The shooting at Columbine High School riveted national attention on violence in the nation's schools. This dramatic example signaled an implicit and growing fear that these events would continue to occur and even escalate in scale and severity. How do we make sense of the tragedy of a school shooting or even draw objective conclusions from these incidents? *Deadly Lessons* is the outcome of the National Research Council's unique effort to glean lessons from six case studies of lethal student violence. These are powerful stories of parents and teachers and troubled youths, presenting the tragic complexity of the young shooter's social and personal circumstances in rich detail. The cases point to possible causes of violence and suggest where interventions may be most effective. Readers will come away with a better understanding of the potential threat, how violence might be prevented, and how healing might be promoted in affected communities. For each case study, *Deadly Lessons* relates events leading up to the violence, provides quotes from personal interviews about the incident, and explores the impact on the community. The case studies center on: Two separate incidents in East New York in which three students were killed and a teacher was seriously wounded. A shooting on the south side of Chicago in which one youth was killed and two wounded. A shooting into a prayer group at a Kentucky high school in which three students were killed. The killing of four students and a teacher and the wounding of 10 others at an Arkansas middle school. The shooting of a popular science teacher by a teenager in Edinboro, Pennsylvania. A suspected copycat of Columbine in which six students were wounded in Georgia. For everyone who puzzles over these terrible incidents,

Deadly Lessons offers a fresh perspective on the most fundamental of questions: Why?

FINALIST FOR THE BOOKER PRIZE 10 BEST BOOKS OF 2017, NEW YORK TIMES BOOK REVIEW WINNER OF THE L.A. TIMES BOOK PRIZE FOR FICTION and THE ASPEN WORDS LITERARY PRIZE “A breathtaking novel...[that] arrives at an urgent time.” —NPR “It was as if Hamid knew what was going to happen to America and the world, and gave us a road map to our future... At once terrifying and ... oddly hopeful.” —Ayelet Waldman, The New York Times Book Review “Moving, audacious, and indelibly human.”

—Entertainment Weekly, “A” rating A New York Times bestseller, the astonishingly visionary love story that imagines the forces that drive ordinary people from their homes into the uncertain embrace of new lands. In a country teetering on the brink of civil war, two young people meet—sensual, fiercely independent Nadia and gentle, restrained Saeed. They embark on a furtive love affair, and are soon cloistered in a premature intimacy by the unrest roiling their city. When it explodes, turning familiar streets into a patchwork of checkpoints and bomb blasts, they begin to hear whispers about doors—doors that can whisk people far away, if perilously and for a price. As the violence escalates, Nadia and Saeed decide that they no longer have a choice. Leaving their homeland and their old lives behind, they find a door and step through. . . . Exit West follows these remarkable characters as they emerge into an alien and uncertain future, struggling to hold on to each other, to their past, to the very sense of who they are. Profoundly intimate and powerfully inventive, it tells an unforgettable story of love, loyalty, and courage that is both completely of our time and for all time. Faye Schulman was an ordinary teenager when the Nazis invaded her small town on the Russian-Polish border. She had a large, loving family, good friends and neighbours, most

of whom were soon lost in the horrors of the Holocaust. But Faye survived, and the photographs she took testify to her experiences and the persecution she witnessed. Decorated for heroism, Schulman, now in her mid-seventies, tells an extraordinary story not just of survival but of struggle and resistance against oppression. In this amazing book Schulman talks about escaping from the Nazis, finding a partisan unit and proving her worth. She and her photographs speak eloquently about the experience of living and surviving for years in the woods, of learning to nurse the ill and wounded, and of taking up arms against those who brutally decimated her world.

From the bestselling author of *How to Get Filthy Rich in Rising Asia*, and *Exit West*, coming in March 2017, “a near-perfect essay collection, filled with insight, compassion, and intellect.” (NPR) Mohsin Hamid’s brilliant, moving, and extraordinarily clever novels have not only made him an international bestseller, they have earned him a reputation as a “master critic of the modern global condition” (*Foreign Policy*). His stories are at once timeless and of-the-moment, and his themes are universal: love, language, ambition, power, corruption, religion, family, identity. Here he explores this terrain from a different angle in essays that deftly counterpoise the personal and the political, and are shot through with the same passion, imagination, and breathtaking shifts of perspective that gives his fiction its unmistakable electric charge. A “water lily” who has called three countries on three continents his home—Pakistan, the birthplace to which he returned as a young father; the United States, where he spent his childhood and young adulthood; and Britain, where he married and became a citizen—Hamid writes about overlapping worlds with fluidity and penetrating insight. Whether he is discussing courtship rituals or pop culture, drones or the rhythms of daily life in an extended family

compound, he transports us beyond the scarifying headlines of an anxious West and a volatile East, beyond stereotype and assumption, and helps to bring a dazzling diverse global culture within emotional and intellectual reach.

