

Fire In His Bones Free

This book is an attempt to coax Roman history closer to the bone, to the breath and matter of the living being. Drawing from a remarkable array of ancient and modern sources, Carlin Barton offers the most complex understanding to date of the emotional and spiritual life of the ancient Romans. Her provocative and original inquiry focuses on the sentiments of honor that shaped the Romans' sense of themselves and their society. Speaking directly to the concerns and curiosities of the contemporary reader, Barton brings Roman society to life, elucidating the complex relation between the inner life of its citizens and its social fabric. Though thoroughly grounded in the ancient writings--especially the work of Seneca, Cicero, and Livy--this book also draws from contemporary theories of the self and social theory to deepen our understanding of ancient Rome. Barton explores the relation between inner desires and social behavior through an evocative analysis of the operation, in Roman society, of contests and ordeals, acts of supplication and confession, and the sense of shame. As she fleshes out Roman physical and psychological life, she particularly sheds new light on the consequential transition from republic to empire as a watershed of Roman social relations. Barton's ability to build productively on both old and new scholarship on Roman history, society, and culture and her imaginative use of a wide range of work in such fields as anthropology, sociology, psychology, modern history, and popular culture will make this book appealing for readers interested in many subjects. This beautifully written work not only generates insight into Roman history, but also uses that insight to bring us to a new understanding of ourselves, our modern codes of honor, and why it is that we think and act the way we do.

Awe and exhilaration--along with heartbreak and mordant wit--abound in *Lolita*, Nabokov's most famous and controversial novel, which tells the story of the aging Humbert Humbert's obsessive, devouring, and doomed passion for the nymphet Dolores Haze. *Lolita* is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America. Most of all, it is a meditation on love--love as outrage and hallucination, madness and transformation.

National Book Award-winner Timothy Egan turns his historian's eye to the largest-ever forest fire in America and offers an epic, cautionary tale for our time. On the afternoon of August 20, 1910, a battering ram of wind moved through the drought-stricken national forests of Washington, Idaho, and Montana, whipping the hundreds of small blazes burning across the forest floor into a roaring inferno that jumped from treetop to ridge as it raged, destroying towns and timber in the blink of an eye. Forest rangers had assembled nearly ten thousand men to fight the fires, but no living person had seen anything like those flames, and neither the rangers nor anyone else knew how to subdue them. Egan recreates the struggles of the overmatched rangers against the implacable fire with unstoppable dramatic force, and the larger

story of outsized president Teddy Roosevelt and his chief forester, Gifford Pinchot, that follows is equally resonant. Pioneering the notion of conservation, Roosevelt and Pinchot did nothing less than create the idea of public land as our national treasure, owned by every citizen. Even as TR's national forests were smoldering they were saved: The heroism shown by his rangers turned public opinion permanently in favor of the forests, though it changed the mission of the forest service in ways we can still witness today. This e-book includes a sample chapter of SHORT NIGHTS OF THE SHADOW CATCHER.

Gordon grew up in the south end of Seattle in the 1920s, where his family faced many struggles in the "New Land" to which they had moved after World War I. Geneva was raised on a small farm in Dust Bowl Kansas where faith in God was the family's greatest hope. God proved His love and care for these young people as they learned to trust in Him in any adversity--lessons that would be the key to life or death as these young Christians found each other, and found their way onto the mission field in the Belgian Congo. Their adventures, escapes, and discoveries underscore these truths about their God: He is all powerful, all loving, and everywhere present.

A New York Times Notable Book | Lambda Literary Award Winner | Long-listed for the PEN Open Book Award “Charles Blow is the James Baldwin of our age.” — Washington Blade “[An] exquisite memoir . . . Delicately wrought and arresting.” — New York Times Universally praised on its publication, Fire Shut Up in My Bones is a pioneering journalist’s indelible coming-of-age tale. Charles M. Blow’s mother was a fiercely driven woman with five sons, brass knuckles in her glove box, and a job plucking poultry at a factory near their segregated Louisiana town, where slavery's legacy felt close. When her philandering husband finally pushed her over the edge, she fired a pistol at his fleeing back, missing every shot, thanks to “love that blurred her vision and bent the barrel.” Charles was the baby of the family, fiercely attached to his “do-right” mother. Until one day that divided his life into Before and After—the day an older cousin took advantage of the young boy. The story of how Charles escaped that world to become one of America’s most innovative and respected public figures is a stirring, redemptive journey that works its way into the deepest chambers of the heart. “Stunning . . . Blow’s words grab hold of you . . . [and] lead you to a place of healing.” — Essence “The memoir of the year.” — A. V. Club

