'The Flower Yard is simply gorgeous. Inspirational, sumptuous and packed with refreshingly down-to-earth advice. I love this book.' Nigel Slater 'The Kew-trained king of the small-space garden.' Guardian Arthur Parkinson's town garden is like a path of pots, a tiny, exposed stage on bricks. Despite its small size, a flower-filled jungle in Venetian tones is grown here each year, in defiance of urbanisation. The plants act like drapes, closing gently as their growth engulfs the front door, from either side of the path, to the buzz of precious bees. This is gardening done entirely in pots, yet on a grand scale that will inspire anyone who wants their doorstep or patio to be a glamorous and lively canvas that nurtures them visually and mentally. From jewel scatterings of crocus, flocks of parrot tulips and scented sweet peas to galaxies of single dahlias, towering giraffes of amaryllises grown inside for winter and endless vases of cut blooms through the seasons. With his bantam hens at his feet, Arthur shares his life, knowledge, flair and influences for planting creatively, all of which combine to create a space that's rich in ever-changing colour and life.

Flowers from the Storm Harper Collins

NEW YORK TIMES BESTSELLER - NATIONAL BOOK AWARD FINALIST From the #1 New York Times best-selling author of *The Lost City of Z*, a twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. A New York Times Notable Book Named a best book of the year by Amazon, Wall Street Journal, The Boston Globe, San Francisco Chronicle, GQ, Time, Newsday, Entertainment Weekly, Time Magazine, NPR, Vogue, Smithsonian, Cosmopolitan, Seattle Times, Bloomberg, Lit Hub, and Slate

The second book in the critically acclaimed Obsidian and Blood trilogy: The year is Two House, and the Emperor of the Mexica has just died. The protections he afforded the Empire are crumbling, and the way lies wide open to the flesh-eating star-demons--and to the return of their creator, a malevolent goddess only held in check by the War God's power. The council should convene to choose a new Emperor, but they are too busy plotting against each other. And then someone starts summoning star-demons within the palace, to kill councilmen... Acatl, High Priest of the Dead, must find the culprit before everything is torn apart. **REVIEWS:** 'Political intrigue and rivalry among a complex pantheon of divinities drive this well-paced murder mystery set at the height of the Aztec Empire in the late 15th century. De Bodard reintroduces the series hero Acatl,

high priest of the dead, immediately following the death of the Tenochtitlan leader. One of the council members in charge of choosing a successor has been brutally murdered in what looks like an attempt to influence the decision. But the deaths continue and the political situation grows more complex, while the empire looks to be increasingly at risk of invasion by malignant powers. Acatl must go face-to-face with the most powerful god in his world and put the good of the empire above his antipathy for his rivals to achieve the uneasy succession. De Bodard incorporates historical fact with great ease and manages the rare feat of explaining complex culture and political system without lecturing or boring the reader.' —Publishers Weekly 'Another thing that intrigues me here is the whole fact that historically we know that the real empire died out mysteriously and completely and as such there is always that thought in the back of my mind that the author could choose to bring about the end of days. That highlighted sense of possible doom is something that is missing from too many novels. The way the story is told in this book is very impressive, the plot is both mature and seductive, twisting and turning like a weather vane in a force 9 gale while the action is both bloodthirsty and imaginative. The world building is fantastic and we get to learn even more of this rich culture and the many gods and creatures of the dark. I really can't fault this book at all and recommend it to one and all but if you haven't yet read *Servant of the Underworld* I suggest that you get them both and read them in order, you won't be disappointed.' —SF Book Reviews 'Bodard's writing is polished and striking, as she convincingly fills in the colorful elements of the Aztec culture—even if those colors tend to be of blood and bile as well as flowers and hummingbirds... beautiful, grimy, breathtaking, and morbid. 5*' —Examiner 'Aliette de Bodard has done it again. *Harbinger of the Storm* is an action packed Aztec mystery opera with magic, interventions from the gods and more twists and turns than the first book. It even has a love story with amusing snippets here and there... The story is self contained and can be enjoyed standalone, but you will not want to miss out on the first. I wish it was 2012 already even if the world is going under while I read the final *Obsidian & Blood*.'

But sometimes the most womanising rake can be irresistible, and even his most casual attentions fascinated the sheltered Maddy Timms, quiet daughter of a simple mathematician.

"Seamlessly interweaves five love stories that, together, chronicle sixty years of Bangladeshi history. Shahryar, a recent PhD graduate and father of nine-year-old Anna, must leave the US when his visa expires. In their last remaining weeks together, we learn Shahryar's history, in a

village on the Bay of Bengal, where a poor fisherman and his wife are preparing to face a storm of historic proportions. That story intersects with those of a Japanese pilot, a British doctor stationed in Burma during World War II, and a privileged couple in Calcutta who leaves everything behind to move to East Pakistan following the Partition of India. Inspired by the 1970 Bhola cyclone, in which half a million-people perished overnight, the structure of this riveting novel mimics the storm itself. Building to a series of revelatory and moving climaxes, it shows the many ways in which families love, betray, honor, and sacrifice for one another. At once grounded in history and fantastically imaginative, *The Storm* explores the humanity that connects us beyond the surface differences of race, religion, and nationality. It is an epic novel in the tradition of Khaled Hosseini's *The Kite Runner* and Rohinton Mistry's *A Fine Balance*, by a singularly gifted and perceptive new writer.--

But a condition of her return was that she gave her parole not to fight against the forces of the Republic of Haven until she had been officially exchanged for a Havenite prisoner of war, so she was given a command far away from the war's battle lines. A witty yet moving narrative worked up from sketched biographical fragments, *1913* is an

intimate vision of a world that is about to change forever. The stuffy conventions of the nineteenth century are receding into the past, and 1913 heralds a new age of unlimited possibility. Kafka falls in love; Louis Armstrong learns to play the trumpet; a young seamstress called Coco Chanel opens her first boutique; Charlie Chaplin signs his first movie contract; and new drugs like cocaine usher in an age of decadence. Yet everywhere there is the premonition of ruin - the number 13 is omnipresent, and in London, Paris and Vienna, artists take the omen and act as if there were no tomorrow. In a Munich hotel lobby, Rilke and Freud discuss beauty and transience; Proust sets out in search of lost time; and while Stravinsky celebrates the Rite of Spring with industrial cacophony, an Austrian postcard painter by the name of Adolf Hitler sells his conventional cityscapes.

Sent by the crown to bring both inventor and invention to safety, Ransom Falconer, Duke of Damerell, is shocked to learn Mr. Lambourne is a Miss. Perhaps more shocking, however, are his feelings for the eccentric genius. She is everything he doesn't like: incapable of following orders, unaware of conventional etiquette, preoccupied, disorganized, and unkempt. Yet she beguiles him. One of the most ingenious inventors in England, she is also one of the country's greatest hopes in the defense against the power mad Napoleon Bonaparte. Now, if he could just get her mind out of the clouds and convince her to marry him . . . Merlin is not absentminded, it's just that she only seems to be able to pay attention to one thing at a time. And maybe she does take everything people say literally, but people ought to say what they mean. Now this Ransom Falconer wants her to forget her current interest in flying machines and focus on the speaking box she's lost interest in finishing. It's quite disconcerting. In fact, everything about him is disconcerting; in her isolated life Merlin has never met anyone who affects her quite like Ransom does. With her trademark blend of heartwarming characters and a hilarious conflict, *Midsummer Moon* is yet another winner from the author of *Flowers from the Storm*, praised by Lisa Kleypas as “the gold standard in historical romance.”
