### Forex for Ambitious Beginners A Guide to Successful Currency Trading

Just a decade ago, the Foreign Exchange was a market reserved for a select few. Now, anyone can actively trade in this profitable market—even those with no formal financial education. Enter James Dicks, a leading FOREX expert and educator who cut his teeth in this burgeoning market and wants to share his years of experienced wisdom with you. FOREX Trading Secrets is a one-stop sourcebook packed with everything a trader needs to quick-start success in a 24-hour market. In addition to covering every fundamental aspect of the FOREX, this hands-on guide provides hard-won tools and strategies from a seasoned trader, who helps you minimize your exposure to the inherent risk in this unique market. A useful volume you'll turn to again and again, FOREX Trading Secrets features specific examples of proven trading strategies working in the real world, a simple and profitable technique for money management, and confidence-building skills for creating your own source of income. If you have never traded the FOREX before, FOREX Trading Secrets is the place to start. It covers the essential basics, including all major currency pairs, the mechanics of trading, how to place a trade, and deciding what type of trader you are. Experienced traders gain expert insight into the fundamentals, as well as such advanced topics as creating a successful trading plan, managing risk, mastering your emotions, and building your portfolio. You will benefit from An insider's clarification of the Carry Trade Seeing technical indicators and patterns through a master's eyes The secrets to

FOREX diversification A detailed explanation of the author's personal trading approach A Trader's Ten Commandments There is no holy grail of FOREX trading, but with FOREX Trading Secrets, all you need is practice to build a powerful trading toolbox for wealth security in the world's biggest financial market.

Are you searching for a reliable source of passive income to supplement your salary? Would you like to gain financial freedom and eventually quit your day job? Are you new to investing and looking for expert guidance to help you enhance your skills? If you're ready to take your fortune into your own hands by making smart investments, this is the book for you. Read on! Forex, also known as exchange or FX, involves buying and selling different currencies with the aim of earning profits based on fluctuations in the values of these currencies. This essential guidebook empowers you to understand the ins and outs of forex trading, develop winning strategies and identify the indicators necessary for success. While stock market investments can generate a great deal of profit, the average investor actually loses money over the course of a year. Effective trading requires applying specific strategies and developing a certain mindset. Trading blindly is nothing more than gambling --- and not worth the risk. The forex market is the largest market in the world. Because it is decentralized and even bigger than the stock exchange market, forex attracts a large number of traders, from beginners to experts. This makes finding a buyer or seller easier than in other trade markets. Despite the inherent risks that come with any type of trading, Forex offers many advantages, from leverage to fast returns to simple tax rules. In the past, traders had to go through brokers. Today, advancements in technology enable traders to transact directly using trading platform software and apps. In this guidebook, David Reese will guide you step-by-step with powerful tactics for

'An Introduction to Forex Trading - A Guide for Beginners' is a great reference book for anyone wanting to learn to trade the Forex (Foreign Exchange) Markets. It introduces a wide range of Forex trading topics, and condenses a wealth of trading knowledge into relatively short, easy to read sections. Includes useful examples, ideas and trading strategies. The book has been written with novice traders in mind, but would equally be ideal for anyone who has recently started trading and would like to increase their trading knowledge. Topics covered include: Forex Essentials; Analysing the Forex Market; Forex Charts; Technical Trading Techniques; Common Chart Patterns; Moving Averages; Indicators & Oscillators; Fibonacci; Trading Cycles; Advanced Chart Patterns; Time-frames; Trading Strategy; Carry Trades; and, Trading Systems. 'A great reference tool for anyone wanting to learn how to trade the Forex Markets' 'Just the right amount of information to get anyone started with Forex trading' 'A really useful Forex guide'

Many traders go around searching for that one perfect trading strategy that works all the time in the global FOREX (foreign exchange/currency) market. Frequently, they will complain that a strategy doesn't work. Few people understand that successful trading of the FOREX market entails the application of the right strategy for the right market condition. 7 Winning Strategies

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

For Trading Forex covers: - Why people should be paying attention to the FOREX market, which is the world's largest and most liquid financial market - How understanding the structure of this market can be beneficial to the independent trader - How to overcome the odds and become a successful trader - How you can select high-probability trades with good entries and exits. Grace Cheng highlights seven trading strategies, each of which is to be applied in a unique way and is designed for differing market conditions. She shows how traders can use the various market conditions to their advantage by tailoring the strategy to suit each one. This revealing book also sheds light on how the FOREX market works, how you can incorporate sentiment analysis into your trading, and how trading in the direction of institutional activity can give you a competitive edge in the trading arena. This invaluable book is ideal for new and current traders wanting to improve their trading performance. Filled with practical advice, this book is a must-read for traders who want to know exactly how they can make money in the FOREX market.

