IM Harris

Financial Management for Decision Makers Peter Atrill, 2009 Adopting an innovative, open-learning approach to introduce the main principles of financial management in an accessible, non-technical way, this fully updated fifth edition provides a unique focus on the practical application of financial management and its role in decision making. New to this edition: Expanded coverage of key topics such as financing the business Increased coverage of corporate governance issues Even more real-world examples to help illustrate the practical application and importance of the topics discussed Financial statements throughout based on the latest International Accounting Standards Full-colour design, packed with pedagogical features, providing an original learning experience Key features: Written in a unique, 'open learning' style Clear explanations and minimal technical jargon to aid understanding -no previous knowledge of financial management is assumed Based on a solid foundation of theory, but focusing throughout on its value for decision making Covering all the main areas of financial management in sufficient detail to provide a good grasp of the subject Numerous examples, activities and exercises throughout, allowing the reader to test his/her knowledge at frequent intervals Fully supported by a comprehensive range of student and lecturer learning resources, *Financial Management for Decision Makers* is ideal for undergraduates from a non-finance/accounting discipline taking an introductory module in financial management, and postgraduate/postexperience students on courses such as the ACCA Diploma in Financial Management, Diploma in Management Studies and MBA programmes. The text is also suitable for finance and accounting students as a foundation for further study. Peter Atrill is a freelance academic and author working with leading institutions in the UK, Europe and SE Asia. He has previously held posts as Head of Business and Management and Head of Accounting and Law at University of Plymouth Business School.

Foundations of Finance Arthur J. Keown, John D. Martin, J. William Petty, 2011 This book provides students with a conceptual understanding of the financial decision-making process, rather than just an introduction to the tools and techniques of finance. And focus on memorizing formulas and procedures.

Foundations of Finance, Global Edition Arthur J. Keown, John D. Martin, J. William Petty, 2013-11-06 Motivate your students to study finance by focusing on its five underlying principles. This Global Edition has been edited to include

enhancements making it more relevant to students outside the United States Foundations of Finance enables students to see the big picture by helping them understand the logic that drives finance rather than having them memorize formulas.

Foundations of Finance Petty,2014 This custom edition is specifically published for Australian National University.

Protective Relaying J. Lewis Blackburn,Thomas J. Domin,2014-02-11 For many years, Protective Relaying: Principles and Applications has been the go-to text for gaining proficiency in the technological fundamentals of power system protection. Continuing in the bestselling tradition of the previous editions by the late J. Lewis Blackburn, the Fourth Edition retains the core concepts at the heart of power system anal

Real Estate Finance and Investment Manual Jack Cummings,2010-12-21 Updated and revised to include ten years of new developments in real estate investment, Real Estate Finance and Investment Manual, Ninth Edition is the definitive guide to financing for all real estate investors. Accounting: Information for Business Decisions Billie Cunningham,Loren A. Nikolai,John Bazley,Marie Kavanagh,Sharelle Simmons,Christina James,2020-11-03 Accounting Information for Business Decisions is a business-focused introduction to Accounting for all students - not just those intending to be Accounting majors. Lead students through the real-world business cycle and how accounting information informs decision-making. Departing from the traditional approach taken by other introductory accounting textbooks, students apply both managerial and financial approaches within the topics examined in each chapter, to see the direct impact that Managerial Accounting decisions make on the Financial Accounting processes (and vice versa). The conversational writing engages students in the theoretical content and how it applies to contemporary real-world scenarios. Students follow a retail coffee business in the relatable Cafe Revive running case study integrated into every chapter, to learn about applying accounting issues in the real world. Principles of Management David S. Bright,Anastasia H. Cortes,Eva Hartmann,K. Praveen Parboteeah,Jon L. Pierce,Monique Reece,Amit Shah,Siri Terjesen,Joseph Weiss,Margaret A. White,Donald G. Gardner,Jason Lambert,Laura M. Leduc,Joy Leopold,Jeffrey Muldoonc,James S. O'Rourke,2019-03-27 Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. This is an adaptation of Principles of Management by OpenStax. You can access the textbook as pdf for free at openstax.org. Minor editorial changes

were made to ensure a better ebook reading experience. Textbook content produced by OpenStax is licensed under a Creative Commons Attribution 4.0 International License.

Advanced Financial Accounting Jagdish Kothari, Elisabetta Barone, 2011 Today's enterprises are global in all respects - they trade globally and they raise capital in international markets. This title places an emphasis on interpretation, use and impact of standards in financial reporting.

