

## Florette

Tells the story of Jean de Florette, a 35-year-old, city-bred, hunchbacked idealist, his wife, Aimee, and his daughter, Manon. In the second novel, Manon seeks revenge for her father's death, and it is she who brings the wheel full circle in a final dramatic retribution in the town square.

Jacques Cory's second book *Activist Business Ethics* expands upon the theoretical concepts developed in his first book *Business Ethics: The Ethical Revolution of Minority Shareholders* published by Kluwer Academic Publishers in March 2001. Activist business ethics is needed in order to remedy the wrongdoing committed to stakeholders and minority shareholders. This will be achieved by cooperation between ethical businessmen, activist academics, stakeholders and minority shareholders. We should treat others as we would want others to treat us, not through interest, but by conviction. Yet this principle is not the guideline of many companies in the modern business world, despite the fact that most religions and philosophers have advocated it in the last 3,000 years. How can we convince or compel modern business to apply this principle? And is it essential to the success of economy? In order to answer these questions this book examines the evolution of activist business ethics in business, in democracies, in Christianity, Judaism, Islam, Buddhism, in philosophy and psychology. The book examines international aspects, the personification of stakeholders, the predominance of values and ethics for CEOs and the inefficient safeguards of the stakeholders' interests. The book presents new vehicles for the safeguard of those interests, such as the Internet, Transparency, Ethical Funds and Activist Associations, and future activist vehicles, such as the Supervision Board and the Institute of Ethics. Today everybody is a stakeholder and a minority shareholder of a company, directly or through our pension funds, or as a client, a supplier, a member of a community and a citizen. The principal premise of the book is, therefore, that ultimately the wrongdoers act against themselves. The book is woven with many references on ethics and business ethics from the professional and classic world literature, the Bible and other religious texts, poetry, maxims, and folk tales; showing that ethical problems are similar throughout the ages and cultures, but some of the solutions given in this book are new and original. *Activist Business Ethics* is primarily intended for the academic market and is particularly appropriate for academics in business administration, ethics and finance. It should also appeal strongly to the professional business/finance market, and to stakeholders and minority shareholders as well, who are aware of the wrongdoing committed to them and who want to remedy the situation by activist conduct.

When Mae's family moves from the country to the city, she is sad to leave behind her beloved backyard garden but before long, she finds a way to start a new garden.

A funny, noisy parrot comes into Jack's life and brings him closer to his dad in an unexpected and moving way in this gorgeous, emotionally resonant picture book from the creator of Florette. Jack loves staying at his dad's house. They have tacos and milkshakes, and make each other laugh. But lately Jack wonders if his dad is lonely when he isn't there. Then Jimmy arrives. Jimmy is loud and obnoxious, but Dad thinks he's clever and funny. Jack does not think he's clever or funny. And he's starting to wonder if Dad likes Jimmy better than he likes Jack. This beautifully written and illustrated book about the unconditional love a parent has for a child is both heartwarming and reassuring.

In the tradition of Carson McCullers, the author uses her own experience growing up with a mentally ill sister to pen this intensely moving novel. Set in the heart of the deep South, Looking for Mary Gabriel is the story of Bonita, a young girl who desperately wants her family to be normal, despite their strange behavior. Bonita's little sister, Mary, does not act like the other neighborhood kids, and Bonita vacillates between adoring her sister and hating her. Likewise, Bonita's mother is not exactly as warm and loving as one would hope a mother should be. And Bonita's father's motives are suspect to say the least. Almost inevitably, a tragic act of violence shatters the family forever. As this exquisitely written novel opens, Bonita is preparing to bury her father and is looking back on a life that was shaped by secrets, madness, and lies. This is a novel that will be passed along from friend to friend, for Looking for Mary Gabriel captures perfectly the lonely young girl whose ultimate triumph over her unlucky past enriches all read of her.