The foreign exchange market is the largest, fastest-growing financial market in the world. Yet conventional macroeconomic approaches do not explain why people trade foreign exchange. At the same time, they fail to explain the short-run determinants of the exchange rate. These nine innovative essays use a microstructure approach to analyze the workings of the foreign exchange market, with special emphasis on institutional aspects and the actual behavior of market participants. They examine the volume of transactions, heterogeneity of traders, the time of day and location of trading, the bid-ask spread, and the high level of exchange rate volatility that has puzzled many observers. They also consider the structure of the market, including such issues as nontransparency, asymmetric information, liquidity trading, the use of

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

automated brokers, the relationship between spot and derivative markets, and the importance of systemic risk in the market. This timely volume will be essential reading for anyone interested in the economics of international finance.

Design more successful trading systems with this practical guide to identifying alphas. Finding Alphas seeks to teach you how to do one thing and do it well: design alphas. Written by experienced practitioners from WorldQuant, including its founder and CEO Igor Tulchinsky, this book provides detailed insight into the alchemic art of generating trading signals, and gives you access to the tools you need to practice and explore. Equally applicable across regions, this practical guide provides you with methods for uncovering the hidden signals in your data. A collection of essays provides diverse viewpoints to show the similarities, as well as unique approaches, to alpha design, covering a wide variety of topics, ranging from abstract theory to concrete technical aspects. You'll learn the dos and don'ts of information research, fundamental analysis, statistical arbitrage, alpha diversity, and more, and then delve into more advanced areas and more complex designs. The companion website, <http://www.worldquantchallenge.com/>, features alpha examples with formulas and explanations. Further, this book also provides practical guidance for using WorldQuant's online simulation tool WebSim® to get hands-on practice in alpha design. Alpha is an algorithm which trades financial securities. This book shows you the ins and outs of alpha design, with key insight from experienced practitioners. Learn the seven habits of highly effective quants. Understand the key technical aspects of alpha design. Use WebSim® to experiment and create more successful alphas. Finding Alphas is the detailed, informative guide you need to start designing robust, successful alphas.

term swings using time-tested strategies Learn a variety of technical trades for navigating overbought or oversold markets Examine the unique characteristics of various currency pairs Many of the world's most successful traders have made the bulk of their winnings in the currency market, and now it's your turn. Day Trading and Swing Trading the Currency Market is the must-have guide for all foreign exchange traders. As head FX strategist at CMC Markets—one of the world's leading forex/commodity brokers—Ashraf Laidi understands the forces shaping today's currency market and their interplay with interest rates, equities, and commodities. And now, with Currency Trading and Intermarket Analysis, he shares his extensive experiences in this field with you. Throughout the book, Laidi outlines the tools needed to understand the macroeconomic and financial nuances of this dynamic field and provides you with insights that are essential to making the most of your time within it.

Very few careers can offer you the freedom, flexibility and income that day trading does. As a day trader, you can live and work anywhere in the world. You can decide when to work and when not to work. You only answer to yourself. That is the life of the successful day trader. Many people aspire to it, but very few succeed. Day trading is not gambling or an online poker game. To be successful at day trading you need the right tools and you need to be motivated, to work hard, and to persevere. At the beginning of my trading career, a pharmaceutical company announced some positive results for one of its drugs and its stock jumped from \$1 to over \$55 in just two days. Two days! I was a beginner at the time. I was the amateur. I purchased 1,000 shares at \$4 and sold them at over \$10. On my very first beginner trade, I

