Neil Simon's plays are to some extent a reflection of his life, sometimes autobiographical, other times based on the experiences of those close to him. What the reader of this warm, nostalgic memoir discovers, however, is that the plays, although grounded in Neil Simon's own experience, provide only a glimpse into the mind and soul of this very private man. In *Rewrites*, he tells of the painful discord he endured at home as a child, of his struggles to develop his talent as a writer, and of his insecurities when dealing with what proved to be his first great success -- falling in love. Supporting players in the anecdote-filled memoir include Sid Caesar, Jerry Lewis, Walter Matthau, Robert Redford, Gwen Verdon, Bob Fosse, Maureen Stapleton, George C. Scott, Peter Sellers, and Mike Nichols. But always at center stage is his first love, his wife Joan, whose death in the early seventies devastated him, and whose love and inspiration illuminate this remarkable and revealing self-portrait. *Rewrites* is rich in laughter and emotion, and filled with the memories of a sometimes sweet, sometimes bittersweet life.

interviews in this volume explore the background and works of Neil Simon, the most successful playwright in American history. Several of the entries trace Simon's Jewish heritage and its influence on his plays. Although Simon is best known as a writer of a remarkable series of hit Broadway comedies, the contributors to this book have identified a number of "serious" recurring themes in his work, suggesting that a reassessment of the playwright as a dramatist is appropriate. Three interviews with Simon and his longtime producer yield valuable facts about the playwright that will, along with the critical essays, aid the scholar seeking new insights into contemporary American drama in general and Neil Simon in particular.

From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?* The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE

DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. *Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

A Remarkably Intimate Tale of the Intrigue, Ruthlessness, and Majesty of Henry VIII's Court. When country lad Will Somers lands himself the plum position of jester to the mercurial King Henry VIII, he has no idea that he's just been handed a front-row seat to history. With a seat near the throne and an ear to the floor, Somers witnesses firsthand the dizzying power struggles and sly scheming that marked the reign of the fiery Tudor king. Somers watches the rise and fall of some of the most enigmatic women in history, including the tragic Katherine of Aragon, the doomed Anne Boleyn, and Mary Tudor, who confided in the jester as she made the best of the fragile life of a princess whom everyone wished was a prince. Based on the life of the real Will Somers, King's Fool is infused with Margaret Campbell Barnes' trademark rich detail and historical accuracy. This intimate peek into the royal chambers gives readers a unique view on one of the most tumultuous periods in English history. First published in 1959 by world-renowned historical novelist Margaret Campbell Barnes, King's Fool is a remarkable insider tale of the intrigue, ruthlessness, and majesty of the Tudor court. When

Teeming with chatrooms, online discussion groups, and blogs, the Internet offers previously unimagined opportunities for personal expression and communication. But there's a dark side to the story. A trail of information fragments about us is forever preserved on the Internet, instantly available in a Google search. A permanent chronicle of our private lives--often of dubious reliability and sometimes totally false--will follow us wherever we go, accessible to friends, strangers, dates, employers, neighbors, relatives, and anyone else who cares to look. This engrossing book, brimming with amazing examples of gossip, slander, and

rumor on the Internet, explores the profound implications of the online collision between free speech and privacy. Daniel Solove, an authority on information privacy law, offers a fascinating account of how the Internet is transforming gossip, the way we shame others, and our ability to protect our own reputations. Focusing on blogs, Internet communities, cybermobs, and other current trends, he shows that, ironically, the unconstrained flow of information on the Internet may impede opportunities for self-development and freedom. Long-standing notions of privacy need review, the author contends: unless we establish a balance between privacy and free speech, we may discover that the freedom of the Internet makes us less free.

