

Farther

Defoe's *The Farther Adventures of Robinson Crusoe* was almost always published together with *The Life and Strange Surprising Adventures of Robinson Crusoe*. Only after 1950 was the first volume printed alone—a shorter work for some classes. But in addition to fulfilling the promise of the first volume, *The Farther Adventures* is an exciting adventure novel by itself. Crusoe returns to his island to learn about his colony, and then travels to Madagascar, India, and China before returning to England after some exciting encounters. Complete with an introduction, line notes, and full bibliographical notes, this is an edition like no other. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

Crusoe is bored with his prosperity and consumed by an irresistible longing to return to the island he left many years before.

Papers on health, creativeness, values, education, society, cognition, metamotivation as well as psychology of being.

I believe God will use Karens story mightily to transform broken lives and to help the rest of us realize how truly blessed we are not to have suffered as Karen did. - Carole Lewis First Place 4 Health National Director What a touching triumph over a difficult childhood. Karens raw and honest voice immediately draws us into her life. What a tribute to her inner strength to acknowledge her past and use it as a tool to help others who have also been victims of childhood abuse and neglect. - Ruthanne Mefford

Director, Child Advocates of Fort Bend It begins with Karens reality: Bad as home was, I always wanted to go back there, cause I belonged! Home is an isolated Appalachian barn where poverty, neglect, and abuse go unseen until the children (twelve) reach school age. At age five and deathly ill from parasites, Karen watches from the welfare agents back seat as her hysterical moms image gets smaller while the car speeds away. Terrified, yet determined, she remembers their route; she will get back home. Orphanage memories are horrific, but she thanks God for tricycles and popsicles (her first). Gossip has it the town prostitutes ratted on the familys health. Moving from hating these women to seeing how God uses them to protect the kids is the beginning of Karens faith. Running from welfare, moving constantly, Karen knows shes the dirtiest, poorest kid in school. Scenarios change, but chaotic, frightening themes of fear, hunger, abuse and peer ridicule repeat. Then, at age sixteen, Karen senses hope when she marries Terry and prepares her first home, a \$4000 trailer, for their child. Could this be stability? If only! Hard work, little pay, parenting and marriage stresses become overwhelming. Acts of ministry from Karens home church sustain her until a new devastating challenge surfaces: providing for her children, extended family, and husband, Terry, who now has a life-threatening illness. Can she manage this trial? Can she preserve?

Widely regarded as one of the best football books ever written, *The Far Corner* was a vivid portrait of the sport in the north-east and of the people who bring such passion to it. Now, a generation later, Harry Pearson returns to the region to discover how much things have changed - and how much they have remained the same. In the mid-1990s, Kevin Keegan brought sporting romance and expectation of trophies to Newcastle, Sunderland moved the the Stadium of Light backed by a wealthy consortium, Middlesbrough signed one of the best Brazilians of the era and won their first major

trophy - even little Darlington had a former safe-cracker turned kitchen magnate in charge, promising the world. The region even provided England's two key players in Euro 96 in Alan Shearer and Paul Gascoigne - the far corner seemed destined to become the centre of England's footballing world. But it never happened. Using travels to and from matches in the 2018-19 season, The Farther Corner will explore the changes in north-east football and society over the past twenty-five years. Visiting new places and some familiar ones, catching the stories, the sentiment and the sound of the supporters, locating where football now sits in the life of a region that was once proud to be what John Arlott suggested was 'The Hotbed of Soccer', it will be about love and loss and the happiness to be found eating KitKats and joking about Bobby Mimms on cold February days in coal-scented northern air. The region may have been left behind in the Champions League stakes, but few would doubt the power of its beating heart. Farther Away Essays Farrar, Straus and Giroux