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

made \$6,000 in a matter of minutes. It was pure luck. I honestly had no idea what I was doing. Within a few weeks I had lost that entire \$6,000 by making mistakes in other trades. I was lucky. My first stupid trade was my lucky one. Other people are not so lucky. For many, their first mistake is their last trade because in just a few minutes, in one simple trade, they lose all of the money they had worked so hard for. With their account at zero, they walk away from day trading. As a new day trader you should never lose sight of the fact that you are competing with professional traders on Wall Street and other experienced traders around the world who are very serious, highly equipped with advanced education and tools, and most importantly, committed to making money. Day trading is not gambling. It is not a hobby. You must approach day trading very, very seriously. As such, I wake up early, go for a run, take a shower, get dressed, eat breakfast, and fire up my trading station before the markets open in New York. I am awake. I am alert. I am motivated when I sit down and start working on the list of stocks I will watch that day. This morning routine has tremendously helped my mental preparation for coming into the market. Whatever your routine is, starting the morning in a similar fashion will pay invaluable dividends. Rolling out of bed and throwing water on your face 15 minutes before the opening bell just does not give you sufficient time to be prepared for the market's opening. Sitting at your computer in your pajamas or underwear does not put you in the right mindset to attack the market. I know. I've experienced all of these scenarios. In *How to Day Trade for a Living*, I will show you how you too can take control over your life and have success in day trading on the stock market. I love teaching. It's my passion. In this book, I use simple and easy to understand words to explain the strategies and concepts you need to know to launch yourself into day trading on the stock market. This book is definitely NOT a difficult, technical,

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

hard to understand, complicated and complex guide to the stock market. It's concise. It's practical. It's written for everyone. You can learn how to beat Wall Street at its own game. And, as a purchaser of my book, you will also receive a membership in my community of day traders at [www.vancouver-traders.com](http://www.vancouver-traders.com). You can monitor my screen in real time, watch me trade the strategies explained in his book, and ask questions of me and other traders in our private chat room. I invite you to join me in the world of day trading. I'm a real person who you can connect with. I'm not just a photograph here on the Amazon site. I love what I do. You can follow my blog post under Author Updates on my Author page on Amazon. It's honest. You'll see I lose some days. You can read the reviews of my book. I know you will learn much about day trading and the stock market from studying my book. You can join at no cost and with no obligation my community of day traders at [www.vancouver-traders.com](http://www.vancouver-traders.com). You can ask us questions. Practical, hands-on knowledge. That's How to Day Trade for a Living.

Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

It is a deeply divisive food, which you either love or hate. Those who love it, cannot understand how anyone could live without it - and of course, the opposite is true for those who hate it! This same sentiment could be applied to volume as a trading indicator. In other words, you are likely to fall into one of two camps. You either believe it works, or you don't. It really is that simple. There is no halfway house here! I

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

make no bones about the fact that I believe I was lucky in starting my own trading journey using volume. To me it just made sense, and the logic of what it revealed was inescapable. And for me, the most powerful reason is very simple. Volume is a rare commodity in trading - a leading indicator. The second, and only other leading indicator, is price. Everything else is lagged. As traders, investors or speculators, all we are trying to do is to forecast where the market is heading next. Is there any better way than to use the only two leading indicators we have at our disposal, namely volume and price? In isolation each tells us very little. After all, volume is just that, no more no less. A price is a price. However, combine these two forces together, and the result is a powerful analytical approach to forecasting market direction.. However, as I say at the start of the book, there is nothing new in trading, and the analysis of volume has been around for over 100 years. After all, this is where the iconic traders started. People like Charles Dow, Jesse Livermore, Richard Wyckoff, and Richard Ney. All they had was the ticker tape, from which they read the price, and the number of shares traded. Volume price analysis, short and simple. The book has been written for traders who have never come across this methodology, and for those who have some knowledge, and perhaps wish to learn a little more. It is not revolutionary, or innovative, but just simple sound common sense, combined with logic.

