You Have to Face it to Fix it Sermons on the Challenges of Life

"Mirror, Mirror on the wall. Are you any good at all?" What good is looking into a mirror if the only thing reflected there is a mere façade of who you really are? We are often told to embrace our "true" self. We go through life attempting to "keep it real" when sometimes "real" is a fleeting mirage of the person we think people want to see. Why are you hiding and who are you hiding from? Here's the reality: Somewhere down the line we have allowed broken promises, shattered dreams, unrealistic expectations and compromised failures to alter the person we thought we once were. We have neglected to rid ourselves of the contamination left behind from the mistreatment of others throughout our lives. Instead, we live in a continual cycle of repressed disappointment, guilt and even anger at ourselves and others for our current state of being. That cycle is over. Get ready to face the Mirror of Truth and rid yourself of the contamination that has attempted to destroy your mental and emotional well-being.

"Face It & Fix It is the shot in the arm that every owner of a struggling business needs." -T. Harv Eker, #1 NYT & International Bestselling author of the book Secrets of the Millionaire Mind Half of all new businesses in the US and UK fail within five years. They fail for various reasons, but the main issue is that business owners either don't face up to their problems at all or when they do, it's too late. Running away from problems is a race that struggling businesses never win. According to leading business growth expert and coach Mac Attram, it is always best to face problems when you are at your strongest and when your problems are at their weakest. That's where Face It & Fix It comes in. Face It & Fix It is a must-read book for owners of struggling small businesses; those who don't have a moment to lose before disaster strikes and their business is lost. Mac made many mistakes when he first started in business, as many entrepreneurs do. Things changed when he took his head out of the sand, faced up to reality and, in a systematic, ingenious and determined way, set about fixing the problems. Face It & Fix It is a hard-hitting and easy-to-understand handbook that explains how any small business can be transformed into a success. Readers will learn: Why struggling small business owners need to finally face reality and the problems that must be solved. The 43 problems that research shows are guaranteed to lead to business failure if left unresolved. These all fit into one of the following categories: personal behavior, internal processes, external factors, or financial challenges. Seven inspiring, real-life business turnaround stories. The Fix-It Formula that Mac used to save his own business and that he now uses with his own clients as a turnaround consultant."

'The ultimate guide on how to stay healthy as a man, both physically and mentally' JASON FOX, EX-SPECIAL FORCES AND BESTSELLING AUTHOR Being a man is bad for your health. Not only do men have a greater chance of getting almost every illness but they die sooner too: one in five men die before the age of 65. So why do so many men still accept poor health as a consequence of 'just getting older'? In MAN ALIVE, Dr Jeff Foster, men's health specialist and private GP, examines the most commonly misunderstood aspects of men's health, such as testosterone deficiency and 'male menopause', heart disease, diabetes and mental health. He also looks at conditions related to male anatomy and physiology, including erectile dysfunction and prostate disease, with advice on what symptoms and signs to look for, how to self-examine, and when to consider seeing a doctor. Dr Foster covers problems to do with lifestyle too, including obesity, poor sleep, bad nutrition, and lack of exercise, and he examines the evidence for specific health claims - busting plenty of myths along the way. 'An immensely useful and practical guide, answering the questions that every man has about their day-to-day health' IAN MARBER 'Many men avoid going to the doctor as they fear their concerns are either embarrassing or they will not be taken seriously. This book will empower men with the right information to change this' DR LOUISE NEWSON

Orphaned as a child, terrorized by her abusive brother, and haunted by memories, Leia feels exposed, powerless, and vulnerable. When her tormented mind can stand it no longer, she escapes to the zoo, where she finds shelter and seeks refuge. The zoo is a sanctuary: a protective space for families, and a safe place for the traumatized to forget. But can she ever feel safe? Can she ever forget? Once again, Rune Michaels brings us a harrowing psychological drama that raises questions about the very nature of humanity. This chilling tale will challenge our preconceptions of family, memory, and self, leaving readers wondering, are we the pinnacle of evolution—or are we just animals on display?

