

## Franklin Is Lost

A turtle afraid of small dark places, and therefore of crawling into his shell, asks a variety of animals for advice, only to find out that each has a fear of its own.

The boys go on a chilling mission—camping in the woods where children have suddenly begun to disappear. Every time a child disappears, the word "LOST" has appeared outside their tent...and they are never heard from again. The boys think they've got things covered; they're ATAC agents after all. But when an "L" appears outside their tent their first night in the woods, things take a turn for the creepy.

Collects eight stories about Franklin the turtle, including "Franklin in the Stars," in which Franklin's Aunt T. comes to babysit for him and his sister and teaches them about the planets and the stars.

Ben Franklin loved to swim and, at the age of 11, he was determined to swim like a fish with fins and all! This fascinating and lively account of young Ben's earliest invention follows the budding scientist's journey as he tests and retests his swim fins. Includes Franklin quotes, a timeline, bibliography, and source notes. Full color.

What's it like to see your friend transformed into a raven before your very eyes, and to know it's your turn next? How does it feel to morph into a manta ray or slide into the body of a snake? This is what happens to Miranda, Semi and Arnie, three friends who are the sole survivors of a plane crash. They find themselves on a tropical island of azure waters and white sands. But beyond the palm-fringed beaches lies the hospital run by the sinister Dr Franklin, and the three teenagers are about to become his next patients. Perfect candidates for his experiments in genetic engineering. . . A horrifying, fascinating story that is Ann Halam's most unusual and challenging novel so far.

When Franklin keeps picking the games without listening to his friends' suggestions, they decide to play without him

The fate of the lost Franklin Expedition of 1847 is an enigma that has tantalized generations of historians, archaeologists and adventurers. The expedition was lost without a trace and all 129 men died in what is arguably the worst disaster in Britain's history of polar exploration. In the aftermath of the crew's disappearance, Lady Jane Franklin, Sir John's widow, maintained a crusade to secure her husband's reputation, imperiled alongside him and his crew in the frozen wastes of the Arctic. Lady Franklin was an uncommon woman for her age, a socially and politically astute figure who ravaged anyone who she viewed as a threat to her husband's legacy. Meanwhile John Rae, an explorer and employee of the Hudson Bay Company, recovered deeply disturbing information from the Expedition. His shocking conclusions embroiled him in a bitter dispute with Lady Franklin which led to the ruin of his reputation and career. Against the background of Victorian society and the rise of the explorer celebrity, we learn of Lady Franklin's formidable grit to honor her husband's legacy; of John Rae being discredited and his eventual ruin, despite later being proven right. It is a fascinating assessment of the aftermath of the Franklin Expedition and its legacy.

Franklin the turtle takes on everyday troubles in this delightful collection of nine stories from the acclaimed children's series. Since 1986, readers everywhere have cherished Paulette Bourgeois's classic tales about a little turtle named Franklin. Filled with lessons about facing your fears and growing up, Franklin's adventures are the perfect bedtime stories for kids who need a little help coming out of their shells. As our reptilian hero conquers his dread of the dark, finds out the consequences of telling a lie, and meets the littlest member of his family, this collection of timeless stories showcases how Franklin is always trying to be the best turtle he can be. This ebook includes Franklin and the Tooth Fairy, Franklin Fibs, Franklin in the Dark, Franklin Is Lost, Franklin Plays the Game, Franklin's Baby Sister, Franklin's Christmas Gift, Franklin's Class Trip, and Franklin's Valentines. This fixed-layout ebook, which preserves the design and layout of the original print book, features read-along narration.

Everyone knows Benjamin Franklin was an important statesman, inventor, and a signer of the Declaration of Independence. But did you know he started the first public library in America? Ben Franklin was always a "bookish" boy. The first book he read was the Bible at age five, and then he read every printed word in his father's small home library. Ben wanted to read more, but books were expensive. He wanted to go to school and learn, but his family needed him to work. Despite this, Ben Franklin had lots of ideas about how to turn his love of reading and learning into something more. First he worked as a printer's apprentice, then he set up his own printing business. Later, he became the first bookseller in Philadelphia, started a newspaper, published Poor Richard's Almanac, and in 1731, with the help of his friends, organized the first subscription lending library, the Library Company. Ruth Ashby's fast-paced biography takes young readers through Franklin's life from his spirited, rebellious youth through his successful career as an inventor and politician and finally to the last years of his life, surrounded by his personal collection of books.

Franklin loves his stuffed dog, but now he wants a real pet.

Franklin fans of all ages will be delighted to find these four favorite Franklin stories together in one volume in this Franklin Treasury. The complete text and illustrations of Franklin Is Lost, Franklin Wants a Pet, Franklin's Blanket and Franklin and the Tooth Fairy have been combined in a beautiful hardcover edition that is sure to become a valued addition to any family or school library.

Franklin finds a camera in the park, and uses its film to take pictures of his friends, but then he thinks he should try to find its owner.

Franklin teaches children not to stray too far from home.

"Intriguing [and] enjoyable." —Ian McGuire, New York Times Book Review Ice Ghosts weaves together the epic story of the lost Franklin Expedition of 1845—whose two ships, HMS Erebus and HMS Terror, and their crew of 129 were lost to the Arctic ice—with the modern tale of the scientists, divers, and local Inuit behind the recent incredible discoveries of the wrecks. Paul Watson, a Pulitzer Prize-winning journalist who was on the icebreaker that led one of the discovery expeditions, tells a fast-paced historical adventure story and reveals how a combination of faith in Inuit knowledge and the latest science yielded a discovery for the ages.

