

First Fun Reference Thesaurus

A Thesaurus of Old English is conceptually arranged, and presents the vocabulary of Anglo-Saxon England within ordered categories. This allows the user to approach the materials of the Thesaurus by subject rather than through an alphabetic index as is the case for many thesauri. The provision of brief indications of meaning at all levels of this scheme allows word-senses to follow on from ideas explained, so that this thesaurus incorporates information about word meaning and could be described as an inside-out dictionary, with meanings first and then words. In addition to providing hitherto unavailable information for linguists, historians of language, authors, students of English, and textual scholars, A Thesaurus of Old English is a rich resource for investigating social and cultural history, showing the development of concepts through the words that refer to them. The Thesaurus can be consulted online at the University of Glasgow website.

This major new edition of the Oxford First Thesaurus in hardback format has been updated to include more related words, synonyms and antonyms to develop children's writing skills, support comprehension and inspire a more creative and adventurous use of language. With its accessible alphabetical layout, fun colourful illustrations and relevant example sentences, it is the perfect resource for home and school to boost vocabulary and spark creative writing skills. Also available in paperback and an ideal companion to the new updated edition of the Oxford First Dictionary. Go online at www.oxfordschooldictionaries.com for the accompanying free downloadable activities.

Words and synonyms are organised by type (adventure words, etc.) or by topic (in a city, under the sea, etc), with both simple words and more advanced vocabulary included. A handy word finder at the back allows children to look up a word and find its synonyms. Age 5+

"A thesaurus that works as hard as you do . . . you'll wonder how you ever managed without it." -- Advertising Age Listing

more than 2,500 high-powered words, phrases, and slogans, Words That Sell is the ultimate reference for anyone who needs instant access to the key words that make the difference in selling. words fast.

This new edition of the Oxford Primary Thesaurus is bursting with thousands of synonyms, writing tips, overused words and word webs which will enrich children's writing. Entries are simple and clear, and include example sentences from children's favourite authors model how to use different words in context. Alphabet tabs on every page make navigation very easy. Extra writing support is given for overused words such as nice and good, topic vocabulary at words such as animal or castle, and writing tips at words such as food, weather and clothes suggest ways to create colourful descriptions. Finding new and alternative words is easy, quick and fun. The Oxford Primary Thesaurus is an invaluable reference tool for pupils to reflect, edit and improve their writing. An ideal companion to the new updated edition of the Oxford Primary Dictionary. Go online at www.oxfordschooldictionaries.com for the accompanying free downloadable activities.

A unique treasury of words especially written for children in grades K-2, ages 5-7. This beginner's dictionary introduces young readers to 3,000 words using 1,000 entries and hundreds of captivating illustrations by beloved children's illustrator, Ruth Heller. With this indispensable learning tool, children will have fun discovering more about words, their meanings, and how to spell them. Teaches basic dictionary skills: alphabetization, spelling, parts of speech, letter sounds, use of synonyms and antonyms, and homographs and homophones. Jokes, riddles, poems, and fun facts all about words make learning fun. References to popular stories, fairy tales, myths, and nursery rhymes spark imagination and encourage language exploration. Words, phrases, and their meanings are discussed in full age-appropriate sentences, with usage examples to show how they are used in context. Discover a world of information in this engaging, full-color dictionary for children!

In 1852 Peter Mark Roget eclipsed a rich tradition of topically based dictionaries with the publication of his *Thesaurus of English Words and Phrases, Classified and Arranged so as to Facilitate the Expression of Ideas*. Based on intuition as much as on specific linguistic principles, Roget's book has been a bestseller ever since and is one of the most widely-used reference works ever published. In this book Werner Hüllen gives the first history of its genesis and publication, and investigates the principles of its structural design. The author opens with an account of Roget's life and his background in natural science. He then charts the parallel histories of dictionaries of synonyms and concepts within the general context of lexicography. Synonymy, he argues, is a necessary feature of languages without which communication would be impossible. He traces its theory and practice from Plato to the emergence of French and English synonym dictionaries in the seventeenth century. Roget's was the first such book to be arranged by topic and the first to encompass the semantic network of the entire language. The author examines the manner and method of its

compilation, the practical outcomes of the traditions on which it was based, and the ways in which the Thesaurus reflects and reveals Roget's beliefs and background. A History of Roget's Thesaurus will interest students and scholars of linguistics, semantics, and lexicography, as well as anyone wishing to know more about a great literary achievement and an astonishing publishing phenomenon.

