

## Excel Essential Skills English Workbook 10 Year

Year 4 Ages 9-10 years old. In Excel Basic Skills: English and Mathematics Year 4 your child will find: thirty carefully graded double-page units a wide variety of interesting exercises four term reviews to test work covered each term marking grids to identify strengths and weaknesses a lift-out answer section This book aims to build basic skills in reading, comprehension and maths. It supports schoolwork by having students practise key basic skills on a regular basis. This allows your child to learn new concepts while revising program work. The series has seven core books, one each for years 1 to 7. These are supported by teaching books which can be used if the student needs help in a particular area of study.

Specifically written for the Australian Curriculum English course, this book will help students become better writers and users of English. Practical examples and sample texts are provided to show how grammar and punctuation work to create meaning in written language, and the practice exercises will help students apply this knowledge to their own writing.

This workbook of fractions for Year 7 is designed to make students feel confident in the basic processes of fractions. It will help satisfy the needs of slower learners, and provide enrichment opportunities for quicker learners. The step-by-step explanations and the many practice exercises will guarantee students' understanding of the work. In Excel Complete Fractions Workbook Year 7 you will find: self-contained units of work with hundreds of practice questions stay in touch units that ensure that all topics receive constant revision stop revise check. Process that summarises the main concepts covered in each chapter four practice exams full explanations for each skill tested

Year 1 Ages 6-7 years old. In Excel English and Mathematics Year 1 your child will find: thirty carefully graded double-page units a wide variety of interesting exercises four term reviews to test work covered each term marking grids to identify strengths and weaknesses a lift-out answer section This book aims to build basic skills in reading, comprehension and maths. It supports schoolwork by having students practise key basic skills on a regular basis. This allows your child to learn new concepts while revising program work.

Excel Basic Skills: English Workbook Year 5 will help you with the writing you do every day at school - in English and in other subjects. Each chapter looks at a different type of writing. Some are imaginative text types such as narratives and poems. Others are factual text types such as reports and explanations. All the chapters begin with a sample text. Make sure you read the sample text carefully and look at the special features marked on it. You should then try the activities that follow. These give you guidance and practice in writing a similar type of text. Some activities help you with grammar and punctuation. Others focus on words - the way they are spelt and what they mean. Some activities are just for fun. Each chapter ends with activities that help you write a complete text yourself. The Excel series of English Workbooks for Years 3-...6 will help primary school students with the reading and writing they do every day at school - in English and in other subjects. Each chapter is set out as a separate unit of work covering a different type of writing (text type,) and contains exercises that relate to that particular text type. In this book you will find: eleven chapters, each set out as a unit of work covering a particular text type (such as narratives, letters, speeches and information reports), including a chapter on writing for school projects exercises and activities in each chapter which are directly linked to the text type covered practice in skills such as spelling, grammar, vocabulary, punctuation and comprehension interesting and relevant sample texts, including many written by Year 5 students, with important features highlighted Answers to all questions at the back of the book

This book aims to improve students' writing and give practical help with writing tasks in Year 10 and later years at school. The topics and text types covered in the book are designed to help students in their writing tasks for all school subjects--not just English. This is a revised and extended edition with over thirty extra pages of work for students to complete. In this book you will find: A focus on fifteen different text types Writing skills Grammar and punctuation explanations and exercises Comprehension work A detailed answer section

Excel Maths Early Skills; Second Shapes and Measurement will further your child's knowledge of a range of different shapes and give them practice in measuring shapes and pictures in different ways. Book 3 in this series, First Shapes and Measurement, introduced your child to these concepts, but this book will develop your child's skills in: comparing two or more objects by different features drawing a range of different shapes and objects drawing positions (e.g. on top,, in,, under,,) putting events in to the correct order finding paths through mazes The activities in each book are divided into double pages. Each double page allows your child to practise one particular skill many times so that the skill is reinforced. This also makes it easier for you, the parent - you can help your child with one skill at a time. A clear, easy-to-follow page design has been developed, with clear explanations to help both parents and children.

Mental Maths is the maths we do in our heads without the use of calculators and without writing down the calculation. Mental Maths strategies are the 'tricks' we use to do Maths in our heads. There are different ways of finding the answer to any Mental Maths problem, and such strategies are the focus of this series. Excel Basic Skills: Mental Maths Strategies Year 2 contains: 32 units of work, with eight units of work for each school term. Each unit is broken up into 4 sets: A, B, C and D. Each set is on a different topic. You will notice illustrations at the top of nearly every page. These characters are used to convey an important strategy or step in Mental Maths. Each page of Mental Maths has an extra practice section in the lower part which will give the student further practice in a concept. The illustrations help explain the concepts and strategies that could be used to answer the questions. Answers are provided in the middle of the book

Excel English: Grammar, Spelling, Vocabulary and Punctuation Year 7 is designed to help students increase and reinforce their word knowledge, grammar and general language skills. Students are introduced to spelling, vocabulary, grammatical terms and punctuation marks through a range of interesting activities that present each element in context. The activities are simple and self-explanatory, allowing students to work independently. The series supports schoolwork by maintaining skills, therefore allowing students to learn new concepts while constantly reinforcing previously learnt concepts.
