Fanatical Prospecting The Ultimate Guide to Opening Sales Conversations and Filling the Pipeline by Leveraging Social Selling, Telephone, Email, Text, and Cold Calling John Wiley & Sons

Learn powerful closing and sales negotiation tactics that unlock yes and seal the deal. Each year, sales professionals leave billions of dollars on the table because they are out gunned, out maneuvered, and out played by savvy buyers, who have been schooled in the art and science of negotiation. Because today's buyers have more power than ever before—more information, more at stake, and more control over the buying process—they almost always enter sales negotiations in a much stronger position than the salespeople on the other side of the table. The results are sadly predictable: salespeople and their companies end up on the losing end of the deal. In this brutal paradigm, if you fail to master the skills, strategies, and tactics to go toe-to-toe with modern buyers and win at the sales negotiation table, your income and long-term earning potential will suffer—along with your company's growth, profits, and market valuation. In his new book **INKED: The Ultimate Guide to Powerful Closing and Sales Negotiation Tactics that Unlock YES and Seal the Deal**, Jeb Blount levels the playing field by giving you the strategies, tactics, techniques, skills, and human-influence frameworks required to become a powerful and effective sales negotiator. In his signature, straightforward style, Jeb pulls no punches. He slaps you right in the face with the cold, hard truth and lays bare the reasons why you keep getting beaten by buyers who have been trained in how to play you. Then, he teaches you exactly what you need to know, do, and say to gain more control and more power over the outcomes of your deals, and WIN. You'll learn: Seven Immutable Rules of Sales Negotiation Why "Win-Win" Usually Means "You-Lose" The One Rule of Sales Negotiation You Must Never Break How to Leverage the Powerful MLP Strategy to Bend Win Probability in Your Favor The ACED Buyer Persona Model and How to Flex to Buyer Communication Styles Seven Principles of Effective Sales Negotiation Communication How to Leverage the DEAL Sales Negotiation Framework to Control the Negotiation Conversation and Get Ink How to Gain the Advantage with Comprehensive Sales Negotiation Planning Strategies and Tools Powerful Negotiation Psychology and Influence Frameworks that Keep You in Control of the Conversation How to Rise Above the Seven Disruptive Emotions that are Holding You Back at the Sales Negotiation Table How to Protect Yourself from the Psychological Games that Buyers Play With these powerful tactics in your sales arsenal, you will approach sales negotiations with the confidence and power to take control of the conversation and get the prices, terms, and conditions that you deserve. **INKED** is the most comprehensive Sales Negotiation resource ever developed for the sales profession. You'll learn directly from one of the most sought-after and celebrated sales trainers of our generation. Following in the footsteps of his blockbuster bestsellers *Fanatical Prospecting*, *Sales EQ*, and *Objections*, Jeb Blount's **INKED** puts the same strategies employed by his clients—a who's who of the world's most prestigious organizations—right into your hands.

The New Psychology of Selling The sales profession is in the midst of a perfect storm. Buyers have more power—more information, more at stake, and more control over the sales process—than any time in history. Technology is bringing disruptive change at an ever-increasing pace, creating fear and uncertainty that leaves buyers clinging to the status quo. Deteriorating attention spans have made it difficult to get buyers to sit still long enough to “challenge,” “teach,” “help,” give “insight,” or sell “value.” And a relentless onslaught of “me-too” competitors have made differentiating on the attributes of products, services, or even price more difficult than ever. Legions of salespeople and their leaders are coming face to face with a cold hard truth: what once gave salespeople a competitive edge—controlling the sales process, command of product knowledge, an arsenal of technology, and a great pitch—are no longer guarantees of success. Yet this is where the vast majority of the roughly \$20 billion spent each year on sales training goes. It's no wonder many companies are seeing 50 percent or more of their salespeople miss quota. Yet, in this new paradigm, an elite group of top 1 percent sales professionals are crushing it. In our age of technology where information is ubiquitous and buyer attention spans are fleeting, these superstars have learned how to leverage a new psychology of selling—Sales EQ—to keep prospects engaged, create true competitive differentiation, as well as shape and influence buying decisions. These top earners are acutely aware that the experience of buying from them is far more important than products, prices, features, and solutions. In Sales EQ, Jeb Blount takes you on an unprecedented journey into the behaviors, techniques, and secrets of the highest earning salespeople in every industry and field. You'll learn: How to answer the 5 Most Important Questions in Sales to make it virtually impossible for prospects to say no How to master 7 People Principles that will give you the power to influence anyone to do almost anything How to shape and align the 3 Processes of Sales to lock out competitors and shorten the sales cycle How to Flip the Buyer Script to gain complete control of the sales conversation How to Disrupt Expectations to pull buyers towards you, direct their attention, and keep them engaged How to leverage Non-Complementary Behavior to eliminate resistance, conflict, and objections How to employ the Bridge Technique to gain the micro-commitments and next steps you need to keep your deals from stalling How to tame Irrational Buyers, shake them out of their comfort zone, and shape the decision making process How to measure and increase you own Sales EQ using the 15 Sales Specific Emotional Intelligence Markers And so much more! Sales EQ begins where The Challenger Sale, Strategic Selling, and Spin Selling leave off. It addresses the human relationship gap in the modern sales process at a time when sales organizations are failing because many salespeople have never been taught the human skills required to effectively engage buyers at the emotional level. Jeb Blount makes a compelling case that sales specific emotional intelligence (Sales EQ) is more essential to success than education, experience, industry awareness, product knowledge, skills, or raw IQ; and, sales professionals who invest in developing and improving Sales EQ gain a decisive competitive advantage in the hyper-competitive global marketplace. Sales EQ arms salespeople and sales leaders with the tools to identify their most important sales specific emotional intelligence developmental needs along with strategies, techniques, and frameworks for reaching ultra-high performance and earnings, regardless of sales process, industry, deal complexity, role (inside or outside), product or service (B2B or B2C).

