Mary Ellen Guffey, Patricia Rogin, Kathleen Rhodes

Essentials of Business Communication Mary Ellen Guffey, 2004 This text-workbook is a streamlined, no-nonsense approach to business communication. It takes a three-in-one approach: (1) text, (2) practical workbook, and (3) self-teaching grammar/mechanics handbook. The chapters reinforce basic writing skills, then apply these skills to a variety of memos, letters, reports, and resumes. This new edition features increased coverage of contemporary business communication issues including oral communication, electronic forms of communication, diversity and ethics.

Business Communication and Character Amy Newman, 2022-02-21 Discover how your communication conveys your character -- or who you are as a person -- as you learn to make effective written and oral communication choices in your professional and personal life. Master your own natural, conversational style to earn trust and respect, to differentiate yourself in your career, or to gather funding. This edition addresses today's most important business communication concepts as new self-reflection questions help you develop a deeper understanding of yourself to better communicate and reach personal and professional goals. A new communication model emphasizes character check, audience analysis, message and medium (CAM) within in-person, online or social media communication. Intriguing examples from real companies illustrate principles at work. You also learn to communicate within a team, resolve conflict and maximize the latest communication and collaboration technology tools. MindTap digital tools help you further refine your communication skills.
