It offers an empirical insight of the main features characterizing social risk of Social Impact Bonds (SIBs) and explores the correlation existing between social risk and financial return. It assesses case studies of social impact investment architectures and their legal and operational limits. It also analyzes new trends in social impact measurement, focusing on the Spanish and Swedish experiences. The book concludes with a road map of priorities and policy strategy for social impact investments development.

Il capitalismo finanziario italiano. Un'araba fenice? Racconti di politica economica Filippo Cavazzuti,2020-03-19 Lo storico Braudel annota che la parola capitalismo appare per la prima volta in lingua francese ai tempi degli enciclopedisti. Da allora questa parola ha generato una vera e propria babele narrativa. Abbiamo anche una Cambridge history of capitalism.

Questi scritti di Filippo Cavazzuti intendono dare all'espressione "capitalismo finanziario" i connotati propri del capitalismo finanziario italiano sia a livello teorico che politico. Si inizia con gli atti della commissione economica per l'Assemblea Costituente ricca di proposte di politica economica per lo sviluppo dell'Italia nel dopoguerra. Si prosegue analizzando i decenni che hanno portato l'Italia nell'euro. Sono anni che vedono la marginalità dei mercati dei capitali di rischio e la preponderanza del capitale di debito, insieme alla progressiva scomparsa della grande impresa pubblica o privata che sia. Una scomparsa che è la causa, non ultima, della stagnazione economica secolare dell'economia italiana. Completano il volume alcuni profili di eminenti economisti (Andreatta, Carli, Spaventa, Sylos-Labini, Albertini) che l'autore ha avuto la fortuna e il privilegio di conoscere e dai quali ha molto imparato. Non solo lui!

Il compito politico della società civile Francesco Liparulo,2019-02-28 Il compito politico della società civile: I politici sono spesso occupati solo a fare retorica e demagogia, mentre ancora imperano statalismo, partitocrazia e sperpero del denaro pubblico. Allora bisogna scendere in campo davvero per raggruppare tutti coloro che credono nei seguenti valori: dignità della persona, centralità della famiglia, libertà, responsabilità, uguaglianza, giustizia sociale, legalità, solidarietà e sussidiarietà. L'autore ci affida un diario politico che va da giugno 2016 a marzo 2017. Nove mesi per seguire il bollettino politico, nove mesi di gestazione, nove mesi per auspicare una rinascita in cui il rispetto dell'uomo e la non violenza siano le basi da cui ripartire. L'esortazione è quella di costruire una società più giusta il cui centro è la persona che si realizza liberamente, cioè una comunità fondata sul progresso della vita e sulla forza della libertà in cui sia riconosciuta la dignità dell'uomo esistenziale dal suo concepimento fino alla sua morte naturale. La richiesta è quella di una attività politica più umana e solidale che deve basarsi sui bisogni più intimi della vita delle persone e dell'esigenza della pace sociale, dell'amore, delle energie morali e spirituali. Politicians are often only busy doing rhetoric and demagoguery, while still prevailing statism, partitocracy and squandering of public money. Then we must really go to the field to group all those who believe in the following values: dignity of the person, centrality of the family, freedom, responsibility, equality, social justice, legality, solidarity and subsidiarity. The author entrusts Us A political diary that goes from June 2016 to March 2017. Nine months to follow the political bulletin, nine months of gestation, nine months to hope for a revival in which respect for man and non-violence are the basis from which to start. The exhortation is to build a more just society whose center is the person who realizes freely, that is a community founded on the progress of life and on the strength of freedom in which the dignity of existential man is recognized by his Conceiving until his natural death. The request is that of a more humane and supportive political activity that must be based on the innermost needs of people's lives and the need for social peace, love, moral and spiritual energies.