A comprehensive and engaging history of a century of Polish immigration and influence in Chicago. Every May, a sea of 250,000 people decked out in red and white head to Chicago's Loop to celebrate the Polish Constitution Day Parade. In the city, you can tune in to not one but four different Polish-language radio stations or jam out to the Polkaholics. You can have lunch at pierogi food trucks or pick up p?czkis at the grocery store. And if you're lucky, you get to take off work for Casimir Pulaski Day. For more than a century, Chicago has been home to one of the largest Polish populations outside of Poland, and the group has had an enormous influence on the city's culture and politics. Yet, until now, there has not been a comprehensive history of the Chicago Polonia. With American Warsaw, award-winning historian and Polish American Dominic A. Pacyga chronicles more than a century of immigration, and later emigration back to Poland, showing how the community has continually redefined what it means to be Polish in Chicago. He takes us from the Civil War era until today, focusing on how three major waves of immigrants, refugees, and fortune seekers

shaped and then redefined the Polonia. Pacyga also traces the movement of Polish immigrants from the peasantry to the middle class and from urban working-class districts dominated by major industries to suburbia. He documents Polish Chicago's alignments and divisions: with other Chicago ethnic groups; with the Catholic Church; with unions, politicians, and city hall; and even among its own members. And he explores the ever-shifting sense of *Polsko??*, or "Polishness." Today Chicago is slowly being eclipsed by other Polish immigrant centers, but it remains a vibrant—and sometimes contentious—heart of the Polish American experience. *American Warsaw* is a sweeping story that expertly depicts a people who are deeply connected to their historical home and, at the same time, fiercely proud of their adopted city. As Pacyga writes, "While we were Americans, we also considered ourselves to be Poles. In that strange Chicago ethnic way, there was no real difference between the two."

Among the revolutions of the last century, none was more important or potentially more lasting than the one in the arts called "Modernism". Among the giants of that movement were writers who changed our conceptions of poetry and prose forever. Now, well into the new century, we can look back to admire and reflect on figures from that period. Last year saw biographies of two monumental poets of Modernism: Robert Crawford's first volume on T. S. Eliot, and David Moody's concluding third volume on the life of Ezra Pound. We are excited to announce the first full-length critical biography of the third member, too often overlooked, of that extraordinary group. The beautifully illustrated *David Jones: Engraver, Soldier, Painter, Poet* by Thomas Dilworth will stand for generations as the great biography this wonderful artist deserves. Jones (1895–1974) was a painter, a wood- and copper-engraver and maker of painted inscriptions, but it was

as a poet that he left his most lasting mark. Eliot called him "one of the most distinguished writers of my generation" and Dylan Thomas said he "would like to have done anything as good as David Jones has done." Auden praised his poem *In Parenthesis* as "the greatest book [ever] about the Great War", and *The Anathemata* as one of the "truly great poems in Western Literature." His work, the whole of it, enables him to stand alongside Eliot, Pound, and James Joyce as an incomparable figure in literary Modernism.

