Fighting Her Father's War Megan Maki, Sofia Maki, ML Maki, 2018-09-03 Lieutenant Samantha Spike Hunt thought she knew what she was getting into when she transferred from flying radar planes into F-14 Tomcat fighters. But when her aircraft carrier, the USS Carl Vinson, travels back in time to 1941, she must not only fight for her right to fly the world's best fighter plane, she must also fight in the opening air battles of World War II. She must fight her father's war.

Iranian F-14 Tomcat Units in Combat Tom Cooper, Farzad Bishop, 2012-11-20 So formidable an opponent did the Iraqi airforce consider the F-14 that during the Iran-Iraq war, they ordered their pilots not to engage F-14s and the presence of one in an area was usually enough to empty it of Iraqi aircraft. Officially losses were tiny; only one F-14 was lost in aerial combat (to a MiG-21), one to a control problem and one downed by a ground-to-air missile. This book looks at the F-14's Iranian combat history and includes first hand accounts from the pilots themselves. It will consider key engagements and the central figures involved, illustrating the realities, successes and failures of the Iranian air campaign.

A-10s Over Kosovo Phil M. Haun, Christopher E. Haave, Air University Press, 2011 First published in 2003. The NATO-led Operation Allied Force was fought in 1999 to stop Serb atrocities against ethnic Albanians in Kosovo. This war, as noted by the distinguished military historian John Keegan, marked a real turning point . . . and proved that a war can be won by airpower alone. Colonels Haave and Haun have organized firsthand accounts of some of the people who provided that airpower-the members of the 40th Expeditionary Operations Group. Their descriptions-a new wingman's first combat sortie, a support officer's view of a fighter squadron relocation during combat, and a Sandy's leadership in finding and rescuing a downed F-117 pilot-provide the reader with a legitimate insight into an air war at the tactical level and the airpower that helped convince the Serbian president, Slobodan Milosevic, to capitulate.

The Great War for Civilisation Robert Fisk, 2007-12-18 A sweeping and dramatic history of the last half century of conflict in the Middle East from an award-winning journalist who has covered the region for over forty years, *The Great War for Civilisation* unflinchingly chronicles the tragedy of the region from the Algerian Civil War to the Iranian Revolution; from

the American hostage crisis in Beirut to the Iran-Iraq War; from the 1991 Gulf War to the American invasion of Iraq in 2003. A book of searing drama as well as lucid, incisive analysis, *The Great War for Civilisation* is a work of major importance for today's world.

Where the Red Fern Grows Wilson Rawls,1961 Read the beloved classic that captures the powerful bond between man and man's best friend. This edition also includes a special note to readers from Newbery Medal winner and Printz Honor winner Clare Vanderpool. Billy has long dreamt of owning not one, but two, dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It doesn't matter that times are tough; together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer will seems unbeatable. But tragedy awaits these determined hunters—now friends—and Billy learns that hope can grow out of despair, and that the seeds of the future can come from the scars of the past.

Red Eagles Steve Davies,2008-09-23 From the late 1960s until the end of the Cold War, the United States Air Force acquired and flew Russian-made MiG jets, culminating in a secret squadron dedicated to exposing American fighter pilots to enemy technology and tactics. *Red Eagles* tells the story of this squadron from the first tests of MiGs following the Vietnam War when the USAF had been woefully under-prepared in aerial combat. These initial flights would develop into the black or classified program known internally as Constant Peg. At a secret air base in Nevada, ace American fighter pilots were presented with a range of different MiG jets with a simple remit: to expose the threat to as many of their brethren as possible. Maintaining and flying these assets without without spare parts or manuals was an almost impossible task, putting

those flying the MiGs in mortal danger on every flight. Despite these challenges, in all more than 5,900 American aircrews would train against America's secret MiGs, giving them the eskills they needed to face the enemy in real combat situations. For the first time, this book tells the story of Constant Peg and the 4477th Red Eagles Squadron in the words of the men who made it possible.

The Journal of a Disappointed Man W. N. P. Barbellion, H. G. Wells, 2016-09-14 This book contains Bruce Frederick Cummings' (pseudonym: W. N. P. Barbellion) 1919 work, *The Journal of a Disappointed Man*. Hailed by Ronald Blythe as among the most moving diaries ever created, it is full of astute and frank observations, interesting personal philosophy, and profound introspection. The first edition contains a preface by H. G. Wells, which caused many people think it a work of fiction; however, Well's dispelled this rumour even though the true identity of its author was unknown until his death. A fascinating and unique volume, *The Journal of a Disappointed Man* constitutes a must-read for all lovers of non-fiction and would make for a worthy addition to any collection. Bruce Frederick Cummings (1889 - 1919) was an English diarist most famous for this work. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

F-22 Raptor Steve Pace, 1999 Provides history on America's next generation of fighter plane, known as the F-22 Raptor.

The Last Jihad Joel C. Rosenberg, 2006-08-07 Jon Bennett and Erin McCoy are two of the shrewdest strategists on Wall Street and close friends of the president of the United States. Their secret project: a billion-dollar oil deal off the coast of Tel Aviv and Gaza that could form the basis of a historic peace treaty and bring enormous wealth to every Israeli and Palestinian. But nothing has prepared Jon or Erin for the terror that lies ahead. The book that started it all, *The Last Jihad* is the first of Joel C. Rosenberg's New York Times best-selling series, with 500,000 in print. The first page puts readers in the cockpit of a hijacked jet on a kamikaze mission into an American city—but it was written nine months before 9/11/01. As the plot unfolds, White House advisors Jon Bennett and Erin McCoy are under attack in Jerusalem as the U.S. goes to war with Iraq over weapons of mass destruction—but *The Last Jihad* was published four months before the actual Iraq war began.
