In the first volume of the To Shine with Honor trilogy, Galien de Coudre, scholarly third son in a family of minor nobility, comes of age in the perilous world of late 11th century France, where powerful noblemen massacre the other and innocents in unending petty warfare over lands and silver, despite the efforts of the Church to control their violence. Galien, educated for the priesthood, trained at arms and horse by his father and older brothers, all knights, finds his once-certain future as a high Church official compromised by family misfortunes. Through a series of oft-wrenching events, he discovers his own destiny as events in France and the distant Holy Land draw inexorably toward the great war of faiths known in history as the First Crusade.

Introduces the world of Roshar through the experiences of a war-weary royal compelled by visions, a highborn youth condemned to military slavery, and a woman who is desperate to save her impoverished house.

Criminal defense lawyer Cash McCahill pleads for his life before a jury of one: La Tigra, the lethal leader of a drug cartel. To avoid ending up as an appetizer for her pet tiger, he promises to defend the case of her choice and win it. When La Tigra calls in the chit, Cash has no way out of cartel hell, except death. Lose at trial, and he will pay with his life. Win, and he becomes the go-to mouthpiece for merchants of death—surviving only as long as he keeps winning. A rival cartel moves into Texas and gives Cash a choice: work for the new killers on the block or die at La Tigra's side. Bombings on both sides of the border put Cash in the crosshairs of two gangs and two governments. As if there is a difference. To escape the clutches of the cops and the cartels, Cash must broker a ceasefire, but peace and his deliverance will come with a heavy price.

A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. “Stirring . . . [a] blueprint for all those who believe . . . that ‘the world . . . should be full of people raising their voices.’”—The New York Times “Revealing, with the gripping intrigue of a Grisham thriller.” —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don't See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. *What the Eyes Don't See* is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for *What the Eyes Don't See* “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.”—Erin Brockovich “A clarion call to live a life of purpose.”—The Washington Post “Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.”—The New York Times Book Review “Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . ‘Flint will not be defined by this crisis,’ vows Ms. Hanna-Attisha.”—The Economist “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case.”—Rachel Maddow

A tragic family history told in a collection of imaginary letters to a famed collector, *Moise de Camondo Letters to Camondo* is a collection of imaginary letters from Edmund de Waal to Moise de Camondo, the banker and art collector who created a spectacular house in Paris, now the Musée Nissim de Camondo, and filled it with the greatest private collection of French eighteenth-century art. The Camondos were a Jewish family from Constantinople, "the Rothschilds of the East," who made their home in Paris in the 1870s and became philanthropists, art collectors, and fixtures of Belle Époque high society, as well as being targets of antisemitism—much like de Waal's relations, the Ephrussi family, to whom they were connected. Moise de Camondo created a spectacular house and filled it with art for his son, Nissim; after Nissim was killed in the First World War, the house was bequeathed to the French state. Eventually, the Camondos were murdered by the Nazis. After de Waal, one of the world's greatest ceramic artists, was invited to make an exhibition in the Camondo house, he began to write letters to Moise de Camondo. These fifty letters are deeply personal reflections on assimilation, melancholy, family, art, the vicissitudes of history, and the value of memory.

Often comical and frequently cynical, Diane's stories describe her experiences from basic training through duty in one of the most deadly war zones in South Vietnam. Brandon O'Brien and Randy Richards shed light on the ways that Western readers often misunderstand the cultural dynamics of the Bible. Identifying nine areas where commonplaces of modern Western thought diverge with the text, the authors ask us to reconsider long-held opinions about our most beloved book.

Open your pure eyes. whatever things are true, whatever things are noble, whatever things are just, whatever things are pure, whatever things are lovely, whatever things are of good report, if there is any virtue and if there is anything praiseworthy—meditate on these things (Philippians 4:8). After struggling with sexual temptation for years, author Jonathan Welton devoted himself to finding a way to be completely free from sexual sin. He read books, attended 12-step groups, and participated in counseling—with no success. Spurred on by countless friends and acquaintances who shared a similar broken struggle and longed for freedom, the author searched Scripture—there he found the answer and shares it with you in a compassionate, nonjudgmental way. Eyes of Honor helps you understand how to live a life of purity by realizing: Your personal identity. How to view the opposite sex correctly. Recognizing your enemies. Eyes of Honor is honest and refreshing, offering hope and complete