In the late 1950s, Mike Nichols (1931–2014) and Elaine May (b. 1932) soared to superstar status as a sketch comedy duo in live shows and television. After their 1962 breakup, both went on to long and distinguished careers in other areas of show business—mostly separately, but sporadically together again. In *Nichols and May: Interviews*, twenty-seven interviews and profiles ranging over more than five decades tell their stories in their own words. Nichols quickly became an A-list stage and film director, while May, like many women in her field, often found herself thwarted in her attempts to make her distinctive voice heard in projects she could control herself. Yet, in recent years, Nichols's work as a filmmaker has been perhaps unfairly devalued, while May's accomplishments, particularly as a screenwriter and director, have become more appreciated, leading to her present widespread acceptance as a groundbreaking

female artist and a creative genius of and for our time. Nichols gave numerous interviews during his career, and editor Robert E. Kapsis culled hundreds of potential selections to include in this volume the most revealing and those that focus on his filmmaking career. May, however, was a reluctant interview subject at best. She often subverted the whole interview process, producing instead a hilarious parody or even a comedy sketch—with or without the cooperation of the sometimes-oblivious interviewer. With its contrasting selection of interviews conventional and oddball, this volume is an important contribution to the study of the careers of Nichols and May.

of the worst largely unknown until now—by the acclaimed author of *Pictures at a Revolution* and *Five Came Back* Mike Nichols burst onto the scene as a wunderkind: while still in his twenties, he was half of a hit improv duo with Elaine May that was the talk of the country. Next he directed four consecutive hit plays, won back-to-back Tonys, ushered in a new era of Hollywood moviemaking with *Who's Afraid of Virginia Woolf?*, and followed it with *The Graduate*, which won him an Oscar and became the third-highest-grossing movie ever. At thirty-five, he lived in a three-story Central Park West penthouse, drove a Rolls-Royce, collected Arabian horses, and counted Jacqueline Kennedy, Elizabeth Taylor, Leonard Bernstein, and Richard Avedon as friends. Where he arrived is even more astonishing given where he had begun: born Igor Peschkowsky to a Jewish couple in Berlin in 1931, he was sent along with his younger brother to America on a ship in 1939. The young immigrant boy caught very few breaks. He was bullied and ostracized--an allergic reaction had rendered him permanently hairless--and his father died when he was just twelve, leaving his mother alone and overwhelmed. The gulf between these two sets of facts explains a great deal about Nichols's transformation from lonely outsider to the center of more than one cultural universe--the acute powers of observation that first made him famous; the nourishment he drew from his creative partnerships,

most enduringly with May; his unquenchable drive; his hunger for security and status; and the depressions and self-medications that brought him to terrible lows. It would take decades for him to come to grips with his demons. In an incomparable portrait that follows Nichols from Berlin to New York to Chicago to Hollywood, Mark Harris explores, with brilliantly vivid detail and insight, the life, work, struggle, and passion of an artist and man in constant motion. Among the 250 people Harris interviewed: Elaine May, Meryl Streep, Stephen Sondheim, Robert Redford, Glenn Close, Tom Hanks, Candice Bergen, Emma Thompson, Annette Bening, Natalie Portman, Julia Roberts, Lorne Michaels, and Gloria Steinem. Mark Harris gives an intimate and evenhanded accounting of success and failure alike; the portrait is not always flattering, but its ultimate impact is to present the full story of one of the most richly interesting, complicated, and consequential figures the worlds of theater and motion pictures have ever seen. It is a triumph of the biographer's art.

Leon Tolchinsky is ecstatic. He's landed a terrific teaching job in an idyllic Russian hamlet. When he arrives, he finds people sweeping dust from the stoops back into their houses and people milking upside down to get more cream. The town has been cursed with Chronic Stupidity for two hundred years, and Leon's job is to break the curse. No one tells him that if he stays over twenty-four hours and fails to break the curse, he too becomes stupid. But he has fallen in love with a girl so stupid, she has only recently learned how to sit down.

1893. After a harrowing journey, recent college graduate Leon Tolinchinsky arrives in Kulyenchikov, Ukraine, to tutor Sophia Zubritsky, nineteen. Her parents, Nickolai and Leyna, inform him the village is cursed, rendering every resident as dumb as a bag of rocks. Leon must educate Sofia in twenty-four hours or fall victim to the curse himself, though teaching her, her parents, or anyone else about anything is just about impossible. To complicate matters, Leon and Sofia fall in love, infuriating Count Gregor, her long-time suitor. Leon risks everything to break the curse and rescue the village. controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

A brand new lawyer and his young bride have returned from their honeymoon and are moving into their new high-rent apartment only to find that the place is absolutely bare of furniture, the paint job is all wrong, the skylight leaks, there is room for only one twin bed, and the wacky neighbors pop up at the worst times.

At a large, tastefully-appointed Sneden's Landing townhouse, the Deputy Mayor of New York has just shot himself.