Now you can master the art of foreign exchange trading While most currency trading and foreign exchange books focus on international finance theory or simplistic chart-based strategies, The Art of Currency Trading is a comprehensive guide that will teach you how to profitably trade currencies in the real world. Author Brent Donnelly has been a successful interbank FX trader for more than 20 years and in this book, he shares the specific strategies

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

and tactics he has used to profit in the forex marketplace. The book helps investors understand and master foreign exchange trading in order to achieve sustainable long-term financial success. The book builds in intensity and depth one topic at a time, starting with the basics and moving on to intermediate then advanced setups and strategies. Whether you are new to currency trading or have years of experience, The Art of Currency Trading provides the information you need to learn to trade like an expert. This much-needed guide provides: an insider's view of what drives currency price movements; a clear explanation of how to combine macro fundamentals, technical analysis, behavioral finance and diligent risk management to trade successfully; specific techniques and setups you can use to make money trading foreign exchange; and steps you can take to better understand yourself and improve your trading psychology and discipline. Written for currency traders of all skill levels, international stock and bond investors, corporate treasurers, commodity traders, and asset managers, The Art of Currency Trading offers a comprehensive guide to foreign exchange trading written by a noted expert in the field.

Andrew Mitchem, full time Forex trader and Forex coach shares his journey from Dairy Farmer to Forex Trader. As you probably well know if you've been trading Forex (or any other market) for a while, making money consistently is a much harder process than most people make it out to be. Originally a dairy farmer, Andrew started trading Forex in 2003 and is a self-taught trader. This book takes you through Andrew's journey so far and along the way he has developed trading strategies, tips and ideas that he will pass on to you which will help short cut your own learning process - saving you time, money and tears along the way. "From Dairy Farmer to Forex Trader" proves that anyone can become a successful Forex trader if you have

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

the perseverance and determination to succeed. Discover the ups and downs of Andrew's journey and be inspired to become a profitable and successful Forex trader yourself. Struggling to protect your investments and your funds? The truth is... For a beginner, options trading could be hard to understand, it can take months or even years to find profitable strategies. Becoming a stock market investor is a high-risk venture, and only a small proportion of people succeed at it. The solution is a complete guide that will explain the basics of options trading and how to do it for a living in 2021. If you are ambitious, motivated, and hardworking, move away from basic securities and turn to options. It will take no time to understand what options are and how you can use them to profit off of short-term moves in the stock market. And that's what you'll learn in this book! The goal of this book is simple: give you the exact steps and strategies used by professional options traders to earn regular profits, month after month. ? You will learn: - The Advantages of Trading vs Other businesses - How to Quickly Get Started - Top Trading Strategies Used by Professional Traders - Techniques Used by the Pros that Will Help You Minimize your Risk - The Best Brokers, Platform, and Tools for Trading - Why You Can Earn Money even when the Market is Crashing - Exact Steps You Need to Use to Start Generating a Regular, Weekly Income from Options Many people wonder if it's too late to get in on the markets. With trading, since you can profit from stocks moving up, stocks moving down, or stocks moving sideways, it's never too late. Instead of just telling you to do something, we provide practical, actions and techniques that can create a large and lasting source of income. Would You Like To Know More? connections between exchange rates and economics."—Francesc Riverola, CEO and Founder of FXstreet.com "Adam Kritzer has been covering the forex market for years as a prominent but accessible industry expert. In a market sector full of pitfalls for the novice, this book will help many new traders avoid costly mistakes and get started on the path to success."—Andy Hagans, Co-founder of ETF Database "Adam Kritzer is not only one of my favorite forex writers but also one of the best ... This book will likely become required reading for those getting into the forex market."—Zachary Storella, Founder of CountingPips.com

Forex for Beginners: A Comprehensive Guide to Profiting from the Global Currency Markets is a guide for those who want to earn extra income trading currencies without committing large amounts of time or money. This book will introduce global investors to the basics of forex (foreign exchange) trading and provide them with a solid framework for analyzing currencies and profiting from their fluctuations. Topics covered include the forces that cause exchange rates to fluctuate, an overview of the mechanics of trading, analytical and forecasting tools, how to profit from pricing trends, and common pitfalls that often ensnare traders. While most books make grandiose promises of instant success and large profits, Forex for Beginners represents an alternative approach to investing in forex. The forex market is dominated by institutional capital and algorithmic trading, making it unrealistic to think that day traders can beat the market by relying on charts and technical indicators alone. Thus, the emphasis here is on fundamental analysis—using economic concepts to spot currency misalignments—and staking out positions to profit from them over a period of weeks and months. If you're eager to tap into the world's largest financial market on a part-time basis, this is the book for you. You will gain an understanding of how currency markets work and use this knowledge to generate income.

