Messenger Ayodeji Abodunde, 2016 Messenger is a study of the life, ministry, and theology of Sydney Granville Elton, a man who believed he had an apostolic message for the church in Nigeria and who stopped at nothing to deliver it. It will inspire you to find your place in prophetic destiny and fulfil it. Elton played the most significant role in shaping Pentecostalism in Nigeria during its first half-century. His impact on the movement was nothing short of revolutionary and his story is crucial to rediscovering the essence that created one of the most vibrant Pentecostal movements in the world. Messenger explores the beginnings of Pentecostalism in Nigeria, bringing alive the stories of its major characters, the passion that catapulted the outpouring into a national phenomenon, and the first major crisis that marked the turning point in its early history. Elton's pivotal role from these early days, and in virtually every significant initiative crucial to its development for fifty years is told in riveting detail. At no other time-when the foundations of Pentecostal Christianity in Nigeria are being vigorously shaken, and when both the church and the nation are in desperate need of a new breed of visionary and courageous leadership-does Elton's bold prophetic vision hold greater significance to our collective spiritual experience. Messenger will impart to you a fresh vision of God's purpose and stir you to be a part of it.

Fire in My Bones Glenn Hinson, 2010-11-24 Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience. A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus. To capture this layering, Hinson demonstrates how all the parts of the gospel program work together to shape a single whole, joining speech and song, performer and audience, testimony, prayer, preaching, and singing into a seamless and multifaceted service of worship. Personal stories ground the discussion at every turn, while experiential testimony fuels the unfolding arguments. Fire in My Bones is an original exploration of experience and belief in a community of African American Christians, but it is also an exploration of African American aesthetics, the study of belief, and the ethnographic enterprise.

To Be Cared For Nathaniel Roberts, 2016-04-26 To Be Cared For offers a unique view into the conceptual and moral world of slum-bound Dalits (ÖuntouchablesÖ) in the South Indian city of Chennai. Focusing on the decision by many women

to embrace locally specific forms of Pentecostal Christianity, Nathaniel Roberts challenges dominant anthropological understandings of religion as a matter of culture and identity, as well as Indian nationalist narratives of Christianity as a foreign ideology that disrupts local communities. Far from being a divisive force, conversion integrates the slum community—Christians and Hindus alike—by addressing hidden moral fault lines that subtly pit residents against one another in a national context that renders Dalits outsiders in their own land.

How Asia Works Joe Studwell, 2013-03-28 Until the catastrophic economic crisis of the late 1990s, East Asia was perceived as a monolithic success story. But heady economic growth rates masked the most divided continent in the world - one half the most extraordinary developmental success story ever seen, the other half a paper tiger. Joe Studwell explores how policies ridiculed by economists created titans in Japan, Korea and Taiwan, and are now behind the rise of China, while the best advice the West could offer sold its allies in South-East Asia down the economic river. The first book to offer an Asia-wide deconstruction of success and failure in economic development, Studwell's latest work is provocative and iconoclastic - and sobering reading for most of the world's developing countries. How Asia Works is a must-read book that packs powerful insights about the world's most misunderstood continent.

He Healed Them All Barry Bennett, 2020-03-17 Healing is God's Will! There's no evidence in the Gospels of sickness having a divine origin or being a blessing in disguise. Jesus never withheld healing from someone who asked. He was always full of compassion to heal the sick. ...Great multitudes followed Him [Jesus], and He healed them all" (Matt 12:15 NKJV). In...

African Initiated Christianity and the Decolonisation of Development Philipp Öhlmann, Wilhelm Gräb, Marie-Luise Frost, 2020-01-07 This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are making to sustainable development in all its manifold forms. Moreover, this volume seeks to elucidate how

these churches reshape the very notion of sustainable development and contribute to the decolonisation of development. Fostering both overarching and comparative perspectives, the book includes chapters on West Africa (Nigeria, Ghana, and Burkina Faso) and Southern Africa (Zimbabwe and South Africa). It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse, substantially broadening the scope of the existing literature. Written predominantly by scholars from the African continent, the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity, combining theoretical contributions, essays by renowned church leaders, and case studies focusing on particular churches or regional contexts. While the contributions in this book focus on the African continent, the notion of development underlying the concept of the volume is deliberately wide and multidimensional, covering economic, social, ecological, political, and cultural dimensions. Therefore, the book will be useful for the community of scholars interested in religion and development as well as researchers within African studies, anthropology, development studies, political science, religious studies, sociology of religion, and theology. It will also be a key resource for development policymakers and practitioners.

Gender, Social Change and Spiritual Power Jane E. Soothill, 2007 Against a backdrop of debate concerning the role of Pentecostalism as a mediator of 'modernity', this book examines the interaction between charismatic Christianity, spiritual power and gendered social change in contemporary Ghana.

Political Spiritualities Ruth Marshall, 2009-08-01 After an explosion of conversions to Pentecostalism over the past three decades, tens of millions of Nigerians now claim that "Jesus is the answer." But if Jesus is the answer, what is the question? What led to the movement's dramatic rise and how can we make sense of its social and political significance? In this ambitiously interdisciplinary study, Ruth Marshall draws on years of fieldwork and grapples with a host of important thinkers—including Foucault, Agamben, Arendt, and Benjamin—to answer these questions. To account for the movement's success, Marshall explores how Pentecostalism presents the experience of being born again as a chance for Nigerians to realize the promises of political and religious salvation made during the colonial and postcolonial eras. Her astute analysis of this religious trend sheds light on Nigeria's contemporary politics, postcolonial statecraft, and the everyday struggles of ordinary citizens coping with poverty, corruption, and inequality. Pentecostalism's rise is truly global, and *Political Spiritualities* persuasively argues that Nigeria is a key case in this phenomenon while calling for new ways of thinking about the place of religion in contemporary politics.
