Eoin O'Cellaigh: writer, poet, nationalist, playwright, civil servant, commentator (non-sport) - above all a defender of the traditional values of Ireland. The 'land of saints and scholars' has produced another grand voice. A true renaissance Catholic, Eoin O'Cellaigh has witnessed nearly a century of stirring events in the history of Ireland. This is his autobiography. O'Cellaigh enthrallingly recounts the key moments in his rich life, such as his success in bringing Pope John Paul II to Ireland, or his founding of the League of the Mother of God Against Sin, which kept jazz and modern dancing out of Irish life for most of the century. The young O'Cellaigh was marked for life by his meeting with that mythical battler for Irish independence Michael Collins, for whom he once hid sausages under the bed. As he grew older he was drawn towards the important work of censorship and campaigning against sex. In the words of Frank Sinatra, he did things, 'swell.'

Cornwall, 1790. Ross Poldark faces the darkest hour of his life. Accused of wrecking two ships, he is to stand trial at the Bodmin Assizes. Despite their stormy married life, Demelza has tried to rally support for her husband. But there are plenty of enemies who would be happy to see Ross convicted, not least the powerful banker George Warleggan, whose personal rivalry with Ross grows

ever more intense. This second volume of Debbie Horsfield's original scripts for the acclaimed television series takes readers from Ross's trial to the dramatic final episode. Poldark: The Complete Scripts - Series 2 is the perfect companion to the television series starring Aidan Turner, and affords a fascinating insight into how Winston Graham's beloved novels are transformed for the screen. Since Declan Lynch and Arthur Mathews first shone a light into this darkest corner of the darkest living room in all of Ireland over a decade ago, things have actually got worse for that almost-forgotten species we call the Poor Ould Fellas - impossible though it seems. Further confined to their unhappy dwelling places by the drink driving laws, a new range of challenges have emerged to torment them in a baffling post-analog world, where emails release them from the few shillings they had left in the world, that weren't stolen by bankers during the crash. Now they must negotiate a universe full of new words (falafel, bitcoin, Spotify) and concepts (texting, sexting, going away for the weekend, composing a tweet, growing a beard, online banking,) that mean absolutely nothing to them. Notes from a Lost Tribe is a hilarious road map through a world of forgotten men and their equally forgotten dogs, who ask for so little - yet it is denied them. And still...somehow...inexplicably...they go on. OK - we know that history is horrible. But it's never

From *Weekend at Bernie's* to *First Blood* and *Law & Order: SVU*, the legendary director recounts his journey and wide-ranging career in this intimate memoir. Born to immigrant parents and raised in the slums of Toronto during the Depression, Ted Kotcheff learned storytelling on the streets before taking a stagehand job at CBC Television. Kotcheff went on to direct some of the greatest films of the freewheeling 1970s, including *The Apprenticeship of Duddy Kravitz*, *Wake in Fright*, and *North Dallas Forty*. After directing the 1980s blockbusters *First Blood* and *Weekend at Bernie's*, Kotcheff helped produce the groundbreaking TV show *Law & Order: Special Victims Unit*. During his career, he was declared a communist by the US government, banned from the Royal Albert Hall in London, and coped with assassination threats on one of his lead actors. With his seminal films enjoying a critical renaissance, including praise from Martin Scorsese and Nick Cave, Kotcheff now turns the lens on himself. *Director's Cut* is not just a memoir, but a close-up on life and craft, with stories of his long

friendship with Mordecai Richler and working with stars like Sylvester Stallone, James Mason, Gregory Peck, Ingrid Bergman, Gene Hackman, Jane Fonda, and Richard Dreyfuss, as well as advice on how to survive the slings and arrows of Hollywood. "As he explains why music matters, how Gene Hackman gets into character, and how shooting a nighttime kangaroo slaughter resulted in a change in Australian hunting policy, Kotcheff's love of the whole process of filmmaking shines through." —Publishers Weekly (starred review)

The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and

obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.