Praise for Foreign Exchange "Tim Weithers starts by telling the reader that foreign exchange is not difficult, just confusing, but Foreign Exchange: A Practical Guide to the FX Markets proves that money is much more exciting than anything it buys. This useful book is a whirlwind tour of the world's largest market, and the tour guide is an expert storyteller, inserting numerous fascinating insights and quirky facts throughout the book." -John R. Taylor, Chairman, CEO and CIO, FX Concepts "The book reflects the author's doctorate from the University of Chicago, several years' experience as an economics professor, and, most recently, a very successful decade as an executive at a huge international bank. These fundamental ingredients are seasoned with bits of wisdom and experience. What results is a very tasty intellectual stew." -Professor Jack Clark Francis, PhD, Professor of Economics and Finance, Bernard Baruch College "In this book, Tim Weithers clearly explains a very complicated subject. Foreign Exchange is full of jargon and conventions that make it very hard for non-professionals to gain a good understanding. Weither's book is a must for any student or professional who wants to learn the secrets of FX." -Niels O. Nygaard, Director of Financial Mathematics, The University of Chicago "An excellent text for students and practitioners who want to become acquainted with the arcane world of the foreign exchange market." -David DeRosa, PhD, founder, DeRosa Research and Trading, Inc., and Adjunct Professor of Finance, Yale School of Management "Tim Weithers provides a superb introduction to the arcana of foreign exchange markets. While primarily intended for practitioners, the book would be a valuable introduction for students with some knowledge of economics. The text is exceptionally clear with numeric examples and exercises that reinforce concepts. Frequent references are made to the economic theory behind the trading practices." -John F. O'Connell,

Professor of Economics, College of the Holy Cross

There are many books that promise to teach you highly profitable trading systems, to show you how easy making money trading the forex really is. This is not one of those books. Forex for Ambitious Beginners will not turn you into a profitable trader, only you can do that, through practice, study and persistence. But this book will help you avoid many, many mistakes beginning traders make. You will learn essential elements of successful forex trading, such as how to protect your trading capital, how to find a forex trading strategy that matches with your trader personality and how to build your own trading system and tweak it for optimum performance. The book will also touch on important basics about the FX market that traders need to know about. Who the players on the forex are for instance, and which factors influence the most important currencies. Other topics include specific forex trading strategies, popular technical indicators, how to read candlestick charts and how to recognize chart patterns. Forex for Ambitious Beginners is about minimizing risk and maximizing potential, about looking for ways to continuously bend the odds in your favor. It will provide you with a solid foundation on which you can start building your forex trading career. The book concludes with a challenging quiz, offering detailed explanations of the correct answers. In short, if you're ambitious and want to really learn how to trade the forex -- as opposed to being spoon-fed a fantasy about some super strategy -- then Forex for Ambitious Beginners is for you. About the author Jelle Peters is the founder of the popular forex website [www.forexinfo.nl](http://www.forexinfo.nl). He writes daily currency analysis, has published numerous articles on forex strategies and is a sought after speaker for forex webinars and seminars. WORLD WAR II THROUGH THE EYES OF ITS LEADERS, COMMANDERS AND

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

PERPETRATORS "World War II: Six Years That Changed World History," a short history of the most violent conflict in human history, is more than a regular overview. Rather than trying to cover every major event of the Second World War, it alternates between telling the general story and zooming in on specific, game-changing events, the reasons behind key decisions and the thinking of leaders, commanders and perpetrators. Some of the major battles discussed: The Battle of Britain Operation Barbarossa The Battle of Stalingrad The Attack on Pearl Harbor Apart from the war in Europe and the war in the Pacific, the Holocaust and the building of the atom bomb are also more extensively covered. How and why the Nazi persecution of the Jews went from isolation, oppression and emigration, to concentration and finally extermination is told by looking at: Nazi ideology Nazi laws The attitude of other countries in the 1930s Quotes from books, memos and remarks by some of the main perpetrators, such as Adolf Hitler, Reichsmarschall Hermann Goring, Auschwitz Commandant Rudolf Hoss and SS-Gruppenfuhrer Reinhard Heydrich, who ran the Einsatzgruppen, a.k.a. SS death-squads. The creation of the atom bomb follows the path from the discovery of nuclear fission to the early British research to develop a nuclear weapon, code-named Tube Alloys, the American Manhattan Project and finally the decision to drop the bomb on the Japanese cities of Hiroshima and Nagasaki in August 1945. "World War II: Six Years That Changed World History is a well-sourced, gripping and at times chilling overview of a war that forever changed who we are and how we view ourselves. If you are looking for a compelling read about those pivotal six years between 1939-1945, this book is for you." Get your copy now." Institutions move and manipulate the markets. That's why you need to learn to think and trade like an institution. For more information about my style of trading visit: [Page 23/31](https://www.trader-</a></p></div><div data-bbox=)