NATIONAL BOOK AWARD FINALIST "Transports readers into a world few Americans know" —Washington Post A timely new novel of stunning humanity and tension: a contemporary love story set on the Turkish border with Syria. Haris Abadi is a man in search of a cause. An Arab American with a conflicted past, he is now in Turkey, attempting to cross into Syria and join the fight against Bashar al-Assad's regime. But he is robbed before he can make it, and is taken in by Amir, a charismatic Syrian refugee and former revolutionary, and Amir's wife, Daphne, a sophisticated beauty haunted by grief. As it becomes clear that Daphne is also desperate to return to Syria, Haris's choices become ever more wrenching: Whose side is he really on? Is he a true radical or simply an idealist? And will he be able to bring meaning to a life of increasing frustration and helplessness? Told with compassion and a deft hand, *Dark at the Crossing* is an exploration of loss, of second chances, and of why we choose to believe--a trenchantly observed novel of raw urgency and power. suspicious, and possibly armed, American stranger. As dusk deepens to night, he begins the tale that has brought them to this fateful meeting. . . Changez is living an immigrant's dream of America. At the top of his class at Princeton, he is snapped up by Underwood Samson, an elite firm that specializes in the "valuation" of companies ripe for acquisition. He thrives on the energy of New York and the intensity of his work, and his infatuation with regal Erica promises entrée into Manhattan society at the same exalted level once occupied by his own family back in Lahore. For a time, it seems as though nothing will stand in the way of Changez's meteoric rise to personal and professional success. But in the wake of September 11, he finds his position in his adopted city suddenly overturned, and his budding relationship with Erica eclipsed by the reawakened ghosts of her past. And Changez's own identity is in seismic shift as well, unearthing allegiances more fundamental than money, power, and perhaps even love. Elegant and compelling, Mohsin Hamid's second novel is a devastating exploration of our divided and yet ultimately indivisible world. "Excuse me, sir, but may I be of assistance? Ah, I see I have alarmed you. Do not be frightened by my beard: I am a lover of America. I noticed that you were looking for something; more than looking, in fact you seemed to be on a mission, and since I am both a native of this city and a speaker of your language, I thought I might offer you my services as a bridge." —from *The Reluctant Fundamentalist*

The author of the National Book Award winner and Pulitzer Prize finalist *The Echo Maker*, Richard Powers "may well be one of the smartest novelists now writing" (LOS ANGELES TIMES BOOK REVIEW) Seventy-year-old avant-garde composer Peter Els opens the door one evening to find the police on his doorstep. His home DIY microbiology lab--the latest experiment in his lifelong attempt to extract music from

rich patterns beyond the ear's ability to hear--has come to the attention of Homeland Security. Panicked by the raid on his house, Els turns fugitive, waiting for the evidence to clear him and for the alarm surrounding his activities to blow over. His days in hiding provoke memories of a turbulent century of musical turf wars and cause Els to reflect on a life spent chasing after transcendent sounds to the bewilderment of an indifferent public. As the national hysteria for safety erupts again in the face of this latest threat, Els--the "Bioterrorist Bach"--feeling the noose around him tighten, embarks on a cross-country trip to visit the people in his past who have most shaped his failed musical journey. Through the help of these people--his ex-wife, his daughter and his long-time artistic collaborator-- Els comes up with a plan to turn this disastrous collision with the security state into one last, resonant artwork that might reach an audience beyond his wildest dreams. Inspired by Steve Kurtz, the bio-artist wrongly arrested for terrorism by the FBI, Orfeo probes the boundary between stifling safety and reckless, releasing danger. It explores the varieties of human hunger, in particular the desire to hear more and to make meaning where there is none. Finally, the book is a meditation on that most endangered and priceless of human resources: attention.

The debut novel from the internationally bestselling author of *Exit West* and *The Reluctant Fundamentalist*, both shortlisted for the Man Booker Prize *Moth Smoke*, Mohsin Hamid's deftly conceived first novel, immediately marked him as an uncommonly gifted and ambitious young literary talent to watch when it was published in 2000. It tells the story of Daru Shezad, who, fired from his banking job in Lahore, begins a decline that plummets the length of Hamid's sharply drawn, subversive tale. Fast-paced and unexpected, *Moth Smoke* was ahead of its time in portraying a contemporary Pakistan far more vivid and complex than the exoticized images of

South Asia then familiar to the West. It established Mohsin Hamid as an internationally important writer of substance and imagination and the premier Pakistani author of our time, a promise he has amply fulfilled with each successive book. This debut novel, meanwhile, remains as compelling and deeply relevant to the moment as when it appeared more than a decade ago.

When the body of a Russian embassy official turns up floating in Havana Bay, detective Arkady Renko is sent to Cuba to identify it, only to find himself caught up in a dangerous conspiracy that will do anything to seize control of Cuba.