This comprehensive, easy-to-follow resource is a must-read for anyone with recent-onset or persistent facial paralysis due to injury of the seventh cranial nerve. One conversation is all it takes to break a world wide open. Seventeen-year-old Macy Lyons has been through something no one should ever have to experience. And she's dealt with it entirely alone. On the outside, she's got it pretty good. Her family's well-off, she's dating the cute boy next door, she has plenty of friends, and although she long ago wrote her mother off as a superficial gym rat, she's thankful to have allies in her loving, laid-back dad and her younger brother. But a conversation with a boy at a party one night shakes Macy out of the carefully maintained complacency that has defined her life so far. The boy is Sebastian Ruiz, a recovering addict who recognizes that Macy is hardened by dark secrets. And as Macy falls for Sebastian, she realizes that, while revealing her secret could ruin her seemingly perfect family, keeping silent might just destroy her. The Fix follows two good-hearted teenagers coming to terms with the cards they were dealt. It's also about the fixes we rely on to cope with our most shameful secrets and the hope and fear that come with meeting someone who challenges us to come clean. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter

books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Don't buy another overpriced cream. Hold off on that invasive procedure. Stop avoiding the reflection in the mirror. Get your Age Fix. Here's what the experts know but aren't telling you—until now:— The drugstore brand can be just as effective—or better—than the expensive cream at your dermatologist's office— Surgery usually isn't the best solution— Natural, DIY creams can actually get results, using ingredients that cost pennies — Diet can be your best defense against redness, acne, fine lines, and wrinkles. Dr. Anthony Youn is the rare plastic surgeon who does everything he can to keep his patients out of the operating room. He's spent the past sixteen years researching the secrets of plastic surgeons, dermatologists, makeup artists, and dietitians, and he knows what works, what doesn't, and what's overpriced. Now he's compiled solutions to every cosmetic aging problem in this definitive anti-aging bible. Whether you want to stay as natural as possible or you're interested to know which creams and medical procedures actually work (and are worth the price tag), THE AGE FIX has your fix to look younger and more radiant. Dr. Youn's customizable Age Fix routine will help you improve skin health, whatever your age or concerns, and his diet-based Age Fix prescription will rejuvenate your skin and overall health from the inside out. Did you know that the foods you choose every day can contribute to fine lines and wrinkles and the likelihood of your getting a sunburn? Dr. Youn explains why you should shun soda but reach for that glass of red wine. You'll also discover which fruit can help you look younger and prevent sun damage and which supplements are proven to reduce fine lines. From your face, to your neck, your hands, your eyes, and your body, THE AGE FIX has you covered with an abundance of actionable takeaways and insider advice to help you reclaim your youthful glow—without spending a fortune or going under the knife!

This fast-paced action novel is set in a future where the world has been almost destroyed. Like the award-winning novel *Freak the Mighty*, this is Philbrick at his very best. It's the story of an epileptic teenager nicknamed Spaz, who begins the heroic fight to bring human intelligence back to the planet. In a world where most people are plugged into brain-drain entertainment systems, Spaz is the rare human being who can see life as it really is. When he meets an old man called Ryter, he begins to learn about Earth and its past. With Ryter as his companion, Spaz sets off an unlikely quest to save his dying sister -- and in the process, perhaps the world.

With wry wit and hard-earned wisdom, popular online personality and founder of [TheChicSite.com](http://TheChicSite.com) Rachel Hollis helps readers break free from the lies keeping them from the joy-filled and exuberant life they are meant to have.

reported history of the origins and growth of the cyberweapons market . . . Hot, propulsive . . . Sets out from the start to scare us out of our complacency' New York Times 'A terrifying exposé' The Times 'Part John le Carré and more parts Michael Crichton . . . Spellbinding' New Yorker Zero day: a software bug that allows a hacker to break in and scamper through the world's computer networks invisibly until discovered. One of the most coveted tools in a spy's arsenal, a zero day has the power to tap into any iPhone, dismantle safety controls at a chemical plant and shut down the power in an entire nation – just ask the Ukraine. Zero days are the blood diamonds of the security trade, pursued by nation states, defense contractors, cybercriminals, and security defenders alike. In this market, governments aren't regulators; they are clients – paying huge sums to hackers willing to turn over gaps in the Internet, and stay silent about them. This Is How They Tell Me the World Ends is cybersecurity reporter Nicole Perlroth's discovery, unpacked. A intrepid journalist unravels an opaque, code-driven market from the outside in – encountering spies, hackers, arms dealers, mercenaries and a few unsung heroes along the way. As the stakes get higher and higher in the rush to push the world's critical infrastructure online, This Is How They Tell Me the World Ends is the urgent and alarming discovery of one of the world's most extreme threats.