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade. Told through the eyes of current and former Navy SEALs, EYES ON TARGET is an inside account of some of the most harrowing missions in American history-including the mission to kill Osama bin Laden and the mission that wasn't, the deadly attack on the US diplomatic outpost in Benghazi where a retired SEAL sniper with a small team held off one hundred terrorists while his repeated radio calls for help went unheeded. The book contains incredible accounts of major SEAL operations-from the violent birth of SEAL Team Six and the aborted Operation Eagle Claw meant to save the hostages in Iran, to key missions in Iraq and Afganistan where the SEALs suffered their worst losses in their fifty year history-and every chapter illustrates why this elite military special operations unit remains the most feared anti-terrorist force in the world. We hear reports on the record from retired SEAL officers including Lt. Cmdr. Richard Marcinko, the founder of SEAL Team Six, and a former Commander at SEAL team Six, Ryan Zinke, and we come away understanding the deep commitment of these military men who put themselves in danger to protect our country and save American lives. In the face of insurmountable odds and the imminent threat of death, they give all to protect those who cannot protect themselves. No matter the situation, on duty or at ease, SEALs never, ever give up. One powerful chapter in the book tells the story of how one Medal of Honor winner saved another, the only time this has been done in US military history. EYES ON TARGET includes these special features: A detailed timeline of events during the Benghazi attack Sample rescue scenarios from a military expert who believes that help could have reached the Benghazi compound in time The US House Republican Conference Interim Progress Report on the events surrounding the September 11, 2012 Terrorist Attacks in Benghazi Through their many interviews and unique access, Scott McEwen and Richard Miniter pull back the veil that has so often concealed the heroism of these patriots. They live by a stringent and demanding code of their own creation, keeping them ready to ignore politics, bureaucracy and-if necessary-direct orders. They share a unique combination of character, intelligence, courage, love of country and what can only be called true grit. They are the Navy SEALs, and they keep their Eyes on Target.

An Honorific Gospel: Biblically Faithful & Culturally Relevant Christians engaged in communicating the gospel navigate a challenging tension: faithfulness to God's ancient, revealed Word-and relevance to the local, current social context. What if there was a lens or paradigm offering both? Understanding the Bible-particularly the gospel-through the ancient cultural "language" of honor-shame offers believers this double blessing. In Honor, Shame, and the Gospel, over a dozen practitioners and scholars from diverse contexts and fields add to the ongoing conversation around the theological and missiological implications of an honorific gospel. Eight illuminating case studies explore ways to make disciples in a diversity of social contexts-for example, East Asian rural, Middle Eastern refugee, African tribal, and Western secular urban. Honor, Shame, and the Gospel provides valuable resources to impact the ministry efforts of the church, locally and globally. Linked with its ancient honor-shame cultural roots, the gospel, paradoxically, is ever new-offering fresh wisdom to Christian leaders and optimism to the church for our quest to expand Christ's kingdom and serve the worldwide mission of God.

There was a time. A time long before the Troll-Wars and the days of Noah. A time long forgotten and lost to recorded history, where kings, men, Elves, Dwarves and El'dwars ruled in harmony in their separate nation-states. And there were Wizards who used their mystical powers to serve the inhabitants of the realm, building the peace, projecting and overseeing all that was good within the lands of these allied nations. It was a good time. Oh, that's not to say there weren't a few minor incidents amongst the usual unsavory types. But isn't that always the case in any normal society? Or is it? To the North lay the lands of Norsada where all was not good. Norsada was home to the Muzoule, despicable creatures who had a growing hatred for the inhabitants of the Realm. Their loathing for all that was good became a religion to them, and they rallied the defeated Trolls and Gnomes to war against the believers of the Lord of Creation. Since their defeat and loss of territories at the end of the Troll-Wars, their evil was ever growing. It was a vile festering malevolent influence that slowly began sweeping its way South to the Realm, insidiously infecting the weak of mind, the faint of heart and those who lust for power. The source of this evil emanated from the glowing Eye. The Eye of Illumination that sat in place of the capstone upon a pyramid in the midst of Northern most area of the Muzoule territories. The

