Provides guidelines and advice on starting points for fashion designers of all levels, including defining and rendering concepts, understanding textiles, developing sewing skills, and building an audience.

Fashion design begins in the designer's creative mind, and drawing is the crucial next step to communicating creative ideas to others to bring those ideas to reality. Clear, expressive drawings engage and bring together people in patternmaking, production, marketing, and all other facets of the fashion business, ensuring that everyone shares the same vision that originates with the designer. Kathryn Hagen brings decades of experience teaching design students how best to translate their ideas into drawings. She opens with basic drawing skills using both hand tools and computer techniques before moving on to applying those skills to both the human figure and the specifics of various types of clothing. Throughout the book she exposes designers to myriad techniques and styles, encouraging each individual to discover what works best for him or her. Each chapter ends with practice exercises as well as visual references to review and reinforce material learned in the chapter lessons. Videos demonstrating hands-on examples can be viewed at waveland.com/Hagen, with emphasis on distressed fabrics

and novelty treatments. 84 pages of color present a wide variety of rendering techniques.

The primary skill needed by anyone who works in fashion is the ability to convey—to clients and the general public alike—images of the designs. The impression given to the viewer depends on whether the fashion design drawings are good. Contemporary Fashion Illustration Techniques thoroughly describes the basics of fashion illustration, and covers the latest trends such as vivid images, sprightly movement, and garment material texture. After all, fashion drawing is not simply about sketching a body and face; only when you accurately reproduce the garments and their colors can the designs truly come to life.

Draping - the art of using calico to design directly on a dress form - is an essential skill for fashion students. Covering the most basic to more advanced techniques, this series of master classes provides a complete course. Projects include dresses, skirts, trousers and jackets, highlighting key fashion garments such as Audrey Hepburn's dress from Breakfast at Tiffany's. Starting with the basics of preparing the dress form and fabric, the book advances through pinning, trimming and clipping, and creating shape using darts and tucks, to adding volume using pleats and gathers, and handling complex curves. Advanced skills include how to use support elements such as shoulder pads, under layers and petticoats, and how to handle bias draping. Each exercise and project throughout the book is explained with step-by-step photographs and line drawings that bring to life the art of creating womenswear in three dimensions.

Fashion Illustration Figure Drawing

A superb reference book and an ideal instructional textbook for classroom use, this beautifully illustrated guide is organized into units that reflect required courses at leading design colleges. Twenty step-by-step exercises cover methods of finding inspiration, developing observation techniques, and creating fashion drawings in both color and black-and-white media. Separate sections are devoted to getting started and understanding figure proportions, planning and designing garments, and creating and assessing flat specification drawings. The book also features cross-references to its various art instruction techniques, a designer's glossary, and a helpful index. This book guides students through their first steps in fashion illustration, covering everything that is presented in the best college-level courses. It makes a fine starting point for all students of fashion, introducing them to fashion drawing as a first step toward a career as a creative costumer. More than 250 illustrations in color and black and white.