With the same incisiveness as in *The*

Sympathizer, in *The Refugees* Viet Thanh Nguyen gives voice to the hopes and expectations of people making life-changing decisions to leave one country for another, and the rifts in identity, loyalties, romantic relationships, and family that accompany relocation. From a young Vietnamese refugee who suffers profound culture shock when he comes to live with two gay men in San Francisco, to a woman whose husband is suffering from dementia and starts to confuse her for a former lover, to a girl living in Ho Chi Minh City whose older half-sister comes back from America having seemingly accomplished everything she never will, the stories are a captivating testament to the dreams and hardships of migration. The second work of fiction by a major new voice in American letters, *The Refugees* is a beautifully written and sharply observed book about the aspirations of those who leave one country for another, and the relationships and desires for self-fulfillment that define our lives.

Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston's magisterial history of modern Spain. The culmination of a half-century of historical investigation, *A People Betrayed* is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world. Whereas so many twentieth-century Spanish histories begin with Franco and the devastating Civil War, Paul Preston's magisterial work begins in the late nineteenth century with Spain's collapse as a global power, especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory. This loss hung over Spain in the early years of the twentieth century, its agrarian economic base standing in stark contrast to the emergence of England, Germany, and France as industrial powers. Looking back to the years prior

to 1923, Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life, thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution. So ineffective was the Republic—which had been launched in 1873—that it paved the way for a military coup and dictatorship, led by Miguel Primo de Rivera in 1923, exacerbating widespread profiteering and fraud. When Rivera was forced to resign in 1930, his fall brought forth a succession of feeble governments, stoking rancorous tensions that culminated in the tragic Spanish Civil War. With astonishing detail, Preston describes the ravages that rent Spain in half between 1936 and 1939. Tracing the frightening rise of Francisco Franco, Preston recounts how Franco grew into Spain's most powerful military leader during the Civil War and how, after the war, he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain's working class. The dictatorship lasted through World War II—during which Spain sided with Mussolini and Hitler—and only ended decades later, in 1975, when Franco's death was followed by a painful yet bloodless transition to republican democracy. Yet, as Preston reveals, corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty-first century, as economic crises, Catalan independence struggles, and financial scandals persist in dividing the country. Filled with vivid portraits of politicians and army officers, revolutionaries and reformers, and written in the "absorbing" (Economist) style for which Preston is so revered, *A People Betrayed* is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present, providing a chilling reminder of just how fragile democracy

remains in the twenty-first century.

The humorous yet poignant novel of West Indian migrant life in London that adds an iconic voice to the growing Caribbean canon A Penguin Classic Set in London in the 1960's, when the UK encouraged its Commonwealth citizens to emigrate as a result of the post-war labor shortage, *The Housing Lark* explores the Caribbean migrant experience in the "Mother Country" by following a group of friends as they attempt to buy a home together. Despite encountering a racist and predatory rental market, the friends scheme, often comically, to find a literal and figurative place of their own. Will these motley folks, male and female, Black and Indian, from Trinidad and Jamaica, dreamers, hustlers, and artists, be able to achieve this milestone of upward mobility? Unique and wonderful, comic and serious, cynical and tenderhearted, *The Housing Lark* poses the question of whether their "lark," or quixotic idea of finding a home, can ever become a reality. Kittitian-British novelist and playwright Caryl Phillips contributes a foreword, while postcolonial literature scholar Dohra Ahmad provides a contextual introduction.

A brilliant, unforgettable novel from bestselling author Ruth Ozeki, author of *The Book of Form and Emptiness* Finalist for the Booker Prize and the National Book Critics Circle Award "A time being is someone who lives in time, and that means you, and me, and every one of us who is, or was, or ever will be." In Tokyo, sixteen-year-old Nao has decided there's only one escape from her aching loneliness and her classmates' bullying. But before she ends it all, Nao first plans to document the life of her great grandmother, a Buddhist nun who's lived more than a century. devastating 2011 tsunami. As the mystery of its contents unfolds, Ruth is pulled into the past, into Nao's drama and her unknown fate, and forward into her own future. Full of Ozeki's signature humor and deeply engaged with the relationship between writer and reader, past and present, fact and fiction, quantum physics, history, and myth, *A Tale for the Time Being* is a brilliantly inventive, beguiling story of our shared humanity and the search for home.

