A group of Utopians, unhappy with dissolute, mid-19th-century America, takes to the pastoral life; but the members find little satisfaction in the communal life. Instead of changing the world, they pursue self-centered paths that ultimately lead to tragedy. Absorbing 1852 novel about love, idealism, and politics bristles with Hawthorne's perceptive wit and intelligence.

The bestselling, prize-winning biography of a mathematical genius who suffered from schizophrenia, miraculously recovered, and then won a Nobel Prize.

In the third novel of this bestselling series from, London investigator Maisie Dobbs faces grave danger as she returns to the site of her most painful WWI memories to resolve the mystery of a pilot's death. A deathbed plea from his wife leads Sir Cecil Lawton to seek the aid of Maisie Dobbs, psychologist and investigator. As Maisie soon learns, Agnes Lawton never accepted that her aviator son was killed in the Great War, a torment that led her not only to the edge of madness but to the doors of those who practice the dark arts and commune with the spirit world. In accepting the assignment, Maisie finds her spiritual strength tested, as well as her regard for her mentor, Maurice Blanche. The mission also brings her together once again with her college friend Priscilla Evernden, who served in France and who lost three brothers to the war—one of whom, it turns out, had an intriguing connection to the missing Ralph Lawton. Following on the heels of Jacqueline Winspear's triumphant *Birds of a Feather*, *PARDONABLE LIES* is the most compelling installment yet in the chronicles of Maisie Dobbs, "a heroine to cherish" (Marilyn Stasio, *The New York Times Book Review*).

The companion volume to *The Earth Chronicles* series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered *Homo sapiens*, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover Zecharia Sitchin's bestselling series *The Earth Chronicles* provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In *The Lost Book of Enki* we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began

his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

INSTANT NEW YORK TIMES BESTSELLER "An astounding triumph . . . Profound . . . Achingly wise . . . A recovery memoir like no other." --Entertainment Weekly (A) "Riveting . . . Beautifully told." --Boston Globe "An honest and important book . . . Vivid writing and required reading." --Stephen King "Perceptive and generous-hearted . . . Uncompromising . . . Jamison is a writer of exacting grace." --Washington Post From the New York Times bestselling author of *The Empathy Exams* comes this transformative work showing that sometimes the recovery is more gripping than the addiction. With its deeply personal and seamless blend of memoir, cultural history, literary criticism, and reportage, *The Recovering* turns our understanding of the traditional addiction narrative on its head, demonstrating that the story of recovery can be every bit as electrifying as the train wreck itself. Leslie Jamison deftly excavates the stories we tell about addiction--both her own and others'--and examines what we want these stories to do and what happens when they fail us. All the while, she offers a fascinating look at the larger history of the recovery movement, and at the complicated bearing that race and class have on our understanding of who is criminal and who is ill. At the heart of the book is Jamison's ongoing conversation with literary and artistic geniuses whose lives and works were shaped by alcoholism and substance dependence, including John Berryman, Jean Rhys, Billie Holiday, Raymond Carver, Denis Johnson, and David Foster Wallace, as well as brilliant lesser-known figures such as George Cain, lost to obscurity but newly illuminated here. Through its unvarnished relation of Jamison's own ordeals, *The Recovering* also becomes a book about a different kind of dependency: the way our desires can make us all, as she puts it, "broken spigots of need." It's about the particular loneliness of the human experience--the craving for love that both devours us and shapes who we are. For her striking language and piercing observations, Jamison has been compared to such iconic writers as Joan Didion and Susan Sontag, yet her utterly singular voice also offers something new. With enormous empathy and wisdom, Jamison has given us nothing less than the story of addiction and recovery in America writ large, a definitive and revelatory account that will resonate for years to come.

Understand, this book is not written to make you feel bad or condemn you if you have not engaged others with the gospel message. This book is written to encourage and inspire you. Even though pastor and author Greg Laurie is a “gospel-presenting professional,” in this book he tells stories of his own failure and success. The most important things you will find here are biblical principles that you can apply yourself. Taken from the life and witness of Jesus, and tested over Greg’s forty years of ministry, in both one-on-one experiences and large-scale evangelistic arena and stadium events, these ideas are intended to mobilize every person in the church to “Tell Someone” about Jesus Christ.

Critique of rational choice theory and original, cultural analysis of key historical problem.

Acts and Monuments by John Foxe, popularly abridged as Foxe's Book of Martyrs, is a celebrated work of church history and martyrology, first published in English in 1563 by John Day. Published early in the reign of Queen Elizabeth I and only five years after the death of the Roman Catholic Queen Mary I, Foxe's Acts and Monuments was an affirmation of the Protestant Reformation in England during a period of religious conflict between Catholics and Protestants. Foxe's account of church history asserted a historical justification that was intended to establish the Church of England as a continuation of the true Christian church rather than as a modern innovation, and it contributed significantly to a nationalistic repudiation of the Roman Catholic Church. The sequence of the work, initially in five books, covered first early Christian martyrs, a brief history of the medieval church, including the Inquisitions, and a history of the Wycliffite or Lollard movement. It then dealt with the reigns of Henry VIII and Edward VI, during which the dispute with Rome had led to the separation of the English Church from papal authority and the issuance of the Book of Common Prayer. The final book treated the reign of Queen Mary and the Marian Persecutions. (courtesy of wikipedia.com)

Polly Bemis, the mistakenly named "Lalu Nathoy" of books and film, was forcibly brought to the United States, and to Idaho Territory, in 1872 when she was just eighteen. In 1894 she married a Euroamerican man, Charlie Bemis, and they moved to a mining claim on the remote Salmon River; Charlie died in 1922 and Polly died in 1933. Since her death, Polly Bemis's life has been greatly romanticized. Supposedly, she was a prostitute, "Hong King" was her Chinese owner, and Charlie Bemis "won her in a poker game." Not one of these statements is true. Polly's life was genuinely fascinating, and it is time to both celebrate the known facts about her and allow the stereotypical, undocumented legends to die out.

What if you learned that to lead well, you’d need to live like a drug addict? During treatment for drug addiction, Michael Brody-Waite learned three principles that became the difference between life and death: Practice rigorous authenticity Surrender the outcome Do uncomfortable work Leaving rehab, Michael entered the workplace where he was shocked to see most business leaders doing what he had been taught would kill him. He began to see striking similarities between drug addiction and what he calls “mask addiction.” Leaders everywhere were hiding their authentic selves in order to get what they wanted. They were doing things like: Saying yes when they could say no Hiding their weaknesses Avoiding difficult conversations Holding back their unique perspectives Instead of chasing drugs, leaders were chasing professional, financial, and social success from behind a mask—to the detriment of themselves and the people around them. He equips you with the tools you need to live and lead mask-free—tools to enable you to stop following others, lead yourself, and become one of the dynamic, growing, authentic leaders this world desperately needs.