glowing eye was a source connection to a greater evil sealed within the portal of the Second Heaven. It was a dimensional prison reserved for the devil, the so called Shinning-One, along with his fallen angles. For them, there was no way out. No way to rule. No way to control and torture, until the Sword of Leahanna. The Sword by itself was a killing machine, created by the Elfin Warrior Leahanna. The Sword as created was not controllable. However in the past, it was a most effective tool paramount to winning the Troll-Wars. But, it was indiscriminate of who it killed when held high as it took control of its wielder. The Elfin Queen Leahanna employed the Sword in battle; and in doing so, it unintentionally and without discretion murdered her late husband K'Thilladorn. From that point on, Queen Leahanna could not bear to look upon the murderous weapon. To bring the Sword under control, the Elfin Priestess Lynthena nurtured from a small speck a Pearl within the crystalline waters of I'Thilliander. When inserted within the pommel of the Sword, it brought this killing machine under usable control and was tested in battle by Commander K'Leander. It worked. Still, the Queen could not tolerate its presence within the Elfin forest of I'Thillianne. She ordered that both the Pearl and the Sword be separated and hidden in separate locations, never to be used again. However, there was another unexpected component to the Pearl and Sword's functionality. When reunited, the Pearl with the Sword became a Key. As prophesied by the dying King K'Thilladorn, beware during the time of a full Blood-Moon. If the blade of this Sword, now the key were to be inserted into the slot of the fractured lock at the top of the Evil-One's Ziggurat, hell would break loose. An open floodgate to evil would be unleashed. The porthole to another dimension, the second heaven reserved for the devil and his angles would be free to come crawling out to infect all living things. Evil would once again rein supreme over the land. Torture and agony would be the rule-of-day. The Illuminated One will have won. This is the story of how good God fearing men, women and the inhabitants of their era prevailed and overcame corruption and wickedness. It is a story of impaling evil and keeping it from ever becoming the worst disaster in unrecorded history. The Wizards of the High Tower would see to it!

I was a Sixty-Eight Whiskey—a combat medic. So when I hear someone shout "MEDIC!" training just kicks in. It's automatic, immediate. I don't think I even saw the guy whose leg I tended to, not really. All I saw was him. Zane Badd. His tuxedo fit him like he'd been sewn into it, and his eyes reflected the fury and the hardness of a combat veteran, but when he looked at me, he just...softened. By the time I had his brother patched, Zane and I were both covered in blood, and I knew I had to have him. The trouble with Zane isn't getting him, it's keeping him. And the trouble with me is, even if I could hold onto a man like Zane, I wouldn't know what to do with him. It's not in my nature, and if life has taught me anything, it's to not trust anyone, least of all men like Zane. He's a warrior through and through, hard, muscular, gorgeous, tenacious, and yet oddly tender toward me. Experience and instincts are telling me to run from Zane Badd as fast

as possible, but my heart and my body are telling me to stay, to hold on and not let go. Yeah, it's a conflict as old as humanity itself, but it's brand new for me. \* \* \* Life as Navy SEAL doesn't exactly prepare you for normality. Yeah, I can tend bar and goof off with my seven crazy brothers, but what do I do when the woman of my dreams—dreams I didn't know I'd had until I saw her—explodes into my life like a frag grenade? I'm trained to attack, to win, to survive at any costs, and figuring out what to do about a woman like Amarantha Quinn will take every scrap of tenacity and courage I possess. Combat is easy, it turns out, in comparison to facing your own fears and scars. And then sometimes, just when you think you've got it finally figured out, fate throws you a screwball and sends everything FUBAR.

One of the great joys of the academic life is to pay homage in a Festschrift to a scholar who has influenced both colleagues and students over years of interaction and friendship both professional and personal. This volume honors a scholar and theologian of historical theology, a theorist and a practitioner of religion and the arts, and a keen analyst of cultural trends both ancient and modern. . . . [Margaret R.] Miles's prodigious production as a scholar has legendary qualities. Her dozen-plus books alone explore history, patristics, ancient philosophy, art and art history, spiritual formation and religious practice, critical theory, film, ethics and values, personal growth, gender and women's studies, as well as her true academic loves, Augustine and Plotinus. . . . The breadth and depth of her own work and her influence upon others demands an expansive volume, which the editors of this Festschrift unfortunately had to restrict to four categories--Historical Theology, Religion and Culture, Religion and Gender, and Religion and the Visual Arts--in order to capture the heart of our appreciation for her. --from the Introduction