Run Farther, Leap Higher provides principles and insights I gained that helped me advance and seize the opportunities that were concealed in the problems, situations, and circumstances that come while pursuing the purpose of God. You can flourish as you encounter God the Father, Jesus, and the Holy Spirit; are transformed and motivated; are inspired to rest in God's plan; and soar to new spiritual heights. You can be victorious when facing unfavorable situations! Run Farther, Leap Higher is a springboard into spiritual maturity. "Love makes us enjoy walking in the rain. Rainy days come into each of our lives—those days when dark clouds hang low and the sky looks threatening. Yet, the exchange between lovers makes them times to hunker down in front of the fireplace and fan the flames of love. When you are experiencing rain, get closer to the Lover and fan the flames by offering the sacrifice of praise and loving worship. The flames of love will remind you that the rain is not for today, but it is preparing your ground for your future harvest." —from Run Farther, Leap Higher

How did people go places long ago? How do people go places now?

He's been imprisoned, shot at, denounced, shunned, and banned, yet Sinn Féin president Gerry Adams remains resolute in his belief that peace is the only viable option for the Irish people. Adams led the oldest revolutionary movement in Ireland on an extraordinary journey from armed insurrection to active participation in government. Now he tells the story of the tumultuous series of events that led to the historic Good Friday Agreement as only he can: with a tireless crusader's conviction and an insider's penetrating insight. In vivid detail, Adams describes the harrowing attack on his life, and he offers new details about the peace process. We learn of previously undisclosed talks between republicans and the British government, and of conflicts and surprising alliances between key players. Adams reveals details of his discussions with the IRA leadership and tells how republicans differed, "dissidents" emerged, and the first IRA cessation of violence broke down. He recounts meetings in the Clinton White House, tells what roles Irish-Americans and South Africans played in the process, and describes the secret involvement of those within the Catholic Church. Then—triumphantly—this inspiring story climaxes with the Good Friday Agreement:

what was agreed and what was promised. Gerry Adams brings a sense of immediacy to this story of hope in what was long considered an intractable conflict. He conveys the acute tensions of the peace process and the ever-present sense of teetering on the brink of both joyous accomplishment and continued despair. With a sharp eye and sensitive ear for the more humorous foibles of political allies and enemies alike, Adams offers illuminating portraits of the leading characters through cease-fires and standoffs, discussions and confrontations. Among the featured players are John Major, Tony Blair, Bill and Hillary Clinton, Jean Kennedy Smith, and Nelson Mandela. As the preeminent republican strategist of his generation, Gerry Adams provides the first comprehensive account of the principles and tactics underpinning modern Irish republicanism. And in a world where peace processes are needed more urgently than ever, *A Farther Shore* provides a template for conflict resolution.

In the course of one long-distance expedition, the research ship of the Archives discovers a planet with unique people, as if having no kinship with the rest of the humankind. The attempt to contact them ends tragically – nearly the whole crew dies, but the ship with artificial intelligence manages to come back to the Archives' port with the information about the discovery. The strange race, which can be a nation of monsters from another Universe, is dying; there are no children born in their world, the population is decreasing, cities are becoming empty. Should they be helped or left to the mercy of fate?.. Perhaps, it will be better to eliminate these monsters, send them into nothingness quickly and painlessly. There are different opinions in the Great Galaxies as to what should be done. The Archives and the Monasteries secretly send another, well-armed expedition; its goal is to study the newly discovered world and take the decision. The ship is taking researchers to the far-off planet but they are not united: each of the six crew members has his/her preferences, goals and secrets.

When an unstoppable Borg plague breaks out upon Earth, blame quickly falls on the newly returned crew of the *Starship Voyager*™. Did Kathryn Janeway and the others unknowingly carry this insidious infection back with them? Many in Starfleet think so, and Seven of Nine, in particular, falls under a cloud of suspicion. Now, with a little help from the *Starship Enterprise*™, Admiral Janeway must reunite her crew in a desperate, last-ditch attempt to discover the true source of the contagion and save Earth itself from total assimilation into a voracious new Borg Collective. But time is running out. Has *Voyager* come home only to witness humanity's end?

