For the Sake of Simple Folk Popular Propaganda for the German Reformation Oxford University Press, USA

From poisons to allergies to hidden dangers and emergency first aid, For Dog's Sake! is a concise guide, whimsically illustrated and thoroughly entertaining dog safety book. A gold mine of information packed with infographics and ridiculously cute art, For Dog's Sake! is the dog owner's handbook that all dog lovers want and need. In addition to accidents and first aid, healthy tips on diet, exercise, and grooming round out this essential guide. A trustworthy (and adorable) source of life-saving information this book is accessible and easy to consult at a moment's notice. Best of all, a portion of the proceeds will go directly to helping sick and injured rescue and shelter pets through Adopt-a-Pet.com's Veterinary Care Fund.

A business man wakes up and discovers he has been turned into a cockroach of sorts! Beginnings don't get much better than that! Unfortunately, a hundred years has made most translations of Kafka's classic work feel a bit dated. BookCaps can help with this fresh translation for the modern reader. If you have struggled in the past reading Kafka, then BookCaps can help you out. This book is a modern translation of The Metamorphosis. The original text is also presented in the book, along with a comparable version of both text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

The Cognitive Behavioral Analysis System of Psychotherapy (CBASP) is a set of techniques that has proven to be efficacious in the treatment of chronic depression. This book describes ways in which it can be extended in the treatment of patients with a wide variety of psychological disorders and difficulties, in a wide variety of settings. Vivid case illustrations and session transcripts illuminate the authors' presentation of appropriate modifications and implementations of the basic approach for personality and anxiety disorders, behavior problems in children, couples distress, and anger. The approach is flexible, efficient, and simple to train. One chapter focuses on methods for helping parents to help their own children more effectively. CBASP has been shown to work both for patients with severe psychological symptoms and for those with more common everyday problems; both for those who are psychologically sophisticated and for those who are not. Simple Treatments for Complex Problems offers powerful new tools for the clinical armamentarium of mental health professionals who do psychotherapy, and the conceptual armamentarium of those who train them and study treatment effectiveness.

Bruce and Stan are back and ready to guide readers into the mainstream of life with gentle, often-profound advice. With thoughts on such topics as integrity, enthusiasm, humor, parents, marriage, money, faith and God's will, Simple Matters makes a perfect gift for anyone finding his or her place in the world.

DVD.

The spirit of simplicity is a great magician. It softens asperities, bridges chasms, draws together hands and hearts. The forms which it takes in the world are infinite in number; but never does it seem to us more admirable than when it shows itself across the fatal barriers of position, interest, or prejudice, overcoming the greatest obstacles, permitting those whom everything seems to separate to understand one another, esteem one another, love one another. This is the true social cement, that goes into the building of a people.

Heinrich Heshusius (1556-97) became a leading church superintendent and polemicist during the early age of Lutheran orthodoxy, and played a major role in the reform and administration of several German cities during the late Reformation. As well as offering an introduction to Heshusius's writings and ideas, this volume explores the wider world of late-sixteenth-century German Lutheranism in which he lived and worked. In particular, it looks at the important but inadequately understood network of Lutheran clergymen in North Germany centred around universities such as Rostock, Jena, Königsberg, and Helmstedt, and territories such as Braunschweig-Wolfenbüttel, in the years after the promulgation of the Formula of Concord (1577). In 1579, Heshusius followed his father Tilemann to the newly founded University of Helmstedt, where Heinrich served as a professor on the philosophy faculty and established lasting connections within the Gnesio-Lutheran party. In the 1590s, Heshusius completed his doctoral degree in theology and worked as a pastor and superintendent in Tonna and Hildesheim, publishing over seventy sermons as well as a popular catechism based on the Psalms and Luther's Small Catechism. As confessional tensions mounted in Hildesheim, Heshusius worked as a polemicist for the Lutheran cause, pressing for the conversion or expulsion of local Jews. At the same time, Heshusius began to argue aggressively for the expulsion of Jesuits, who had been increasing in number due to the activities of the local bishop and administrator, Ernst II of Bavaria. By discussing the connection between these two expulsion efforts, and the practical activities Heshusius undertook as a preacher, catechist, and administrator, this study portrays Heshusius as a zealous protector of Lutheran traditions in the face of confessional rivals. Understanding this zeal, and the policies, piety, and propaganda that came as a result, is an important factor in relating how Lutheran orthodoxy gained momentum within Germany in the last decades of the sixteenth century. In all this book will reveal the complex characteristics of an important (but virtually unknown) Lutheran superintendent and theologian active during the era of confessionalization, providing a useful resource for the ongoing efforts of scholars hoping to understand the nature of orthodoxy and its importance for early modern Europeans.

An American sake expert takes you to a whole new level of insider knowledge and expertise

Once found only in sushi bars and Japanese restaurants, Sake now lines the shelves of gourmet food shops, supermarkets and restaurants of all persuasions, listed alongside the customary wine selections. Written by a Sake brewmaster, this book shows how to select a good sake and how to match an evening's selection with food.