A debut collection of poems by a poet whose works has appeared in Poetry, Colorado Review, and New England Review evokes Catullus, Petrarch, Spenser, Chaucer, Foucault, and others. Original.

How to take advantage of technology, data, and the collective wisdom in our communities to design powerful solutions to contemporary problems The challenges societies face today, from inequality to climate change to systemic racism, cannot be solved with yesterday's toolkit. Solving Public Problems shows how readers can take advantage of digital technology, data, and the collective wisdom of our communities to design and deliver powerful solutions to contemporary problems. Offering a radical rethinking of the role of the public servant and the skills of the public workforce, this book is about the vast gap between failing public institutions and the huge number of public entrepreneurs doing extraordinary things—and how to close that gap. Drawing on lessons learned from decades of advising global leaders and from original interviews and surveys of thousands of public problem solvers, Beth Simone Noveck provides a practical guide for public servants, community leaders, students, and activists to become more effective, equitable, and inclusive leaders and repair our troubled, twenty-first-century world.

We all know the bad news. Our economies are stagnant. Wages are flat and income inequality keeps rising. The Middle East is burning and extremism is spreading. Frightened voters are embracing populist outsiders and angry nationalists. And no wonder: we are living in an age of unprecedented, irreversible decline—or so we're constantly being told. Jonathan Tepperman's The Fix presents a very different picture. It identifies ten pervasive and seemingly impossible challenges—including immigration reform, economic stagnation, political gridlock, corruption, and Islamist extremism—and shows that, contrary to the general consensus, each has a solution, and not merely a hypothetical one. By taking a close look at overlooked success stories—from countries as diverse as Canada, Botswana, and Indonesia—Tepperman discovers practical advice for problem-solvers of all stripes, making a data-driven case for optimism in a time of crushing pessimism.

An instant #1 New York Times bestseller. The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. “Chilling.” – Anderson Cooper “Jaw-dropping.” – John Berman “Shocking.” – John Heilemann “Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new revelations.” – Brian Williams “Bombshell reporting.” – David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

The extraordinary story of one woman's ten-year medical and metaphysical odyssey that brought her physical, creative, emotional, and spiritual healing, by a MacArthur genius and two-time Pulitzer finalist. With a play opening on Broadway, and every reason to smile, Sarah Ruhl has just survived a high-risk pregnancy when she discovers the left side of her face is completely paralyzed. She is assured that 90 percent of Bell's palsy patients see spontaneous improvement and experience a full recovery. Like Ruhl's own mother. But Sarah is in the unlucky ten percent. And for a woman, wife, mother, and artist working in theater, the paralysis and the disconnect between the interior and exterior brings significant and specific challenges. So Ruhl begins an intense decade-long search for a cure while simultaneously grappling with the reality of her new face—one that, while recognizably her own—is incapable of accurately communicating feelings or intentions. In a series of piercing, witty, and lucid meditations, Ruhl chronicles her journey as a patient, wife, mother, and artist. She explores the struggle of a body yearning to match its inner landscape, the pain of postpartum depression, the story of a marriage, being a playwright and working mom to three small children, and the desire for a resilient spiritual life in the face of illness. Brimming with insight, humility, and levity, Smile is a triumph by one of America's leading playwrights. It is an intimate examination of loss and reconciliation, and above all else, the importance of perseverance and hope in the face of adversity.

#1 NEW YORK TIMES BESTSELLER – OVER 3 MILLION COPIES SOLD Do you ever suspect that everyone else has life figured out and you don't have a clue? If so, Rachel Hollis has something to tell you: that's a lie. If you have ever said any of these things to yourself . . . Something else will make me happy. I'm not a good mom. I will never get past this. I am defined by

my weight. I should be further along by now. . . . then you could benefit from the unflinching faith and rock-hard tenacity Rachel Hollis has in store for you. In this challenging but conversational book, Rachel exposes the twenty lies and misconceptions that too often hold us back from living joyfully and productively, lies we've told ourselves so often we don't even hear them anymore. Rachel is real and talks about real issues. More than that, she reveals the specific practical strategies that helped her move past them. In the process, she encourages, entertains, and even kicks a little butt, all to convince you to do whatever it takes to get real and become the joyous, confident woman you were meant to be. Because you really can live with passion and hustle – and give yourself grace without giving up.