"A 22-volume, highly illustrated, A-Z general encyclopedia for all ages, featuring sections on how to use World Book, other research aids, pronunciation key, a student guide to better writing, speaking, and research skills, and comprehensive index"--

An illustrated dictionary, including plurals, parts of speech, and definitions, plus a thesaurus of synonyms and antonyms.

"Written by writers for writers, this innovative thesaurus truly advances the time-honored word source. Some 25,000 word meanings and connotations are elucidated by means of more than 300,000 synonyms, 10,000 antonyms, 250 word notes written by noted authors, and generous listings of example sentences. Many special features, such as usage notes, word spectrums, and a language guide, further clarify a word's many nuances and assist the user in finding just the right expression. For all readers, wordsmiths, scribblers, and hacks, Oxford's new thesaurus should be on every library's reference shelf."--"Reference that rocks," American Libraries, May 2005.

Adjectives have long suffered from bad press. For many years, English teachers have been fond of telling students that "adjectives are the enemy of nouns, and adverbs are the enemy of everything else." While it's still advisable to heed your English teacher's advice on most other matters, The Highly Selective Dictionary of Golden Adjectives for the Extraordinarily Literate proves that breaking certain rules can make written and spoken language that much livelier, adding much-needed color, style, and adornment. With this addition to the popular Highly Selective series, the "golden" adjective, at last, gets the star treatment it deserves. From adventitious to zaftig, renowned lexicographer Eugene Ehrlich has collected more than 850 of the most interesting and engaging adjectives in the English language and has provided concise definitions and instructive usage examples. Whether you're a writer, a speaker, or a word buff, this compendious, trenchant, laudable, and all-around fantabulous volume will help you put panache back into your prose.

This major new edition of the Oxford First Thesaurus will inspire an early love of words and creative writing. Specially written by children's word experts, it is fun and accessible to first readers and writers, with modern 3D images on every spread. Children will find it fun to explore and it will inspire them to use a wider range of words, fast!

Expands vocabulary, develops writing skills ; word games, puzzles and activities.

An illustrated thesaurus contains more than one hundred words accompanied by their synonyms, antonyms, and sample sentences.

Designed for the young reader as an introductory reference book, it provides keys to expanding vocabulary of children who can already read.

Horace G. Danner's *A Thesaurus of English Word Roots* is a compendium of the most-used word roots of the English language. As Timothy B. Noone notes in his foreword: "Dr. Danner's book allows you not only to build up your passive English vocabulary, resulting in word recognition knowledge, but also gives you the rudiments for developing your active English vocabulary, making it possible to infer the meaning of words with which you are not yet acquainted. Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace. This is the beginning of a fine mental linguistic library: so enjoy!" In *A Thesaurus of English Word Roots*, all word roots are listed alphabetically, along with the Greek or Latin words from which they derive, together with the roots' original meanings. If the current meaning of an individual root differs from the original meaning, that is listed in a separate column. In the examples column, the words which contain the root are then listed, starting with their prefixes, for example, dysacousia, hyperacousia. These root-starting terms then are followed by terms where the root falls behind the word, e.g., acouesthesia and acoumeter. These words are followed by words where the root falls in the middle or the end, as in such terms as bradyacusia and odyacusis.. In this manner, *A Thesaurus of English Word Roots* places the word in as many word families as there are elements in the word. This work will interest linguists and philologists and anyone interested in the etymological aspects of English language. With over twenty percent more material, a must for any lover of distinctive words. This entertaining and informative reference features sophisticated and surprising alternatives to common words together with no-fail guides to usage. Avoiding traditional thesauruses' mundane synonym choices, Peter E. Meltzer puts each word—whether it's protreptic, apostrophize, iracund, or emulous—in context by using examples from a broad range of contemporary books, periodicals, and newspapers. His new introduction makes the case for why we should widen our vocabulary and use the one right word. This groundbreaking thesaurus remains a unique venture, one that enriches your writing while helping you find the perfect word.