Ultimately, people follow people that they like, trust, and believe in. Understand how to build stronger relationships with direct and indirect reports that lead to loyalty, higher productivity, and long-term development. Practical lessons help managers employ winning interpersonal skills to move others to take action.

Selling is tougher than ever before. Potential customers are under extreme pressure to do more with less money, less time, and fewer resources, and they're wary of anyone who tries to get them to buy or change anything. Under such extreme conditions, yesterday's sales strategies no longer work. No matter how great your offering, you face the daunting task of making yourself appear credible, relevant, and valuable. Now, internationally recognized sales strategist Jill Konrath shows how to overcome these obstacles to get more appointments, speed up decisions, and win sales with these short-fused, frazzled customers. Drawing on her years of selling experience, as well as the stories of other successful sellers, she offers four SNAP Rules: -Keep it Simple: When you make things easy and clear for your customers, they'll change from the status quo. -Be iNvaluable: You have to stand out by being the person your customers can't live without. -Always Align: To be relevant, make sure you're in synch with your customers' objectives, issues, and needs. -Raise Priorities: To maintain momentum, keep the most important decisions at the forefront of their mind. SNAP Selling is an easy-to-read, easy-to-use guide for any seller in today's increasingly frenzied environment.

There are few one-size-fits-all solutions in sales. Context matters. Complex sales are different from one-call closes. B2B is different than B2C. Prospects, territories, products, industries, companies, and sales processes are all different. There is little black and white in the sales profession. Except for objections. There is democracy in objections. Every salesperson must endure many NOs in order to get to YES. Objections don't care or consider: Who you are What you sell How you sell If you are new to sales or a veteran If your sales cycle is long or short – complex or transactional For as long as salespeople have been asking buyers to make commitments, buyers have been throwing out objections. And, for as long as buyers have been saying no, salespeople have yearned for the secrets to getting past those NOs. Following in the footsteps of his blockbuster bestsellers Fanatical Prospecting and Sales EQ, Jeb Blount's Objections is a comprehensive and contemporary guide that engages your heart and mind. In his signature right-to-the-point style, Jeb pulls no punches and slaps you in the face with the cold, hard truth

Then he pulls you in with examples, stories, and lessons that teach powerful human-influence frameworks for getting past NO - even with the most challenging objections. Instead, you'll learn a new psychology for turning-around objections and proven techniques that work with today's more informed, in control, and skeptical buyers. Inside the pages of *Objections*, you'll gain deep insight into: How to get past the natural human fear of NO and become rejection proof The science of resistance and why buyers throw out objections Human influence frameworks that turn you into a master persuader The key to avoiding embarrassing red herrings that derail sales calls How to leverage the "Magical Quarter of a Second" to instantly gain control of your emotions when you get hit with difficult objections Proven objection turn-around frameworks that give you confidence and control in virtually every sales situation How to easily skip past reflex responses on cold calls and when prospecting How to move past brush-offs to get to the next step, increase pipeline velocity, and shorten the sales cycle The 5 Step Process for Turning Around Buying Commitment Objections and closing the sale Rapid Negotiation techniques that deliver better terms and higher prices As you dive into these powerful insights, and with each new chapter, you'll gain greater and greater confidence in your ability to face and effectively handle objections in any selling situation. "Always be closing!" —Glengarry Glen Ross, 1992 "Never Be Closing!" —a sales book title, 2014 "?????" —salespeople everywhere, 2017 For decades, sales managers, coaches, and authors talked about closing as the most essential, most difficult phase of selling. They invented pushy tricks for the final ask, from the "take delivery" close to the "now or never" close. But these tactics often alienated customers, leading to fads for the "soft" close or even abandoning the idea of closing altogether. It sounded great in theory, but the results were often mixed or poor. That left a generation of salespeople wondering how they should think about closing, and what strategies would lead to the best possible outcomes. Anthony Iannarino has a different approach geared to the new technological and social realities of our time. In *The Lost Art of Closing*, he proves that the final commitment can actually be one of the easiest parts of the sales process—if you've set it up properly with other commitments that have to happen long before the close. The key is to lead customers through a series of necessary steps designed to prevent a purchase stall. Iannarino addressed this in a chapter of *The Only Sales Guide You'll Ever Need*—which he thought would be his only book about selling. But he discovered so much hunger for guidance about closing that he's back with a new book full of proven tactics and useful examples. *The Lost Art of Closing* will help you win customer commitment at ten essential points along the purchase journey. For instance, you'll discover how to:

- Compete on value, not price, by securing a Commitment to Invest early in the process.
- Ask for a Commitment to Build Consensus within the client's organization, ensuring that your solution has early buy-in from all stakeholders.
- Prevent the possibility of the sale falling through at the last minute by proactively securing a Commitment to Resolve Concerns.

The Lost Art of Closing will forever change the way you think about closing, and your clients will appreciate your ability to help them achieve real change and real results.\

From the millionaire entrepreneur and New York Times bestselling author of *The 10X Rule* comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is

to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to: · Set crazy goals—and reach them, every single day. · Feed the beast: when you value money and spend it on the right things, you get more of it. · Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.

What you experience is what you remember. The more emotional the experience, the deeper it is branded into your memory. Experience has a massive impact on buying decisions. Every touch point, every time you or someone in your company engages a customer, it creates an experience - something they remember. When they have a negative experience, they tend to vote with their feet (and their wallets) and head straight to your competitors. When customers have positive emotional experiences, it anchors them to your brand, your product or service, and ultimately to you. In the twenty-first century, competitive advantages derived from unique products or services are short-lived because competitors are able to quickly and easily duplicate or match your offering. Likewise a focus on customer satisfaction and loyalty will no longer give you the competitive edge. Delivering a legendary customer experience has emerged as the single most important competitive advantage for companies across all industries. In People Love You you'll learn the real secrets of customer experience including: 7 Essential Principles of Customer Engagement 5 Levers for Creating a Legendary Customer Experience The Secret to Bridging the Experience Gap How to Leverage the Pull Strategy to become a Trusted Advisor 2 Most Important Rules for Dealing with Pissed-off Customers In a hypercompetitive, global marketplace protecting your company's customer base, the lifeblood of your business, must become your number one priority. The USA Today bestseller by the star sales speaker and author of The Sales Blog that reveals how all salespeople can attain huge sales success through strategies backed by extensive research and experience. Anthony Iannarino never set out to become a salesman, let alone a sales manager, speaker, coach, or writer of the most prominent blog about the art and science of great selling. He fell into his profession by accident, as a day job while pursuing rock-and-roll stardom. Once he realized he'd never become the next Mick Jagger, Iannarino turned his focus to a question that's been debated for at least a century: Why are a small number of salespeople in any field hugely successful, while the rest get mediocre results at best? The answer is simple: it's not about the market, the product, or the competition—it's all about the seller. And consequently, any salesperson can sell more and better, all the time. Over twenty-five years, Iannarino has boiled down everything he's learned and tested into one convenient book that explains what all successful sellers, regardless of industry or organization, share: a mind-set of powerful beliefs and a skill-set of key actions, including... ·Self-discipline: How to keep your commitments to yourself and others. ·Accountability: How to own the outcomes you sell. ·Competitiveness: How to embrace competition rather than let it intimidate you. ·Resourcefulness: How to blend your

In the high-pressure quest to make a sale, acquire a contract, and beat out other bidders, sales professionals frequently resort to cutting prices, offering discounts, or making other concessions that cut into their operating margins—short-term strategies that are destructive to the long-term sustainability of their business. High-Profit Selling helps readers understand that their sales goal shouldn't simply be to sell more, but to sell more at a higher price—and that success comes only to those focused on profitable sales. This eye-opening book shows readers how to: Avoid negotiating • Actively listen to customers • Match the benefits of their product or service with the customer's needs and pains • Confidently communicate value • Successfully execute a price increase with existing customers • Ensure prospects are serious and not shopping for price Too many salespeople believe that a sale at any price is better than no sale at all. This powerful guide helps move readers toward a profit-centered approach that will strengthen their relationships and increase their bottom line.