One mother's fight to support her son and change a broken system In his early twenties, Mindy Greiling's son, Jim, was diagnosed with schizoaffective disorder after experiencing delusions that demanded he kill his mother. At the time, and for more than a decade after, Greiling was a Minnesota state legislator who struggled, along with her husband, to navigate and improve the state's inadequate mental health system. *Fix What You Can* is an illuminating and frank account of caring for a person with a mental illness, told by a parent and advocate. Greiling describes challenges shared by many families, ranging from the practical (medication compliance, housing, employment) to the heartbreaking—suicide attempts, victimization, and illicit drug use. Greiling confronts the reality that some people with serious mental illness may be dangerous and reminds us that medication works—if taken. The book chronicles her efforts to pass legislation to address problems in the mental health system, including obstacles to parental access to information and insufficient funding for care and research. It also recounts Greiling's painful memories of her grandmother, who was confined in an institution for twenty-three years—recollections that strengthen her determination that Jim's treatment be more humane. Written with her son's cooperation, *Fix What You Can* offers hard-won perspective, practical advice, and useful resources through a brave and personal story that takes the long view of what success means when coping with mental illness.

William D. Watley encourages readers to confront life's challenges and offers sermons on facing the things that can hold us back, including: difficulties with God, our enemies, our fears, persecution when doing the right thing, and even success. "If you're willing to face yourself", says Watley, "Jesus is able and willing to fix what's wrong. He's still in the fixing business".

Writer/director/producer Justine Bateman examines the aggressive ways that society reacts to the aging of women's faces. "Face...is filled with fictional vignettes that examine real-life societal attitudes and internal fears that have caused a negative perspective on women's faces as they age." --The TODAY Show, a Best Book of 2021 "With her new book *Face: One Square Foot of Skin*, Justine Bateman...is trying to push back against the notion that women's faces are 'broken and need to be fixed'...The book is a meditation on women's faces, and the cultural pressure to be 'ashamed and apologetic that their faces had aged naturally.'" --New York Times "[Bateman] studies the topic of women and aging in her new book *Face: One Square Foot of Skin*." --People "There is nothing wrong with your face. At least, that's what Justine Bateman wants you to realize. Her new book, *Face: One Square Foot of Skin*, is a collection of fictional short stories told from the perspectives of women of all ages and professions; with it, she aims to correct the popular idea that you need to stop what you're doing and start staving off any signs of aging in the face." --W Magazine "The actor and author of *Face: One Square Foot of Skin* wants to push back against the ubiquity of plastic surgery." --Vanity Fair "Justine Bateman extends her creative talents to include fiction in this collection of vignettes that focus on how we've learned to react to women's faces as they age. Based on Bateman's own real-life interviews, the stories dig deep to uncover why we're uncomfortable with faces of a certain age, and argue that confidence--and not cosmetic procedures--are the answer to the problem." --Town & Country, one of the Best Books of Spring 2021 "Through a selection of short stories, [Bateman] examines just how complicated it is for women to get older, both in and out of the spotlight." --Glamour "Bateman asks, what if we just rejected the idea that older faces need fixing. What if we ignored all the clanging bells that remind women every day on every platform that we are in some kind of endless battle with aging." --TIME Magazine "[Bateman] argues that American society has long equated the signs of aging on a woman's face with unattractiveness. But she also asserts that women need not participate in such prejudice by accepting and internalizing it." --AARP "Right on, Justine Bateman. Thanks for helping us embrace our faces just as they are."

--Upworthy "It's been a long time since I read something that made me want to stand up and cheer." --ScaryMommy *Face* is a book of fictional vignettes that examines the fear and vestigial evolutionary habits that have caused women and men to cultivate the imagined reality that older women's faces are unattractive, undesirable, and something to be "fixed." Based on "older face" experiences of the author, Justine Bateman, and those of dozens of women and men she interviewed, the book presents the reader with the many root causes for society's often negative attitudes toward women's older faces. In doing so, Bateman rejects those ingrained assumptions about the necessity of fixing older women's faces, suggesting that we move on from judging someone's worth based on the condition of her face. With impassioned prose and a laser-sharp eye, Bateman argues that a woman's confidence should grow as she ages, not be destroyed by society's misled attitude about that one square foot of skin.