Man's Flight Through Life Is Sustained By The Power Of His Knowledge Of Jesus Christ

Marj Carpenter--storyteller, journalist, and former moderator for the Presbyterian Church (U.S.A.)--has traveled the world seeking out Presbyterians doing mission work. Now she invites everyone to faraway places like Korea, Bolivia, and the Ivory Coast, stopping along the way to tell stories of mission and faith. Her colloquial storytelling style produces both laughter and tears, but most of all it creates pride in Presbyterians faithfully working for a better world.

Are any religions true? What is life for? What happens after we die? Cynical, hard-

headed reporter Gerok doesn't waste time on such things - till he dies, and suddenly it matters. Being sent to Hell was a shock, but not a surprise: after all, he'd been warned. Being rescued from Hell was the surprise. And that's just the start of an adventure that takes him from the cold depths of Nifleheim to the peaceful heights of the Pure Land of the Sages, to the Old Gods and beyond, to a logical end that has a meaning for us all. By turns poetic, crude, wry, reflective, violent and philosophical, Farther Up and Farther In is a practical man's search for practical answers to the deepest of questions.

William Humphrey's acclaimed memoir is a richly detailed portrait of small-town Texas and a poignant account of the tragedy that shaped the author's life At three o'clock in the morning on July 5, 1937, William Humphrey awoke to his mother's urgent cry: "Get dressed as quick as you can! Your daddy has been hurt." Rushing to the doctor's office, mother and son arrived to find Clarence Humphrey battered beyond recognition: his chest crushed, his face bruised black and caked with blood, his teeth shattered. He soon drew his final breath. In that terrible moment, thirteen-year-old William knew that nothing would ever be the same again: "I felt slip from me in that moment not only the certainty of my future but the fixity of my past. It was as if I had been wakened out of my childhood." He moved with his mother to Dallas soon after, and although he set his classic novels, Home from the Hill and The Ordways, in his hometown of Clarksville, he would not return for thirty-two years. A masterpiece of autobiography, Farther Off from Heaven is the fiercely honest, exquisitely crafted story of William Humphrey's childhood and the sudden end of his innocence. This ebook features an illustrated biography of William Humphrey including rare photos from the author's estate.

A schoolmistress's summer vacation is ruined—or is it?—in this delightful English village tale. The end of a school year often brings a burst of joy to children's hearts—and unmitigated rapture to those of their teachers. And so it is for Miss Read, schoolmistress in the charming English village of Fairacre. She happily anticipates long weeks to call her own, free of timetables, bells, children and their parents. But on the very first day of the summer holiday, while retrieving lining paper from her landing cupboard, she falls and breaks her arm. Will she now spend her holiday resigned to the ministrations of the dour Mrs. Pringle? Just when the summer seems to be ruined, Miss Read's old friend, Amy Garfield, comes to her aid with a diverting suggestion. They can travel to Crete for two weeks, the change of scenery providing a welcome break for them both—and perhaps when Miss Read returns, refreshed, to her beloved village, she'll be ready to tackle the various quandaries and mishaps that await her "The more turbulent the real world, the more charming we may find the stability of Miss Read's tiny fictional world." —Los Angeles Times "Miss Read has three great gifts—an unerring intuition about human frailty, a healthy irony, and, surprisingly, an almost beery sense of humor." —The New Yorker

Examines how the biologist and reformer helped to raise awareness of the natural world, the importance of conservation, and the dangers of synthetic pesticides.

Sometimes when you fall, you land just where you need to be... Gwen Tennison got out of Afghanistan alive but scarred—and then got stuck on her sister's couch. When she's offered a job managing the U.S. tour for rock music's hottest, most troubled star, it seems like just the thing to snap her out of her post-injury funk. Her instructions are simple: start the shows on time, and keep him clean. But Lucas Wheeler may be more than she can handle. Though he's drug-free, he still feels the need, and his gorgeous, capable new tour manager is a challenge he can't ignore. Fame and infamy have forced Lucas to protect his heart, but soon he finds himself craving Gwen's touch, and yearning to give her control. And Gwen might feel the same way. But it's not just the mutual heat between them that is keeping Gwen on her toes.

