

Forgotten Gods The Forgotten Gods Series Book 1

In the aftermath of the plague demons' attack on Fallcrest, Roghar's inspiring optimism has played a significant role in the rebuilding of the town. Albanon, meanwhile, has not recovered so well. Tormented by his experiences and his near-transformations first by Vestapalk then by Kri, he has retreated to Moorin's tower, where he immerses himself in books. He is the last member of the Order of Vigilance, touched by both the Voidharrow and Tharizdun—he feels as if he stands on the brink of madness. The Nentir Vale has been ravaged by the abyssal plague and the plague demons. The area is lawless and suspicions run rampant. Only safe as long as they hide, the heroes scout as close as they dare. But with Vestapalk growing ever-stronger and plague demons on the rise, they know they have to act soon. The world cannot afford to wait any longer. As they journey toward the greatest concentration of demons they learn they are on the right path and they gain an ally. Kri, believed dead, resurfaces with wisdom garnered from the Chained God. It seems even Tharizdun himself is against Vestapalk. From the Paperback edition.

Shadow is a man with a past. But now he wants nothing more than to live a quiet life with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident. Flying home for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible. He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

In the name of the Father, the Son, and ... the Holy Spirit. We pray in the name of all three, but how often do we live with an awareness of only the first two? As Jesus ascended into heaven, He promised to send the Holy Spirit—the Helper—so that we could be true and living witnesses for Christ. Unfortunately, today's church has admired the gift but neglected to open it. Breakthrough author Francis Chan rips away paper and bows to get at the true source of the church's power—the Holy Spirit. Chan contends that we've ignored the Spirit for far too long, and we are reaping the disastrous results. Thorough scriptural support and compelling narrative form Chan's invitation to stop and remember the One we've forgotten, the Spirit of the living God.

"This ghost story gave me chill after chill. It will haunt you." -- R.L. Stine, author of Goosebumps

Forgotten Gods

In this workbook companion to *Forgotten God*, author Francis Chan reminds us of the true source of the church's power—the Holy Spirit. Chan contends that we've ignored the Spirit for far too long, and that without Him, we operate in our own strength, only accomplishing human-sized results. Offering a compelling invitation to understand, embrace, and follow the Holy Spirit's direction in our lives the workbook is designed to initiate and facilitate both individual study, and small group discussion, interaction and practical application of the message of *Forgotten God*. The workbook will stand alone, or can be used alongside the *Forgotten God DVD Study Resource*. Francis' thought-provoking teaching makes this a valuable workbook resource for individual study, a seven-week small group study, churches, youth groups, and college campus ministries—and perfect for retreat weekends.

Hell hath no fury, like a goddess scorned... OK, so I accepted Kronin's call to defeat the Forgotten Gods and save the earth. But don't thank me yet. Just because I'm on the job doesn't mean it will be easy—even with the Gladius Solis at my side and the power of Carcerum coursing through my veins. And all manner of human scum is flocking to their side. Along with my vampire problems, strange beauties have started appearing throughout the country, seducing men and women of great power. But I've got a hunch that there's more to these ladies than an alluring smile. I'm just not sure I want to find out what it is. Goddess Scorned is the action-packed sequel to Forgotten Gods. It follows the adventures of Vic Stratton and her allies as they seek to defend the world from the evil trying to devour it. Unfortunately, sometimes evil wears a pretty face.

Graham Hancock's multi-million bestseller Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with a book filled with completely new, scientific and archaeological evidence, which has only recently come to light... The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...