World-renowned interventionist Ken Seeley, one of the hosts of A&E's hit television series *Intervention*, has spent the past twenty years helping people and their families deal with and overcome life-threatening addictions. His clients have ranged from the homeless to multimillionaires, each needing professional help with every problem imaginable, including alcoholism, drug dependency, excessive gambling, sexual addiction, abusive behavior, and mental disorders. A few years into his career, Ken realized that the one common characteristic with each of his clients was denial. He has since built his

success on a proven program for pinpointing and dealing with this core issue. Whether coping with a severe or a soft addiction, a life-threatening situation, or just an impediment to true happiness, we're all in denial about something. It might be small and seemingly innocent, such as the fact that you're not trying to excel in your job as much as you could or should be. Or it could be much larger and even potentially lethal, such as a full-blown addiction that at this very moment is destroying your life. The truth is, no matter who you are, no matter how small or large your problems may seem, denial is holding you back from living your life to the fullest. Denial is the number one symptom of addiction. It's the mask that lets addicts ignore and avoid the consequences of their actions. But what most people don't know is that denial is also the fuel that creates an addiction in the first place—as well as nearly every other disorder, behavior, and habit that can negatively affect your life. In *Face It and Fix It*, Seeley leads readers through a three-step process to remove life-damaging denial in order to live balanced and healthy lives. He helps readers first to identify life-damaging behaviors; next he gives the tools necessary to break down the walls that denial builds up over time; and finally he shows how to maintain balanced lives and relationships. Whether you're looking for help for someone you love or struggling with an addiction of your own, *Face It and Fix It* will leave you with a greater sense of self-awareness and the skills you need to both improve your relationships and to live the life you deserve.

It's time to unlock your potential and find freedom from the chains that have been holding you back! In this revolutionary new book you will learn to: -Overcome addiction in a positive way -The secret to saying "no" and really meaning it -Breakthrough relapse prevention tools Welcome to: Figure it, Face it & Fix it - Your surprising solution to addictions and substance abuse. Mark Turansky's Choice Process program throws out negative words like "CAN'T" and "HAVE TO" and takes you on an empowering, personal journey to freedom! From Mike Michalowicz, the author of *PROFIT FIRST*, *CLOCKWORK*, and *THE PUMPKIN PLAN*, comes the ultimate diagnostic tool for every entrepreneur. The biggest problem entrepreneurs have is that they don't know what their biggest problem is. If you find yourself trapped between stagnating sales, staff turnover, and unhappy customers, what do you fix first? Every issue seems urgent -- but there's no way to address all of them at once. The result? A business that continues to go in endless circles putting out urgent fires and prioritizing the wrong things. Fortunately, Mike Michalowicz has a simple system to help you eradicate these frustrations and get your business moving forward, fast. Mike himself has lived through the struggles and countless distractions of entrepreneurship, and devoted years to finding a simple way to pinpoint exactly where to direct attention for rapid growth. He figured out that every business has a hierarchy of needs, and if you can understand where you are in that hierarchy, you can identify what needs immediate attention. Simply fix that one thing next, and your business will naturally and effortlessly level-up. Over the past decade, Mike has developed an ardent following for his funny, honest, and actionable insights told through the stories of real entrepreneurs. Now, *Fix This Next* offers a simple, unique, and wildly powerful business compass that has already helped hundreds of companies get to the next level, and will do the same for you. Immediately.