"This read-along shows how Ben Franklin, one of 17 children in a poor family in Colonial Massachusetts, became one of our greatest statesmen and inventors. This straightforward biography is embellished with soft background music and sound effects that are picked up from the details in the lively, quaint illustrations in the accompanying book." -AudioFile

When Franklin wakes up grumpy, his father discovers that Otter has moved away and that nothing seems right to Franklin without her, and after his father comforts him, Franklin decides to mail a special present to his friend. Original.

Franklin wanders off while playing hide and seek with his friends.

Franklin's friends are losing their teeth, but Franklin doesn't have any teeth to lose. Will the tooth fairy visit Franklin anyway?

In the years following the Revolutionary War, the young American nation was in a state of chaos. Citizens pleaded with government leaders to reorganize local infrastructures and heighten regulations, but economic turmoil, Native American warfare, and political unrest persisted. By 1784, one group of North Carolina frontiersmen could no longer stand the unresponsiveness of state leaders to their growing demands. This ambitious coalition of Tennessee Valley citizens declared their region independent from North Carolina, forming the state of Franklin. The Lost State of Franklin:

America's First Secession chronicles the history of this ill-fated movement from its origins in the early settlement of East Tennessee to its eventual violent demise. Author Kevin T. Barksdale investigates how this lost state failed so ruinously,

examining its history and tracing the development of its modern mythology. The Franklin independence movement emerged from the shared desires of a powerful group of landed elite, yeoman farmers, and country merchants. Over the course of four years they managed to develop a functioning state government, court system, and backcountry bureaucracy. Cloaking their motives in the rhetoric of the American Revolution, the Franklinites aimed to defend their land claims, expand their economy, and eradicate the area's Native American population. They sought admission into the union as America's fourteenth state, but their secession never garnered support from outside the Tennessee Valley. Confronted by Native American resistance and the opposition of the North Carolina government, the state of Franklin incited a firestorm of partisan and Indian violence. Despite a brief diplomatic flirtation with the nation of Spain during the state's final days, the state was never able to recover from the warfare, and Franklin collapsed in 1788. East Tennesseans now regard the lost state of Franklin as a symbol of rugged individualism and regional exceptionalism, but outside the region the movement has been largely forgotten. The Lost State of Franklin presents the complete history of this defiant secession and examines the formation of its romanticized local legacy. In reevaluating this complex political movement, Barksdale sheds light on a remarkable Appalachian insurrection and reminds readers of the extraordinary, fragile nature of America's young independence.

With his new pencil case packed with a ruler, eraser and 12 colored pencils, Franklin is ready for his first day of school --- until it's time to board the bus. In this Franklin Classic Storybook, Franklin faces the excitement and fear of starting school.

This imposing volume covers almost all primary sources pertaining to Connecticut men in the Revolution which were still extant at the time of the book's original publication in 1889, including original minutes of the General Assembly and Governor's office, original rolls, pay rolls, accounts, diaries, maps, the papers of George Washington and Connecticut Revolutionary governor John Trumbull, and numerous other collections both privately and publicly held.

Franklin wants to give his mother a special present for her birthday, and asks all of his friends for suggestions before deciding on the perfect gift.

The third book of the Blair-witch-like abduction trilogy. Frank has been discovered at long last and may possess key answers to questions that will solve the mystery of the LOST abductions once and for all.

After inventing a bestselling excuse-generating app, twelve-year-old Benjamin "Benji" Franklin became the world's youngest and, well, only ZILLIONAIRE. Unlike other fat cats, this tiny tycoon uses his wealth for the greater good instead of selfish gain -- because it's not all about the Benjamin!

The Franklin Conspiracy is an absorbing account of the single most enigmatic event in Canadian history. In 1845, two British Royal Navy ships, the Erebus and the Terror, commanded by Sir John Franklin, entered the Canadian Arctic in search of the Northwest Passage. Neither ship returned. A fifteen-year search uncovered evidence of unparalleled disaster, but to this day no one knows exactly how the 129 men of the Franklin Expedition met their deaths. Although the expedition did not run out of food, there is clear evidence of cannibalism. The ships carried two hundred message cylinders with them, yet failed to leave records. Stranger still, an earlier explorer, Thomas Simpson, was reputedly murdered for the "secret of the Northwest Passage." What was this "secret"? The Franklin Conspiracy is an exhaustively researched, compellingly reasoned answer to that question. The result is a shocking saga of conspiracy, cover-up, and unbelievable secrets.

The greatest mystery in all of exploration is the fate of the 1845–1848 British Arctic Expedition commanded by Sir John Franklin. All 129 crewmen died, and the two ships seemingly vanished without a trace. The expedition's destruction was a mass disaster spread over two years. With the vessels beset and abandoned, the crew confronted a horrific ordeal. They suffered from lead poisoning, were stricken with scurvy and, ultimately, resorted to cannibalism in their final days. The mysterious fate of the ships, HMS Erebus and HMS Terror, has captured the public's imagination for seventeen decades. Now, one of Franklin's lost ships has been found. During the summer of 2014, the Victoria Strait Expedition, the largest effort to find the ships since the 1850s, was led by Parks Canada in partnership with the Arctic Research Foundation, The Royal Canadian Geographical Society, and other public and private partners. The expedition used world-leading technology in underwater exploration and succeeded in a major find—the discovery of Erebus. News of the discovery made headlines around the world. In this fully illustrated account, readers will learn about the exciting expedition, challenging search and the ship's discovery. Featuring the first images of the Erebus, this stunning book weaves together a story of historical mystery and modern adventure.

Franklin tells a fib and finds himself in an embarrassing predicament. Paulette Bourgeois and Brenda Clark link their talents to produce another winning Franklin Classic Storybook. This fixed-layout ebook, which preserves the design and layout of the original print book, features read-along narration by the author as well as music and sound effects.
