a way that presages key aspects of Indian modernity and democracy.

The traditions that define Indian life have remained unchanged for thousands of years. Emphasizing the nine centuries of the "golden age," this introduction to India's noble culture reconstructs a time when political and religious enlightenment flourished, and artistic creation reached its height. It evokes the complexities of India's ancient epoch, caste system, endless ritual, and ceremonial nature of human relations.

Written in Kashmir around 400 CE, Haribhatta's *Jātakamāla* is a remarkable example of classical Sanskrit literature in a mixture of prose and verse that for centuries was known only in its Tibetan translation. But between 1973 and 2004 a large portion of the Sanskrit original was rediscovered in a number of anonymous manuscripts. With this volume Peter Khoroche offers the most complete translation to date, making almost 80

percent of the work available in English. Haribhatta's *Jātakamālā* is a sophisticated and personal adaptation of popular stories, mostly non-Buddhist in origin, all illustrating the future Buddha's single-minded devotion to the good of all creatures, and his desire, no matter what his incarnation—man, woman, peacock, elephant, merchant, or king—to assist others on the path to nirvana. Haribhatta's insight into human and animal behavior, his astonishing eye for the details of landscape, and his fine descriptive powers together make this a unique record of everyday life in ancient India as well as a powerful statement of Buddhist ethics. This translation will be a landmark in the study of Buddhism and of the culture of ancient India.

People of the ancient world come to life in a vivid anecdotal narrative that highlights the daily lives and achievements of Egyptians, Greeks, Romans, and Mesopotamians—people living between the Tigris and Euphrates rivers—in ancient times. Easy to read and understand, this story shows kids how ancient people thought, how they traveled, how they looked at marriage and family, what they ate, what they built, what they wore, and what their houses were like. From education and law to art and architecture, appreciation grows for the accomplishments upon which our own civilization is based.

Daily Life in Ancient India From Approximately 200 BC to AD 700 South Asia Books

Even in ancient India, money is always a good thing and everyone wants it. The stories in 'The Mouse Merchant' - selected from the Sanskrit universe, from the period of the late Rig Veda to the twelfth century - tell us how money was dealt with in everyday life in ancient and medieval Indian society. At the heart of these tales is the merchant. Sometimes gullible, sometimes greedy; ingenious at some moments, dim-witted at others; and hopelessly in love with courtesans but also loyal to their wives, our merchant heroes show how innovation in business is sometimes more important than capital. 'The Mouse Merchant' puts these stories into the context of Indian business history, giving not only rare insights into the romance of the ancient seafaring life but also great wisdom about money.

By way of a personal note, I can reveal to the reader that I was led to Sanskrit by an exposure to Indian philosophy while still a child. These early mystical interests

gave way in the university to scholarly pursuits and, through reading the works of Franklin Edgerton, Louis Renou and Etienne Lamotte, I was introduced to the scientific study of the past, to philology and the academic study of an ancient literature. In this period I wrote a number of books on Sanskrit aesthetics, concentrating on the sophisticated Indian notions of suggestion. This work has culminated in a three-volume study of the Dhvanyaloka and the Dhvanyalokalocana, for the Harvard Oriental Series. Eventually I found that I wanted to broaden my concern with India, to learn what was at the universal core of my studies and what could be of interest to everyone. In reading Indian literature, I came across so many bizarre tales and ideas that seemed incomprehensible and removed from the concerns of everyday life that I became troubled. Vedantic ideas of the world as a dream, for example, to which I had been particularly partial, seemed grandiose and megalomaniac. I turned away with increasing scepticism from what I felt to be the hysterical outpourings of mystical and religious fanaticism.