The story of the American West is that of a journey. It is the story of a movement, of a geographical and human transition, of the delineation of a route that would soon become a rooted myth. The story of the American West has similarly journeyed across boundaries, in a two-way movement, sometimes feeding the idea of that myth, sometimes challenging it. This collection of essays relates to the notion of the traveling essence of the myth of the American West from different geographical and disciplinary standpoints. The volume originates in Europe, in Spain, where the myth traveled, was received, assimilated, and re-presented. It intends to travel back to the West, in a two-way cross-cultural journey, which will hopefully contribute to the delineation of the New—always self-renewing—American West. It includes the work of authors of both sides of the Atlantic ocean who propose a cross-cultural, transdisciplinary dialogue upon the idea, the geography and the representation of the American West. There was time when my country was the country of fairy tales, a country where every child would want to grow and play. This is the story of the author's physical and emotional journey from her war-torn homeland, Somalia. Some time after the military coup in 1969 Shirin left Mogadishu and moved to Italy to make a new life and home for herself and her family. Since then she has crossed continents and lived in several cities, facing the challenge of integrating with many different kind of society before settling in England in 2010.

Available in English for the first time, *The Silence and the Roar* is a funny, sexy, dystopian novel about the struggle of an individual over tyranny. *The Silence and the Roar* follows a day in the life of Fathi Sheen, an author banned from publishing because he refuses to write propaganda for the ruling government. The entire populace has mobilized to celebrate the twenty-year anniversary of the reigning despot in this unnamed Middle eastern country. The heat is oppressive and loudspeakers blare as an endless parade takes over the streets. Desperate to get away from the noise and the zombie-like masses, Fathi leaves his house to visit his mother and his girlfriend, but en route stops to help a student who is being beaten by the police. Fathi's ID papers are confiscated and he is told to report to the police station before night falls. When Fathi turns himself in, he is led from one department to another in an ever-widening bureaucratic labyrinth. His only weapon against the irrationality of the government employees is his sense of irony. Tinged with a Kafkaesque sense of the absurd, *The Silence and the Roar* explores what it means to be truly free in mind and body.

impoverished rural boy to corporate tycoon, it steals its shape from the business self-help books devoured by ambitious youths all over “rising Asia.” It follows its nameless hero to the sprawling metropolis where he begins to amass an empire built on that most fluid, and increasingly scarce, of goods: water. Yet his heart remains set on something else, on the pretty girl whose star rises along with his, their paths crossing and recrossing, a lifelong affair sparked and snuffed and sparked again by the forces that careen their fates along. *How to Get Filthy Rich in Rising Asia* is a striking slice of contemporary life at a time of crushing upheaval. Romantic without being sentimental, political without being didactic, and spiritual without being religious, it brings an unflinching gaze to the violence and hope it depicts. And it creates two unforgettable characters who find moments of transcendent intimacy in the midst of shattering change.

Warm, witty, and unsettling all at once, here is an unforgettable story of a family desperate for something to believe in. Benedict is an inventor whose life's work is a clean energy machine. It has just made him an overnight sensation and his family is suddenly wealthy. Benedict's wife, Karen, and his teenage daughters, Charlotte and Poppy, are proud of him. But there are problems Benedict is too busy to see: Karen is deeply unhappy in the marriage and contemplating an affair, Charlotte, who is dealing with a chronic illness, is growing more and more distant, and Poppy is cracking under the pressures of her social circle. And there's another problem. Benedict holds a rather terrible secret about his clean energy machine. Then, on Halloween night, an accident threatens to make everything far worse for the family. The accident kicks off a series of hauntings in their beautiful, historic home in affluent Belgravia, and the ghosts make it clear that they want something from them. Karen has to save her daughters — and herself. Meanwhile, Benedict is

consumed by the knowledge that he has to achieve the impossible by Christmas. As time ticks ever closer to the revelation of his secret, he spirals further into despair . . . The Spirits Up is the story of a family haunted by the charmlessness of middle age and the cruelties of modern teenage life. Part social satire and part contemporary ghost story (with a hint of Dickens's A Christmas Carol), it is an exploration of a timeless question: what happens when there's nothing to believe?

