Paperback: Those 80s Cars is dedicated to enthusiasts of the manufacturers of American owned and branded franchises. These often overlooked cars are now entering classic and collectible status. This is your resource guide of exterior and interior views with hundreds of images (front, back, profiles, interiors, dashes, seats and a few cut-a-ways), and quotes and specs from the brochures. Includes cars from 1980-1989 from these manufacturers: Ford, Lincoln, Mercury and Merkur.

This book examines the dominance and significance of lean organizing in the international economy. Scholars from each discipline see lean production as positive or negative; the book blends theory with practice by sorting out these different academic views and revealing how lean is implemented in different ways. The first part synthesizes academic research from a range of disciplines—including, engineering, sociology, and management—to present the reader with an integrated understanding of the benefits and drawbacks of lean management. The second part links this theory to practice, with a set of case studies from companies like Apple, Google, Nike, Toyota, and Walmart that demonstrate how lean is implemented in a variety of settings. The book concludes with three models, explaining how Toyotism, Nikefication with offshoring, and Waltonism provide full or less complete models of lean production. It clearly presents the positive and negative aspects of lean and insights into the culture of lean organizations. With its rich interdisciplinary approach, *Framing and Managing Lean Organizations in the New Economy* will benefit researchers and students across a range of classes from management, sociology, and public policy to engineering. ‘Draws on ingenious insights and lessons from nature to emphasize the importance of imbibing, developing, listening to and trusting your intuition – increasingly becoming a differentiator in senior circles – to develop the confidence to take that leap of faith which every risk-bearing decision entails’ – Ratan Tata Managers can become like stunted plants. The absence of intuition – or its inadequate use – has the effect of constricting a manager. The Case of the Bonsai Manager is the perfect antidote for every manager who feels they are not achieving their full potential. Effective leadership is not just about hard facts but also about listening to, and using, your intuition. Using anecdotes from nature and the world of management, R. Gopalakrishnan explores how you can be more intuitive, inclusive and humane. The revised and updated edition of this best-selling book, with its easy-to-read anecdotal style, has additional material to reinforce the key messages, including a new self-help workbook. ‘Exceptional . . . R. Gopalakrishnan is a formidable writer and manager’ – Economic Times ‘One of the most refreshing and useful books on management that I have read in many years’ – Business Today

When Ford rolled out the Mustang in April 1964 it was an instant hit. Even with its immense popularity it didn’t stop Ford Corporate, zone managers, and dealerships from taking it an extra step further. Just two short months later, the first special-edition Mustang debuted at the Indianapolis 500 tasked with pacing the race, and it’s been full throttle ever since. This book examines more than 300 special-edition Mustangs from 1964 through today. Coverage includes factory offerings such as the 2001 Bullitt and SVT Cobras, regional promotions including the Twister Special, third-party tuners such as Roush and Saleen, and factory race cars including the 1968-1/2 Cobra Jets and the 2000 Cobra-R. You may find Mustangs in this book that you had no idea even existed! Never has a volume this detailed and with this many model Mustangs been offered published. The authors have taken their decades of research and logged them into a single compilation. Each Mustang is accompanied by production numbers, key features, and photos of surviving cars whenever possible. This book is sure to be a valued resource in your Mustang memorabilia collection! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
