**J. Lewis Blackburn, Thomas J. Domin**

*Financial Statement Analysis* John J. Wild, K. R. Subramanyam, Robert F. Halsey, 2007 *Financial Statement Analysis*, 9e, emphasizes effective business analysis and decision making by analysts, investors, managers, and other stakeholders of the company. It continues to set the standard (over 8 prior editions and hundreds of thousands in unit book sales) in showing students the keys to effective financial statement analysis. It begins with an overview (chapters 1-2), followed by accounting analysis (chapters 3-6) and then financial analysis (chapters 7-11). The book presents a balanced view of analysis, including both equity and credit analysis, and both cash-based and earnings-based valuation models. The book is aimed at accounting and finance classes, and the professional audience as it shows the relevance of financial statement analysis to all business decision makers. The authors: 1. Use numerous and timely real world examples and cases 2. Draw heavily on actual excerpts from financial reports and footnotes 3. Focus on analysis and interpretation of financial reports and their footnotes 4. Illustrate debt and equity valuation that uses results of financial statement analysis 5. Have a concise writing style to make the material accessible

**International Financial Statement Analysis** Thomas R. Robinson, Elaine Henry, Wendy L. Pirie, Michael A. Broihahn, 2012-04-04 Up-to-date information on using financial statement analysis to successfully assess company performance, from the seasoned experts at the CFA Institute Designed to help investment professionals and students effectively evaluate financial statements in today's international and volatile markets, amid an uncertain global economic climate, *International Financial Statement Analysis, Second Edition* compiles unparalleled wisdom from the CFA in one comprehensive volume. Written by a distinguished team of authors and experienced contributors, the book provides complete coverage of the key financial field of statement analysis. Fully updated with new standards and methods for a post crisis world, this Second Edition covers the mechanics of the accounting process; the foundation for financial reporting; the differences and similarities in income statements, balance sheets, and cash flow statements around the world; examines the implications for securities valuation of any financial statement element or transaction, and shows how different financial statement analysis techniques can provide valuable clues into a company's operations and risk characteristics. Financial statement analysis allows for realistic valuations of investment, lending, or merger and acquisition opportunities Essential reading for financial analysts, investment analysts, portfolio managers, asset allocators, graduate students, and others

interested in this important field of finance Includes key coverage of income tax accounting and reporting, the difficulty of measuring the value of employee compensation, and the impact of foreign exchange rates on the financial statements of multinational corporations Financial statement analysis gives investment professionals important insights into the true financial condition of a company, and International Financial Statement Analysis, Second Edition puts the full knowledge of the CFA at your fingertips.

**Financial Reporting & Analysis** Charles H. Gibson,2004 The extensively revised 8th edition thoroughly involves readers with Financial Statements by using real-world examples. The emphasis is on the analysis and interpretation of the end result of financial reporting and financial statements.