To be a writer, Amitava Kumar says, is to be an observer. The twenty-six essays in *Lunch with a Bigot* are Kumar's observations of the world put into words. A mix of memoir, reportage, and criticism, the essays include encounters with writers Salman Rushdie and Arundhati Roy, discussions on the craft of writing, and a portrait of the struggles of a Bollywood actor. The title essay is Kumar's account of his visit to a member of an ultra-right Hindu organization who put him on a hit-list. In these and other essays, Kumar tells a broader story of immigration, change, and a shift to a more globalized existence, all the while demonstrating how he practices being a writer in the world.

“Karla’s book sheds light on people’s personal experiences and allows their stories to be told and their voices to be heard.”—Selena Gomez FINALIST FOR THE NBCC JOHN LEONARD AWARD • NAMED A BEST BOOK OF THE YEAR BY THE LOS ANGELES TIMES, THE NEW YORK TIMES BOOK REVIEW, NPR, THE NEW YORK PUBLIC LIBRARY, BOOK RIOT, LIBRARY JOURNAL, AND TIME

Writer Karla Cornejo Villavicencio was on DACA when she decided to write about being undocumented for the first time using her own name. It was right after the election of 2016, the day she realized the story she’d tried to steer clear of was the only one she wanted to tell. So she wrote her immigration lawyer’s phone number on her hand in Sharpie and embarked on a trip across the country to tell the stories of her fellow undocumented immigrants—and to find the hidden key to her own. Looking beyond the flashpoints of the border or the activism of the DREAMers, Cornejo Villavicencio explores the lives of the undocumented—and the mysteries of her own life. She finds the singular, effervescent characters across the nation often reduced in the media to political pawns or nameless laborers. The stories she tells are not deferential or naively inspirational but show the love, magic, heartbreak, insanity, and vulgarity that infuse the day-to-day lives of her subjects. In New York, we meet the undocumented workers who were recruited into the federally funded Ground Zero cleanup after 9/11. In Miami, we enter the ubiquitous botanicas, which offer medicinal herbs and potions to those whose status blocks them from any other healthcare options. In Flint, Michigan, we learn of demands for state ID in order to receive life-saving clean water. In Connecticut, Cornejo Villavicencio, childless by choice, finds family in two teenage girls whose father is in sanctuary. A memoir of motorcycles and muscles, of obsession and grief, and of a young man who learned how to stay alive through literature. At just forty-seven years old, William Giraldi's father was killed in a horrific motorcycle crash while racing on a country road. This tragedy, which forever altered the young Giraldi and devastated his family, provides the pulse for *The Hero's Body*. In the tradition of Andre Dubus III's *Townie*, this is a deep-seeing investigation into two generations of men from the working-class town of Manville, New Jersey, including Giraldi's own forays into obsessive bodybuilding as a teenager desperate to be worthy of his family's pitiless, exacting codes of manhood. Lauded by *The New Yorker* for his "unrelenting, perfectly paced prose," Giraldi writes here with daring, searing honesty about the fragility and might of the American male. An unflinching memoir of luminous sorrow, a son's tale of a lost father and the ancient family strictures of extreme masculinity, *The Hero's Body* is a work of lasting beauty by one of our most fearless writers.

"Olivarez steps into the 'inbetween' standing between Mexico and America in these compelling, emotional poems. Written with humor and sincerity" (Newsweek). Named a Best Book of the Year by Newsweek and NPR. In this "devastating debut" (Publishers Weekly), poet José Olivarez explores the stories, contradictions, joys, and sorrows that embody life in the spaces between Mexico and America. He paints vivid portraits of good kids, bad kids, families clinging to hope, life after the steel mills, gentrifying barrios, and everything in between. Drawing on the rich traditions of Latinx and Chicago writers like Sandra Cisneros and Gwendolyn Brooks, Olivarez creates a home out of life in the in-between. Combining wry humor with potent emotional force, Olivarez takes on complex issues of race, ethnicity, gender, class, and

immigration using an everyday language that invites the reader in, with a unique voice that makes him a poet to watch. "The son of Mexican immigrants, Olivarez celebrates his Mexican-American identity and examines how those two sides conflict in a striking collection of poems." —USA Today

Helen Stockton DeFoe's world disintegrates after her mother is gunned down on the streets of Richmond. The more intently she begins to observe her remote, detached father, the more she learns about her place within the rarefied world she inhabits. Just when it appears she is at last becoming closer to him, it all falls apart as he coldly undermines her abiding passions, causing her to question the identity she's created. Her rebellion leads her to Europe on a disturbing path dominated by chance and evolving self-realisation. A hugely impressive, beautifully written debut novel narrated by an increasingly obsessive teenager as she embarks on a physical and psychological journey towards maturity.