Financial Management C. Correia, Donna K. Flynn, E. Uliana, M. Wormald, 2003-02-01 A discipline is a fusion of financial theory (with its origins in economics) and financial analysis (which is linked to accounting). Explores the underlying theories of corporate finance and examines the application of these theories in the Southern African context.

Accounting for Decision Making and Control Jerold L. Zimmerman, 2009 Accounting for Decision Making and Control provides students and managers with an understanding and appreciation of the strengths and limitations of an organization's accounting system which allows them to be more intelligent users of these systems. The 6th edition provides a framework for thinking about accounting systems and a basis for analyzing proposed changes to these systems. The text demonstrates that managerial accounting is an integral part of the firm's organizational architecture, not just an isolated set of computational topics. This new edition has improved its readability and accessibility to students.

International Corporate Finance Jeff Madura, 2006 International Financial Management, 7e combines a strong foundation in international finance theory with current, practical applications. It provides thorough, up-to-date treatment of cutting-edge international finance issues along with traditional treatment of international financial management. This book is known for its readability and clear explanation as well as its extensive use of hands-on, real world applications and student-oriented pedagogy.

Financial Management, 2009

An Introduction to Derivatives & Risk Management Don M. Chance, 2004 A market leader, this book has detailed but flexible coverage of options, futures, forwards, swaps, and risk management ? as well as a solid introduction to pricing, trading, and strategy allowing readers to gain valuable information on a wide range of topics and apply to situations they may face.

Corporate Finance Stephen A. Ross, 2002

Fundamentals of Investing Lawrence J. Gitman, Scott B. Smart, Michael D. Joehnk, 2017 For undergraduate courses in Investments. The core concepts and tools readers need to make informed investment decisions Fundamentals of Investing helps individuals make informed investment decisions by providing a solid foundation of core concepts and tools. Smart, Gitman, and Joehnk use practical, hands-on applications to introduce the topics and techniques used by both personal investors and money managers. The authors integrate a consistent framework based on learning goals to keep readers

focused in each chapter. Readers leave with the necessary information for developing, implementing, and monitoring a successful investment program. The 13th Edition uses a conversational tone to make the foreign language, concepts, and strategies of investing accessible to readers. With the help of examples throughout, readers learn to make informed decisions in order to achieve investment goals. The book focuses on both individual securities and portfolios, teaching readers to consider the risk and return of different types of investments and how to use this knowledge to develop, implement, and monitor goals. Practical Financial Management William R. Lasher, 2010-01-22 Enlist the help of an actual former CFO to introduce your students to the key financial management topics with the latest edition of PRACTICAL FINANCIAL MANAGEMENT. Author, former successful CFO, and recognized instructor William R. Lasher captivates your students with unique insights into the issues and challenges facing financial managers every day. From a look at hidden agendas and the biases of decision makers in the firm to their effect on the analyses of financial proposals, Lasher's practical, relevant presentation promises to keep students reading. This edition examines the latest financial developments, including the impact of the financial crisis of 2008-2009 on organizations worldwide. Throughout this edition, Lasher delivers an engaging, thorough presentation that is perfectly matched to the needs of today's business students. He substitutes advanced math in theory sections with everyday math, numerous worked-out examples, and graphical and intuitive presentations. This edition even provides Thomson ONE--Business School Edition exercises to give your students experience using the same financial research tool that professional brokers and analysts trust every day. Lasher's PRACTICAL FINANCIAL MANAGEMENT, Sixth Edition, delivers the solid understanding of financial management your business students need for future success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of Contemporary Management Gareth R. Jones, Jennifer M. George, 2007 Jones and George are dedicated to the challenge of Making It Real for students. As a team, they are uniquely qualified to write about the organizational challenges

facing today's managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, unboxed stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today's student will encounter in the course of a career.

Subject Guide to Books in Print ,1997

Cost Accounting Cecily A. Raiborn, Michael R. Kinney, Jenice Prather-Kinsey, 2005-02-01 The most practical, real-world presentation of cost accounting on the market, this book blends a traditional and proven method of teaching cost accounting with the integration of innovative topics. Cost topics are covered in the context of organizational strategy and operational tactics, as cost management decisions are sensitive to strategies driven by quality, cost, and innovation. Kinney, Prather-Kinsey, and Raiborn reinforce the material with real-world examples and visual illustrations that bring cost management techniques into the student's sphere of understanding. A flexible organization appropriate for either a one- or two- semester course--coupled with clear and abundant visual presentations--allows students to clearly understand difficult topics. The text's revised organizational structure streamlines chapter materials as well as reduces redundancy between cost accounting and other business courses.