Sybrina's *Phrase Thesaurus* is a reference tool for anyone with a need to compose unique, descriptive phrases. It's a great tool for creative writers of any genre including students, people just learning English (ESL), people wanting to improve their communication skills. The bestselling Emotion Thesaurus, often hailed as “the gold standard for writers” and credited with transforming how writers craft emotion, has now been expanded to include 56 new entries! One of the biggest struggles for writers is how to convey emotion to readers in a unique and compelling way. When showing our characters’ feelings, we often use the first idea that comes to mind, and they end up smiling, nodding, and frowning too much. If you need inspiration for creating characters’ emotional responses that are personalized and evocative, this ultimate show-don’t-tell guide for emotion can help. It includes: • Body language cues, thoughts, and visceral responses for over 130 emotions that cover a range of intensity from mild to severe, providing innumerable options for individualizing a character’s reactions • A breakdown of the biggest emotion-related writing problems and how to overcome them • Advice on what should be done before drafting to make sure your characters’ emotions will be realistic and consistent • Instruction for how to show hidden feelings and emotional subtext through dialogue and nonverbal cues • And much more! The Emotion Thesaurus, in its easy-to-navigate list format, will inspire you to create stronger, fresher character expressions and engage readers from your first page to your last.

If you've ever fumbled while trying to use a big word* (*lofty, pretentious word) to impress a crowd, you know what it's like to* (*what it is to) be poorly spoken. The fear of mispronouncing or misusing complex words is real and leaves many of us consigned to the lower levels* (*lower echelons) of the English Language. The Well-Spoken Thesaurus is your guide to eloquence, replacing the ordinary with the extraordinary.

?Tus antepasados eran nobles? !Me estas tomando el pelo! (trans.): Your ancestors were royalty? You're pulling my leg! (lit.): Your ancestors are royalty? You're taking my hair! !La comida en este restaurantie esta para chuparse los dedos! (trans.): The fod in this restaurant id delicious! (lit.): The food in this restaurant is to suck one's fingers! While asking for directions, if a native speaker of Spanish were to tell you not to "eat your coconut" (comerse el coco) just because some "large onion" (cebollon) told you that your destination was "in the fifth pine tree" (en el quinto pino), you may not know whether to continue on your way or just give up and turn back -- that is, unless you've read David Burke's latest book in his Street Spanish series. The Street Spanish Slang Dictionary & Thesaurus offers English equivalents and usage tips for over one thousand Spanish terms, including slang words, idioms proverbs, colloquialisms, and vulgarities. It also offers an extensive thesaurus of naughty Spanish slang synonyms for common English words and phrases -- all destined to make you feel like an insider in no time.

sentences and well-known quotations & break; & break; Perfect for writers, students, and even the office, this book is a must-have reference.

The revolutionary achievement of Dr. Peter Mark Roget's first edition in 1852 was the development of a brand-new principle: the arrangement of words and phrases according to their meanings. Dr. Roget's system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size, without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A-to-Z entries. This brilliant organization makes Roget's International Thesaurus® both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated sixth edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. It retains all of the hallmarks that have made Roget's International Thesaurus® an enduring classic: more than 330,000 words and phrases organized into 1,075 categories. A pinpoint reference system that directs the user quickly from a comprehensive index to the numbered category of the right word. Thousands of cross-references throughout lead to other helpful categories. Hundreds of supplemental word lists that supply the names of things which have no synonyms (measurements, wines, weapons, animals, state mottoes, and more) as well as hundreds of quotations that amplify the meanings of selected words. Generations of students, writers, editors, and speakers have made Roget's the most popular word reference book next to the dictionary. Continuing a legacy that dates back more than 150 years, Roget's International Thesaurus® is an indispensable work for everyone who wants to use the English language with clarity and precision.