This essential authorized biography of Eugene Peterson offers unique insights into the experiences and spiritual convictions of the iconic American pastor and beloved translator of The Message. “In the time of a generation-wide breakdown in trust with leaders

in every sphere of society, Eugene's quiet life of deep integrity and gospel purpose is a bright light against a dark backdrop."—John Mark Comer, author of *The Ruthless Elimination of Hurry* "This hunger for something radical—something so true that it burned in his bones—was a constant in Eugene's life. His longing for God ignited a ferocity in his soul." Encounter the multifaceted life of one of the most influential and creative pastors of the past half century with unforgettable stories of Eugene's lifelong devotion to his craft and love of language, the influences and experiences that shaped his unquenchable faith, the inspiration for his decision to translate *The Message*, and his success and struggles as a pastor, husband, and father. Author Winn Collier was given exclusive access to Eugene and his materials for the production of this landmark work. Drawing from his friendship and expansive view of Peterson's life, Collier offers an intimate, beautiful, and earthy look into a remarkable life. For Eugene, the gifts of life were inexhaustible: the glint of fading light over the lake; a kiss from his wife, Jan; a good joke; a bowl of butter pecan ice cream. As you enter into his story, you'll find yourself doing the same—noticing how the most ordinary things shimmer with a new and unexpected beauty.

When Daniel Blackland was six, he ingested his first bone fragment, a bit of kraken spine plucked out of the sand during a visit with his demanding, brilliant, and powerful magician father, Sebastian. Now, years later, Daniel is a petty thief with a forged identity. Hiding amid the crowds in Los Angeles—the capital of the Kingdom of Southern California—Daniel is trying to go straight. But his crime-boss uncle has a heist he wants Daniel to perform: break into the Hierarch's storehouse of magical artifacts and retrieve Sebastian's sword, an object of untold power. For this dangerous mission, Daniel will need a team he can rely on, so he brings in his closest friends from his years in the criminal world. There's Moth, who can take a bullet and heal in mere minutes. Jo Alverado, illusionist. The multitalented Cassandra, Daniel's ex. And, new to them all, the enigmatic, knowledgeable Emma, with her British accent and her own grudge against the powers-that-be. The stakes are high, and the stage is set for a showdown that might just break the magic that protects a long-corrupt regime. Extravagant and yet moving, Greg van Eekhout's *California Bones* is an epic adventure set in a city of canals and secrets and casual brutality—different from the world we know, yet familiar and true. Acts and Monuments by John Foxe, popularly abridged as *Foxe's Book of Martyrs*, is a celebrated work of church history and martyrology, first published in English in 1563 by John Day. Published early in the reign of Queen Elizabeth I and only five years after the death of the Roman Catholic Queen Mary I, Foxe's *Acts and Monuments* was an affirmation of the Protestant Reformation in England during a period of religious conflict between Catholics and Protestants. Foxe's account of church history asserted a historical justification that was intended to establish the Church of England as a continuation of the true Christian church rather than as a modern innovation, and it contributed significantly to a nationalistic repudiation of the Roman Catholic Church. The sequence of the work, initially in five books, covered first early Christian martyrs, a brief history of the medieval church, including the Inquisitions, and a history of the Wycliffite or Lollard movement. It then dealt with the reigns of Henry VIII and Edward VI, during which the dispute with Rome had led to the separation of the English Church from papal authority and the issuance of the Book of Common Prayer. The final book treated the reign of Queen Mary and the Marian Persecutions. (courtesy of wikipedia.com)

Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience. A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus. To capture this layering, Hinson demonstrates how all the parts of the gospel program work

together to shape a single whole, joining speech and song, performer and audience, testimony, prayer, preaching, and singing into a seamless and multifaceted service of worship. Personal stories ground the discussion at every turn, while experiential testimony fuels the unfolding arguments. *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians, but it is also an exploration of African American aesthetics, the study of belief, and the ethnographic enterprise.

This book is the personal journal of Joseph Hewitt, a profligate and degenerate young Englishman, who was powerfully converted by the power of the Holy Spirit, an experience he describes as "a fire in my bones." He joined the Primitive Methodist Church, where he was commissioned a lay preacher and sent to America to preach the gospel to the Cornish miners on the American frontier. Brother Hewitt's journal is a day-by-day record of a circuit-riding preacher in the nineteenth century, the era of slavery, the Civil War, and Lincoln. He traveled on foot, on horseback, and by buggy through Wisconsin blizzards and floods, often preaching several times a week. Read his journal; it may kindle a fire in your bones.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul

holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. “The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure.”—The New York Times Book Review