Bell's Palsy, which is the most common form of facial nerve palsy, can be a very terrifying condition for a person to have because any form of facial paralysis creates a life of traumatic experiences. It is very difficult for somebody who doesn't suffer with facial nerve palsy to understand how it affects your looks and everyday self-esteem and self-confidence. The majority of Bell's Palsy sufferers just want to lock themselves indoors because they feel totally uncomfortable when people see the side of their face all droopy and distorted. Bell's Palsy symptoms are easily recognisable by the muscles on one or both sides of your face being paralyzed. Bell's Palsy causes your speech to be slurred, it will also prevent you from smiling and in some instances can prevent you from eating. Your eyelids droop and as such you find it very difficult to blink your eyes. This explanation paints a very hideous picture for the onlooker but just imagine how the sufferer feels. It has a devastating effect on the person's self-esteem and self-confidence and unfortunately because of their condition there is no hiding place for someone suffering with facial nerve palsy. The author of this book has been a genuine sufferer of Bell's Palsy since birth and has suffered the constant stigma of all the childhood taunts and comments, inquisitive looks and stares that someone with facial nerve paralysis encounters every single day. He has written this book to let fellow facial palsy sufferers realize that there is hope for those who are searching for a cure to this disturbing affliction. His goal was to ensure that everything a Bell's Palsy sufferer needs could be found within the pages of his book. Certain viruses are thought to be the cause of Bell's Palsy but that is just one of numerous theories into what causes facial paralysis. But, there is no definitive answer as to what the real cause is. Your doctor will usually prescribe an anti-inflammatory medicine. Whereas this book goes a lot further in describing the non-surgical treatments available, such as cognitive behavior therapy (CBT), antiviral drugs, acupuncture, facial rehabilitation, B-vitamins therapy, speech therapy, and natural alternative treatments (i.e. methyl-sulphonyl-methane (MSM), histamine, adenosine triphosphate (ATP) and acetyl-L-carnitine) and much more..... The comprehensive research the author has undertaken caters for everything related to what causes Bell's Palsy. You can find specific information into how the condition affects children, pregnant women, whether to undergo surgical procedures to alleviate your condition, how you can help your own recovery, and not just on a temporary basis. If you are trying to find the best Bell's Palsy treatment resource then look no further than this publication because the comprehensive information provided in this book will help you to safely overcome the problems of facial paralysis. The Bell's Palsy exercises section provides you with a series of face exercises that will help your facial paralysis treatment program. These face exercises show you how to deal with facial nervy palsy safely and in the comfort of your own home. This book is your one-stop guide to giving you all the information you need on Bell's Palsy.

So what are you waiting for? Purchase this book today and give yourself the best possible chance of a full recovery.

'His vision, ideas and passion shine through on every page' Ed Balls 'Compelling, challenging, inspiring and very timely' Piers Morgan 'Immensely powerful and persuasive...I found it exhilarating throughout' Joanna Lumley When the Covid-19 pandemic swept across the globe in 2020, it created an unprecedented impact, greater than the aftermath of 9/11 or the global financial crisis. But out of such disruption can come a new way of thinking, and in this superb new book former UK prime minister Gordon Brown offers his solutions to the challenges we face in 2021 and beyond. In the book, he states that there are seven major global problems we must address: global health; climate change and environmental damage; nuclear proliferation; global financial instability; the humanitarian crisis and global poverty; the barriers to education and opportunity; and global inequality and its biggest manifestation, global tax havens. Each one presents an immense challenge that requires an urgent global response and solution. All should be on the world's agenda today. None can be solved by one nation acting on its own, but all can be addressed if we work together as a global community. However, Brown remains optimistic that, despite the many obstacles in our way, we will find a path to regeneration via a new era of global order. Yes, there is a crisis of globalisation, but we are beginning to see the means by which it might be resolved. Crises create opportunities and having two at once shouldn't just focus the mind, it might even be seen as giving greater grounds for hope. In *Seven Ways to Change the World*, Brown provides an authoritative and inspirational pathway to a better future that is essential reading for policy makers and concerned citizens alike.

"A superbly entertaining read." —Kirkus Reviews (starred review) "Will win over teens." —School Library Journal (starred review) A teen boy's world gets turned upside-down when a zoo of exotic animals takes over his small town in this wickedly funny, heartbreakingly honest novel that's perfect for fans of David Arnold. In Makersville, Indiana, people know all about Ronney—he's from that mixed-race family with the dad who tried to kill himself, the pill-popping mom, and the genius kid sister. If having a family like that wasn't bad enough, the local eccentric at the edge of town decided one night to open up all the cages of his exotic zoo—lions, cheetahs, tigers—and then shoot himself dead. Go figure. Even more proof that you can't trust adults to do the right thing. Overnight, news crews, gun control supporters, and gun rights advocates descend on Makersville, bringing around-the-clock news coverage, rallies, and anti-rallies with them. With his parents checked out, Ronney is left tending to his sister's mounting fears of roaming lions, stopping his best friend from going on a suburban safari, and shaking loose a lonely boy who follows Ronney wherever he goes. Can Ronney figure out a way to hold it together as all his worlds fall apart? From acclaimed author Crystal Chan comes an incisive tale of love, loyalty, and the great leaps we take to protect the people and places we love most.