Just as Moses and the Israelites found themselves caught between "the devil and the deep Red Sea," so are we sometimes overwhelmed by life's problems. The Red Sea Rules reveals that even in the midst of seemingly impossible situations God promises to make a way for us. His loving guidance will protect us through danger, illness, marital strife, financial problems, or whatever challenges Satan places in our path. Using the Israelites' story in Exodus 14 as an example, Robert Morgan offers ten sound strategies for moving from fear to faith. Life is hard, especially for Christians. It is certain that we will face difficulties, and that God will allow them, as He allowed the Israelites to become trapped between Pharaoh's rushing armies and the uncrossable Red Sea. But just as certain is the fact that the same God who led us in will lead us out. As The Red Sea Rules makes comfortingly clear, He is in control.

The church is a contextualized reality, and if it is to flourish, its leaders must be raised up to serve their own communities. Yet our very techniques for teaching and learning are culturally defined. If the church is to be effective in developing the leaders it needs, our approach to training must be informed by its local context. In this immensely practical text, Joseph Nehemiah combines sound pedagogical research with rich cultural insight to provide a framework for training leaders in an Arab context.

Examining principles of adult education in light of Arab cultural dynamics, Nehemiah offers a paradigm for experiential learning that is biblically rooted and contextually appropriate. Informed by the experience of professors in the Arab Gulf, along with extensive interviews from local church leaders, Leadership Training in the Hands of the Church seeks to place the development, teaching, and training of leaders into the hands of the local church.

Addressing issues such as gender identity, abortion, technology, and poverty, Dr. Myers challenges readers to ask: How can an authentic Christian worldview provide a compassionate, effective witness in culture today? Dr. Myers first shows readers what they can learn from Christian history—and why today's issues might not be as new as they seem. Then he takes them through the significant topics that affect them every day, offering biblical ideas for conversing with others in an increasingly hostile culture. This capstone book to a groundbreaking worldview trilogy equips readers to apply a bold Christian witness to their relationships with loved ones, neighbors, and colleagues. In *The Mind's Eye*, Oliver Sacks tells the stories of people who are able to navigate the world and communicate with others despite losing what many of us consider indispensable senses and abilities: the power of speech, the capacity to recognize faces, the sense of three-dimensional space, the ability to read, the sense of sight. For all of these people, the challenge is to adapt to a radically new way of being in the world. There is Lilian, a concert pianist who becomes unable to read music and is eventually unable even to recognize everyday objects, and Sue, a neurobiologist who has never seen in three dimensions, until she suddenly acquires stereoscopic vision in her fifties. There is Pat, who reinvents herself as a loving grandmother and active member of her community, despite the fact that she has aphasia and cannot utter a sentence, and Howard, a prolific novelist who must find a way to continue his life as a writer even after a stroke destroys his ability to read. And there is Dr. Sacks himself, who tells the story of his own eye cancer and the bizarre and disconcerting effects of losing vision to one side. Sacks explores some very strange paradoxes—people who can see perfectly well but cannot recognize their own children, and blind people who become hyper-visual or who navigate by “tongue vision.” He also considers more fundamental questions: How do we see? How do we think? How important is internal imagery—or vision, for that matter? Why is it that, although writing is only five thousand years old, humans have a universal, seemingly innate, potential for reading? *The Mind's Eye* is a testament to the complexity of vision and the brain and to the power of creativity and adaptation. And it provides a whole new perspective on the power of language and communication, as we try to imagine what it is to see with another person's eyes, or another person's mind.

Tal tries to steal a sunstone, but during his act of thievery is thrown off the Castle of Seven Towers by a powerful Spiritshadow Keeper. He falls down to the iceworld below, where he is captured by Icecarls. To save his life, he must team up with Milla - a Shield-Maiden in training - and offer his aid to the nomads.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

According to Jackson W., some traditional East Asian cultural values are closer to those of the first-century biblical world than common Western cultural values. In this work Jackson demonstrates how paying attention to East Asian culture provides a helpful lens for interpreting Paul's most complex letter, and we see how honor and shame shape so much of Paul's message and mission.