The collected scripts of the unique, slightly strange, often weird, but always hilarious award-winning sitcom Peep Show. Meet Mark and Jeremy: two very ordinary weirdos. Mark, a middle-aged man trapped in a twentysomething's body, is the sensible one--a loan manager with seven GCSEs ("back when a GCSE actually meant something") and an unhealthy obsession with World War II. His flatmate, Jeremy, is a grade-A work-shy freeloader with sketchy fruebds. He dreams of being a world-class musician but can't seem to get out of bed in the morning. They hate themselves, each other, and the world. This is their story. Uniquely filmed--shot from the characters' point of view and edited so the viewer hears their unspoken thoughts, as well as the dialogue between them--Peep Show has attracted both a cult following and critical acclaim. Now, Sam Bain and Jesse Armstrong, the creators of the show, have pulled together and annotated the scripts of all five series and written hilarious extra material to take us even deeper into the minds of our socially inept and wonderfully weird heroes and their slightly strange friends. A perfect example of British comedy writing at its very best, this book is the perfect present for quirky comedy fans everywhere.

doll—as her roommates. Life with Hazel’s father is strained at best, but her only alternative seems even bleaker. She’s just run out on her marriage to Byron Gogol, CEO and founder of Gogol Industries, a monolithic corporation hell-bent on making its products and technologies indispensable in daily life. For over a decade, Hazel put up with being veritably quarantined by Byron in the family compound, her every movement and vital sign tracked. But when he demands to wirelessly connect the two of them via brain chips in a first-ever human “mind-meld,” Hazel decides what was once merely irritating has become unbearable. The world she escapes into is a far cry from the dry and clinical bubble she’s been living in, a world populated with a whole host of deviant oddballs. As Hazel tries to carve out a new life for herself in this uncharted territory, Byron is using the most sophisticated tools at his disposal to find her and bring her home. His threats become more and more sinister, and Hazel is forced to take drastic measures in order to find a home of her own and free herself from Byron’s virtual clutches once and for all. Perceptive and compulsively readable, *Made for Love* is at once an absurd, raunchy comedy and a dazzling, profound meditation marriage, monogamy, and family.

Cally Hammond looks at how words function as carriers of semantic content (communicating facts and doctrines; telling stories; articulating emotions and spiritual perceptions) and then contrasts this with words as they function as physical entities striking the ear, so as to evoke emotions, memories and spiritual perceptions. This basic antithesis between words as carriers of meaning and words as evokers of feeling, emotion, and memory leads to four chapters that explore in fascinating detail the four main aspects of liturgical speech: posture, repetition, rhythm and punctuation.

Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when

Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Life Scripts: A Transactional Analysis of Unconscious Relational Patterns is an exciting collection of contemporary writings on Life Script theory and psychotherapeutic methods. Each chapter describes an evolution of Eric Berne's original theory and brings together a stimulating range of international perspectives, theoretical positions, clinical experiences and psychotherapy practices, as well as a psychotherapy story that illustrates the theory. The concept of Life Scripts has frequently been associated with the determinism represented in theoretical scripts, yet, this book offers some new and diverse perspectives. A few contributors address the significance of early childhood experiences in forming a Life Script, while others reflect the perspectives of post-modernism, constructivism, existential philosophy, neuroscience, developmental research, mythology and the importance of narrative. An illustrious group of

authors has integrated a broad professional perspective into their understanding of a theory of mind, theories of personality and the methods of psychotherapy. Each chapter provides a unique theoretical perspective; some are provocative and challenge Berne's and others long held notions about Life Scripts.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama

takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and

daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

the company Bezos built.”—The New York Times Book Review From the bestselling author of *The Everything Store*, an unvarnished picture of Amazon’s unprecedented growth and its billionaire founder, Jeff Bezos, revealing the most important business story of our time. Almost ten years ago, Bloomberg journalist Brad Stone captured the rise of Amazon in his bestseller *The Everything Store*. Since then, Amazon has expanded exponentially, inventing novel products like Alexa and disrupting countless industries, while its workforce has quintupled in size and its valuation has soared to well over a trillion dollars. Jeff Bezos’s empire, once housed in a garage, now spans the globe. Between services like Whole Foods, Prime Video, and Amazon’s cloud computing unit, AWS, plus Bezos’s ownership of *The Washington Post*, it’s impossible to go a day without encountering its impact. We live in a world run, supplied, and controlled by Amazon and its iconoclast founder. In *Amazon Unbound*, Brad Stone presents a deeply reported, vividly drawn portrait of how a retail upstart became one of the most powerful and feared entities in the global economy. Stone also probes the evolution of Bezos himself—who started as a geeky technologist totally devoted to building Amazon, but who transformed to become a fit, disciplined billionaire with global ambitions; who ruled Amazon with an iron fist, even as he found his personal life splashed over the tabloids. Definitive, timely, and revelatory, Stone has provided an unvarnished portrait of a man and company that we couldn’t imagine modern life without.