A sparkling life of the monumental fashion designer Cristóbal Balenciaga When Cristóbal Balenciaga died in 1972, the news hit the front page of The New York Times. One of the most innovative and admired figures in the history of haute couture, Balenciaga was, said Schiaparelli, "the only designer who dares do what he likes." He was, said Christian Dior, "the master of us all." But despite his extraordinary impact, Balenciaga was a man hidden from view. Unlike today's celebrity designers, he saw to it that little was known about him, to the point that some French journalists wondered if he existed at all. Even his most notable and devoted clients—Marlene Dietrich, Barbara Hutton, a clutch of Rothschilds—never met him. But one woman knew Balenciaga very well indeed. The first person he hired when he opened his Paris house (then furnished with only a table and a stool) was Florette Chelot, who became his top vendeuse—as much an adviser as a saleswoman. She witnessed the spectacular success of his first collection, and they worked closely for more than thirty years, until 1968, when Balenciaga abruptly closed his house without telling any of his staff. Youth-oriented fashion was taking over, Paris was in upheaval, and the elder statesman wanted no part of it. In *The Master of Us All*, Mary Blume tells the remarkable story of the man and his house through the eyes of the woman who knew him best. Intimate and revealing, this is an unprecedented portrait of a designer whose vision transformed an industry but whose story has never been told until now.

From the colonial era to the present, Marcie Cohen Ferris examines the expressive power of food throughout southern Jewish history. She demonstrates with delight and detail how southern Jews reinvented culinary traditions as they adapted to the customs, landscape, and racial codes of the American South. Richly illustrated, this culinary tour of the historic Jewish South is an evocative mixture of history and foodways, including more than thirty recipes to try at home. Candidly, with a mixture of joy, poignancy, and gratitude, the chairman and president of the John Templeton Foundation reflects on the learning and growing he has experienced and the perspectives he has gained throughout his life. In so doing, he continues the legacy of his father, Sir John Templeton, who has used stories from his life to provide instruction for his children, grandchildren, and other future descendants, just as he has drawn on those stories in his many books of inspiration and guidance for the general public. Dr. Templeton shares stories about his personal life, his career in medicine, his early involvement with philanthropy, and his commitment to the John Templeton Foundation and its mission. Events and circumstances in his youth opened him to spirituality, taught him about altruistic love, and introduced him to values he would cultivate throughout his life: thrift, saving, hard work, creativity, and responsibility. His journey takes him from his early life in Winchester, Tennessee, to New Jersey, Yale University, medical school, the Navy, the Children's Hospital of Philadelphia, and the John Templeton Foundation. Along the way, there were lessons learned from his disruptive behavior in elementary school; the deaths of his grandmother and mother; travel to Europe, Africa, and throughout the U.S.; marriage and fatherhood; his growing commitment as a Christian; and his family's experience with an armed robbery. It continues with his experiences in pediatric surgery at the Children's Hospital of Philadelphia, including work with conjoined twins; experience with the mutual fund industry and a role with the Templeton Growth Fund; an intensely rewarding medical specialty in trauma; philanthropy and fund-raising efforts, including a sad experience with fraud; the pride of professorship; and serving as chairman and president of the John Templeton Foundation. With gratitude he credits his many mentors for the wisdom they passed on to him. Among them are John Galbraith, Dr. C. Everett Koop, Dr. Albert Schweitzer, and, of course, always and above all, his father. With appreciation, he recounts the blessings of a full and productive life that continue today as he provides leadership to the diverse programs and initiatives of the John Templeton Foundation.

This collection of new essays is a comprehensive introduction to the concerns and styles which characterise contemporary popular French film.

Marcel Pagnol Jean de Florette Au village des Bastides Blanches, on hait ceux de Crespin. C'est pourquoi lorsque Jean Cadoret, le Bossu, s'installe à la ferme des Romarins, on ne lui parle pas de la source cachée. Ce qui facilite les manœuvres des Soubeyran, le Papet et son neveu Ugolin, qui veulent lui racheter son domaine à bas prix... Jean de Florette (1962), premier volume de L'Eau des collines, marque, trente ans après Pirouettes, le retour de Pagnol au roman. C'est l'épopée de l'eau nourricière sans laquelle rien n'est possible.