Someone is following Lucas from city to city. With more than just her job on the line Gwen must decide how much she's willing to risk to keep Lucas safe. Lisa Nicholas lives in Michigan with a ridiculously adorable golden retriever named Maddie and possibly more cats than is sensible. If she's not writing, she's feeding her story addiction any way she can: raiding Netflix, pillaging her local bookstore and library, and (most recently) tearing her way through the comics archive at Marvel.

Jonathan Franzen's *Freedom* was the runaway most-discussed novel of 2010, an ambitious and searching engagement with life in America in the twenty-first century. In *The New York Times Book Review*, Sam Tanenhaus proclaimed it "a masterpiece of American fiction" and lauded its illumination, "through the steady radiance of its author's profound moral intelligence, [of] the world we thought we knew." In *Farther Away*, which gathers together essays and speeches written mostly in the past five years, Franzen returns with renewed vigor to the themes, both human and literary, that have long preoccupied him. Whether recounting his violent encounter with bird poachers in Cyprus, examining his mixed feelings about the suicide of his friend and rival David Foster Wallace, or offering a moving and witty take on the ways that technology has changed how people express their love, these pieces deliver on Franzen's implicit promise to conceal nothing. On a trip to China to see first-hand the environmental devastation there, he doesn't omit mention of his excitement and awe at the pace of China's economic development; the trip becomes a journey out of his own prejudice and moral condemnation. Taken together, these essays trace the progress of unique and mature mind wrestling with itself, with literature, and with some of the most important issues of our day. *Farther Away* is remarkable, provocative, and necessary.

James Cook never laid eyes on the sea until he was in his teens. He then began an extraordinary rise from farmboy outsider to the hallowed rank of captain of the Royal Navy, leading three historic journeys that would forever link his name with fearless exploration (and inspire pop-culture heroes like Captain Hook and Captain James T. Kirk). In *Farther Than Any Man*, noted modern-day adventurer Martin Dugard strips away the myth of Cook and instead portrays a complex, conflicted man of tremendous ambition (at times to a fault), intellect (though Cook was routinely underestimated) and sheer hardheadedness. When Great Britain announced a major circumnavigation in 1768 -- a mission cloaked in science, but aimed at the pursuit of world power -- it came as a political surprise that James Cook was given command. Cook's surveying skills had contributed to the British victory over France in the Seven Years' War in 1763, but no commoner had ever commanded a Royal Navy vessel. Endeavor's stunning three-year journey changed the face of modern exploration, charting the vast Pacific waters, the eastern coasts of New Zealand and Australia, and making landfall in Tahiti, Tierra del Fuego, and Rio de Janeiro. After returning home a hero, Cook yearned to get back to sea. He soon took control of the *Resolution* and returned to his beloved Pacific, in search of the elusive Southern Continent. It was on this trip that Cook's taste for power became an obsession, and his legendary kindness to island natives became an expectation of worship -- traits that would lead him first to greatness, then to catastrophe. Full of action, lush description, and fascinating historical characters like King George III and Master William Bligh, Dugard's gripping account of the life and gruesome demise of Capt. James Cook is a thrilling story of a discoverer hell-bent on traveling farther than any man.

A portrait of the author of the acclaimed *The Lost Weekend* traces the experiences that inspired his famed autobiographical novel, his relationship with his gay brother, his celebrity friendships and his lifelong struggles with addiction. By the author of the National Book Critics Circle Award-winning *Cheever: A Life*. 25,000 first printing.

Tells the story of a father who dreamed of being able to fly and how that dream was passed on to future generations.