and supervision. This book, the first of its kind, is providing a comprehensive and invaluable source of information aimed at corporates, regulators, compliance professionals, start-ups and policy makers. The REGTECH Book brings into a single volume the curated industry expertise delivered by subject matter experts. It serves as a single reference point to understand the RegTech eco-system and its impact on the industry. Readers will learn foundational notions such as:

- The economic impact of digitization and datafication of regulation
- How new technologies (Artificial Intelligence, Blockchain) are applied to compliance
- Business use cases of RegTech for cost-reduction and new product origination
- The future regulatory landscape affecting financial institutions, technology companies and other industries

Edited by world-class academics and written by compliance professionals, regulators, entrepreneurs and business leaders, the RegTech Book represents an invaluable resource that paves the way for 21st century regulatory innovation.

Binary options - is it betting or trading? A debate that has been raging ever since binary options exploded onto the market, sweeping away convention, tearing up the rule book, and dividing opinion. Indeed, simply mention the word binary and instantly a heated debate will ensue. But love them or loathe them, binary options are here to stay, and Binary Options Unmasked has been written to provide traders with a balanced and considered view of these deceptively simple yet powerful instruments. There are many traps for the unwary, but there are also some solid gold nuggets, if you know where to look. Are Binary Options For Me? This is the question I hope will be answered for you in this book. In writing it, I have tried to provide a complete introduction to the subject, with practical examples of how to approach these innovative instruments. Every aspect of this market is explained - both the good and the bad.

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

Nothing is left unsaid. Binary options have much to offer, and used with common sense and thought, are perfectly valid trading instruments. Applied unthinkingly, they become like any other instrument - a quick way to lose money fast. Binary Options Unmasked reveals the true characteristics of this market. It covers the current market participants, along with their product offering. Moreover, not only are binary options explained in detail, but their application as a trading instrument is also illustrated. Trading strategies and approaches too are explored, along with an innovative and practical approach to interpreting volatility, a key component of any options trading. I hope this book, will give you the confidence at least to consider these instruments in more detail for yourself, with an open mind and your eyes wide open.

Have you lost money trading the Forex Markets? Or are you consistently winning and making a regular income with your trading? Are you watching the markets without enough confidence to enter trades? Are you spending money in third-part systems that don't seem to yield you any results? Are you wasting your money trading without enough knowledge? find financial freedom, change the monetary system, manage a business, hedge or save taxes. So what makes this book stand out from those already in the bookshops? Written for lay reader and expert alike, 30 Lies is a response to a newly emerging trend, where peoples' interest in money is not just to try and make more of it. But to understand better the causes of the increasingly contradictory money world they find themselves in. Some of the issues: income inequity, increasing stress in making ends meet, decay of social systems, evaporation of pensions, polarisation of wealth, third-world indebtedness, Enrons and more. This book promises a simple understanding of these issues. But it goes further. This book not only exposes misleading flaws and "lies" in many universally accepted and unquestioned assumptions about money-it dissolves them! Things they didn't say after reading this book: "Anyone interested in the truth must buy this book." George W. Bush "This book has been very helpful. Now I know for sure there is nothing in the world more important than money." Deepak Chopra "Great book-turns economics on its head." soroS egroeG "This explains it-why God has gone bankrupt and we're still in business." Pope John Paul II "Peter Koenig-They should lock him up and throw away the key!" Dermot Fitzpatrick Praise for ADVENTURES of a CURRENCY TRADER "A truly easy, unique, and enjoyable read! Rob has done it once again to teach us in the funniest way possible how not to make the most common trading mistakes. If you are tired of reading how-to books, this is perfect for you. I highly recommend this book to all traders. Everyone will learn something about themselves by reading this book." —Kathy Lien, author, Day Trading the Currency Market, and Chief Strategist, [www.dailyfx.com](http://www.dailyfx.com) "Adventures of a Currency Trader is a must read for anyone who has ever traded or is thinking about trading in the Forex markets. Rob Booker has a unique