A remarkable literary debut--shortlisted for the Man Booker Prize! The unflinching and powerful story of a young girl's journey out of Zimbabwe and to America. Darling is only ten years old, and yet she must navigate a fragile and violent world. In Zimbabwe, Darling and her friends steal guavas, try to get the baby out of young Chipo's belly, and grasp at memories of Before. NoViolet Bulawayo's debut calls to mind the great storytellers of displacement and arrival who have come before her--from Junot Diaz to Zadie Smith to J.M. Coetzee--while she tells a vivid, raw story all her own.

An extraordinary story of love and hope from the bestselling, Man Booker-shortlisted author of *The Reluctant Fundamentalist*. This is Nadia. She is fiercely independent with an excellent sense of humour and a love of smoking alone on her balcony late at night. This is Saeed. He is sweet and shy and kind to strangers. He also has a balcony but he uses his for stargazing. This is their story: a love story, but also a story about how we live now and how we might live tomorrow. Saeed and Nadia are falling in love, and their city is falling apart. Here is a world in crisis and two human beings travelling through it. *Exit West* is a heartfelt and radical act of hope—a novel to restore your faith in humanity and in the power of imagination.

A novel of exhilarating range, magical realism, and history—a dazzling retelling of Liberia's formation Wayétú Moore's powerful debut novel, *She Would Be King*, reimagines the dramatic story of Liberia's early years through three unforgettable characters who share an uncommon bond. Gbessa, exiled from the West African village of Lai, is starved, bitten by a viper, and left for dead, but still she survives. June Dey, raised on a plantation in Virginia, hides his unusual strength until a confrontation with the overseer forces him to flee. Norman Aragon, the child of a white British colonizer and a Maroon slave from Jamaica, can fade from sight when the earth calls him. When the three meet in the settlement of Monrovia, their gifts help them salvage the tense relationship between the African American settlers and the indigenous tribes, as a new nation forms around them. Moore's intermingling of history and magical realism finds voice not just in these three characters but also in the fleeting spirit of the wind, who embodies an ancient wisdom. "If she was not a woman," the wind says of Gbessa, "she would be king." In this vibrant story of the African diaspora, Moore, a talented storyteller and a daring writer, illuminates with radiant

and exacting prose the tumultuous roots of a country inextricably bound to the United States. *She Would Be King* is a novel of profound depth set against a vast canvas and a transcendent debut from a major new author.

"Exit West" is a riveting narrative about the challenges millennials face in their search for meaningful and durable relationships. When Phil Baxter loses his job in rural Vermont due to a reduction in force policy it shattered the safety of his predictable universe. Facing a rudderless sea of uncertainty, he's given an opportunity for summer employment working in the pristine mountains of the Big Horn National Forest in northern Wyoming. Straightaway, he encounters stiff opposition from his best friend, who instead urges him to pursue real estate sales in his home town. Likewise, his girlfriend would rather he stay put, safe and secure by her side. However, Baxter rejects their advice and decides to take his chances and venture into an unforeseeable future.

Baxter's new job is tough and he strives to pull his weight. Nevertheless, he fails to impress Luther Spotted Owl, a Native American who holds a deep-seated contempt for the white man. Although, when circumstances demand it, Baxter's actions turn his coworker's attitude towards him in a positive direction. Another central figure is octogenarian Irwin Tuttle. The campground host befriends Baxter who becomes a frequent visitor to his campsite, and when a calamity threatens Mrs. Tuttle he's there to help. Finally, he meets an attractive and scrappy Teton Park naturalist, Samantha Cole. "Sam" invites Baxter to experience the wonders of the National Park and in the process captures his heart. *Exit West* first and foremost is delightfully entertaining, timely compelling and graphic; a fast-paced engrossing narrative with believable characters will care about.