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

way of taking years of market knowledge and transforming it into an educational and entertaining experience. It has quickly become a cult classic in my trading library!" —H. Jack Bouroudjian, Principal, Brewer Investment Group "Brilliant! Rob's humor and humanity shine through in this parable about trading and life. Filled with wisdom and wit, it's an exhilarating rollercoaster ride through the peaks and valleys of the learning curve, with many valuable lessons learned along the way." —Ed Ponsi, President, FXEducator.com "Rob's fable of everyman 'Harry Banes' is destined to become a trading classic. This is both the missing piece and the foundation that comes before the strategies and methodologies. The search for the Holy Grail begins and ends in the heart and mind. The journey is authentic and real and if you're willing to take it with Rob, you will be rewarded in the end. Seldom has psychology and wisdom been so entertaining!" —Raghee Horner, trader and author of *Forex Trading for Maximum Profit and Days of Forex Trading* "In a series of insightful and entertaining vignettes, Rob Booker teaches both the novice and the experienced trader some hard won truths about the currency market. It's a must read book written by a guy who survived the trenches and went on to prosper in the biggest and most competitive financial market in the world." —Boris Schlossberg, Senior Currency Strategist, Forex Capital Markets LLC, and author of *Technical Analysis of the Currency Market*

Want to start investing your money wisely but not sure how? This book is for you. Get to grips with everything you need to know about the investment and financial markets with this practical guide. In today's economy it is clear to see how everyday politics and global events can have a lasting impact on your pension, savings and investments, but you don't have to feel powerless when it comes to safeguarding your future. Now more than ever, it is vital to understand how

the markets work and what you can do to maintain financial security. This book gives concise and practical information which will help you understand how the stock market works, breaking down complex jargon to simple explanations. Fully updated for this seventh edition, How the Stock Market Works provides you with the tools needed to understand investing in the light of major events such as the UK's exit from the EU. Chapters cover the basics from explanations of shares, bonds and gilts and range to where to find help and advice when needed. With guidance on how to be a responsible shareholder and information on the taxation regime, this established guide will help you take control of your finances.

Forex For Beginners is the prequel to my first two books, A Three Dimensional Approach to Forex Trading, and A Complete Guide to Volume Price Analysis. It is your primer to the world of forex. It has been written to lay the foundations and provide the framework for getting started in the world of forex, in what I believe is the correct way. My other books then build on what you will learn here, to further develop your trading skills and knowledge. What I try to do in all my books, is to show you how to apply that knowledge to help you become a more confident trader. After all, learning is all well and good, but if we are not taught how to apply that knowledge in a practical way, then it is of little use. It is the application of knowledge that empowers, and this is what I have tried to do here, and in my online training rooms, and all my books. There are of course many books about forex trading. What is different about this book, is the focus on those aspects of trading which I believe are fundamental. After all, there are only two questions we need to answer when considering a position in the market:- What is the risk on this trade - high, medium or low? What is the financial risk on this trade? The first is the hardest question to answer, and the book will explain in detail the analysis and approach to

## Download Free Forex For Ambitious Beginners A To Successful Currency Trading

use, in order to answer this question with confidence. The second question is more straightforward and is answered provided you have an understanding of risk, money management and position sizing in relation to your trading capital. Again, this is covered in detail in the book. As the tag line on the front cover says 'What you need to know to get started, and everything in between' which really sums up what you will learn. The book explains everything, from the pure mechanics to the trading methodology that I advocate, and which I have used in all my own trading and investing for over 17 years. Forex For Beginners is also dedicated to all those traders who have asked me to write such an introduction, based on my knowledge and my methodology. This book is for you.
